To the extent not set forth in this Base Prospectus, the specific terms of any Notes will be included in the appropriate Final Terms.

The payment of all amounts due in respect of Notes issued by MSBV or MSFL will be unconditionally and irrevocably guaranteed by Morgan Stanley in its capacity as guarantor (the **Guarantor**) pursuant to a guarantee dated as of 24 June 2022 (the **Guarantee**). Payment of amounts due in respect of Notes issued by MSIP will not be guaranteed by Morgan Stanley.

Morgan Stanley, MSBV and MSFL are offering the Notes on a continuing basis through MSIP (which may act in whole or in part through an affiliate thereof) (the **Distribution Agent**), who has agreed to use reasonable efforts to solicit, directly or through an affiliate, offers to subscribe or to purchase the Notes. Morgan Stanley, MSBV and MSFL may also sell Notes to the Distribution Agent as principal for its own account at a price to be agreed upon at the time of sale. The Distribution Agent may resell, directly or through an affiliate, any Notes it purchases as principal at prevailing market prices, or at other prices, as it determines. Morgan Stanley, MSBV and MSFL or the Distribution Agent may reject any offer to subscribe or to purchase Notes, in whole or in part. MSIP (including acting through its affiliates) will act as distributor and offeror of the Notes issued by it. See "*Subscription and Sale*" below.

This document (the **Base Prospectus**) constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market (the **Prospectus Regulation**). This Base Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the **CSSF**) in Luxembourg as competent authority pursuant to the Prospectus Regulation. The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the Guarantor or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

In accordance with the provisions of Article 6(4) of the Luxembourg Law on Prospectuses for Securities of 16 July 2019, by approving this Base Prospectus, the CSSF does not commit itself as regards the economic and financial opportunity of the operation or the quality or solvency of the Issuer.

This Base Prospectus has been approved on 24 June 2022 and is valid until 24 June 2023. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Investing in the Notes involves risks. See "Risk Factors" below.

## IMPORTANT NOTICES

### *The Notes may not be a suitable investment for all investors*

Investment in the Notes entails certain risks, which vary according to the specificity and type or structure of the Notes.

Each potential investor should determine whether an investment in the Notes is appropriate in its particular circumstances. An investment in the Notes requires a thorough understanding of the nature of the relevant transaction. Potential investors should be experienced with respect to an investment in the Notes and be aware of the related risks.

An investment in the Notes is only suitable for potential investors who:

- have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Notes and the information contained or incorporated by reference into this document;
- have access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of the potential investor's particular financial situation and to evaluate the impact the Notes will have on their overall investment portfolio;
- understand thoroughly the terms of the Notes and are familiar with the behaviour of the Relevant Underlying and financial markets;
- are capable of bearing the economic risk of an investment in the Notes until the maturity date of the Notes;
- recognise that it may not be possible to dispose of the Notes for a substantial period of time, if at all before the maturity date; and
- are familiar with the behaviour of the Relevant Underlying and relevant financial markets and be able to evaluate (either alone or with the help of a financial and legal adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in any Notes unless such potential investor has the expertise (either alone or with a financial and legal adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Each of the Issuer, the Guarantor (if applicable) and MSI plc as the Distribution Agent disclaims any responsibility to advise prospective investors of any matters arising under the law of the country in which they reside that may affect the purchase of, or holding of, or the receipt of payments or deliveries on the Notes.

### **PRIIPs/IMPORTANT – EEA RETAIL INVESTORS**

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of:

- (A) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (**MiFID II**);

- (B) a customer within the meaning of Directive 2016/97/EU, as amended (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (C) not a qualified investor as defined in the Prospectus Regulation.

Consequently, if the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, no key information document required by Regulation (EU) No 1286/2014, as amended (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

## **MIFID II PRODUCT GOVERNANCE/TARGET MARKET**

The Final Terms in respect of any Notes may include a legend entitled "**MiFID II Product Governance / Target Market**" which will outline the target market assessment in respect of the Notes and which strategies for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution strategies.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Distribution Agent subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Distribution Agent nor any of its respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

THE NOTES, ANY INTEREST THEREIN AND THE GUARANTEE IN RESPECT THEREOF, HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE **SECURITIES ACT**), OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES OF AMERICA, ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS AND MAY NOT BE OFFERED, SOLD, PLEDGED, ASSIGNED, DELIVERED OR OTHERWISE TRANSFERRED, EXERCISED OR REDEEMED AT ANY TIME, DIRECTLY OR INDIRECTLY, WITHIN THE UNITED STATES (WHICH TERM INCLUDES THE TERRITORIES, THE POSSESSIONS AND ALL OTHER AREAS SUBJECT TO THE JURISDICTION OF THE UNITED STATES) OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, **U.S. PERSONS** (AS DEFINED IN REGULATIONS UNDER THE SECURITIES ACT). SEE "SUBSCRIPTION AND SALE".

**For payments in respect of a Note issued by Morgan Stanley or MSFL, in order to avoid U.S. withholding taxes, the beneficial owner of the Note that is not a United States person (or a financial institution holding the Note on behalf of the beneficial owner) is required to comply with certain tax identification and certification requirements, generally by furnishing the appropriate U.S. Internal Revenue Service Form W-8BEN or W-8BEN-E on which the beneficial owner certifies under penalty of perjury that it is not a United States person. Certain tax identification and certification requirements apply as well to holders of Notes of all Issuers with respect to "FATCA". In addition, U.S. withholding taxes could be imposed in respect of certain Equity-Linked Notes issued by any Issuer. See below under "United States Federal Taxation".**

Each investor must comply with all applicable laws and regulations in each country or jurisdiction in or from which the investor purchases, offers, sells or delivers the Notes or has in the investor's possession or distributes this Base Prospectus or any accompanying Final Terms.

THE NOTES ARE NOT DEPOSITS OR SAVINGS ACCOUNTS AND ARE NOT INSURED BY THE U.S. FEDERAL DEPOSIT INSURANCE CORPORATION OR ANY OTHER GOVERNMENTAL AGENCY OR INSTRUMENTALITY OR DEPOSIT PROTECTION SCHEME ANYWHERE, NOR ARE THEY OBLIGATIONS OF, OR GUARANTEED BY, A BANK.

Hedging transactions involving “equity securities” of “domestic issuers” (as such terms are defined in the Securities Act and regulations thereunder) may not be conducted unless in compliance with the Securities Act.

For the avoidance of doubt, the Notes to be issued under this Programme will not be settled by delivery of the Issuers' own equity securities or of the equity securities of any entity in the Issuers' group and cannot be converted or exchanged into shares or other equity securities within the meaning of Article 19 of Commission Delegated Regulation (EU) 2019/980.

For the avoidance of doubt, it being specified that Index-Linked Notes to be issued under this Programme will not be linked to the value or performance of index composed by Morgan Stanley, MSI plc, MSBV or MSFL or any legal entity belonging to the same group as Morgan Stanley, MSI plc, MSBV or MSFL.

No person has been authorised by any of Morgan Stanley, MSIP, MSBV or MSFL to give any information or to make any representation not contained or incorporated by reference in this Base Prospectus, and, if given or made, that information or representation should not be relied upon as having been authorised by Morgan Stanley, MSIP, MSBV or MSFL. Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes will, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial situation of any of Morgan Stanley, MSIP, MSBV or MSFL since the date hereof or, as the case may be, the date upon which this Base Prospectus has been most recently amended or supplemented or the balance sheet date of the most recent financial statements which have been incorporated into this Base Prospectus by way of a supplement to this Base Prospectus, or that any other information supplied from time to time is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. Investors should review, *inter alia*, the most recent financial statements of Morgan Stanley, MSIP, MSBV and/or MSFL (as applicable) when evaluating any Notes or an investment therein (such financial statements shall not form a part of this Base Prospectus unless they have been expressly incorporated herein, including by way of a supplement to this Base Prospectus).

The distribution of this Base Prospectus and the offering, sale and delivery of Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by Morgan Stanley, MSIP, MSBV and MSFL to inform themselves about and to observe those restrictions.

The Issuers do not intend to provide post-issuance information in respect of the Notes, except if required by any applicable laws or regulations.

This Base Prospectus should be read and construed with any supplement thereto and with any other documents incorporated by reference therein.

Investors should consult the Issuers should they require a copy of the 2006 ISDA Definitions or the 2021 ISDA Definitions.

This Base Prospectus does not constitute an offer of or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by any of Morgan Stanley, MSIP, MSBV, MSFL or the Distribution Agent that any recipient of this Base Prospectus should subscribe for or purchase any Notes. Each recipient of this Base Prospectus will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of Morgan Stanley, MSIP, MSBV or MSFL (as applicable) and of the particular terms of any offered Notes.

The Issuers and the Guarantor accept responsibility for the information contained in this Base Prospectus. To the best of the Issuers' and the Guarantor's knowledge, the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect its import.

Neither this Base Prospectus nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which that offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

All references in this Base Prospectus to Sterling and £ are to the lawful currency of the United Kingdom, all references to U.S. Dollars, U.S. and \$ are to the lawful currency of the United States of America, all references to Japanese Yen and ¥ are to the lawful currency of Japan, all references to Swiss Francs and CHF are to the lawful currency of Switzerland, all references to Australian Dollars and AUD are to the lawful currency of the Commonwealth of Australia, all references to New Zealand Dollars and NZD are to the lawful currency of New Zealand, and all references to euro, € and EUR are to the lawful single currency of the member states of the European Union (each a **Member State**) who have adopted and continue to retain a common single currency through monetary union in accordance with European Union treaty law (as amended from time to time).

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE RELEVANT ISSUER AND, WHERE APPLICABLE, THE GUARANTOR AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THE NOTES HAVE NOT BEEN RECOMMENDED BY ANY UNITED STATES FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

### **Secured Overnight Financing Rate**

As further described under “*Risk Factors Relating to the Notes*” below, the interest rate on the Notes may be determined by reference to (i) SOFR (as defined in the Terms and Conditions of the Notes) or (ii), in certain circumstances, either a Fallback Term SOFR or Fallback Compounded SOFR (each as defined in the Terms and Conditions of the Notes).

SOFR is published by the New York Federal Reserve and is intended to be a broad measure of the cost of borrowing cash overnight collateralized by U.S. Treasury securities. The New York Federal Reserve reports that SOFR includes all trades in the Broad General Collateral Rate and bilateral Treasury repurchase agreement (repo) transactions cleared through the delivery-versus-payment service offered by the Fixed Income Clearing Corporation (the **FICC**), a subsidiary of the Depository Trust and Clearing Corporation (**DTCC**), and SOFR is filtered by the New York Federal Reserve to remove some (but not all) of the foregoing transactions considered to be “specials”. According to the New York Federal Reserve, “specials” are repos for specific-issue collateral, which take place at cash-lending rates below those for general collateral repos because cash providers are willing to accept a lesser return on their cash in order to obtain a particular security.

The New York Federal Reserve reports that SOFR is calculated as a volume-weighted median of transaction-level tri-party repo data collected from The Bank of New York Mellon as well as General Collateral Finance Repo transaction data and data on bilateral Treasury repo transactions cleared through the FICC's delivery-versus-payment service. The New York Federal Reserve also notes that it obtains information from DTCC Solutions LLC, an affiliate of DTCC.

If data for a given market segment were unavailable for any day, then the most recently available data for that segment would be utilized, with the rates on each transaction from that day adjusted to account for any change in the level of market rates in that segment over the intervening period. SOFR would be calculated from this adjusted prior day's data for segments where current data were unavailable, and unadjusted data for any segments where data were available. To determine the change in the level of market rates over the intervening period for the missing market segment, the New York Federal Reserve would use information collected through a daily survey conducted by its Trading Desk of primary dealers' repo borrowing activity. Such daily survey would include information reported by Morgan Stanley & Co. LLC, a wholly owned subsidiary of Morgan Stanley, as a primary dealer.

The New York Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, indemnification obligations and disclaimers, including that the New York Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice.

Each U.S. Government Securities Business Day, the New York Federal Reserve publishes SOFR on its website at approximately 8:00 a.m., New York City time. If errors are discovered in the transaction data provided by The Bank of New York Mellon or DTCC Solutions LLC, or in the calculation process, subsequent to the initial publication of SOFR but on that same day, SOFR and the accompanying summary statistics may be republished at approximately 2:30 p.m., New York City time. Additionally, if transaction data from The Bank of New York Mellon or DTCC Solutions LLC had previously not been available in time for publication, but became available later in the day, the affected rate or rates may be republished at around this time. Rate revisions will only be effected on the same day as initial publication and will only be republished if the change in the rate exceeds one basis point. Any time a rate is revised, a footnote to the New York Federal Reserve's publication would indicate the revision. This revision threshold will be reviewed periodically by the New York Federal Reserve and may be changed based on market conditions.

Because SOFR is published by the New York Federal Reserve based on data received from other sources, the Issuer has no control over its determination, calculation or publication. See "*Risk Factors Relating to the Notes*" below.

The information contained in this section "*Secured Overnight Financing Rate*" is based upon the New York Federal Reserve's Website and other U.S. government sources.

<b>Relevant Underlying:</b>	The interest and/or redemption amounts payable on Notes may be linked to the value or performance of (each, a <b>Relevant Underlying</b> ) (i) one or more share(s) (such Notes, the <b>Share-Linked Notes</b> ), (ii) one or more equity indices (such Notes, the <b>Index-Linked Notes</b> ), (iii) interests in one or more exchange traded fund(s) (such Notes, the <b>ETF-Linked Notes</b> ), (iv) one or more currencies (such Notes, the <b>Currency-Linked Notes</b> ), (v) one or more inflation indices (such Notes, the <b>Inflation-Linked Notes</b> ), (vi) interests in one or more fund(s) (such Notes, the <b>Fund-Linked Notes</b> ), or (vii) one or more futures contract(s) (such Notes, the <b>Futures Contracts-Linked Notes</b> ).
<b>Redemption</b>	<p>Notes may be redeemed at Par or at such other redemption amount (detailed in a formula or otherwise, which may be linked to the performance of a Relevant Underlying) or may be Notes which are redeemable by delivery of the Underlying Securities (<b>Physical Settlement Notes</b>).</p> <p>For the avoidance of doubt, where the securities delivered in respect of physical settlement are equity securities within the meaning of Article 2(b) of the Prospectus Regulation, such securities will not be securities of Morgan Stanley, MSI plc, MSBV or MSFL or any legal entity belonging to the same group as Morgan Stanley, MSI plc, MSBV or MSFL.</p> <p>MSFL shall not issue Physical Settlement Notes.</p>
<b>Early Redemption</b>	Notes may be redeemed early for tax reasons at the option of the Issuer at the Early Redemption Amount specified in the Final Terms or in case of illegality or regulatory reasons at an amount representing either the fair market value of the Note less costs, the fair market value of the Note or at Par. If so specified in the applicable Final Terms, the Notes may also be redeemed early at the option of the Issuer and/or at the option of any Noteholder at the Optional Redemption Amount (Call) or the Optional Redemption Amount (Put), as the case may be. If so specified in the applicable Final Terms, the Issuer shall, on the Automatic Partial Redemption Date, redeem all Notes in part by reducing the nominal amount of all such Notes by an Automatic Partial Redemption Amount.
<b>Interest</b>	Notes may be interest-bearing or non-interest-bearing. Interest (if any) may accrue at a fixed rate (which may be zero), a floating rate, a rate which varies during the lifetime of the relevant Series, or a rate which is linked to the performance of a Relevant Underlying. For the avoidance of doubt, in no event, will the relevant Interest Amount be less than zero.

**Denominations**

The minimum denomination at the issue date of each Note admitted to trading on a EEA exchange and/or offered on a non-exempt basis in an EEA State will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

**Taxation**

All payments of principal and interest by the Issuers and the Guarantor (if applicable) in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any jurisdiction or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law or agreement with such taxing authority. None of the Issuers or the Guarantor (if applicable) shall be required to make any additional payments on account of any such withholding or deduction.

For payments in respect of a Note issued by Morgan Stanley or MSFL, in order to avoid U.S. withholding taxes, the beneficial owner of the Note that is not a United States person (or a financial institution holding the Note on behalf of the beneficial owner) is required to comply with certain tax identification and certification requirements, generally by furnishing the appropriate U.S. Internal Revenue Service Form W- 8BEN or W-8BEN-E published by the U.S Internal Revenue Service on which the beneficial owner certifies under penalty of perjury that it is not a United States person.

**Benefit Plan Investors**

The Notes may not be acquired or held by, or acquired with the assets of, any employee benefit plan subject to Title I of the United States Employee Retirement Income Security Act of 1974, as amended (**ERISA**), any individual retirement account or plan subject to Section 4975 of the United States Internal Revenue Code of 1986, or any entity whose underlying assets include "plan assets" within the meaning of Section 3(42) of ERISA by reason of any such employee benefit plan's account's or plan's investment therein.

**Use of Proceeds**

The net proceeds of each issue of Notes will be used by the relevant Issuer for general corporate purposes and/or, in connection with hedging its obligations under the Notes unless otherwise specified in the applicable Final Terms.

In respect of MSBV, at least 95% of the proceeds will be invested (*uitzetten*) within the group of which it forms part.

MSFL intends to lend the net proceeds from its issuances of the Notes to Morgan Stanley. Morgan Stanley intends to use the proceeds from such loans for general corporate purposes.

**Listing and admission to trading**

Application may be made for Notes to be (a) displayed on the Luxembourg Stock Exchange Securities Official List (LuxSE SOL) (without admission to trading) and/or (b) admitted to

trading on (i) Euronext Paris or (ii) either of the regulated market or the EuroMTF Market of the Luxembourg Stock Exchange, or (iii) any other stock exchange(s) of the European Union.

Each Issuer may also issue unlisted Notes.

**Clearing Systems**

Euroclear France, Euroclear, Clearstream, and/or such other relevant clearing system as may be specified in the applicable Final Terms.

**Governing Law**

The Notes will be governed by French law (except in relation to the Issuer's right to repurchase Notes) and the Guarantee is governed by New York law.

**Restrictions on sale to U.S. Persons**

The Notes may not be offered, sold, pledged, assigned, delivered or otherwise transferred, exercised or redeemed *at any time*, directly or indirectly, within the United States or to, or for the account or benefit of, U.S. Persons (as defined in Regulation S under the Securities Act).

**Selling Restrictions**

For a description of certain restrictions on offers, sales and deliveries of the Notes and on the distribution of offering material in the United States, the EEA, the United Kingdom and the Netherlands, see "*Subscription and Sale*" hereof.

**Certain Restrictions**

In respect of Share-Linked Notes, the issuer or issuers of the specified share or shares to which such Share-Linked Notes relate shall not be Morgan Stanley, MSI plc, MSBV or MSFL or any legal entity belonging to the same group as Morgan Stanley, MSI plc, MSBV or MSFL.

In respect of Index-Linked Notes, it being specified that no underlying index is composed by Morgan Stanley, MSI plc, MSBV or MSFL or any legal entity belonging to the same group as Morgan Stanley, MSI plc, MSBV or MSFL.

In respect of Physical Settlement Notes (as defined in the paragraph headed "Redemption" above), any securities to be delivered in accordance with the terms and conditions of such Physical Settlement Notes will not be shares or securities equivalent to shares in Morgan Stanley, MSI plc, MSBV or MSFL or any other legal entity belonging to the same group as Morgan Stanley, MSI plc, MSBV or MSFL.

**Subordination**

*Structural subordination; Morgan Stanley's access to assets held by subsidiaries may be restricted:* The Notes issued by Morgan Stanley, including the guarantees of the Notes issued by MSBV and MSFL, are Morgan Stanley's unsecured senior obligations, but Morgan Stanley's assets consist primarily of equity in, and receivables from, its subsidiaries.

**As a result, Morgan Stanley's ability (i) to make payments on its Notes (ii) to make payments with respect to its guarantee of Notes issued by MSBV and MSFL and (iii) to pay dividends on its preferred stock and common stock, in each case depends upon its receipt of dividends, loan payments and other funds from its subsidiaries. In addition,**

**the direct creditors of any subsidiary will have a prior claim on the subsidiary's assets, if any, and Morgan Stanley's rights and the rights of its creditors, including a Noteholder's rights as an owner of Notes issued by Morgan Stanley or a Noteholder's rights under Morgan Stanley's guarantees of Notes issued by MSBV or MSFL, will be subject to that prior claim, except to the extent that any claims Morgan Stanley may have as a creditor of that subsidiary are paid. This subordination of parent company creditors to prior claims of creditors of subsidiaries over the subsidiaries' assets is referred to as structural subordination.**

**In addition, various statutes and regulations restrict some of Morgan Stanley's subsidiaries from paying dividends or making loans or advances to Morgan Stanley. These restrictions could prevent those subsidiaries from paying the cash to Morgan Stanley that it needs in order to pay Noteholders. These restrictions include, without limitation:**

- the net capital requirements under the Securities and Exchange Act of 1934, as amended, and the rules of some exchanges and other regulatory bodies, which apply to some of Morgan Stanley's principal subsidiaries, such as Morgan Stanley & Co. LLC and Morgan Stanley & Co. International plc, and
- **banking regulations, which apply to Morgan Stanley Bank, N.A., a national bank, Morgan Stanley Private Bank, National Association (formerly Morgan Stanley Trust FSB), a national bank, and other bank subsidiaries of Morgan Stanley.**

## **Status of Notes**

*Status of the MSI plc Notes; relationship with Morgan Stanley securities:* The Notes issued by MSI plc are its unsecured obligations and holders of these Notes are direct creditors of MSI plc.

*Status of the MSBV Notes; relationship with Morgan Stanley securities:* The Notes issued by MSBV are its unsecured obligations and holders of these Notes are direct creditors of MSBV, as well as direct creditors of Morgan Stanley under the related guarantee. The Morgan Stanley guarantee will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of Morgan Stanley, present and future, but, in the event of insolvency, only to the extent permitted by laws affecting creditors' rights.

*Status of the MSFL Notes; relationship with Morgan Stanley securities:* The Notes issued by MSFL are its unsecured obligations and holders of these Notes are direct creditors of MSFL, as well as direct creditors of Morgan Stanley under the related guarantee. As a finance subsidiary, MSFL has no independent operations beyond the issuance and administration of its securities and is expected to have no independent assets available for distributions to holders of MSFL Notes if they make claims in respect of the securities in a bankruptcy,

resolution or similar proceeding. Accordingly, any recoveries by such holders will be limited to those available under the related guarantee by Morgan Stanley and that guarantee will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of Morgan Stanley, present and future, but, in the event of insolvency, only to the extent permitted by laws affecting creditors' rights. Holders of Notes issued by MSFL should accordingly assume that in any such proceedings they would not have any priority over and should be treated *pari passu* with the claims of other unsecured, unsubordinated creditors of Morgan Stanley, including holders of Morgan Stanley-issued securities.

## **Substitution**

Pursuant to Condition 30.1 (*Substitution of Issuer with Morgan Stanley Group entities*), the Issuer may be substituted for Morgan Stanley (if the original Issuer is not Morgan Stanley) or a subsidiary of Morgan Stanley without the consent of the Noteholders.

If Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*), is specified as applicable to a Series of Notes, the Issuer or the Guarantor (in the case of MSBV or MSFL Notes) may, subject to the Conditions set out in Condition 30 (*Substitution*) including the rights of Noteholders under Condition 30.6 (*Right to Redemption in respect of substitutions with non Morgan Stanley Group entities*), but without the consent of Noteholders, upon the occurrence of a Substitution Event (as defined in Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*)), substitute for itself any entity which is not a Morgan Stanley Group entity, provided that such entity satisfies the requirements set out in Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*).

Upon a substitution of the Issuer or the Guarantor with a non Morgan Stanley Group entity pursuant to Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*), Noteholders who object to the substitution will have the right to require the Issuer to redeem their Notes at a price determined in accordance with the provisions of Condition 30.6 (*Right to Redemption in respect of substitutions with non Morgan Stanley Group entities*), by providing notice of their intention to exercise such right in the manner set out in Condition 30.6 (*Right to Redemption in respect of substitutions with non Morgan Stanley Group entities*).

## RISK FACTORS

*Prospective investors should read the entire Base Prospectus (and where appropriate, any relevant final terms and summary). Words and expressions defined elsewhere in this Base Prospectus have the same meanings in this section.*

*Prospective investors should consider the section entitled "Risk Factors" (excluding the Risk Factors headed "As a finance subsidiary, MSFL has no independent operations and is expected to have no independent assets", "Powers under the Banking Act 2009", "Bail-in Power" and "Other powers") at pages 3 to 22 of the Registration Document of Morgan Stanley, Morgan Stanley & Co. International plc, Morgan Stanley B.V. and Morgan Stanley Finance LLC approved by the Commission de Surveillance du Secteur Financier of Luxembourg dated 10 December 2021 (the **2021 Registration Document**) as amended on page 6 of the Second Supplement to the 2021 Registration Document and on pages 5 to 19 of the Third Supplement to the 2021 Registration Document (all as defined in the section headed "Incorporation by Reference" below). Each of the Issuers and the Guarantor believe that such factors represent the principal risks inherent in investing in Notes issued under the Programme but the inability of an Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons, which may not be considered significant risks by such Issuer based on information currently available to it or which it may not currently be able to anticipate.*

**This section notably describes the most significant risks of investing in Notes linked to shares, indices, ETFs, inflation indices, funds or futures contracts. Each investor should carefully consider whether the Notes, as described herein and in the applicable Final Terms, are suited to its particular circumstances before deciding to subscribe for or to purchase any Notes.**

**1. Risks relating to the financial situation of Morgan Stanley**

A description of the risks relating to the financial situation of Morgan Stanley that may affect the ability of the Issuer to fulfil its obligations under the Notes are set out in the section entitled “*Risks relating to the financial situation of Morgan Stanley*” on pages 3 to 7 of the 2021 Registration Document as amended on pages 5 to 9 of the Third Supplement to the 2021 Registration Document.

**2. Risks relating to the operation of Morgan Stanley's business activities**

A description of the risks relating to the operation of Morgan Stanley's business activities that may affect the ability of the Issuer to fulfil its obligations under the Notes are set out in the section entitled “*Risks relating to the operation of Morgan Stanley's business activities*” on pages 7 to 11 of the 2021 Registration Document as amended on pages 9 to 13 of the Third Supplement to the 2021 Registration Document.

**3. Legal, regulatory and compliance risk**

A description of the legal, regulatory and compliance risks that may affect the ability of the Issuer to fulfil its obligations under the Notes are set out in the section entitled “*Legal, regulatory and compliance risk*” on pages 11 to 15 of the 2021 Registration Document as amended on pages 13 to 16 of the Third Supplement to the 2021 Registration Document.

**4. Other risks relating to Morgan Stanley's business activities**

A description of the other risks relating to Morgan Stanley's business activities that may affect the ability of the Issuer to fulfil its obligations under the Notes are set out in the section entitled “*Other risks relating to Morgan Stanley's business activities*” on pages 15 to 18 of the 2021 Registration Document as amended on page 6 of the Second Supplement to the 2021 Registration Document and on pages 16 to 19 of the Third Supplement to the 2021 Registration Document.

**5. Risks relating to MSI plc, MSBV and MSFL**

A description of risks relating to MSI plc, MSBV and MSFL that may affect the ability of the Issuer to fulfil its obligations under the Notes are set out in the section entitled “*Risks relating to MSI plc, MSBV and MSFL*” (excluding the Risk Factors headed “*As a finance subsidiary, MSFL has no independent operations and is expected to have no independent assets*”, “*Powers under the Banking Act 2009*”, “*Bail-in Power*” and “*Other powers*”) on pages 18 to 22 of the 2021 Registration Document.

**6. Risk Factors relating to the financial position of the Issuers and Guarantor**

**6.1 Credit risk**

Pursuant to Condition 4 (*Status*), the obligations of the Issuers under the Notes and of the Guarantor under the Guarantee are unsecured. Holders of Notes issued by Morgan Stanley or MSI plc bear the credit risk of the relevant Issuer that is the risk that the relevant Issuer is not able to meet its obligations under such Notes, irrespective of whether such Notes are referred to as capital or principal protected or how any principal, interest or other payments under such Notes are to be calculated. Holders of Notes issued by MSBV or MSFL bear the credit risk of the relevant Issuer and/or the Guarantor, that is the risk that the relevant Issuer and/or the Guarantor is not able to meet its obligations under such Notes, irrespective of whether such Notes are referred to as capital or principal protected or how any principal, interest or other

payments under Notes are to be calculated. If the Issuer and/or the Guarantor is not able to meet its obligations under the Notes, then that would have a significant negative impact on the investor's return on the Notes and an investor may lose up to its entire investment.

## **7. Legal and Regulatory risks in relation to the Issuers and Guarantor**

### **7.1 *Risks in relation to the exercise of potential resolution powers***

MSI plc, as an investment firm for the purposes of the Banking Act 2009 (the **Banking Act**), is subject to provisions of that Act which give wide powers in respect of UK banks and investment firms (such as MSI plc) to HM Treasury, the Bank of England, the Prudential Regulation Authority and the United Kingdom Financial Conduct Authority (**FCA**) (each a **relevant U.K. Regulatory Authority**) in circumstances where the relevant UK bank or investment firm (a "**relevant financial institution**") is failing or is likely to fail. The Banking Act implemented the provisions of Directive 2014/59/EU (the **Bank Recovery and Resolution Directive** or **BRRD**).

These powers include powers to: (a) transfer all or some of the liability in respect of the securities issued by a relevant financial institution, or all or some of the property, rights and liabilities of a relevant financial institution (which could include instruments issued by MSI plc), to a commercial purchaser or, in the case of securities, to HM Treasury or an HM Treasury nominee, or, in the case of property, rights or liabilities, to an entity owned by the Bank of England; (b) override any default provisions in contracts or other agreements, including provisions that would otherwise allow a party to terminate a contract or accelerate the payment of an obligation; (c) commence certain insolvency procedures in relation to a relevant financial institution; and (d) override, vary or impose contractual obligations, for reasonable consideration, between a relevant financial institution and its parent, in order to enable any transferee or successor of the relevant financial institution to operate effectively. The Banking Act also gives power to HM Treasury to make further amendments to the law for the purpose of enabling it to use the special resolution regime powers effectively, potentially with retrospective effect.

By reason of its group relationship with certain other Morgan Stanley Group companies (including companies incorporated outside the UK) which are banks, investment firms, EU institutions or third-country institutions for the purposes of the Banking Act, MSI plc is a banking group company within the meaning of the Banking Act. Accordingly, the relevant UK Regulatory Authority can exercise substantially similar special resolution powers in respect of MSI plc in its capacity as a banking group company where the Prudential Regulation Authority, an EU resolution authority or third country authority having jurisdiction over the relevant Morgan Stanley Group company is satisfied that such Morgan Stanley Group company meets the relevant conditions for resolution action (**including that it is failing or likely to fail, that it is not reasonably likely that other measures would prevent its failure, and that it is in the public interest to exercise those powers**) or **that it satisfies an equivalent test in the relevant jurisdiction (irrespective of whether at that time MSI plc is failing or likely to fail)**. Additionally, where a relevant third country Morgan Stanley Group company becomes subject to resolution or similar measures, the relevant UK Regulatory Authority may recognise the application of some of those measures to MSI plc (irrespective of whether at that time MSI plc is failing or likely to fail).

The powers granted to the relevant UK Regulatory Authority include (but are not limited to) a "bail-in" power.

The "bail-in" power gives the relevant UK Regulatory Authority the power, in relation to a failing relevant financial institution or a banking group company in respect of a bank,

investment firm, EU institution or third-country institution (whether or not incorporated in the UK) **which is failing or likely to fail, to cancel all or a portion of certain of its unsecured liabilities and/or to convert certain of its liabilities into another security, including ordinary shares of the surviving entity, if any. Under the Banking Act, such power could be utilised in relation to MSI plc were it to be failing or likely to fail, or were a bank, investment firm, EU institution or third-country institution (whether or not incorporated in the UK) in respect of which MSI plc is a banking group company to be failing or likely to fail. Were such power to be utilised in relation to MSI plc, it could be utilised in relation to securities issued by MSI plc.**

The Banking Act requires the relevant UK Regulatory Authority to apply the "bail-in" power in accordance with a specified preference order which differs from the ordinary insolvency order. In particular, the relevant UK Regulatory Authority must write-down or convert debts in the following order: (i) additional tier 1, (ii) tier 2, (iii) other subordinated claims, and (iv) eligible senior claims.

Although the exercise of the bail-in power under the Banking Act is subject to certain pre-conditions, **there remains uncertainty regarding the specific factors (including, but not limited to, factors outside the control of MSI plc or not directly related to MSI plc) which the relevant UK Regulatory Authority would consider in deciding whether to exercise such power with respect to MSI plc and its securities or other liabilities.** Moreover, as the relevant UK Regulatory Authority may have considerable discretion in relation to how and when it may exercise such power, holders of securities issued by MSI plc may not be able to refer to publicly available criteria in order to anticipate a potential exercise of such power and consequently its potential effect on MSI plc and securities issued by MSI plc.

As well as a "bail-in" power, the powers of the relevant UK Regulatory Authority under the Banking Act include broad powers to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a "bridge institution" (an entity created for such purpose that is wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only). The Bank of England has broad powers to make one or more share transfer instruments (in the case of a transfer to a private sector purchaser described in (i) or a transfer to a "bridge institution" in the case of (ii)) or one or more property transfer instruments (in all three cases). A transfer pursuant to a share transfer instrument or a property transfer instrument will take effect despite any restriction arising by virtue of contract or legislation or in any other way.

In addition, the Banking Act gives the relevant UK Regulatory Authority power to amend the maturity date and/or any interest payment date of debt instruments or other eligible liabilities of the relevant financial institution and/or impose a temporary suspension of payments and/or discontinue the listing and admission to trading of debt instruments.

The Banking Act provides that HM Treasury must, in making regulations about compensation arrangements in the case of the exercise of a bail-in power, have regard to the "no creditor worse off" principle, and HM Treasury has made regulations governing compensation arrangements upon the exercise of a bail-in power. Notwithstanding the foregoing, the exercise by the relevant UK Regulatory Authority of any of the above powers under the Banking Act (including especially the bail-in power) could lead to the holders of securities issued by MSI plc losing some or all of their investment. Moreover, trading behaviour in relation to the securities issued

by MSI plc, including market prices and volatility, may be affected by the use or any suggestion of the use of these powers and accordingly, in such circumstances, such securities are not necessarily expected to follow the trading behaviour associated with other types of securities. There can be no assurance that the taking of any actions under the Banking Act by the relevant UK Regulatory Authority or the manner in which its powers under the Banking Act are exercised will not materially adversely affect the rights of holders of securities issued by MSI plc, the market value of an investment in such securities and/or MSI plc's ability to satisfy its obligations under such securities.

**7.2 *The Issuer or the Guarantor, as the case may be, may be substituted by another entity without the consent of Noteholders***

The Terms and Conditions of the Notes set out that the Issuer can, without the consent of Noteholders and without taking into consideration the interest of Noteholders, agree to be substituted by another as principal debtor of the Notes, subject to the conditions set out in Condition 30 (*Substitution*). The substitution may, in particular, but without limitation, be conditional upon Morgan Stanley or MSI plc, as the case may be, acting as guarantor of the obligations of the substitute issuer in respect of the Notes, or the Issuer or the Guarantor may, in certain circumstances, be substituted by entities outside the Morgan Stanley group, in which case the Noteholders will have a right to redeem their Notes upon request within a certain period of time. In addition, the substitute shall receive all necessary regulatory authorizations in order to comply with its commitments under the Notes or to the Guarantee (as applicable) and this substitution shall be permitted by any regulated market on which one the Notes are, as the case may be, admitted to trading and potential requirements applicable to this regulated market shall be complied with so that the Notes remain admitted to trading on this regulated market. For further explanations, please refer to Condition 30 (*Substitution*). Such substitution could result in a decrease in the value of the Notes. If the Issuer substitutes an entity for the Issuer as the principal debtor in respect of the Notes, the tax consequences (including the withholding tax consequences) of holding the Notes may change. Except as otherwise set out in the Terms and Conditions, if withholding is required on the Notes the Issuer will not be required to pay any additional amounts.

**7.3 *As a finance subsidiary, MSFL has no independent operations and is expected to have no independent assets***

The principal risks with respect to Morgan Stanley will also represent the principal risks with respect to MSFL, either as an individual entity or as part of the Morgan Stanley Group.

MSFL has no independent operations beyond the issuance and administration of its securities and is expected to have no independent assets available for distributions to holders of MSFL Notes if they make claims in respect of the Notes in a bankruptcy, resolution or similar proceeding. Accordingly, any recoveries by such Noteholders will be limited to those available under the related Guarantee by Morgan Stanley and that Guarantee will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of Morgan Stanley present and future, but, in the event of insolvency, only to the extent permitted by laws affecting creditors' rights. Holders will have recourse only to a single claim against Morgan Stanley and its assets under the Guarantee. Holders of Notes issued by MSFL should accordingly assume that in any such proceedings they would not have any priority over and should be treated *pari passu* with the claims of other unsecured, unsubordinated creditors of Morgan Stanley, including holders of Morgan Stanley-issued securities. Holders of the Notes issued by MSFL should therefore be aware that in any such proceedings a Holder's recoveries in respect of its claims under the Guarantee may be less than if it had such priority.

#### 7.4 **Conflicts of interest**

The Issuer, the Guarantor and their affiliates may act in a number of capacities in connection with the Notes and need not take into account the specific interests of any individual Noteholder. Such a party may also enter into business dealings relating to the Notes or the Relevant Underlying or any asset to which the Notes or Relevant Underlying are exposed, from which such party may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor, or act in a way that is adverse to the interests of the Noteholders generally.

For further information, see the section of this Base Prospectus titled "*Conflicts of Interest*".

#### 7.5 **Under the Terms and Conditions of the MSIP Notes each Noteholder agrees to be bound by the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.**

By its acquisition of MSIP Notes, each Noteholder shall be deemed to have acknowledged, accepted, consented and agreed to be bound by the effect of the exercise of the U.K. bail-in power by the relevant U.K. resolution authority (which as at the date hereof is The Bank of England). For more information, see Condition 32 (*Agreement with respect to the exercise of U.K. Bail-In Powers with respect to MSIP Notes*) and the risk factors under the heading "1.4 Risks in relation to the exercise of potential resolution powers" above.

The exercise of the U.K. bail-in power by the relevant U.K. resolution authority, may include and result in any of the following, or some combination thereof:

- the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, MSIP Notes or any other outstanding amounts due under or in respect of MSIP Notes;
- the conversion of all, or a portion, of the principal amount of, or interest on, MSIP Notes into shares or other securities or other obligations of MSIP or another person (and the issue to or conferral on the Noteholder of such shares, securities or obligations); and/or
- the amendment or alteration of the maturity of MSIP Notes, or amendment of the amount of interest due on MSIP Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; any U.K. bail-in power may be exercised by means of variation of the terms of MSIP Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power.

**Accordingly, if any U.K. bail-in power is exercised over MSIP with respect to MSIP Notes, Noteholders may not be able to recover all or even part of the amount due under MSIP Notes, or Noteholders may receive a different security issued by MSIP (or another person) in place of the amount (if any) due to Noteholders under MSIP Notes, which may be worth significantly less than the amount due to Noteholders under MSIP Notes at expiry.**

## 8. Risks Factors relating to some or all of the Notes

### 8.1 *Investors risk losing all of their investment in the Notes*

Potential investors should be aware that depending on the terms of the relevant Notes (i) they may receive no or a limited amount of interest, (ii) payments may occur at a different time than expected and (iii) **except in the case of Notes which are scheduled to repay 100 per cent. of their principal and where the Issuer (and, where applicable, the Guarantor) does not fail to make such payment, they may lose all or a substantial portion of their investment if the value/performance of the Relevant Underlying does not move in the anticipated direction.**

### 8.2 *The Notes are not ordinary debt securities*

The terms of certain Notes differ from those of ordinary debt securities because the Notes may not pay interest and, on maturity, depending on the performance of the Relevant Underlying, may return less than the amount invested or nothing. **The price of the Notes may fall in value as rapidly as it may rise, and investors in the Notes may potentially lose all of their investment.**

### 8.3 *The Notes may be redeemed prior to maturity*

In accordance with Condition 15.2 (*Tax Redemption*), in the event that the relevant Issuer or the Guarantor (if applicable) would be obliged by law to make any withholding or deduction for or on account of tax with respect to the Notes (as described in Condition 18 (*Taxation*)), the relevant Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions at the redemption price which can be Par Redemption or Qualified Financial Institution Determination, each as defined in Condition 15.2 (*Tax Redemption*) and as specified in the applicable Final Terms.

If in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the relevant Issuer's option in certain other circumstances then the relevant Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

An optional redemption feature or an Issuer Automatic Early Redemption feature in any particular Tranche of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

In the case of certain Notes, if such Notes are redeemed early for any reason, the amount payable by the Issuer may be less than the amount that would have been paid had the Notes been redeemed at maturity.

If an event of default occurs in respect of the relevant Issuer and acceleration of the Notes, the investor would have an unsecured claim against the relevant Issuer or, if applicable, the Guarantor for the amount due on the early redemption of the Notes.

#### 8.4 *The value of the Notes may be influenced by unpredictable factors*

The value of the Notes may be influenced by several factors beyond the Issuer's, and/or its Affiliates' and, where applicable, the Guarantor's control, including the following:

- (1) *Valuation of the Relevant Underlying.* The market price or value of a Note at any time is expected to be affected primarily by changes in the level of the Relevant Underlying to which the Notes are linked. It is impossible to predict how the level of the Relevant Underlying will vary over time. The historical performance value (if any) of the Relevant Underlying does not indicate the future performance of the Relevant Underlying. Factors which may have an effect on the value of the Relevant Underlying include the rate of return of the Relevant Underlying and, where relevant, the financial position and prospects of the issuer of the Relevant Underlying, the market price or value of the applicable underlying security, index, ETF, fund, basket of securities, indices, ETFs, funds or futures contracts. In addition, the level of the Relevant Underlying may depend on a number of inter related factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Notes is linked to the Relevant Underlying and will be influenced (positively or negatively) by the Relevant Underlying, any change may not be comparable and may be disproportionate. It is possible that while the Relevant Underlying is increasing in value, the value of the Notes may fall. Further, the Conditions of the Notes will allow the Determination Agent to make adjustments or take any other appropriate action if circumstances occur where the Notes or any exchanges or price sources are affected by market disruption, adjustment events or circumstances affecting normal activities.
- (2) *Volatility.* The term "**volatility**" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to a Relevant Underlying. Volatility is affected by a number of factors such as macroeconomic factors (i.e. those economic factors which have broad economic effects), speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of a Relevant Underlying will move up and down over time (sometimes more sharply than at other times) and different Relevant Underlyings will most likely have separate volatilities at any particular time.
- (3) *Dividend Rates and other Distributions.* The value of certain Equity Linked Notes, Fund-Linked Notes and Futures Contract-Linked Notes could, in certain circumstances, be affected by fluctuations in the actual or anticipated rates of dividend (if any) or other distributions on a Relevant Underlying.
- (4) *Interest Rates.* Investments in the Notes may involve interest rate risk. The interest rate level may fluctuate on a daily basis and cause the value of the Notes to change on a daily basis. The interest rate risk is a result of the uncertainty with respect to future changes of the market interest rate level. In general, the effects of this risk increase as the market interest rates increase;
- (5) *Remaining Term.* Generally, the effect of pricing factors over the term of the Notes will decrease as the maturity date approaches. However, this reduction in the effect of pricing factors will not necessarily develop consistently up until the maturity date, but may undergo temporary acceleration and/or deceleration. Even if the price of the Relevant Underlying rises or falls there may a reduction or increase, as the case may be, in the value of the Notes due to the other value determining factors. Given that the

term of the Notes is limited, investors cannot rely on the price of the Relevant Underlying or the value of the Notes recovering again prior to maturity.

- (6) *Creditworthiness.* Any prospective investor who purchases the Notes is relying upon the creditworthiness of the Issuer and/or the Guarantor, if applicable, and has no rights against any other person. If the Issuer and/or the Guarantor, if applicable, becomes insolvent, investors may suffer potential loss of their entire investment irrespective of any favourable development of the other value determining factors, such as a Relevant Underlying.
- (7) *Exchange Rates.* Even where payments in respect of the Notes are not expressly linked to a rate or rates of exchange between currencies, the value of the Notes could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Notes is to be made and any currency in which a Relevant Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of the Notes will be representative of the relevant rates of exchange used in computing the value of the Notes at any time thereafter.

Some or all of the above factors will influence the price investors will receive if an investor sells its Notes prior to maturity, which is usually referred to as "secondary market practice". For example, investors may have to sell certain Notes at a substantial discount from the principal amount or investment amount if the market price or value of the applicable Relevant Underlying is at, below, or not sufficiently above the initial market price or value or if market interest rates rise. The secondary market price may be lower than the market value of the issued Notes as at the Issue Date to take into account, amongst other things, amounts paid to distributors and other intermediaries relating to the issue and sale of the Notes and amounts relating to the hedging of the Issuer's obligations. As a result of all of these factors, any investor that sells the Notes before the stated expiration or maturity date, may receive an amount in the secondary market which may be less than the then intrinsic market value of the Notes and which may also be less than the amount the investor would have received had the investor held the Notes through to maturity.

## 8.5 ***Limited Events of Default under the Notes***

Events of Default with respect to Notes are limited to (i) a failure to pay, by the relevant Issuer or the Guarantor, as the case may be, any amount of principal or interest in respect of the Notes within thirty days of the due date for payment thereof, or (ii) the bankruptcy, insolvency or reorganisation of the relevant Issuer, all as further described under Condition 19 (*Events of Default*).

The Notes will not have the benefit of any cross-default or cross-acceleration with other indebtedness of MSIP, MSBV, MSFL or Morgan Stanley, as applicable. Other than the covenant to pay, there are no covenants under the Notes and a breach of any obligations under the Notes other than a failure to pay (as detailed above) by MSIP, MSBV, MSFL or Morgan Stanley, as Issuer, does not constitute an event of default under the Notes. In addition, a breach of any obligations under the Notes other than a failure to pay (as detailed above) by Morgan Stanley as guarantor, or an event of bankruptcy, insolvency or reorganization of Morgan Stanley as guarantor, does not constitute an event of default with respect to any Notes issued by MSBV or MSFL. As a result, in such circumstances Noteholders will not be able to declare the Notes immediately due and payable pursuant to the Terms and Conditions of the Notes.

## 8.6 *Certain considerations regarding the use of the Notes as hedging instruments*

Any person intending to use the Notes as a hedge instrument should recognise the "correlation risk" of doing this. Correlation risk is the potential differences in exposure for a potential investor that may arise from the ownership of more than one financial instrument. The Notes may not hedge exactly a Relevant Underlying or portfolio of which a Relevant Underlying forms a part. In addition, it may not be possible to liquidate the Notes at a level which directly reflects the price of the Relevant Underlying or portfolio of which the Relevant Underlying forms a part. **Potential investors should not rely on the ability to conclude transactions during the term of the Notes to offset or limit the relevant risks. This depends on market conditions and the value and/or performance of the Relevant Underlying. It is possible that such transactions will only be concluded at an unfavourable market price, resulting in a corresponding loss for Noteholders.**

## 8.7 *Effect on the Notes of hedging transactions by the Issuer*

As disclosed in the applicable Final Terms, the Issuer may use a portion of the total proceeds from the issue of the Notes for transactions to hedge the risks of the Issuer relating to the Notes. In such case, the Issuer or any of its Affiliates may conclude transactions that correspond to the obligations of the Issuer under the Notes. As a rule, such transactions are concluded prior to or on the Issue Date, but it is also possible to conclude such transactions after issue of the Notes. On or before a valuation date, the Issuer or any of its Affiliates may take the steps necessary for closing out any hedging transactions. It cannot, however, be ruled out that the price, level or value of a Relevant Underlying will be influenced by such transactions. Entering into or closing out these hedging transactions may influence the probability of occurrence or non occurrence of determining events in the case of Notes with a value based on the occurrence of a certain event in relation to a Relevant Underlying. Also, as noted above, these hedging activities could affect the price, rate, level or other value of the Relevant Underlying(s). Accordingly, the hedging activities of the Issuer and its affiliates could have a significant negative (or positive) impact on the investor's return on the Notes

## 8.8 *Secondary trading of the Notes may be limited*

Prospective investors should be willing to hold the Notes until maturity. The nature and extent of any secondary market in the Notes cannot be predicted and there may be little or no secondary market in the Notes. As a consequence any person intending to hold the Notes should consider liquidity in the Notes as a risk. Where the Notes are admitted to listing, trading and/or quoted by or on any listing authority, exchange or quotation system, this does not imply greater or lesser liquidity than if equivalent Notes were not so listed, traded or quoted and the Issuer cannot guarantee that the admission to listing, trading or quotation will be permanently maintained. Where the Notes are not admitted to listing, trading and/or quotation, it becomes more difficult to subscribe or purchase and sell such Notes and there may also be a lack of transparency with regard to pricing information. This may impact the ability of a Noteholder to sell the Notes at any time.

Further, although an Issuer may apply to have certain issuances of Notes admitted to trading on Euronext Paris, on the Luxembourg Regulated Market, on the Luxembourg Stock Exchange's Euro MTF market, displayed on the Luxembourg Stock Exchange Securities Official List (LuxSE SOL) (without admission to trading) or to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, approval for any listing is subject to meeting the relevant listing requirements. Even if there is a secondary market, it may not provide enough liquidity to allow the investor to sell or trade the Notes easily. MSIP and other Affiliates of Morgan Stanley may from time to time, make a market in the Notes, but they are not contractually required to do so. If at any time MSIP and other Affiliates of the Issuers were

to cease making a market in the Notes, it is likely that there would be little or no secondary market for the Notes. This may impact the ability of a Noteholder to sell the Notes at any time.

#### 8.9 ***Modification and waiver***

Condition 23 (*Representation of Noteholders*) contains provisions for the representation of Noteholders through meetings of Noteholders or by way of written resolutions to consider matters affecting their interests generally. Noteholders may through collective decision deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to potential litigation claim against the relevant Issuer. These provisions permit defined majorities to bind all holders of the relevant Notes, including holders who did not attend or were not represented at the relevant meeting and holders who voted in a manner contrary to the majority. If Noteholders of the Notes are not part of the defined majority, including if such Noteholder did not attend the relevant meeting, they will be bound by the decision of the defined majority on matters which may negatively affect the interests of such Noteholder. This may have a negative impact on the market value of the Notes and hence Noteholders may lose part of their investment.

#### 8.10 ***Restricted secondary trading if the electronic trading system is unavailable***

Trading in the Notes may be conducted via one or more electronic trading systems so that "buy" and "sell" prices can be quoted for exchange and off exchange trading. If an electronic trading system used by the Issuer and/or its Affiliates were to become partially or completely unavailable, such a development would have a corresponding effect on the ability of investors to trade the Notes.

#### 8.11 ***Payments on certain Notes may be subject to U.S. withholding tax***

Payments on a Note issued by Morgan Stanley or MSFL that are treated as interest for U.S. federal income tax purposes may be subject to U.S. withholding tax of 30 per cent. if the beneficial owner of the Note does not meet the criteria for being exempt from this withholding tax including the requirement that the beneficial owner (and any financial institution holding the Note on behalf of the beneficial owner) comply with certain U.S. tax identification and certification requirements, generally by furnishing the appropriate Internal Revenue Service (IRS) Form W-8BEN or W-8BEN-E on which the beneficial owner certifies under penalties of perjury that it is not a United States person, as defined in the U.S. Internal Revenue Code of 1986, as amended (the **Code**). In the case of certain other coupon-paying Notes, a non-U.S. investor may be required to establish an exemption under the "other income" provision of a Qualifying Treaty (as defined below) in order to receive payments from Morgan Stanley or MSFL without U.S. withholding tax of 30 per cent. An income tax treaty between a non-U.S. jurisdiction and the United States is a "Qualifying Treaty" if it provides for a 0 per cent. rate of tax on "other income" earned by a resident of the non-U.S. jurisdiction from sources within the United States. Because most income tax treaties contain complex eligibility rules and limitations, a non-U.S. investor should consult its tax advisor about its eligibility for this exemption.

As discussed in "*Taxation - United States Federal Taxation*" below, Sections 1471 through 1474 of the Code and any regulations thereunder or official guidance in connection therewith, an agreement entered into with the IRS pursuant to such sections of the Code, or an intergovernmental agreement (an **IGA**) between the United States and another jurisdiction in furtherance of such sections of the Code (collectively referred to as **FATCA**) may impose a withholding tax of 30 per cent. on payments made on the Notes (including payments made by financial intermediaries), unless various U.S. information reporting and due diligence requirements have been satisfied.

In addition, as discussed in “*Taxation – United States Federal Taxation*” below, Section 871(m) of the Code and the regulations thereunder require withholding (of up to 30 per cent. depending on whether an income tax treaty applies) on payments or deemed payments made to non-U.S. persons on certain financial instruments to the extent that such payments are treated, for U.S. federal income tax purposes, as being U.S.-source dividend equivalent amounts (such as payments on securities linked to U.S. equities or indices that include U.S. equities).

If U.S. withholding tax is imposed because a beneficial owner (or financial institution holding a Note on behalf of a beneficial owner) does not timely provide the required U.S. tax forms or meet the criteria for exemption from such U.S. withholding tax or if withholding is imposed under FATCA or Section 871(m), none of the Issuers, the Guarantor or any intermediary will be required to pay any additional amounts or otherwise indemnify a holder with respect to the amounts so withheld. See “*Taxation - United States Federal Taxation*” below for further discussion of these rules.

#### 8.12 ***Issuer call option risk***

In accordance with Condition 15.4 (*Redemption at the Option of the Issuer*), if Call Option is specified in the applicable Final Terms as being applicable, the Issuer will have the right to early redeem the Notes on any Optional Redemption Date (Call). Following the exercise by the Issuer of such Call Option, the investors will be entitled to receive a pre-determined amount which may be less than the amount that the investors would have been entitled to receive under the terms of the Notes if such Call Option had not been exercised.

The determination to early redeem the Notes will be made by the Issuer taking into account a number of factors, including the current level of the reference asset and the likelihood that such levels will be maintained, or will increase or decrease, in the future. In making such determination, the Issuer will consider whether the expected performance of the reference asset could imply that a higher amount could be payable in the future under the Notes than Optional Redemption Amount (Call). **As a result, it is likely that the Issuer will exercise the Call Option at a time in which the termination of the Notes is least favourable for the investors. The Issuer shall make such determination without taking into account the interest of the investors. The Call Option therefore can limit the possibility for investors to realise in full the expected returns.**

If the Issuer exercises the Call Option, investors in the Notes will no longer be able to participate in the performance of the reference asset.

An optional termination feature of the Notes is likely to limit their market value. During any period when the Issuer may elect to early redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be early redeemed.

If the Issuer exercises the Call Option, investors generally might not be able to reinvest the termination proceeds rate in the same market environment as it was available at the time in which they invested in the Notes and they might be unable to reinvest at a comparable rate of returns. Investors should consider reinvestment risk in light of other investments available at the time of their investment decision.

#### 8.13 ***Notes issued at a substantial discount or premium***

In accordance with Condition 7 (*Zero Coupon Note Provisions*) the relevant Issuer may issue Zero Coupon Note. Further, the relevant Final Terms of any Series of Notes will specify the relevant issue price. The market values of Notes issued at a substantial discount or premium from their principal amount (such as Zero Coupon Notes) tend to fluctuate more in relation to

general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of such Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities. Any such volatility may have an adverse effect on the market value of the Notes.

8.14 ***Settlement risk for Notes that are to be physically settled***

If (with respect to any Notes that are physically settled) prior to the delivery of any specified asset(s), the Determination Agent for the Notes determines that a settlement disruption event as defined in Condition 17.3 (*Settlement Disruption of Physical Settlement*) (a **Settlement Disruption Event**) is subsisting, then the obligation to deliver such asset(s) shall be postponed to the first following business day on which no Settlement Disruption Event is subsisting. Prospective investors should note that any such determination may affect the value of the Notes and/or may delay settlement in respect of the Notes.

Prospective investors should note that for so long as any delivery of any part of the specified asset(s) is not practicable by reason of a Settlement Disruption Event, then the Issuer may, in its reasonable discretion, satisfy its obligations to deliver such part of the specified asset(s) by payment of a Disruption Cash Settlement Price, as defined in Condition 17.3 (*Settlement Disruption of Physical Settlement*). Prospective investors should note that the Disruption Cash Settlement Price will reflect the fair market value of the Notes less the cost to the Issuer and/or any of its Affiliates of unwinding any Relevant Underlying related hedging arrangements and that any such determination may adversely affect the value of the Notes.

8.15 ***Risks Relating to the Occurrence of a Regulatory Event***

Pursuant to Condition 20 (*Illegality and Regulatory Event*) Notes issued by MSBV provides that the Issuer shall have the right to redeem the Notes early (at the amount specified in the relevant Final Terms) if the Issuer has determined that a Regulatory Event has occurred. The circumstances in which a Regulatory Event may be deemed by the Issuer to have occurred are described in the definition of “Regulatory Event” under Condition 2.1 (*Definitions*). There can be no assurance that a Regulatory Event will not occur and Noteholders should be aware that, should a Regulatory Event occur, it may lead to an early redemption of the Notes.

8.16 ***The Issuer or the Guarantor, as the case may be, may be substituted by another entity***

The Terms and Conditions of the Notes set out that the Issuer can, without the consent of Noteholders and without taking into consideration the interest of Noteholders, agree to be substituted by another as principal debtor of the Notes, subject to the conditions set out in Condition 30 (*Substitution*). The substitution may, in particular, but without limitation, be conditional upon Morgan Stanley or MSI plc, as the case may be, acting as guarantor of the obligations of the substitute issuer in respect of the Notes, or the Issuer or the Guarantor may, in certain circumstances, be substituted by entities outside the Morgan Stanley group, in which case the Noteholders will have a right to redeem their Notes upon request within a certain period of time. In addition, the substitute shall receive all necessary regulatory authorizations in order to comply with its commitments under the Notes or to the Guarantee (as applicable) and this substitution shall be permitted by any regulated market on which one the Notes are, as the case may be, admitted to trading and potential requirements applicable to this regulated market shall be complied with so that the Notes remain admitted to trading on this regulated market. For further explanations, please refer to Condition 30 (*Substitution*). Such substitution could result in a decrease in the value of the Notes. If the Issuer substitutes an entity for the Issuer as the principal debtor in respect of the Notes, the tax consequences (including the withholding tax consequences) of holding the Notes may change. Except as otherwise set out in the Terms and

Conditions, if withholding is required on the Notes the Issuer will not be required to pay any additional amounts.

## **9. Risk Factors relating to currencies and exchange rates**

### **9.1 *Exchange rates and exchange controls may affect the value or return of the Notes***

*General Exchange Rate and Exchange Control Risks.* An investment in a Note denominated in, or the payment of which is linked to the value of, currencies other than the investor's home currency entails significant risks. These risks include the possibility of significant changes in rates of exchange between its home currency and the other relevant currencies and the possibility of the imposition or modification of exchange controls by the relevant governmental authorities. These risks generally depend on economic and political events over which the Issuers have no control. Such risks may impact the payments due under the Notes and therefore the value or return of the Notes.

*Exchange Rates Will Affect the Investor's Investment.* In recent years, rates of exchange between some currencies have been highly volatile and this volatility may continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur during the term of any Note. Depreciation against the investor's home currency or the currency in which a Note is payable would result in a decrease in the effective yield of the Note below its coupon rate and could result in an overall loss to an investor on the basis of the investor's home currency. In addition, depending on the specific terms of a Currency Linked Note, changes in exchange rates relating to any of the relevant currencies could result in a decrease in its effective yield and in the investor's loss of all or a substantial portion of the value of that Note.

*The Issuers Have No Control Over Exchange Rates.* Currency exchange rates can either float or be fixed. Exchange rates of most economically developed nations are permitted to fluctuate in value relative to each other. However, from time to time governments may use a variety of techniques, such as intervention by a country's central bank, the imposition of regulatory controls or taxes, or changes in interest rate to influence the exchange rates of their currencies. Governments may also issue a new currency to replace an existing currency or alter the exchange rate or relative exchange characteristics by a devaluation or revaluation of a currency. These governmental actions could change or interfere with currency valuations and currency fluctuations that would otherwise occur in response to economic forces, as well as in response to the movement of currencies across borders.

As a consequence, these government actions could adversely affect yields or payouts (i) in the investor's home currency for Notes denominated or payable in currencies other than the investor's home currency and (ii) for Currency Linked Notes.

The Issuers will not make any adjustment or change in the terms of the Notes in the event that exchange rates should become fixed, or in the event of any devaluation or revaluation or imposition of exchange or other regulatory controls or taxes, or in the event of other developments affecting any currency. The investor will bear those risks.

*Some Currencies May Become Unavailable.* Governments have imposed from time to time, and may in the future impose, exchange controls that could also affect the availability of a Specified Currency (as defined herein). Even if there are no actual exchange controls, it is possible that the applicable currency for any security would not be available when payments on that security are due. Prospective investors in Currency-Linked Notes should be aware that the Determination Agent may determine that a Currency Disruption Event has occurred or exists on a relevant date of valuation, and any consequential determination of the Settlement

Rate by the Determination Agent in accordance with the Currency Disruption Fallbacks may have an adverse effect on the return on and value of the Notes.

*Currency Exchange Information may be provided in the Final Terms.* The applicable Final Terms or base prospectus supplement, where relevant, may include information with respect to any relevant exchange controls and any relevant historic exchange rate information for any Note. An investor in Currency-Linked Notes should not assume that any historic information concerning currency exchange rates will be representative of the range of, or trends in, fluctuations in currency exchange rates that may occur in the future. Future fluctuations in currency exchange rates, the range of such fluctuations or trends in such fluctuations may adversely impact the return on and value of the Notes.

## 9.2 ***Emerging market currencies***

Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, such emerging market currencies can be significantly more volatile than currencies of more developed markets. Emerging markets currencies are highly exposed to the risk of a currency crisis happening in the future and this could trigger the need for the Determination Agent (MSIP or an affiliate) to make adjustments to the terms and conditions of the Notes. Such adjustments may have an adverse affect on the value or return of the Notes.

## 9.3 ***Exchange rates may affect the value of a judgment***

Pursuant to Condition 31.1 (*Governing Law*), the Notes shall be governed by French law. French courts may, if requested, render a judgment in the foreign currency in which a debt is expressed. However, if a judgment awarded by a French court were to be expressed in euros, it would normally be expressed by reference to the exchange value of the relevant amount of the said foreign currency at the rate of exchange prevailing on the effective date of payment or on the date of the judgment. If judgment were granted in a currency other than that in which a Note is denominated, the investor will bear the relevant currency risk.

# 10. **Risk Factors relating to the Relevant Underlying**

## 10.1 ***Notes linked to one or more securities, indices, funds, currencies and/or futures contracts***

The Issuers may issue Notes with principal and/or interest determined by reference to a single security, index, exchange traded fund (**ETF**) or other funds, to baskets of securities, indices, ETFs or other funds, currency prices, interest rates or to futures contracts (each, a **Relevant Underlying**). In addition, the Issuers may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated.

Potential investors should be aware that:

- (a) **they may lose all or a substantial portion of their principal or investment, depending on the performance of each Relevant Underlying;**
- (b) the market price of such Notes may be very volatile;
- (c) investors in Notes may receive no interest;
- (d) payment of principal or interest, if applicable, may occur at a different time or in a different currency than expected;

- (e) a Relevant Underlying may be subject to significant fluctuations that may not correlate with changes in shares prices, indices, prices of exchange traded fund interests, currencies, inflation indices, prices of fund interests or settlement prices of futures contracts;
- (f) if a Relevant Underlying is applied to Notes in conjunction with a multiplier greater than one or such Relevant Underlying or Relevant Factor contains some other leverage factor, the effect of changes in the value of the Relevant Underlying on principal or interest payable on such Notes is likely to be magnified; and
- (g) the timing of changes in a Relevant Underlying may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the value of the Relevant Underlying the greater the effect on yield.

**10.2 *Notes linked to a single emerging market share, a single emerging market index, or a single emerging market ETF or one or more emerging market funds, or a basket of shares or a basket of indices composed, in part or in whole, of emerging market shares or a basket of ETFs composed, in part or in whole, of emerging market funds or ETFs or futures contracts linked to any of the foregoing***

Fluctuations in the trading prices of the underlying emerging market share will affect the value of Equity-Linked Notes, Fund-Linked Notes or Futures Contract-Linked Notes where the underlying asset is such a share. Changes may result over time from the interaction of many factors directly or indirectly affecting economic and political conditions in the related countries or member nations, including economic and political developments in other countries. Of particular importance to potential risks are (i) rates of inflation; (ii) interest rate levels; (iii) balance of payments; and (iv) the extent of governmental surpluses or deficits in the relevant country. All of these factors are, in turn, sensitive to the monetary, fiscal and trade policies pursued by the related countries, the governments of the related countries and member nations (if any), and other countries important to international trade and finance. Governments use a variety of techniques, such as intervention by their central bank or imposition of regulatory controls or taxes to affect the trading of the underlying equity. Thus, a special risk in purchasing such Notes is that their trading value and amount payable at maturity could be affected by the actions of governments, fluctuations in response to other market forces and the movement of currencies across borders. Emerging markets stocks may be more volatile than the stocks in more developed markets. All these factors could materially and adversely affect the value of such Notes.

**10.3 *Fluctuations in value of a component of the Relevant Underlying***

Fluctuations in the value of any one component of the Relevant Underlying may, where applicable, be offset or intensified by fluctuations in the value of other components, which could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes.

**10.4 *Exchange rate risk on the components***

Where the value of the components is determined in a different currency to the value of the Relevant Underlying, investors may be exposed to exchange rate risk. In the event that exchange rates should become fixed, or in the event of any devaluation or revaluation or imposition of exchange or other regulatory controls or taxes, or in the event of other developments affecting any currency in connection with the components of the Relevant Underlying, the investor will bear those risks, which may adversely impact the return on and value of the Notes.

#### 10.5 *Market Disruption Event, Disrupted Day, Adjustments and Early Redemption of Notes*

In accordance with Condition 9 (*Provisions Relating to Equity-Linked Notes*), the Determination Agent may determine in its reasonable discretion that a Market Disruption Event or a failure to open of an Exchange or Related Exchange has occurred or exists on a relevant date of valuation, and any consequential postponement of such date of valuation may have an adverse effect on the value of the Notes.

In addition the Determination Agent may in its reasonable discretion make adjustments to the Notes to account for relevant adjustments or events in relation to the Relevant Underlying including, but not limited to, determining a successor to the Relevant Underlying or its sponsor (in the case of an Index), determining a successor or substitute futures contract (in the case of a Futures Contract). In addition, in certain circumstances, the Issuer may redeem the Notes prior to the Maturity Date following any such event. In this case, in relation to each Note, the Issuer will pay an amount, if any, determined as provided in the Terms and Conditions.

In making these adjustments the Determination Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Determination Agent is not required but has the discretion to make adjustments with respect to each and every corporate action.

#### 10.6 *Notes linked to the performance of funds*

In accordance with Condition 12 (*Provisions relating to Fund-Linked Notes*), the relevant Issuer may issue Notes where the redemption amount or, if applicable, the interest amount is linked to the performance of a unit, share or other interest in a fund (each a **Fund Interest Unit**) or a basket of Fund Interest Units (**Fund-Linked Notes**). Such funds may include mutual funds or any other types of fund in any jurisdiction, or any combination of the foregoing. The performance of Fund-Linked Notes is dependent upon the performance of relevant Fund Interest Unit, which may be influenced by the following factors: (i) different types of funds are subject to differing levels of regulatory supervision, (ii) funds may have varying restrictions on leverage and whilst leverage presents the potential for a higher rate of return, it also increases the volatility of a fund and risk of total loss, (iii) funds may have differing investment restrictions and some funds may invest in assets which are illiquid or difficult to transfer, this may have an effect on the realisation of such assets and in turn, the value and performance of the fund, (iv) the performance of a fund will be heavily dependent on the performance of investments selected by its advisers or investment managers and the skill and expertise of such service providers in making profitable investment decisions, should the key personnel leave or become no longer associated with the fund's adviser or investment manager, the value or profitability of the fund's investments may be adversely affected as a result. If a Fund Interest Unit does not perform as expected, this will materially and adversely affect the value of Fund-Linked Notes.

Payments on redemption of Fund-Linked Notes at maturity, expiration, early redemption may be postponed, in accordance with the Conditions, up to a specified long stop date and if the specified long stop date is reached, for the purposes of determining the Redemption Amount or any other such redemption amounts, as applicable, the affected fund interest units or shares may be deemed to have a zero value. If one or more events occurs in relation to the Fund or any Fund Service Provider, including insolvency of the Fund or Fund Service Provider, then the Issuer, may in its reasonable discretion, determine whether the Fund-Linked Notes will continue or whether they will be redeemed early. If the Issuer determines that the Fund-Linked Notes will continue, this may result in the substitution of the affected Fund Interest Unit with other Fund Interest Units with similar characteristics or adjustments to the Conditions of the Notes to account for the occurrence of the relevant event. These actions may have an adverse effect on the return and risk profile of the relevant Fund-Linked Notes, and consequently, the

value of such Fund-Linked Notes and if the Fund-Linked Notes are redeemed early the amount investors receive may be considerably less than their original investment and may even be zero.

Neither the Issuer nor the Determination Agent has any obligation to monitor and/or determine if a Fund Event has occurred at any time or to take any action in respect thereof. In certain circumstances, it may be the case that if action were taken by the Issuer or the Determination Agent at a different time or at all, amounts due to holders or the terms of any other adjustment made to the Notes would have resulted in a higher return to investors.

The risks associated with investing in Fund-Linked Notes are similar to the risks attached to a direct investment in the underlying fund or funds. There are substantial risks in directly or indirectly investing in funds including, without limitation, the risks set out below. Prospective investors should note that references to funds below can refer both to the funds referenced in any Fund-Linked Notes and also to any funds in which any of those funds invests its assets from time to time.

Investment risks that prospective investors should be aware of include the following:

- (1) different types of funds are subject to differing levels of regulatory supervision.
- (2) funds may have varying restrictions on leverage. Leverage presents the potential for a higher rate of return but also increases the volatility of the fund and increases the risk of a total loss of the amount invested.
- (3) funds may have differing investment restrictions and some funds may invest in assets which are illiquid or difficult to transfer. This may have an effect on the realisation of such assets and in turn, the value and performance of the fund. In addition, a fund's assets or investments may be concentrated in a few markets, countries, industries, commodities, sectors of an economy or issuers. If so, adverse movements in a particular market, country, industry, commodity, economy or industry or in the value of the securities of a particular issuer could have a severely negative effect on the value of such a fund. In addition, a fund may use a single advisor or employ a single strategy, which could mean a lack of diversification and higher risk.
- (4) substantial redemptions by holders of Fund Interests in a fund within a short period of time could require the fund's investment manager(s) and/or adviser(s) to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of the fund's assets.
- (5) the performance of a fund will be heavily dependent on the performance of investments selected by its advisers or investment managers and the skill and expertise of such fund service providers in making successful and profitable investment decisions. Such skill and expertise may be concentrated in a number of the adviser's or investment manager's key personnel. Should these key personnel leave or become no longer associated with the fund's adviser or investment manager, the value or profitability of the fund's investments may be adversely affected as a result.

#### **10.7 Risks relating to Index-Linked Notes**

##### **(a) Factors affecting the performance of Indices may adversely affect the value of the Notes**

In accordance with Condition 6 (*Floating Rate Note, Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions*), the relevant Issuer may issue Notes where the redemption amount or, if applicable, the interest amount is linked to the performance of an index or a basket of indices. Indices are comprised

of a synthetic portfolio of shares, bonds, currency exchange rates, commodities, property or other assets, and as such, the performance of an Index is dependent upon the performance of components of such Index, which may include interest rates, currency developments, political factors, market factors such as the general trends in capital markets or broad based indices and (in the case of shares) company-specific factors such as earnings position, market position, risk situation, shareholder structure and distribution policy. If an Index does not perform as expected, this will materially and adversely affect the value of Index-Linked Notes.

(b) ***Returns on the Notes do not reflect a direct investment in underlying shares or other assets comprising the Index***

The return payable on Notes that reference Indices may not reflect the return a potential investor would realise if it actually owned the relevant assets comprising the components of the Index or owned a different form of interest in the relevant Index. For example, if the components of the Indices are shares, Holders will not receive any dividends paid or distributions made on those shares and will not participate in the return on those dividends or distributions unless the relevant Index takes such dividends into account for purposes of calculating the relevant level. Similarly, Holders will not have any voting rights in the underlying shares or any other assets which may comprise the components of the relevant Index. Accordingly, Holders of Notes that reference Indices as Relevant Underlying may receive a lower payment upon redemption/settlement of such Notes than such Holder would have received if it had invested in the components of the Index directly or other comparable instruments linked to the Index.

(c) ***A change in the composition or discontinuance of an Index could adversely affect the market value of the Notes***

The sponsor of any Index can add, delete or substitute the components of such Index or make other methodological changes that could change the level of one or more components. The changing of components of any Index may affect the level of such Index as a newly added component may perform significantly worse or better than the component it replaces, which in turn may affect the payments made by the relevant Issuer to the Holders of the Index-Linked Notes. The sponsor of any such Index may also alter, discontinue or suspend calculation or dissemination of such Index. The sponsor of an Index will have no involvement in the offer and sale of the Index-Linked Notes and will have no obligation to any Holder of such Notes. Accordingly, the sponsor of an Index may take any actions in respect of such Index without regard to the interests of the Holder of the Notes, and any of these actions could significantly and adversely affect the market value of the Index-Linked Notes.

(d) ***Exposure to Index Modification, Index Cancellation, Index Disruption, Administrator/Benchmark Event and correction of Index levels***

In accordance with Condition 9.2 (*Adjustments to Indices*), the Determination Agent may in its reasonable discretion make certain determinations and adjustments, to replace the original Relevant Underlying with another and/or to cause early redemption/settlement of the Notes, any of which may be adverse to Holders in connection with Index Modification, Index Cancellation, Index Disruption and Administrator/Benchmark Event (all as defined in Condition 9.2 (*Adjustments to Indices*)). The Determination Agent may determine that the consequence of any such event is to make adjustments to the amounts payable by the Issuer under the Notes, to make adjustments to the other terms and conditions of the Notes, or to replace such Index with another or to cause early redemption/settlement of the Notes. In accordance with Condition 9.2(e) (*Correction of Index Levels*), the Determination Agent may also amend the relevant Index level due to corrections in the level reported by the Index Sponsor. The consequences of such amendments could significantly and adversely affect the market value of the Index-Linked Notes.

## 10.8 *Risks relating to “benchmark” rates*

### **10.8.1 *The regulation and reform of “benchmarks” may adversely affect the value of and return on Notes linked to or referencing such “benchmarks”***

Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the “**EU Benchmark Regulation**”) is a key element of the ongoing regulatory reform of benchmarks in the EU and has applied since 1 January 2018. The EU Benchmark Regulation has been amended by Regulation (EU) 2019/2089 as regards EU Climate Transition Benchmarks, EU Paris-aligned Benchmarks and sustainability-related disclosures, by Regulation (EU) 2019/2175 and by Regulation (EU) 2021/168, the latter of which introduced new powers for regulators to mandate one or more replacement rates for critical or systemically important benchmarks in certain limited circumstances (see risk factor entitled “*EURIBOR, SONIA, ESTR, SARON, TONA and other benchmark rate discontinuance or prohibition on use may lead to adjustments to the terms of the Notes or an early redemption of the Notes*” below) and a limited exemption for certain foreign exchange rates.

Following the end of the Brexit transitional period at 11.00 p.m. (London time) on 31 December 2020, the EU Benchmark Regulation in its then current form was incorporated into UK domestic law subject to a number of modifications (the “**UK Benchmark Regulation**” and, together with the EU Benchmark Regulation, the “**Benchmark Regulations**”).

In addition to so-called “critical benchmarks” such as the Euro Interbank Offered Rate (“**EURIBOR**”), other interest rates, foreign exchange rates and certain indices, will in most cases be within scope of the Benchmark Regulations as “benchmarks” where they are used to determine the amount payable under, or the value of, certain financial instruments (including Notes listed on an EU (in the case of the EU Benchmark Regulation) or UK (in the case of the UK Benchmark Regulation) regulated market or multilateral trading facility (“**MTF**”), and in a number of other circumstances.

Each Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU (in the case of the EU Benchmark Regulation) or the UK (in the case of the UK Benchmark Regulation). Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if not based in the EU (in the case of the EU Benchmark Regulation) or UK (in the case of the UK Benchmark Regulation), to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain use by supervised entities of “benchmarks” provided by administrators that are not authorised or registered (or, if not based in the EU (in the case of the EU Benchmark Regulation) or UK (in the case of the UK Benchmark Regulation), not deemed equivalent or recognised or endorsed), subject in each case to transitional provisions for benchmarks provided by third-country benchmark administrators.

The Benchmark Regulation could have a material impact on any Notes linked to or referencing a “benchmark”. For example:

- a rate or index which is a “benchmark” may not be used in certain ways by a supervised entity if (subject to applicable transitional provisions) its administrator does not obtain authorisation or registration (or, if a non-EU or non-UK (as the case may be) entity, does not satisfy the “equivalence” conditions and is not “recognised” pending an equivalence decision). If the benchmark administrator does not obtain or maintain (as applicable) such authorisation or registration or, if a non-EU entity or non-UK (as the case may be), “equivalence” is not available and it is not recognised, then the Notes may be redeemed prior to maturity; and

- the methodology or other terms of the “benchmark” could be changed in order to comply with the requirements of the relevant Benchmark Regulation, and such changes could reduce or increase the rate or level or affect the volatility of the published rate or level, and (depending on the terms of the particular Notes) could lead to adjustments to the terms of the Notes as the Determination Agent deems necessary or appropriate.

Any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” and/or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark” and the Determination Agent may be entitled to make corresponding adjustments to the conditions of the Notes.

#### ***10.8.2 Reform of EURIBOR and other interest rate index and equity and foreign exchange rate index “Benchmarks”***

The Final Terms for a Series of Floating Rate Notes may specify that the Rate of Interest for such Notes will be determined by reference to EURIBOR and other indices which are deemed “benchmarks” are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such “benchmarks” to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a “benchmark.”

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks” could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain “benchmarks,” trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the disappearance of certain “benchmarks.” The disappearance of a “benchmark” or changes in the manner of administration of a “benchmark” could have materially adverse consequences in relation to Notes linked to such “benchmark”.

#### ***10.8.3 Swap Rates may be materially amended or discontinued***

EURIBOR and other “IBORs” are used as the floating leg in the calculation of the EUR Swap Rate other swap rates (collectively, the “**Swap Rates**”, and each a “**Swap Rate**”) or other Relevant Rates Benchmarks, for the Notes. Consequently, if EURIBOR and/or other relevant “IBORs” are discontinued (the possibility of which is as described above), it may not be possible to calculate the relevant Swap Rate(s), and the Swap Rate may be discontinued. The occurrence of these events may trigger the applicable fallbacks that are contained in Conditions 6.16 and 6.17 having the consequences and risks described below.

**10.8.4 EURIBOR, SONIA, €STR, SARON, TONA and other benchmark rate discontinuance or prohibition on use may lead to adjustments to the terms of the Notes or an early redemption of the Notes**

*Fallback arrangements where (i) the Relevant Rates Benchmark is other than SOFR and (ii) the provisions of Condition 6.16 (Relevant Rates Benchmark Discontinuance or Prohibition on Use) are applicable*

In order to address the risk of discontinuance of certain reference rates, the Conditions include certain fallback provisions. These provisions apply to “Relevant Rates Benchmarks” (which will include EURIBOR, other similar interbank rates, SONIA, €STR, SARON and TONA). Unless otherwise specified in the Final Terms, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, the fallbacks described below will only apply after application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option to apply and the application of such ISDA Bespoke Fallbacks fails to provide a means of determining the relevant Floating Rate. The fallback provisions will be triggered if the Determination Agent determines that (i) the administrator or regulatory supervisor (or other applicable regulatory body) in connection with such Relevant Rates Benchmark announces that the administrator has ceased or will cease permanently or indefinitely to provide such Relevant Rates Benchmark and there is no successor administrator that will continue to provide the Relevant Rates Benchmark, or (ii) unless otherwise specified in the applicable Final Terms, an Administrator/Benchmark Event occurs in relation to such Relevant Rates Benchmark.

Following the occurrence of any of these events the Determination Agent may replace the Relevant Rates Benchmark with any “Alternative Pre-nominated Reference Rate” which has been specified in the applicable Final Terms or if no Alternative Pre-nominated Reference Rate is specified in the applicable Final Terms, with an alternative rate that is consistent with accepted market practice (the Alternative Pre-nominated Reference Rate or any such other alternative rate, the “Alternative Rate”) If an Alternative Rate is used then the Determination Agent may also make other adjustments to the Notes, including to the Alternative Rate and to the Margin, which are consistent with accepted market practice for the use of such Alternative Rate with debt obligations such as the Note. If the Determination Agent is unable to identify an Alternative Rate and determine the necessary adjustments to the terms of the Notes then the Issuer may redeem the Notes. The replacement of the Relevant Rates Benchmark by an Alternative Rate and the making of other adjustments to the Notes and other determinations, decisions or elections that may be made under the terms of the Notes in connection with the replacement of a Relevant Rates Benchmark could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes. Any early redemption of the Notes will result in the Noteholder losing any future return on the Notes and may result in the Noteholder incurring a loss on its investment in the Notes.

Any determination or decision of the Determination Agent described above will be made in the Determination Agent’s discretion (in some cases after consultation with the Issuer).

Potential investors in any Notes that reference a Relevant Rates Benchmark (other than SOFR for the purposes of this risk factor (e)) should be aware that (i) the composition and characteristics of the Alternative Rate will not be the same as those of the Relevant Rates Benchmark which it replaces, the Alternative Rate will not be the economic equivalent of the Relevant Rates Benchmark that it replaces, there can be no assurance that the Alternative Rate will perform in the same way as the Relevant Rates Benchmark that it replaces would have at any time and there is no guarantee that the Alternative Rate will be a comparable substitute for the Relevant Rates Benchmark which it replaces, (each of which means that the replacement of the Relevant Rates Benchmark by the Alternative Rate could adversely affect the value of the

Notes, the return on the Notes and the price at which the Noteholder can sell such Notes), (ii) any failure of the Alternative Rate (or adjustments made to it by the Determination Agent, including any compounding conventions) to gain market acceptance could adversely affect the Notes, (iii) the Alternative Rate may have a very limited history and the future performance of the Alternative Rate cannot be predicted based on historical performance, (iv) the secondary trading market for Notes linked to the Alternative Rate may be limited and (v) the administrator of the Alternative Rate may make changes that could change the value of the Alternative Rate or discontinue the Alternative Rate and has no obligation to consider the Noteholder's interests in doing so.

*Fallback arrangements where the Relevant Rates Benchmark is SOFR: If SOFR is discontinued, any Floating Rate Notes referencing SOFR will bear interest by reference to a different base rate, which could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes; there is no guarantee that any Benchmark Replacement will be a comparable substitute for SOFR*

If the Calculation Agent determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in respect of SOFR (in the case of Notes referencing SOFR), then the interest rate on the Notes will no longer be determined by reference to SOFR, but instead will be determined by reference to a different base rate, which (in the case of Notes referencing SOFR) will be a different benchmark than SOFR, plus a spread adjustment, which is referred to as a "Benchmark Replacement," as further described in the relevant terms and conditions.

If a particular Benchmark Replacement or Benchmark Replacement Adjustment cannot be determined, then the next-available Benchmark Replacement or Benchmark Replacement Adjustment will apply. These replacement rates and adjustments may be selected, recommended or formulated by (i) the Relevant Governmental Body (such as the Alternative Reference Rates Committee), (ii) ISDA or (iii) in certain circumstances, the Calculation Agent. In addition, the terms of the Notes expressly authorize the Calculation Agent to make Benchmark Replacement Conforming Changes with respect to, among other things, changes to the definition of "interest period," timing and frequency of determining rates and making payments of interest and other administrative matters. The determination of a Benchmark Replacement, the calculation of the interest rate on the Notes by reference to a Benchmark Replacement (including the application of a Benchmark Replacement Adjustment), any implementation of Benchmark Replacement Conforming Changes and any other determinations, decisions or elections that may be made under the terms of the Notes in connection with a Benchmark Transition Event could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes.

Any determination, decision or election described above will be made in the Issuer's or its designee's sole discretion.

Potential investors in any Notes that reference SOFR should be aware that (i) the composition and characteristics of the Benchmark Replacement will not be the same as those of SOFR, the Benchmark Replacement will not be the economic equivalent of SOFR, there can be no assurance that the Benchmark Replacement will perform in the same way as SOFR would have at any time and there is no guarantee that the Benchmark Replacement will be a comparable substitute for SOFR (each of which means that a Benchmark Transition Event could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes), (ii) any failure of the Benchmark Replacement to gain market acceptance could adversely affect the Notes, (iii) the Benchmark Replacement may have a very limited history and the future performance of the Benchmark Replacement cannot be predicted based on historical performance, (iv) the secondary trading market for Notes linked to the Benchmark

Replacement may be limited and (v) the administrator of the Benchmark Replacement may make changes that could change the value of the Benchmark Replacement or discontinue the Benchmark Replacement and has no obligation to consider the Noteholder's interests in doing so.

#### *Fallback arrangements - general*

The application of any of these fallbacks may adversely affect the value of the Noteholder's investment in the Notes.

If none of the fallbacks described above in (1) "*Fallback arrangements where (i) the Relevant Rates Benchmark is other than SOFR and (ii) the provisions of Condition 6.16 (Relevant Rates Benchmark Discontinuance or Prohibition on Use) are applicable*" or (2) "*Fallback arrangements where the Relevant Rates Benchmark is SOFR: If SOFR is discontinued, any Floating Rate Notes referencing SOFR will bear interest by reference to a different base rate, which could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes; there is no guarantee that any Benchmark Replacement will be a comparable substitute for SOFR*" applies, and EURIBOR, SONIA, €STR, SARON or TONA has been permanently discontinued, and for each future Interest Determination Date, the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction of the applicable index currency that is consistent with accepted market practice. The Determination Agent will also make other adjustments to the Notes, including to the new rate and to the Margin or Spread, which are consistent with accepted market practice for the use of such alternative rate for debt obligations such as the Notes. However, in the case of EURIBOR only, if the Determination Agent determines that no such alternative rate exists on the relevant date, it will make a determination of an alternative rate as a substitute for EURIBOR, for debt obligations such as the Notes, as well as other adjustments to the Notes, including to the new rate and to the Margin or Spread, that is consistent with accepted market practice.

Unless otherwise specified in the Final Terms, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, the fallbacks described above will only apply after application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option to apply and the application of such ISDA Bespoke Fallbacks fails to provide a means of determining the relevant Floating Rate.

The replacement of EURIBOR, SONIA, €STR, SARON or TONA by an alternative rate and the making of other adjustments to the Notes and other determinations, decisions or elections that may be made under the terms of the Notes in connection with the replacement of EURIBOR, SONIA, €STR, SARON or TONA could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes.

Any determination or decision described above will be made in the Determination Agent's discretion (after consultation with the Issuer).

Potential investors in any Notes that reference EURIBOR, SONIA, €STR, SARON or TONA should be aware that (i) the composition and characteristics of the alternative rate will not be the same as those of the Relevant Rates Benchmark which it replaces, the alternative rate will not be the economic equivalent of the Relevant Rates Benchmark that it replaces, there can be no assurance that the alternative rate will perform in the same way as the Relevant Rates Benchmark that it replaces would have at any time and there is no guarantee that the alternative rate will be a comparable substitute for the Relevant Rates Benchmark which it replaces, (each of which means that the replacement of the Relevant Rates Benchmark by the alternative rate

could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes), (ii) any failure of the alternative rate to gain market acceptance could adversely affect the Notes, (iii) the alternative rate may have a very limited history and the future performance of the alternative rate cannot be predicted based on historical performance, (iv) the secondary trading market for Notes linked to the alternative rate may be limited and (v) the administrator of the alternative rate may make changes that could change the value of the alternative rate or discontinue the alternative rate and has no obligation to consider the Noteholder's interests in doing so.

**Prospective investors should review the Conditions to ascertain whether and how such provisions apply to the Notes and what constitutes an Administrator/Benchmark Event.**

#### ***10.8.5 ISDA Determination and Fallbacks***

In the case where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, and the application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option results in a replacement of, modification to, or change in the method of calculating, the Floating Rate (or the index, benchmark or other price source that is referred to in the Floating Rate Option), the Determination Agent may, after consultation with the Issuer, determine any adjustments to the Floating Rate and the Margin (including any adjustment spread) as well as the applicable Business Day Convention, Interest Determination Dates (or any other rate fixing dates) and related provisions and definitions of the Notes, in each case that are consistent with accepted market practice for the use of such replacement or modified Floating Rate for debt obligations such as the Notes. The making of such adjustments to the Notes and other determinations could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes.

#### ***10.8.6 Specific risks relating to Notes referencing SOFR, SONIA, €STR, SARON or TONA***

The following sets out a number of additional risks specific to Notes that reference SOFR, SONIA, €STR, SARON or TONA (each of which is referred to as a (nearly) risk free rate or an “RFR”).

*Certain RFRs have limited histories; the future performance of SOFR or SONIA cannot be predicted based on historical performance.*

The publication of €STR began on October 2, 2019 and publication of SOFR began on April 3, 2018 and these RFRs therefore have very limited histories. The publication of SONIA on the basis of its present methodology began on April 24, 2018. The publication of SARON began on August 25, 2009. In addition, the future performance of RFRs (as the case may be) cannot be predicted based on the limited historical performance. The level of an RFR during the term of the Notes may bear little or no relation to its historical level. Prior observed patterns, if any, in the behaviour of market variables and their relation to an RFR, such as correlations, may change in the future. In the case of SOFR, while some pre-publication historical data have been released by the Federal Reserve Bank of New York (the “**New York Federal Reserve**”), such analysis inherently involves assumptions, estimates and approximations. The future performance of an RFR is impossible to predict and therefore no future performance of an RFR or the Notes may be inferred from any of the historical performance or historical simulations. Hypothetical or historical performance data are not indicative of, and have no bearing on, the potential performance of an RFR or the Notes. Changes in the levels of the relevant RFR referenced by the Notes will affect the return on the Notes and the trading price of such Notes, but it is impossible to predict whether such levels will rise or fall. There can be no assurance that the relevant RFR referenced by the Notes will be positive.

*The secondary trading market for Notes linked to an RFR may be limited.*

Since some of the RFRs are relatively new market rates or have only recently been adopted as a benchmark rate for bonds, the trading market in debt securities such as the Notes may not develop or may not be very liquid. Market terms for debt securities linked to an RFR (such as the Notes) may evolve over time and, as a result, trading prices of the Notes may be lower than those of later-issued debt securities that are linked to the same RFR. Similarly, if an RFR does not prove to be widely used in debt securities similar to the Notes, the trading price of the Notes may be lower than that of debt securities linked to rates that are more widely used. Investors in the Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Further, investors wishing to sell the Notes in the secondary market will have to make assumptions as to the future performance of the relevant RFR. As a result, investors may suffer from increased pricing volatility and market risk.

*The administrator of the relevant RFR may make changes that could change the value of the benchmark or discontinue the benchmark and has no obligation to consider Noteholders' interests in doing so.*

The New York Federal Reserve (or a successor), as administrator of SOFR, the Bank of England (or a successor), as administrator of SONIA, the European Central Bank (or a successor) as administrator of €STR, SIX Financial Information AG (or a successor) as administrator of SARON or the Bank of Japan (or a successor) as administrator of TONA may make methodological or other changes that could change the value of the relevant RFR, including changes related to the method by which the relevant rate is calculated, eligibility criteria applicable to the transactions used to calculate the relevant rate, or timing related to the publication of the relevant rate. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of the relevant RFR (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider Noteholders' interests in calculating, adjusting, converting, revising or discontinuing the relevant rate and any such calculations, adjustments, conversion, revision or discontinuation could adversely affect the return on the Notes, the value of the Notes and the price at which the Noteholder can sell such Notes.

*The interest rate on the Notes is based on a daily compounded RFR rate, which is relatively new in the marketplace; different conventions exist for calculating interest on RFR-linked Notes*

For each Interest Period for Notes linked to an RFR, the interest rate on the Notes is based on a daily compounded RFR calculated using the specific formula specified in the Conditions and the Final Terms, or the specified ISDA Rate not the RFR published on or in respect of a particular date during such Interest Period, or an average of the relevant RFR rates during such period. For this and other reasons, the interest rate on the Notes during any Interest Period will not be the same as the interest rate on other investments linked to the same RFR that use an alternative basis to determine the applicable interest rate. Further, unless in the case of an ISDA Rate "Daily Floored Rate" is specified as applicable in the relevant Final Terms and the Daily Floored Rate is zero or above, if the relevant RFR in respect of a particular date during an Interest Period is negative, the portion of the accrued compounded interest compounding factor specifically attributable to such date will be less than one, resulting in a reduction to the accrued interest compounding factor used to calculate the interest payable on the Notes on the Interest Payment Date for such Interest Period.

Very limited market precedent exists for securities that use SOFR and certain other RFRs as the interest rate and, in addition, for each RFR, different market conventions exist for calculating interest on debt securities. Accordingly, the specific formula for the daily

compounded RFR used in the Notes may not be widely adopted by other market participants, if at all. If the market adopts a different convention for calculating interest, that would likely adversely affect the market value of such Notes.

*The amount of interest payable with respect to each Interest Period will be determined near the end of the Interest Period.*

The amount of interest payable with respect to such Interest Period will be determined on a date near the end of such Interest Period, Noteholders will not know the amount of interest payable with respect to each such Interest Period until shortly prior to the related Interest Payment Date and it may be difficult for Noteholders to reliably estimate the amount of interest that will be payable on each such Interest Payment Date.

*The Issuer, its subsidiaries or affiliates may publish research that could affect the market value of the Notes. They also may hedge the Issuer's obligations under such Notes.*

The Issuer or one or more of its affiliates may, at present or in the future, publish research reports with respect to movements in interest rates generally or any of the RFRs specifically. This research is modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding the Notes. Any of these activities may affect the market value of such Notes. In addition, the issuer's subsidiaries may hedge the Issuer's obligations under the Notes and they may realize a profit from that hedging activity even if investors do not receive a favourable investment return under the terms of such Notes or in any secondary market transaction.

#### *Reliance on third parties*

Each RFR is published and calculated by third parties based on data received from other sources and none of the Issuer, the Determination Agent or the Calculation Agent has any control over the determinations, calculations or publications of any such third parties.

#### *Market Adoption*

The market or a significant part thereof may adopt an application of the relevant RFR (one using a different convention to calculating interest including using an RFR screen based rate) that differs significantly from that set out in the Conditions and used in relation to Notes that reference a risk-free rate issued under this Base Prospectus and this may adversely affect the value of the Notes.

Potential investors in the Notes should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

*Where "Payment Delay" applies, in determining the compounded RFR for the final Interest Period, the level of the relevant RFR for any day from and including the relevant SOFR/SONIA/€STR/SARON/TONA Rate Cut-Off Date to but excluding the Maturity Date or redemption date, as applicable, will be the level of the relevant RFR in respect of such Rate Cut-off Date.*

Where "Payment Delay" applies, for the final Interest Period, because the level of the relevant RFR for any day from and including the SOFR/SONIA/€STR/SARON/TONA Rate Cut-off Date to but excluding the Maturity Date or redemption date, as applicable, will be the level of the relevant RFR in respect of such Rate Cut-Off Date, Noteholders will not receive the benefit

of any increase in the level in respect of the relevant RFR beyond the level for such date in connection with the determination of the interest payable with respect to such Interest Period, which could adversely impact the amount of interest payable with respect to that Interest Period.

#### ***10.8.7 Additional Risk relating to SOFR-linked Notes***

*Any failure of SOFR to gain market acceptance could adversely affect Notes linked to SOFR.*

SOFR may fail to gain market acceptance. SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to U.S. dollar LIBOR in part because it is considered a good representation of general funding conditions in the overnight Treasury repo market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR a suitable substitute or successor for all of the purposes for which LIBOR historically has been used (including, without limitation, as a representation of the unsecured short-term funding costs of banks), which may, in turn, lessen market acceptance of SOFR. Any failure of SOFR to gain market acceptance could adversely affect the return on the Notes and the price at which the Noteholder can sell such Notes.

### **10.9 *Risks relating to Share-Linked Notes***

#### **(a) *Factors affecting the performance of Shares may adversely affect the value of the Share-Linked Notes***

Pursuant to Condition 9 (*Provisions Relating to Equity-Linked Notes*), the Issuers may issue Notes where the redemption amount or, if applicable, the interest amount is linked to the performance of the Shares of an entity or a basket of Shares. The performance of Shares is dependent upon macroeconomic factors, such as interest and price levels on the capital markets, currency developments, political factors and company-specific factors such as earnings position, market position, risk situation, shareholder structure and distribution policy. If the Share(s) do(es) not perform as expected, this will materially and adversely affect the value of Share-Linked Notes. These factors are not within the relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates' control and may result in a decline in the value of the Notes.

#### **(b) *Holders have no claim against the Share Issuer(s) or recourse to the Shares***

Share-Linked Notes do not represent a claim against or an investment in any Share Issuer(s) and investors will not have any right of recourse under the Share-Linked Notes to any such company or the Shares. Share-Linked Notes are not in any way sponsored, endorsed or promoted by any Share Issuer(s) and such companies have no obligation to take into account the consequences of their actions for any Holders. Accordingly, the Share Issuer(s) may take any actions in respect of such Share without regard to the interests of the investors in the Share-Linked Notes, and any of these actions could adversely affect the market value of the Share-Linked Notes.

#### **(c) *Determinations made by the Issuer and the Determination Agent in respect of Potential Adjustment Events, Merger Events, Tender Offers, Delisting, Nationalisations, Insolvencies and Additional Disruption Events may have an adverse effect on the value of the Share-Linked Notes***

Upon the determination by the Determination Agent, in its reasonable discretion, that a Potential Adjustment Event (as defined in Condition 9.7 (*Definitions applicable to Equity-Linked Notes*)), Merger Event, Tender Offer (as defined in Condition 9.4(a) (*Merger Event or*

*Tender Offer*)), Delisting, Nationalisation, Insolvency (as defined in Condition 9.4(b) (*Nationalisation, Insolvency and Delisting*)) or Additional Disruption Event (as defined in Condition 9.6 (*Additional Disruption Events*)) has occurred in relation to an underlying Share or Share Company, the Issuer (in the case of a Merger Event, Tender Offer, Delisting, Nationalisation, Insolvency or an Additional Disruption Event) will, in its reasonable discretion, determine whether the relevant Share-Linked Notes shall continue or shall be redeemed early, any of which determinations may have an adverse effect on the value of the Share-Linked Notes and, in the case of a Potential Adjustment Event, the Determination Agent may, in its reasonable discretion, make certain determinations to account for the occurrence of the relevant event, including to make adjustments to the terms of the Share-Linked Notes. If the Issuer determines that the relevant Share-Linked Notes shall be redeemed early, the Issuer shall provide notice of such early redemption to Noteholders a prescribed number of days prior to the date fixed for redemption. In the event that the Share-Linked Notes are early settled/redeemed, the amount payable to Holders may be significantly less than the investor's initial investment, and may be as low as zero.

If the Issuer determines that the relevant Share-Linked Notes shall continue following the occurrence of such an event, the Determination Agent may, in its reasonable discretion, make certain determinations to account for the occurrence of the relevant event, including to make adjustments to the terms of the Share-Linked Notes. The application of any of these adjustments may adversely affect the value of the Noteholder's investment in the Share-Linked Notes.

As further described in Condition 9.7 (*Definitions applicable to Equity-Linked Notes*), Potential Adjustment Events include (a) a sub-division, consolidation or re-classification of the Shares, (b) an extraordinary dividend, (c) a call of the Shares that are not fully paid, (d) a repurchase by the Share Company, or an affiliate thereof, of the Shares, (e) a separation of rights from the Shares or (f) any event having a dilutive or concentrative effect on the value of the Shares. As further described in Condition 9.6 (*Additional Disruption Events*), Additional Disruption Events include, (1) a change in applicable law since the Trade Date that makes it illegal to hold, acquire or dispose of the Shares or more expensive for the relevant Issuer to hedge its obligations under the relevant Share-Linked Notes, (2) an insolvency filing by or on behalf of any issuer of the relevant Share(s), (3) Increased Cost of Hedging and (4) Hedging Disruption.

In making these adjustments the Determination Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Determination Agent is not required but has the discretion to make adjustments with respect to each and every corporate action.

#### 10.10 ***Risks relating to Currency-Linked Notes***

See “*Risk Factors relating to currencies and exchange rates*” above

#### 10.11 ***Risks Relating to Futures Contract-Linked Notes***

Pursuant to Condition 13 (*Provisions Relating to Futures Contract-Linked Notes*), the Issuers may issue Notes where the redemption amount or, if applicable, the interest amount is linked to the performance of a futures contract (a **Futures Contract**) or a basket of Futures Contracts. The underlying of such Futures Contracts may include equity indices (including equity indices giving exposure to dividends paid by the constituent companies or the volatility of those constituent companies), single stocks, foreign exchange rates, bonds, or other types of underlying asset(s), contracts or property.

The risks associated with investing in Futures Contract-Linked Notes are similar to the risks attached to a direct investment in the relevant futures contract(s). There are substantial risks in

directly or indirectly investing in futures contracts including, without limitation, the risks set out below.

- (1) Investment risks that prospective investors should be aware of include the following: The value of the futures contract(s) underlying the Notes and, as a consequence, the value of Futures Contract-Linked Notes will depend on factors affecting any underlying of the futures contract(s) such as:
- the expectations of performance in relation to the underlying of the futures contract or the constituent assets of any index or indices underlying the Futures Contract from time to time;
  - in the case of an index underlying the Futures Contract, any changes in the constituents of that index;
  - market interest and yield rates;
  - economic, political, structural supply and demand and macro-economic factors;
  - changes in applicable law and regulation; and
  - in the case of Notes linked to dividend futures contracts (the value of which typically tracks dividends paid by the constituent companies of the underlying equity index during a specified time period), the dividend policy of the relevant constituent companies of the related underlying index.

In addition, the value of future contract(s) also depends on factors relating to the relevant futures contract itself, such as the time remaining to the final settlement date, and the liquidity of such futures contract(s), the contract specification and the terms of the relevant underlying(s).

- (2) The Notes give rise to obligations of the Issuer and will not give rise to any obligations or rights in respect of the Futures Contract(s) or any underlying(s) of the Futures Contract(s). The return on investment may have been higher if made in the Futures Contract(s) or underlying(s) of the Futures Contract(s) rather than by purchasing the Notes.
- (3) The performance of a similar futures contract or its underlying(s) over a prior contract period will not necessarily be indicative of the performance of the relevant Futures Contract(s) to which the Notes relate.

All these factors may have a significant adverse effect on the amounts payable in respect of the Futures Contract-Linked Notes and/or in a decline in the value of the Futures Contract-Linked Notes.

#### **10.12 *Risks associated with Relevant Underlying comprised of a Basket***

##### **(a) *Exposure to performance of Basket and its components***

In accordance with Condition 8 (*Equity-Linked, Currency-Linked, Inflation-linked, Fund-Linked and Futures Contract-Linked Notes Provisions*), the Issuers may issue Notes which are linked to or reference a Basket of assets, the investors in such Notes are exposed to the performance of such Basket. If the Basket does not perform as expected, this will materially and adversely affect the value of Notes with Relevant Underlying comprised of a Basket.

(b) ***A high correlation of Basket Components may have a significant effect on amounts payable***

Some Notes are linked to Baskets of Relevant Underlying where the performance of such Relevant Underlying tends to move in the same direction, or correlate, as a result of changes in market conditions, such as a change in interest rates. Correlation of Basket Components indicates the level of interdependence among the individual Basket Components with respect to their performance. If, for example, all of the Basket Components originate from the same sector and the same country, a high positive correlation may generally be assumed. Past rates of correlation may not be determinative of future rates of correlation: though Basket Components may not appear to be correlated based on past performance, it may be that they suffer the same adverse performance following a general downturn or other economic or political event. Where the Basket Components are subject to high correlation, any move in the performance of the Basket Components will exaggerate the performance of the Notes and may have a significant negative effect on amounts payable under the Notes.

(c) ***The negative performance of a single Basket Component may outweigh a positive performance of one or more other Basket Components***

Even in the case of a positive performance of one or more Basket Components, the performance of the Basket as a whole may be negative if the performance of the other Basket Components is negative to a greater extent, subject to the terms and conditions of the relevant Notes.

(d) ***A small Basket, or an unequally weighted Basket, will generally leave the Basket more vulnerable to changes in the value of any particular Relevant Underlying***

The performance of a Basket that includes a smaller number of Relevant Underlying will generally, subject to the terms and conditions of the relevant Notes, be more affected by changes in the value of any particular Relevant Underlying included therein than a Basket that includes a greater number of Relevant Underlying.

The performance of a Basket that gives greater weight to some Relevant Underlying will generally, subject to the terms and conditions of the relevant Notes, be more affected by changes in the value of any such particular Relevant Underlying included therein than a Basket that gives relatively equal weight to each Relevant Underlying.

(e) ***A change in composition of a Basket may have an adverse effect on Basket performance***

Where the Notes grant the Determination Agent the right, in certain circumstances, to adjust the composition of the Basket, any replacement Basket Component may perform differently from the original Basket Component, which may have an adverse effect on the performance of the Basket which will in turn have a significant adverse effect on the value of the Notes.

10.13 ***Effect of the liquidity of the Relevant Underlying on Note pricing***

An Issuer's and/or its Affiliates' hedging costs tend to be higher the less liquidity the Relevant Underlying has or the greater the difference between the "buy" and "sell" prices for the Relevant Underlying or derivatives contracts referenced to the Relevant Underlying. When quoting prices for the Notes, the Issuer and/or its Affiliates will factor in such hedging costs and will pass them on to the Noteholders by incorporating them into the "buy" and "sell" prices. Thus, Noteholders selling their Notes on an exchange or on the over-the-counter market may be doing so at a price that is substantially lower than the actual value of the Notes at the time of sale.

#### 10.14 ***Historical value of the Relevant Underlying***

The historical value (if any) of the Relevant Underlying or the components of the Relevant Underlying does not indicate their future performance. Holders of the Notes should be aware that the Relevant Underlying or the components of the Relevant Underlying may perform differently than they have historically, which could adversely affect the value of the Notes, the return on the Notes and the price at which the Noteholder can sell such Notes.

#### 10.15 ***Investors have no shareholder rights***

As an owner of Notes, investors shall be aware that they will not have voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to any underlying security, ETF, other fund or index.

#### 10.16 ***Risk associated with estimating the price of the Relevant Underlying if its domestic market is closed while secondary trading in the Notes is open***

If the Relevant Underlying is traded on its domestic market during the opening hours for secondary trading in the Notes by the Issuer or its Affiliates or any stock exchange on which the Notes are listed, the price of the Relevant Underlying is incorporated into the price calculation for the Notes. In certain cases, however, the price of the Relevant Underlying may need to be estimated if the Notes are traded at a time when the market for the Relevant Underlying is closed. In general, this problem could apply to the Notes irrespective of the time at which they are traded because the Issuer and/or its Affiliates currently offer off exchange trading in the Notes at times when the Relevant Underlying is not traded on the local markets or stock exchanges. This problem applies in particular to a Relevant Underlying that is traded in time zones different from European time zones. The same problem arises if the Notes are traded on days on which the domestic market for the Relevant Underlying is closed because of a public holiday. If the Issuer and/or any of its Affiliates estimates the price of the Relevant Underlying when the domestic market is closed, its estimate may prove to be accurate, too high or too low within just a few hours of the domestic market re opening for trade in the Relevant Underlying. Correspondingly, the prices used by the Issuer and/or any of its Affiliates for the Notes prior to the opening of business on the domestic market may subsequently prove to be too high or too low. Holders of the Notes should be aware that where the estimated price of the Relevant Underlying is too low, the secondary trading price of the Notes may be less than if the price of the Relevant Underlying had not been estimated.

#### 10.17 ***Administrator/Benchmark Events***

Where the Relevant Underlying or otherwise any variable by reference to which interest, principal or other amounts payable under the Notes is a “Relevant Benchmark” for the purposes of the Conditions the administrator or sponsor (or the Relevant Benchmark) may be required to be authorised, registered, recognised, endorsed or otherwise included in an official register in order for the Issuer, the Determination Agent or the Calculation Agent to be permitted to use the Relevant Benchmark and perform their respective obligations under the Notes. If the Determination Agent determines that such a requirement applies to the administrator or sponsor (or the Relevant Benchmark) but it has not been satisfied then an “Administrator/Benchmark Event” (as defined in Condition 2 (*Interpretation*)) will occur and the Determination Agent will apply certain fallbacks.

In the case where the Notes reference a Relevant Equity Index Benchmark these fallbacks may include one or more of the Determination Agent replacing the Relevant Equity Index Benchmark with any “Alternative Pre-nominated Index” which has been specified in the

applicable Final Terms, making adjustments to the amounts payable by the Issuer under the Notes, adjusting the other terms and conditions of the Notes or the Issuer redeeming the Notes.

In the case where the Notes reference a Relevant FX Benchmark the fallbacks may include the Determination Agent making a determination of the Settlement Rate or using a fallback reference price to determine the Settlement Rate, or the Issuer redeeming the Notes.

In the case where the Notes reference a Relevant Rates Benchmark, the fallbacks summarised in the risk factor entitled “*EURIBOR, SONIA, €STR, SARON, TONA and other benchmark rate discontinuance or prohibition on use may lead to adjustments to the terms of the Notes or an early redemption of the Notes*” will apply. Holders of the Notes should be aware that such adjustments to the terms of the Notes or early redemption of the Notes may adversely impact the return on and value of the Notes.

## **11. Risk Factors relating to Notes that include certain features**

### **11.1 *Basket Notes - "Best of" Average/"Worst of" Average/"Selection" Average***

Determinations of amounts payable under Notes linked to the value and/or performance of a basket of Shares, Indices, ETFs, Inflation Indices, Funds and/or Futures Contracts may take into account the average value and/or performance of only a limited number of the components of the relevant basket, identified by reference to their value and/or performance relative to the other components of the basket as of one or more relevant dates. For the purpose of such determinations, the Determination Agent will order the values and/or performances of the components, high to low, and the relevant determination will be based on an average of the values (or performances) of an identified number of components having the highest values or performances (in the case of Notes in respect of which Paragraph 24 (*Best of – Non Equally Weighted Average Performance*) of Section 3 (*Performance Determination Terms*) of the Additional Terms and Conditions applies), or having the lowest values or performances (in the case of Notes in respect of which Paragraph 25 (*Worst of – Non Equally Weighted Average Performance*) of Section 3 (*Performance Determination Terms*) of the Additional Terms and Conditions applies) or which are otherwise identified by reference to such order (in the case of Notes in respect of which "Selected Average" applies as described in Paragraphs 10 to 23 of Section 3 (*Performance Determination Terms*) of the Additional Terms and Conditions).

### **11.2 *Worst-of Basket Performance feature***

When Paragraph 25 (*Worst of – Non Equally Weighted Average Performance*) of Section 3 (*Performance Determination Terms*) of the Additional Terms and Conditions is specified as applicable in the applicable Final Terms, determinations of the Final Redemption Amount payable in respect of Notes linked to the value and/or performance of a basket of Relevant Underlyings could be made solely by reference to the worst performing Basket Component. Accordingly, in relation to such Notes, the Final Redemption Amount payable will be linked to the value/performance of the worst performing Basket Component, irrespective of the value/performance of any other Basket Component.

Further, where Physical Settlement will apply in respect of the Notes, upon the condition for the relevant section to be applicable being satisfied and pursuant to any "Worst-of Basket Performance-Linked Redemption" feature being applicable (Paragraph 20 "Physical Settlement" of Section 6 (*Final Redemption Terms*) of the Additional Terms and Conditions), the Underlying Securities which will comprise the Physical Delivery Amount shall be the worst performing Basket Component. None of the other Basket Components will comprise the Underlying Securities delivered to the Noteholders.

### 11.3 *Averaging features*

When Paragraph 4 (*Average Value*), Paragraph 9 (*Individually Floored Average Value*), Paragraph 10 (*Individually Capped Average Value*), Paragraph 11 (*Globally Floored Average Value*) or Paragraph 12 (*Globally Capped Average Value*) of Section 2 (*Value Determination Terms*) of the Additional Terms and Conditions is specified as applicable in the applicable Final Terms, determinations of amounts payable under Notes linked to the value and/or performance of a single Relevant Underlying or a basket of Relevant Underlyings may be determined based on the arithmetic mean of values determined as of a series of Averaging Dates. This will limit the extent to which a sudden increase or decrease in value and/or performance of the Relevant Underlying on a single date affects the relevant determination.

### 11.4 *Participation feature (Interest and Final Redemption Amount)*

*Interest.* Where "participation" is used to identify the terms for determining interest payable on any Notes (for instance, where "Participation & Barrier(s) Conditional Coupon", "Capitalised Participation & Barrier Conditional Coupon", "Basic Participation Coupon", "Locked Participation Coupon", "Capitalised Basic Participation Coupon", "Capitalised Locked Participation Coupon" or "Cumulative Participation Inflation Coupon", as provided for in Section 4 (*Interest Provisions*) of the Additional Terms and Conditions, is applicable), the formula for determining such interest will include a percentage multiplication factor (**Participation Rate**) applied to the calculation of the performance of the Relevant Underlying. Where such Participation Rate is less than 100 per cent., interest payments will accordingly be linked to part only of such performance and will be less than the interest that would have been payable if linked to the full value of such performance and as a result investors may suffer a significantly decreased rate of return on the Notes.

*Final Redemption Amount.* Where "participation" is used to identify the terms for determining the Final Redemption Amount payable on any Notes (for instance, where "*Participation Redemption (Principal at Risk)*", "*Participation (Floored) Redemption (Principal at Risk)*" or "*Participation (Conditional Floored) Redemption (Principal at Risk)*", as provided for in Section 6 (*Final Redemption Terms*) of the Additional Terms and Conditions, is applicable), the formula for determining such Final Redemption Amount will include a percentage multiplication factor (**Participation Rate**) applied to the calculation of the performance of the Relevant Underlying. Where such Participation Rate is less than 100 per cent., the Final Redemption Amount will accordingly be linked to part only of such performance and will be less than the amount that would have been payable if linked to the full value of such performance and as a result Noteholders may lose all or a substantial portion of their investment.

The formula for determining the Final Redemption Amount may also apply an amount which is 100 per cent. minus such a percentage (or Participation Factor) as a multiplication factor to a fixed amount in determining the Final Redemption Amount, (for instance, where "*Participation (Conditional Floored) Redemption (Principal at Risk)*", as provided for in Section 6 (*Final Redemption Terms*) of the Additional Terms and Conditions, is applicable) in which case the deduction of such percentage will reduce the Final Redemption Amount that would otherwise be payable in respect of the Notes.

### 11.5 *Barrier feature (Interest, Automatic Early Redemption Amount and Final Redemption Amount) and "airbag" feature (Final Redemption Amount)*

*Interest.* Where "barrier" is used to identify the terms for determining interest payable on any Notes (for instance, where "Non Memory Barrier Conditional Coupon", as provided for in Section 4 (*Interest Provisions*) of the Additional Terms and Conditions, is applicable), each

such payment of interest on the Notes will be conditional on the value or performance of the Relevant Underlying, as determined in accordance with the applicable Conditions as of the relevant Interest Determination Date, being (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, a specified barrier value, and if such condition is not satisfied, **then the amount of interest payable will be zero.**

Where "double barrier" is used to identify the terms for determining the interest payable on any Notes (for instance, where Paragraph 21 (*Non Memory Double Barrier Conditional Coupon – Option 1*), 22 (*Non Memory Double Barrier Conditional Coupon – Option 2*), or 23 (*Non Memory Double Barrier Conditional Coupon – Option 3*) of Section 4 (*Interest Provisions*) of the Additional Terms and Conditions is applicable), the interest amount payable will be conditional on two barriers, and a different interest amount may be payable depending on which of the two barrier conditions is satisfied. If neither barrier condition is satisfied, then the amount of interest payable will be zero.

*Redemption.* Where "barrier" is used to identify the terms for determining the Final Redemption Amount payable on any Notes (for instance, where "Barrier Redemption", as provided for in Section 6 (*Scheduled Redemption Terms*) of the Additional Terms and Conditions, is applicable), the redemption amount payable will be Par if the value or performance of the Relevant Underlying, as determined in accordance with the applicable Conditions as of the relevant Determination Date, is (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, a specified barrier value, and **if such condition is not satisfied, an amount determined by reference to the performance of the Relevant Underlying, which may be less than Par.**

Where, additionally, "airbag" is used to identify the terms for determining the Final Redemption Amount payable on any Notes (for instance, where "Airbag Barrier Redemption (Principal at Risk)", "Redemption with Barrier and Locking (Principal at Risk)" or "Redemption with Barrier with Airbag and Locking (Principal at Risk)" as provided for in Section 6 (*Scheduled Redemption Terms*) of the Additional Terms and Conditions, is applicable), and the condition mentioned in the preceding paragraph is not satisfied, the Final Redemption Amount payable will be an amount determined by reference to a percentage (defined as the "Airbag Rate") of the performance of the Relevant Underlying. The application of such a rate less than 100% will limit the extent to which the Final Redemption Amount is reduced by reference to the performance of the Relevant Underlying.

*Automatic Early Redemption.* Where "double barrier" is used to identify the terms for determining the interest payable on any Notes (where Paragraph 4 (*Automatic Early Redemption Double Barrier – Option 1*) or 5 (*Automatic Early Redemption Double Barrier – Option 2*) of Section 5 (*Early Redemption Terms*) of the Additional Terms and Conditions is applicable), the early redemption amount will be conditional on two barriers, and a different early redemption amount may be payable depending on which of the two barrier conditions is satisfied. **If neither barrier condition is satisfied, then the early redemption amount will not be payable.**

#### 11.6 **"Worst Performance" variation of "barrier" feature**

*Interest* - Where the determination of interest payable on the Notes includes a "Worst Performance" feature (where "Worst Performance" is specified as being applicable in the applicable Final Terms (where Paragraph 25 (*Worst of – Non Equally Weighted Average Performance*) of Section 3 (*Performance Determination Terms*) of the Additional Terms and Conditions is applicable), payment of interest will be conditional on the value/performance of the worst performing Basket Component being (i) greater than, (ii) greater than or equal to, (iii)

less than or (iv) less than or equal to, as specified in the applicable Final Terms, a specified barrier value, and if such condition is not satisfied, then the amount of interest payable will be zero. **Accordingly, if the "Worst Performance" feature is specified as being applicable, the interest payable may be zero even if the value/performance of the other Basket Components satisfy the specified barrier condition. As a result, Noteholders may suffer a significantly decreased rate of return on the Notes or even no return whatsoever.**

#### 11.7 ***Automatic Early Redemption (Autocall)***

Where "Automatic Early Redemption (Autocall)", as provided for in Section 5 (Early Redemption Terms) of the Additional Terms and Conditions is applicable, and the value of the Relevant Underlying, as of any Automatic Early Redemption Determination Date specified in the applicable Final Terms, is (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, the applicable Autocall Barrier Value, then an Automatic Early Redemption Event shall be deemed to have occurred and the Issuer shall redeem the Notes on the immediately following Automatic Early Redemption Date at an amount specified in the applicable Final Terms. Note also the risks described in paragraph entitled "*The Notes may be redeemed prior to maturity*" above.

#### 11.8 ***Reset Initial Reference Value (Autocall)***

Where "Reset Initial Reference Value" (as defined in Paragraph 13 (*Reset Value*) of Section 2 (*Value Determination Terms*) of the Additional Terms and Conditions) is specified as being applicable in respect of a Series of Autocallable Notes, the Initial Reference Value will not be a fixed value throughout the life of the Notes and may instead be reset on any Reset Observation Date. If the Final Reference Value on such a Reset Observation Date is less than the Reset Barrier Value, the Initial Reference Value in respect of such Reset Observation Date will be the Relevant Underlying Value as of the Strike Date. However, if the Final Reference Value is equal to or greater than the Reset Barrier Value, then the Initial Reference Value will be the Relevant Underlying Value as of the Strike Date, multiplied by a Reset Rate (such value the **Reset Initial Reference Value**). Therefore, if (i) an amount payable under the Notes is determined by reference to a fraction equal to the Final Reference Value divided by the Reset Initial Reference Value and (ii) the Reset Rate is in excess of 100 per cent., then such amount payable under the Notes will be lower than if the amount payable under the Notes were determined by reference to a fraction equal to the Final Reference Value divided by the Initial Reference Value.

#### 11.9 ***Range Accrual feature***

Where the determination of interest payable on the Notes includes a "range" accrual feature (for instance, where Paragraph 17 (*Range Accrual Coupon Categories*) of Section 4 (*Interest Provisions*) of the Additional Terms and Conditions is applicable), the interest payable on the Notes will be calculated by reference to (A) the number of days (Scheduled Trading Days or Business Days or specified Observation Dates, as applicable) in a specified period on which the reference rate or the value/performance of the Relevant Underlying (as applicable) is greater than a specified rate or value (B) divided by the total number of days (Scheduled Trading Days, Business Days or specified Observation Dates, as applicable) in such specified period.

#### 11.10 ***Put Performance***

Where "Put Performance" is specified as being applicable when determining the performance of the Relevant Underlying, the performance of the Relevant Underlying will be determined by the Determination Agent by reference to the value obtained by subtracting from one (1) the value which is the Final Reference Value divided by the Initial Reference Value. Unlike where

the performance of the Relevant Underlying is determined without reference to Put Performance, this value will always be lower than one (1). Accordingly, where "Put Performance" is applicable, the value determined as the performance of the Relevant Underlying will be lower than if Put Performance had not been applied in respect of the same Relevant Underlying.

#### **11.11 *Multiple features i.e. different combinations of payout features***

Investors should note that a series of Notes issued under the Program may contain one or more of the features described in this section entitled "Feature-specific risk factors" in various different combinations. As a result, the risks highlighted in respect of each such feature above may be compounded where a number of features apply to a single Series of Notes. Depending on the features that apply to a Series of Notes, an investor may bear the risk that no interest is payable throughout the life of the Notes and that the redemption amount in respect of the Notes may be less than par and, in certain circumstances, may be zero.

#### **11.12 *Caps and floors***

*Caps on value/performance of the Relevant Underlying.* The applicable Final Terms may specify that the formula or other basis for determining the value and/or performance of the Relevant Underlying in respect of a Series of Notes (or of individual Basket Components comprised in a Relevant Underlying which is a Basket) may provide for a maximum value, or cap, such that any value and/or performance of the Relevant Underlying (or individual Basket Components) in excess of the applicable cap will not be taken into account for the purposes of the relevant determination. Amounts payable on the Notes linked to such capped value and/or performance will be limited accordingly.

*Floors on value/performance of the Relevant Underlying.* The applicable Final Terms may specify that the formula or other basis for determining the value and/or performance of the Relevant Underlying in respect of a Series of Notes (or of individual Basket Components comprised in a Relevant Underlying which is a Basket) may alternatively, or additionally, be subject to a minimum value, or floor, such that any value and/or performance of the Relevant Underlying (or individual Basket Components) below the applicable floor will not be taken into account for the purposes of the relevant determination. Amounts payable on the Notes linked to such floored value and/or performance will be limited accordingly. However, depending on the relevant formula or other basis for determination, such a floor may entitle holders to receive payment(s) greater than they would have received if the relevant determination had not been subject to the floor.

*Caps and floors on interest rates.* In addition, the rate of interest payable on certain Floating Rate Notes and certain Structured Rate Linked Notes may be subject to a maximum rate of interest or a minimum rate of interest specified in the applicable Final Terms. If a maximum rate of interest is specified, the rate of interest payable on such Floating Rates Notes and such Structured Rate Linked Notes will be limited to such maximum rate. However, if a floor or a minimum rate of interest is specified in respect of any Floating Rate Notes or any Structured Rate Linked Notes, the rate of interest payable on such Notes may entitle holders to receive payment(s) greater than they would have received if the relevant rate of interest had not been subject to the floor.

#### **11.13 *Weighting of Basket Components***

Determinations of amounts payable under Notes linked to the value and/or performance of a basket of Relevant Underlyings may be determined by reference to the arithmetic mean of the values and/or performances of all (or some only, in the case of "Best of Average", "Worst of

Average" or "Selected Average") of the Basket Components, which may be equally-weighted or, if so specified in the applicable Final Terms, given different weightings. The higher the weighting applicable to a particular Basket Component, the more Noteholders will be exposed to the value and/or performance of that Basket Component in comparison with the remaining Basket Components.

#### 11.14 ***Memory feature (coupons)***

Where the determination of interest payable on the Notes includes a "Memory" feature (i.e., where any of Memory Barrier Conditional Coupon, Lock in Memory Barrier Conditional Coupon, Capitalised Memory Barrier Conditional Coupon, Capitalised Lock in Memory Barrier Conditional Coupon, Locked Participation Coupon or Capitalised Locked Participation Coupon (each as provided for in Section 4 (*Interest Provisions*) of the Additional Terms and Conditions) is applicable) the interest accrued with respect to each Interest Determination Date will be conditional on the value or performance of the Relevant Underlying determined as of such Interest Determination Date being (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, a specified barrier value, and the interest so accrued will therefore be zero if the condition is not satisfied. However, the amount of interest to be accrued if such condition is satisfied will be an amount which is increased on each successive Interest Determination Date but from which is deducted the sum of all interest accrued in respect of prior Interest Determination Dates. Accordingly, if the interest accrued in respect of an Interest Determination Date (two or more successive Interest Determination Dates) is zero, the interest accrued in respect of the next following Interest Determination Date (if any) where such condition is satisfied will be in an increased amount which will typically equal the sum of the amounts which would have accrued had such condition been satisfied in respect of both (or all) such Interest Determination Dates, but without any interest or other allowance for the deferred accrual.

#### 11.15 ***Capitalised interest feature***

Where "capitalised" is used to identify the terms for determining interest payable on any the Notes (for instance, where "Capitalised Non Memory Barrier Conditional Coupon", "Capitalised Memory Barrier Conditional Coupon", "Capitalised Participation & Barrier Conditional Coupon", "Capitalised Lock in Non Memory Barrier Conditional Coupon", "Capitalised Lock in Memory Barrier Conditional Coupon" or "Capitalised Locked Participation Coupon", as provided for in Section 4 (*Interest Provisions*) of the Additional Terms and Conditions, is applicable), all interest accruing in respect of the Notes will be payable only on the earliest of the dates specified as the Redemption Date and by a single payment. Therefore, an investor will not receive any periodic or other payment of interest on such Notes prior to such Redemption Date.

#### 11.16 ***Lock in feature (Interest and Final Redemption Amount)***

*Interest.* Where "lock in" is used to identify the terms for determining interest payable on any Notes (for instance, where "Lock In Non Memory Barrier Conditional Coupon", "Lock in Memory Barrier Conditional Coupon", "Capitalised Lock in Non Memory Barrier Conditional Coupon", "Capitalised Lock in Memory Barrier Conditional Coupon" or "Locked IRR Coupon", as provided for in Section 4 (*Interest Provisions*) of the Additional Terms and Conditions, is applicable), payments of interest which are otherwise conditional on the value or performance of the Relevant Underlying as of the relevant Interest Determination Date being (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, a value specified as the Coupon Barrier Value may be payable, notwithstanding that such condition is not satisfied, if a second "lock in" condition was satisfied as of any prior Interest Determination Date, such second condition being that the

value or performance of the Relevant Underlying as of the relevant prior Interest Determination Date is (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, the value specified as the Lock In Barrier Value. Accordingly, interest will be payable on the Notes on the Interest Payment Date immediately following an Interest Determination Date if either the first or the second condition is satisfied with respect to that Interest Determination Date. However, if neither condition is satisfied, then no interest will be payable on the Notes on such Interest Payment Date.

*Redemption.* Where "lock in" is used to identify the terms for determination of the Final Redemption Amount payable with respect to any Notes (for instance, where "Lock In Redemption (Principal at Risk)", "Barrier & Lock in Redemption (Principal at Risk)", "Airbag Lock in Redemption (Principal at Risk)" or "Airbag Barrier & Lock in Redemption (Principal at Risk)", as provided for in Section 6 (*Final Redemption Terms*) of the Additional Terms and Conditions, is applicable), the Final Redemption Amount may be a specified fixed amount if, as of any specified Barrier Observation Date, the value or performance of the Relevant Underlying is (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, a value specified as the Lock In Barrier Value, and, if such condition is not satisfied (and subject to any further conditions applicable to the determination of the Final Redemption Amount), an amount linked to the performance of the Relevant Underlying determined as of the specified Determination Date, which may be less than Par.

#### 11.17 *Spread Floating Rate Notes*

If Spread Floating Rate is specified as applicable in the relevant Final Terms, Notes bear interest at a floating rate which refers to a formula which comprises two reference rates of different maturities which will be subtracted. There will be a periodic adjustment of the reference rates. Accordingly, the market value of the Notes may be volatile and the interest income on the Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Spread Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. The Noteholders are exposed to the risk of fluctuations in interest rates after issuance of the Notes, which may adversely affect the value of the Notes.

#### 11.18 *Particular risks in relation to Dividend Adjusted Performance Feature of the Notes*

Where Notes are linked to a Share (in accordance with Condition 9 (*Provisions Relating to Equity-Linked Notes*)), with no dividend adjusted performance feature, the performance of the Share is determined by reference to the market price of the relevant Share with no reinvestment of the value of the dividend paid by the issuer of such Share (i.e. on any ex-dividend date the market price of the Share is reduced by the amount of the dividend).

However, if the relevant Final Terms specify that "Closing Value with Dividend Adjusted Performance" (as defined in Paragraph 14 (*Closing Value with Dividend Adjusted Performance*) of Section 2 (*Value Determination Terms*) of the Additional Terms and Conditions) is applicable, this means that the Notes reference the performance of the relevant Share(s) as adjusted so as to reflect a predetermined amount specified in the applicable Final Terms (the **Pre-Defined Dividend**) being deducted periodically *in lieu* of the actual dividend paid by the relevant issuer of such Share.

If the Pre-Defined Dividend in a relevant period is higher than the actual declared dividend during the same period, then the price or performance of the relevant Share will be adjusted downward and will, underperform the Share which is not so adjusted. Such underperformance will increase as the price of the relevant Share decreases, due to the fact that the Pre-Defined

Dividend is a fixed amount set out in the relevant Final Terms and not a percentage of the relevant Share price. If the Pre-Defined Dividend in a relevant period is lower than the actual declared dividend during the same period, then the price or performance of the relevant Share will be adjusted upward. Accordingly, due to the “Pre-Defined Dividend” feature, the Notes may perform differently in comparison to notes linked to the same Share(s) but without such dividend adjusted performance feature.

11.19 *Particular risks in relation to Strategy Calculation Feature of the Notes*

If the relevant Final Terms of the Notes specify that "Pre-Defined Dividend Strategy Calculation" (as defined in Paragraph 15 (*Pre-Defined Dividend Strategy Calculation*) of Section 2 (*Value Determination Terms*) of the Additional Terms and Conditions) is applicable, this means that the Notes reference the performance of the Relevant Underlying(s) adjusted so as to reflect a predetermined amount being deducted periodically (the **Pre-Defined Dividend**).

Therefore, the performance of the Relevant Underlying(s) will be adjusted downward and will underperform the Relevant Underlying(s) which is not so adjusted. Accordingly, due to the “Strategy Calculation” feature, the Notes will perform differently in comparison to notes linked to the same Relevant Underlying(s) but without such feature.

## DISCLAIMERS

**The Issuers, the Guarantor and MSIP as Distribution Agent, disclaim any responsibility to advise prospective purchasers of any matters arising under the laws of the country in which they reside that may affect the purchase of, or holding of, or the receipt of payments on the Notes. These persons should consult their own legal and financial advisors concerning these matters.**

### 1. *General Disclaimers*

#### 1.1 **Issuer's credit ratings may not reflect all risks**

One or more independent credit rating agencies may assign credit ratings to the Issuer and/or the Guarantor (if applicable). The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold Notes and may be revised or withdrawn by the rating agency at any time.

#### 1.2 **Change of law**

The Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice in France after the date of this Base Prospectus.

#### 1.3 **Independent review and advice**

Each prospective investor must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is (i) fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. **Each of the Issuer, the Guarantor (if applicable) and the Distribution Agent disclaims any responsibility to advise prospective investors of any matters arising under the law of the country in which such prospective investors reside that may affect the purchase of, or holding of, or the receipt of payments or deliveries on the Notes.**

#### 1.4 **Selling Agent remuneration**

Each Issuer may enter into distribution agreements with various financial institutions and other intermediaries as determined by such Issuer (each a **Selling Agent**). Each Selling Agent will agree, subject to the satisfaction of certain conditions, to subscribe for the Notes at a price equivalent to or below the Issue Price. Any difference between the price at which the Selling Agent subscribes the Notes and the price at which the Selling Agent sells the Notes to investors will be a remuneration of the Selling Agent. In addition, subject to compliance with all applicable laws, an upfront fee and/or a periodic fee may also be payable to the Selling Agents in respect of all outstanding Notes up to and including the maturity date at a rate determined by the Issuer and which may vary from time to time. Any remuneration received by the Selling Agent including any periodic payments, may influence the Selling Agent's recommendation of the Notes to potential investors and may also increase the purchase price to be paid by the investor. Each Selling Agent will agree to comply with the selling restrictions set out in the document as amended and supplemented by the additional selling restrictions set out in the relevant distribution agreements.

### **1.5 Legal investment considerations may restrict certain investments**

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are appropriate legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

### **1.6 Notes denominated or payable in a currency other than investor's home currency**

Investors should consult their financial and legal advisors as to any specific risks entailed by an investment in Notes that are denominated or payable in, or the payment of which is linked to the value of, a currency other than the currency of the country in which such investor resides or in which such investor conducts its business, which is referred to as their home currency. Such Notes are not appropriate investments for investors who are not sophisticated in foreign currency transactions.

### **1.7 Subscription periods**

The Issuer has the right to close the offering of the Notes prior to the end of the subscription period in the event of adverse market conditions, as determined by the Issuer in its reasonable discretion, including, without limitation, increased volatility in the equity market and increased volatility in foreign exchange rates. If the Issuer exercises this right, potential investors will no longer have the right to subscribe for the Notes.

### **1.8 Offer Cancellation**

The Issuer has the right to withdraw the offering of the Notes and to cancel the issue of the Notes before the end of the subscription period for any reason whatsoever. Reasons for cancellation of the offer include, without limitation, the following: (i) adverse market conditions, as determined by the Issuer in its reasonable discretion (such as, for example, increased volatility in the equity market and increased volatility in the exchange rate); or (ii) that the number of applications received at such time is insufficient, in the opinion of the Issuer, to make an issue economically viable.

### **1.9 Provision of Notices**

In accordance with the Terms and Conditions, the Issuer, the Determination Agent or the Calculation Agent, as the case may be, may in certain circumstances be required to notify Noteholders of the occurrence of a particular event affecting the Notes, including, without limitation, (i) notifying the occurrence of an event which the Issuer determines will result in an early redemption of the Notes, or (ii) notifying a determination made by the Determination Agent of the need to make adjustments to the terms of the Notes following the occurrence of a particular event which the Issuer determines will result in the Notes remaining outstanding. Notwithstanding this obligation, pursuant to Condition 25 (*Notices*), the fact that the Issuer, the Calculation Agent, the Determination Agent or any other party required to give notice to Noteholders in accordance with the Terms and Conditions does not give such notice shall not affect the validity of the determination, adjustment, event or other action for which such notice is required.

## **2. *Disclaimers linked with the Relevant Underlying***

### **2.1 No affiliation with underlying companies**

The underlying issuer for any single share or basket share, ETF, fund, or any Fund Advisor or the publisher of an index or of a futures contract will not be an Affiliate of Morgan Stanley, MSIP, MSBV or MSFL. Morgan Stanley or its subsidiaries may presently or from time to time engage in business with any underlying company, ETF or fund including entering into loans with, or making equity investments in, the underlying company, ETF, fund, or its affiliates or subsidiaries or providing investment advisory services to the underlying company or ETF, including merger and acquisition advisory services. Moreover, no Issuer has the ability to control or predict the actions of the underlying company, ETF, fund or index publisher or futures contract publisher, including any actions, or reconstitution of index components, of the type that would require the determination agent to adjust the payout to the investor at maturity. No underlying company, ETF, fund, Fund Advisor, index publisher or futures contract publisher for any issuance of Notes is involved in the offering of the Notes in any way or has any obligation to consider the investor's interest as an owner of the Notes in taking any corporate actions that might affect the value of the Notes. None of the money an investor pays for the Notes will go to the underlying company, ETF, fund or Fund Advisor for such Notes. However, the Issuer or any affiliate may purchase the Relevant Underlying(s) (or any securities or other assets comprising the Relevant Underlying(s)) for hedging purposes.

Notes relating to dividend futures contracts will give rise to obligations of the Issuer and will not give rise to any obligations under the relevant dividend futures contract or any obligations of any Constituent Company. No offer is made by the sponsor of the relevant dividend futures contract or any Constituent Company. No sponsor of the relevant dividend futures contract will have participated in the preparation of the applicable Final Terms or in establishing the terms of the Notes.

### **2.2 Provision of information**

None of the Issuer or any of its Affiliates makes any representation as to the issuer for any single security or basket of securities, any preference share, fund or Fund Service Provider, or the publisher of an underlying index. Any of such persons may have acquired, or during the term of the Notes may acquire, non public information with respect to any such issuer, publisher or specified entity, their respective affiliates or any guarantors that is or may be material in the context of the Notes. The issue of Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

### **2.3 Disclosure**

Neither the issuer of any single security or basket security, an ETF, other fund, any Fund Service Provider nor the publisher of an underlying index has participated in the preparation of this document or in establishing the Conditions of the Notes and neither the Issuers nor any of their Affiliates will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer, ETF, other fund, Fund Service Provider, publisher, or specified entity contained in this document or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the issue date (including events that would affect the accuracy or completeness of any publicly available information described in this document) that would affect the trading price and/or level of the Relevant Underlying will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer, ETF, other fund, Fund Service Provider, publisher or specified entity

could affect the trading price and/or level of the Relevant Underlying and therefore the trading price of the Notes.

### 3. *Disclaimers for Index-Linked Notes*

#### 3.1 **Notes linked to an Index are not sold or promoted by an Index or the sponsor of such Index**

Notes linked to an Index are not sponsored, endorsed, sold, or promoted by such Index or the sponsor of such Index. The sponsor of an Index makes no representation whatsoever, whether express or implied, either as to the results to be obtained from the use of such Index or the levels at which such Index stands at any particular time on any particular date. Neither an Index nor sponsor of such Index shall be liable (whether in negligence or otherwise) to any person for any error in such Index. A sponsor of an Index is under no obligation to advise any person of any error in such Index. A sponsor of an Index does not make any representation whatsoever, whether express or implied, as to the advisability of investing or assuming any risk in connection with the Notes linked to such Index.

#### 3.2 **Suitability of Index-Linked Notes**

Prospective investors in any Notes linked to a proprietary index should be familiar with investments in the global financial and commodity markets, financial instruments and indices generally.

#### 3.3 **The relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates are not liable for the actions or omissions of the sponsor of an Index, any information concerning an Index, the performance of such Index or use thereof in connection with the Notes**

**The relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates are not liable to the Holders of Notes for any act or failure to act by a sponsor of an Index in connection with the calculation, adjustment, or maintenance of such Index.** Although the Determination Agent, as applicable, will obtain information concerning an Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty, or undertaking (express or implied) is made and **no responsibility is accepted by the relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates, or the Determination Agent as to the accuracy, completeness, and timeliness of information concerning such Index.** In addition, the relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates, or the Determination Agent makes no representation whatsoever, whether express or implied, as to the performance of any Index which is linked to the Notes, any data included in, or omitted from, such Index, or the use of such Index in connection with the Index-Linked Notes.

### 4. *Disclaimer for Futures-Contract Linked Notes*

Prior to purchasing Futures Contract-Linked Notes, prospective investors should ensure they are familiar with investments in global capital markets and with derivatives generally, and carefully consider such factors, as the value of the Futures Contract(s) will affect the return on the Notes.

Prospective investors should understand that the value of dividends paid by the Constituent Companies may be influenced by many factors, including the earnings and dividend policies of each of the Underlying Companies, changes in applicable laws and regulations, global economic, financial and political developments and structural supply and demand factors. Before acquiring Notes linked to dividend forwards, prospective investors should carefully

consider, among other things, the volatility of the value and price of the dividend forwards and the performance of the Underlying Companies included in the Underlying Index, on the basis of which the amounts due under the relevant Notes are calculated.

5. ***Disclaimer for Share-Linked Notes: No Share Issuer will have participated in the preparation of the applicable Final Terms or in establishing the terms of the Share-Linked Notes***

No Share Issuer(s) will have participated in the preparation of the applicable Final Terms or in establishing the terms of the Share-Linked Notes and none of the relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates will make any investigation or enquiry in connection with such offering with respect to any information concerning any such Share Issuer(s) contained in such Final Terms or in the documents from which such information was extracted. Neither the relevant Issuer, Morgan Stanley or any of Morgan Stanley's affiliates controls any Share Issuer(s) and are not responsible for any disclosure made by any Share Issuer(s). Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the adequacy, accuracy or completeness of the publicly available information described in this paragraph or in any applicable Final Terms) that would affect the trading price of the relevant Share(s) will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such Share Issuer(s) could affect the trading price of the Share(s) and therefore the trading price of the Notes.

6. ***Representations and acknowledgments by Noteholders***

Each Noteholder shall be deemed to represent and acknowledge to the relevant Issuer and, if applicable, the Guarantor on acquiring any Note that:

- (a) none of the Issuer, (if applicable) the Guarantor or and/or any Affiliate nor any of their agents is acting as a fiduciary for it or provides investment, tax, accounting, legal or other advice in respect of the Notes and that such Noteholder and its advisors are not relying on any communication (written or oral and including, without limitation, opinions of third party advisors) of the Issuer, (if applicable) the Guarantor, or any Affiliate as (a) legal, regulatory, tax, business, investment, financial, accounting or other advice, (b) a recommendation to invest in any Notes or (c) an assurance or guarantee as to the expected results of an investment in the Notes (it being understood that information and explanations related to the terms and conditions of the Notes shall not be considered to be any such advice, recommendation, assurance or guarantee and should be independently confirmed by the recipient and its advisors prior to making any such investment);
- (b) such Noteholder (a) has consulted with its own legal, regulatory, tax, business, investments, financial and accounting advisors to the extent that it has deemed necessary, and has made its own investment, hedging, and trading decisions based upon its own judgment and upon any advice from such advisors as it has deemed necessary and not upon any view expressed by the Issuer, (if applicable) the Guarantor, or any Affiliate or any of their respective agents and (b) is acquiring the Notes with a full understanding of the terms, conditions and risks thereof and it is capable of and willing to assume those risks; and
- (c) the Issuer, (if applicable) the Guarantor, and/or any Affiliates may have banking or other commercial relationships with issuers of any securities to which the Notes relate and may engage in proprietary trading in any equity securities, indices, fund interests or other Relevant Underlying to which the Notes relate or options, futures, derivatives or other instruments relating thereto (including such trading as the Issuer, (if

applicable) the Guarantor, and/or any Affiliate deem appropriate in their sole discretion to hedge the market risk on the Notes and other transactions between the Issuer, (if applicable) the Guarantor, and/or any Affiliates and any third parties), and that such trading (a) may affect the price or level thereof and consequently the amounts payable under the Notes and (b) may be effected at any time, including on or near any Valuation Date, Observation Date, Interest Determination Date, Determination Date or Averaging Date.

## **CONFLICT OF INTEREST**

### ***Discretionary Determinations***

The Issuer and the Determination Agent have certain discretions under the terms of the Notes following events or circumstances occurring in relation to a Relevant Underlying, including to defer valuations, make adjustments to the terms and conditions of such Notes and/or to redeem such Notes other than on the originally designated date of redemption. Such discretion is necessary as such events and circumstances may not be foreseen at the Trade Date of the relevant Notes but impact the economic or other terms of the Notes. For example, it may not be reasonably practicable or appropriate for certain valuations to be carried out in relation to the Notes without the exercise of the discretion. Furthermore, such events and circumstances may not be reflected in the pricing of the Notes and/or any arrangements entered into by the Issuer and/or any of its Affiliates to hedge obligations under Notes and, accordingly, without such discretion to adjust the terms of the Notes the Issuer may not have been able to issue the Notes on the terms applicable on the Issue Date or at all.

### ***Potential conflicts of interest between the investor and the determination agent***

As determination agent for Notes linked to one or more shares, indices, ETFs, funds and/or futures contracts, MSIP (who can also act as Issuer) or an Affiliate will determine the payout to the investor at maturity. MSIP and other Affiliates may also carry out hedging activities related to any Notes linked to one or more shares, indices, ETFs, funds and/or futures contracts, including trading in the underlying shares, indices, ETFs, funds and/or futures contracts, as well as in other instruments related to the underlying shares, indices, ETFs, funds and/or futures contracts. MSIP and some of Morgan Stanley's other subsidiaries may also trade the applicable underlying shares, indices, ETFs, funds and/or futures contracts and other financial instruments related to the underlying shares, indices, ETFs, funds and/or futures contracts on a regular basis as part of their general broker-dealer and other businesses. Any of these activities could influence the Determination Agent's determination of adjustments made to any Notes linked to one or more shares, indices, ETFs, funds and/or futures contracts and any such trading activity could potentially affect the price, level or value of the underlying shares, indices, ETFs, funds and/or futures contracts and, accordingly, could affect the investor's payout on any Notes.

## CONSENT TO THE USE OF THE BASE PROSPECTUS

In the context of any offer of Notes that is not made within an exemption from the requirement to publish a prospectus under the Prospectus Regulation (a **Non-exempt Offer**), in relation to any person (an **Investor**) to whom an offer of any Notes is made by any financial intermediary to whom the Responsible Persons (as defined below) have given their consent to use this Base Prospectus (an **Authorised Offeror**), where the offer is made during the period for which that consent is given and where the offer is made in the Member State for which that consent was given and is in compliance with all other conditions attached to the giving of the consent, all as mentioned in this Base Prospectus, each of Morgan Stanley, MSIP, MSBV and MSFL (together the **Responsible Persons**) accepts responsibility in each such Member State for the content of this Base Prospectus also with respect to the subsequent resale or final placement of the Notes by any Authorised Offeror which was given consent to use the Base Prospectus. However, neither any Responsible Person nor any Distribution Agent has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The Issuers and the Guarantor consent to the use of this Base Prospectus in connection with a Non-exempt Offer during the Offer Period specified in the relevant Final Terms (the **Offer Period**) either:

- (1) by any Authorised Offeror which is authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2014/65/EU) of the European Parliament and of the Council on markets in financial instruments, as amended (**MiFID II**) and which satisfies the conditions (if any) specified in the relevant Final Terms in one or more of the following Member State(s), as specified in the relevant Final Terms: (i) France and/or (ii) Luxembourg; or
- (2) by any Authorised Offeror specified in the relevant Final Terms, subject to the relevant conditions specified in the relevant Final Terms, for so long as they are authorised to make such offers under MiFID II and in one or more of the following Member State(s), as specified in the relevant Final Terms: (i) France, and/or (ii) Luxembourg.

The Issuers and, if applicable, the Guarantor, may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if they do so, the Issuers and, if applicable, the Guarantor, will publish the above information in relation to them on <http://sp.morganstanley.com/EU/Documents>.

Subject to the conditions specified in the relevant Final Terms, the consent referred to above relates to Offer Periods occurring within 12 months from the date of this Base Prospectus.

**Any Authorised Offeror who wishes to use this Base Prospectus in connection with a Non-exempt Offer as set out in (1) above is required, for the duration of the relevant Offer Period, to publish on its website that it is using this Base Prospectus for such Non-exempt Offer in accordance with the consent of the Issuer and the conditions attached thereto.**

To the extent specified in the relevant Final Terms, a Non-exempt Offer may be made during the relevant Offer Period by any of the Issuers, the Guarantor, the Distribution Agent or, subject to any restrictions on the consent, any relevant Authorised Offeror in any relevant Member State and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

Unless otherwise specified, neither the Issuers nor the Guarantor nor the Distribution Agent has authorised the making of any Non-exempt Offer of any Notes by any person in any circumstances and such person is not permitted to use this Base Prospectus in connection with its offer of any Notes. Any such Non-exempt Offers are not made by or on behalf of the Issuers, the Guarantor, the Distribution Agent or any Authorised Offeror and none of the Issuers, the Guarantor, the Distribution Agent or any Authorised Offeror has any responsibility or liability for the actions of any person making such offers.

Each Tranche is the subject of a set of Final Terms (each, a **Final Terms**) which complete these terms and conditions (the **Conditions**) and specify, among other matters, the additional terms and conditions set out in Part 2 (*Additional Terms and Conditions*) below (the **Additional Terms and Conditions**), if any, applicable in relation to such Series. The terms and conditions applicable to any particular Tranche of Notes are these Conditions (including the applicable provisions of the Additional Terms and Conditions) as completed by the applicable Final Terms.
- 1.3 *Agency Agreement:* The Notes are the subject of an agency agreement dated 24 June 2022 (the **Agency Agreement**) between Morgan Stanley, MSIP, MSBV, MSFL, Citibank N.A. ## 2. INTERPRETATION

2.1 *Definitions:* In these Conditions the following expressions have the following meanings:

**Accrual Yield** means the rate specified as such in the applicable Final Terms;

**Additional Business Centre(s)** means the city or cities specified as such in the applicable Final Terms;

**Administrator/Benchmark Event** means, in respect of any Notes, delivery of a notice by the Determination Agent to the Issuer and the Fiscal Agent specifying that any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that any of the Issuer, the Determination Agent or the Calculation Agent is not, or will not be, permitted under any applicable law or regulation to use the Relevant Benchmark to perform its or their respective obligations in respect of the Notes. For the avoidance of doubt, Administrator/Benchmark Event shall not apply where the Relevant Rates Benchmark is SOFR (see Condition 6.5 (*Provisions specific to SOFR as Reference Rate*) below);

**Administrator/Benchmark Event Date** means, in respect of any Notes and an Administrator/Benchmark Event, the date on which the authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is:

- (i) required under any applicable law or regulation; or
- (ii) rejected, refused, suspended or withdrawn, if the applicable law or regulation provides that the Relevant Benchmark is not permitted to be used under the Notes following rejection, refusal, suspension or withdrawal,

or, in each case, if such date occurs before the Issue Date, the Issue Date;

**Alternative Pre-nominated Index** means, in respect of a Relevant Benchmark, the first of the indices, benchmarks or other price sources specified in the applicable Final Terms as an "Alternative Pre-nominated Index" that is not subject to an Administrator/Benchmark Event or (in the case of Equity-Linked Notes) an Index Cancellation or an Administrator/Benchmark Event;

**Benchmark** means, if SOFR is specified in the relevant Final Terms as the Reference Rate, the Secured Overnight Financing Rate with the applicable period of maturity (which shall be daily); provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the Secured Overnight Financing Rate with the applicable period of maturity (which shall be daily), or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement;

**Benchmark Replacement** means:

- (i) if SOFR is not specified in the relevant Final Terms as the Reference Rate, the Interpolated Benchmark with respect to the then-current Benchmark, plus the Benchmark Replacement Adjustment for such Benchmark; provided that if the Calculation Agent cannot determine the Interpolated Benchmark as of the Benchmark Replacement Date, then "Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:
  - (a) the sum of: (i) Fallback Term SOFR and (ii) the Benchmark Replacement Adjustment;

- (b) the sum of: (i) Fallback Compounded SOFR and (ii) the Benchmark Replacement Adjustment;
- (c) the sum of: (i) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (ii) the Benchmark Replacement Adjustment;
- (d) the sum of: (i) the ISDA Fallback Rate and (ii) the Benchmark Replacement Adjustment;
- (e) the sum of: (i) the alternate rate of interest that has been selected by the Calculation Agent as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (ii) the Benchmark Replacement Adjustment; or
- (ii) if SOFR is specified in the relevant Final Terms as the Reference Rate, the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:
  - (f) the sum of: (i) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (ii) the Benchmark Replacement Adjustment;
  - (g) the sum of: (i) the ISDA Fallback Rate and (ii) the Benchmark Replacement Adjustment;
  - (h) the sum of: (i) the alternate rate of interest that has been selected by the Calculation Agent as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (ii) the Benchmark Replacement Adjustment;

**Benchmark Replacement Adjustment** means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (a) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (b) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (c) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

**Benchmark Replacement Conforming Changes** means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the

definition of "Interest Period", timing and frequency of determining rates and making payments of interest, changes to the definition of "Corresponding Tenor" solely when such tenor is longer than the Interest Period, and other administrative matters) that the Calculation Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent determines is reasonably necessary);

**Benchmark Replacement Date** means the earliest to occur of the following events with respect to the then-current Benchmark:

- (a) in the case of limb (a) or (b) of the definition of "Benchmark Transition Event", the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or
- (b) in the case of limb (c) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein;

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

**Benchmark Transition Event** means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (a) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

**Business Day** means any day, other than a Saturday or Sunday,

- (i) that is neither a legal holiday nor a day on which banking institutions are authorised or required by law or regulation to close (a) for Notes denominated in U.S. Dollars, in The City of New York or (b) for Notes denominated in Sterling, in London, or (c) for Notes denominated in a Specified Currency other than euro, U.S. Dollars or Australian Dollars, in the principal financial centre of the country of the Specified Currency, or (d) for Notes denominated in Australian Dollars, in Sydney, and in each (if any) Additional Business Centre.

- (ii) for Notes denominated in euro, that is also a TARGET Settlement Day and a day that is neither a legal holiday nor a day on which banking institutions are authorised or required by law or regulation to close in each (if any) Additional Business Centre;

**Business Day Convention**, in relation to any particular date, means one of Following Business Day Convention, Modified Following Business Day Convention (or Modified Business Day Convention), Preceding Business Day Convention, FRN Convention (or Floating Rate Convention or Eurodollar Convention) or No Adjustment (or Unadjusted), as specified in the applicable Final Terms. In this context, the following expressions shall have the following meanings:

- (i) **Following Business Day Convention** means that the relevant date shall be postponed to the first following day that is a Business Day;
- (ii) **Modified Following Business Day Convention** or **Modified Business Day Convention** means that the relevant date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;
- (iii) **Preceding Business Day Convention** means that the relevant date shall be brought forward to the first preceding day that is a Business Day;
- (iv) **FRN Convention, Floating Rate Convention** or **Eurodollar Convention** means that each relevant date shall be the date which numerically corresponds to the preceding such date in the calendar month which is the number of months specified in the applicable Final Terms as the Specified Period after the calendar month in which the preceding such date occurred **provided, however, that:**
  - (a) if there is no such numerically corresponding day in the calendar month in which any such date should occur, then such date will be the last day which is a Business Day in that calendar month;
  - (b) if any such date would otherwise fall on a day which is not a Business Day, then such date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day; and
  - (c) if the preceding such date occurred on the last day in a calendar month which was a Business Day, then all subsequent such dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred; and
- (v) **No Adjustment** or **Unadjusted** means that the relevant date shall not be adjusted in accordance with any Business Day Convention;

**provided that** if ISDA Determination, “2021 ISDA Definitions” and “Unscheduled Holidays” are applicable in the relevant Final Terms, then in the case where Modified Following Business Day Convention, Modified Business Day Convention, Preceding Business Day Convention, FRN Convention, Floating Rate Convention or Eurodollar Convention apply to a particular date and that date would otherwise fall on a day that is not a Business Day as a result of an Unscheduled Holiday (as defined in the 2021 ISDA Definitions but disregarding references to Valuation Business Day and Exercise Business Day and construing references to the Confirmation to mean the applicable Final Terms) notwithstanding the provisions of (ii) to (iv) above, such day will instead fall on the first following day that is a Business Day;

**Calculation Agent** means, in respect of any Notes, the Fiscal Agent or such other Person specified in the applicable Final Terms as the party responsible for calculating the Rate(s) of

Interest and Interest Amount(s), subject as otherwise provided in these Conditions (including, without limitation, as provided in Condition 6 (*Floating Rate Note, Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions*)), and/or any other amounts which may be specified as being calculated by the Calculation Agent in these Conditions;

- (i) if **Actual/Actual** is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 (Fixed)** is so specified, means the actual number of days in the Calculation Period divided by 365;

where:

**Y<sub>1</sub>** is the year, expressed as a number, in which the first day of the Calculation Period falls;

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

**Y<sub>1</sub>** is the year, expressed as a number, in which the first day of the Calculation Period falls;

Notes are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France which shall credit the accounts of Euroclear France Account Holders, or in registered dematerialised form (*nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*nominatif administré*) inscribed in the books of a Euroclear France Account Holder or in fully registered form (*nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or by the Registration Agent acting on behalf of the Issuer.

The minimum Denomination at the Issue Date for each Note admitted to trading on a European Economic Area exchange and/or offered to the public in an European Economic Area State will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

### **4. STATUS**

- 4.1 *Status of the Notes:* The Notes constitute direct and general obligations of the Issuer which rank *pari passu* among themselves and *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by laws relating to creditors' rights.

With respect to MSIP Notes only, pursuant to the exercise of the bail-in power by the U.K. Regulatory Authority, the outstanding amount of Notes may be reduced (in whole or in part), converted into equity (in whole or in part) or cancelled and/or the maturity of the Notes or the amount of interest or the date on which the interest becomes payable may be amended.

- 4.2 *Status of Guarantee:* The Guarantor's obligations under the Guarantee in respect of the Notes issued by MSBV or MSFL constitute direct and general obligations of the Guarantor which rank without preference among themselves and *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by laws relating to creditors' rights.

## 5. FIXED RATE NOTE PROVISIONS

- 5.1 *Application:* This Condition 5 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the applicable Final Terms as being applicable.
- 5.2 *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date. Each Note will cease to bear interest from the due date for final redemption unless the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is fifteen Business Days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such fifteenth Business Day (except to the extent that there is any subsequent default in payment).
- 5.3 *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period which is a Regular Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- 5.4 *Regular Interest Periods:* If all of the Interest Payment Dates fall at regular intervals between the Issue Date and the Maturity Date, then:
- 5.4.1 the Notes shall for the purposes of this Condition 5 (*Fixed Rate Note Provisions*) be **Regular Interest Period Notes**;
- 5.4.2 the day and month (but not the year) on which any Interest Payment Date falls shall, for the purposes of this Condition 5 (*Fixed Rate Note Provisions*), be a **Regular Date**; and
- 5.4.3 each period from and including a Regular Date falling in any year to but excluding the next succeeding Regular Date shall, for the purposes of this Condition 5 (*Fixed Rate Note Provisions*), be a **Regular Period**.
- 5.5 *Irregular first or last Interest Periods:* If the Notes would be Regular Interest Period Notes but for the fact that either or both of:
- 5.5.1 the interval between the Issue Date and the first Interest Payment Date; and
- 5.5.2 the interval between the Maturity Date and the immediately preceding Interest Payment Date is longer or shorter than a Regular Period, then the Notes shall nevertheless be deemed to be Regular Interest Period Notes, **provided, however, that** if the interval between the Maturity Date and the immediately preceding Interest Payment Date is longer or shorter than a Regular Period, the day and month on which the Maturity Date falls shall not be a **Regular Date**. The amount of interest payable in respect of each Note for any such longer or shorter period shall be the **Broken Amount**.
- 5.6 *Irregular Interest Amount:* If the Notes are Regular Interest Period Notes, the amount of interest payable in respect of each Note for any period which is not a Regular Period shall be an amount per calculation amount calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a **sub-unit** means, in the case of any currency other than euro, the lowest amount

of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

5.7 *Day Count Fraction*: In respect of any period which is not a Regular Period, the relevant day count fraction (the **Day Count Fraction**) shall be determined in accordance with the following provisions:

5.7.1 if the Day Count Fraction is specified in the applicable Final Terms as being 30/360, the relevant Day Count Fraction will be the number of days in the relevant period (calculated on the basis of a year of 360 days consisting of 12 months of 30 days each and, in the case of an incomplete month, the actual number of days elapsed) divided by 360;

5.7.2 if the Day Count Fraction is specified in the applicable Final Terms as being Actual/Actual (ICMA) and the relevant period falls during a Regular Period, the relevant Day Count Fraction will be the number of days in the relevant period divided by the product of (A) the number of days in the Regular Period in which the relevant period falls and (B) the number of Regular Periods in any period of one year; and

5.7.3 if the Day Count Fraction is specified in the applicable Final Terms as being Actual/Actual (ICMA) and the relevant period begins in one Regular Period and ends in the next succeeding Regular Period, interest will be calculated on the basis of the sum of:

(a) the number of days in the relevant period falling within the first such Regular Period divided by the product of (1) the number of days in the first such Regular Period and (2) the number of Regular Periods in any period of one year; and

(b) the number of days in the relevant period falling within the second such Regular Period divided by the product of (1) the number of days in the second such Regular Period and (2) the number of Regular Periods in any period of one year.

5.8 *Number of days*: For the purposes of this Condition 5 (*Fixed Rate Note Provisions*), unless the Day Count Fraction is specified in the applicable Final Terms as being 30/360 (in which case the provisions of Condition 5.7.1 above shall apply), the number of days in any period shall be calculated on the basis of actual calendar days from and including the first day of the relevant period to but excluding the last day of the relevant period.

5.9 *Irregular Interest Periods*: If the Notes are not Regular Interest Period Notes and interest is required to be calculated for any period other than an Interest Period, interest shall be calculated on such basis as is described in the applicable Final Terms.

## **6. FLOATING RATE NOTE, EQUITY-LINKED, CURRENCY-LINKED, INFLATION-LINKED INTEREST, FUND-LINKED AND FUTURES CONTRACT-LINKED NOTE PROVISIONS**

6.1 *Application*: This Condition 6 (*Floating Rate Note, Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions*) is applicable to the Notes only if one or more of the Floating Rate Note Provisions, the Equity-Linked, Currency-Linked, Inflation-Linked, Fund-Linked or Futures Contract-Linked Interest Note Provisions are specified in the applicable Final Terms as being applicable.

6.2 *Accrual of interest*: The Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date. Each Note will cease to bear interest from the due date for final redemption unless the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance

with this Condition 6 (*Floating Rate Note, Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is fifteen Business Days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such fifteenth Day (except to the extent that there is any subsequent default in payment). The Rate of Interest in respect of all or any Interest Periods shall, if so specified in the applicable Final Terms, be zero.

- 6.3 Screen Rate Determination: Subject to Condition 6.16 (*Relevant Rates Benchmark Discontinuance or Prohibition on Use*), where such provisions are specified to apply in the applicable Final Terms or Condition 6.17 (*General Fallback Arrangements*), if Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
- 6.3.1 if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
  - 6.3.2 in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
  - 6.3.3 if, in the case of Condition 6.3.1 above, such rate does not appear on that page or, in the case of Condition 6.3.2 above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
    - (a) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
    - (b) determine the arithmetic mean of such quotations; and
  - 6.3.4 if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined, **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate (or as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

6.4 *ISDA Determination*: Subject to Condition 6.16 (*Relevant Rates Benchmark Discontinuance or Prohibition on Use*), where such provisions are specified to apply in the applicable Final Terms or Condition 6.17 (*General Fallback Arrangements*), if ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

## 6.5 Provisions specific to SOFR as Reference Rate

- (i) If Screen Rate Determination is specified in the applicable Final Terms as the manner in which a Floating Interest Rate is to be determined and SOFR is specified in the relevant Final Terms as the Reference Rate, the Floating Interest Rate for an Interest Period will be the relevant SOFR Benchmark plus or minus (as indicated in the applicable Final Terms) the Margin (as specified in the relevant Final Terms), subject to a minimum of zero per cent.

(ii) The **"SOFR Benchmark"** will be determined based on SOFR Compound with Lookback, SOFR Compound with Observation Period Shift, SOFR Compound with Payment Delay or SOFR Index Average, as follows:

- (1) if SOFR Compound with Lookback (**"SOFR Compound with Lookback"**) is specified as applicable in the relevant Final Terms, the SOFR Benchmark for each Interest Period shall be equal to the rate of return of a daily compound SOFR interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SOFR_{i-xUSBD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

**"d"** means the number of calendar days in the relevant Interest Period.

**"d<sub>0</sub>"**, for any Interest Period, means the number of U.S. Government Securities Business Days in the relevant Interest Period.

**"i"** is a series of whole numbers from one to d<sub>0</sub>, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant Interest Period.

**"Lookback Days"** means the number of U.S. Government Securities Business Days specified in the relevant Final Terms.

**"n<sub>i</sub>"** for any U.S. Government Securities Business Day "i" in the relevant Interest Period, means the number of calendar days from, and including, such day "i" up to, but excluding, the following U.S. Government Securities Business Day (**"i+1"**).

**"SOFR<sub>i</sub>"**, for any U.S. Government Securities Business Day "i" in the relevant Interest Period, is equal to SOFR in respect of that day.

**"SOFR<sub>i-xUSBD</sub>"**, for any U.S. Government Securities Business Day "i" in the relevant Interest Period, is equal to SOFR in respect of the U.S. Government Securities Business Days falling a number of U.S. Government Securities Business Days prior to that day "i" equal to the number of Lookback Days.

- (2) if SOFR Compound with Observation Period Shift (**"SOFR Compound with Observation Period Shift"**) is specified as applicable in the relevant Final Terms, the SOFR Benchmark for each Interest Period shall be equal to the rate of return of a daily compound SOFR interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

**"d"** means the number of calendar days in the relevant Observation Period.

**"d<sub>0</sub>"**, for any Observation Period, means the number of U.S. Government Securities Business Days in the relevant Observation Period.

"i" is a series of whole numbers from one to d<sub>0</sub>, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant Observation Period.

"n<sub>i</sub>" for any U.S. Government Securities Business Day "i" in the relevant Observation Period, means the number of calendar days from, and including, such day "i" up to, but excluding, the following U.S. Government Securities Business Day ("i+1").

**"Observation Period"** means, in respect of each Interest Period, the period from, and including, the date falling a number of U.S. Government Securities Business Days equal to the Observation Shift Days preceding the first day of such Interest Period to, but excluding, the date falling a number of U.S. Government Securities Business Days equal to the Observation Shift Days preceding the Interest Period End Date for such Interest Period.

**"Observation Shift Days"** means the number of U.S. Government Securities Business Days specified in the relevant Final Terms.

If the value of either or both of SAION Index<sub>Start</sub> or SAION Index<sub>End</sub> is not published or displayed by the administrator of the SARON or other information service by 6.00 p.m. (Zurich time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the SAION Index or of such other

information service, as the case may be) on the relevant Interest Determination Date, the SARON Benchmark for the applicable Interest Period for which the SAION Index is not available shall be determined as set out under Condition 6.8 (ii)(2) (*SARON Compound with Observation Period Shift*) above as if SARON Compound with Observation Period Shift were specified as applicable in the relevant Final Terms, and for these purposes the Observation Shift Days in respect of the applicable Interest Period for which the SAION Index is not available shall be deemed to be equal to the Relevant Number of Zurich Banking Days plus one (or such other number of Zurich Banking Days as is specified for this purpose in the applicable Final Terms), as if such alternative elections had been made in the applicable Final Terms.

"**SAION Index<sub>End</sub>**" means, with respect to an Interest Period, the SAION Index value on the date that is the Relevant Number of Zurich Banking Days preceding (a) the Interest Payment Date relating to such Interest Period or (b) such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period).

"**SAION Index<sub>Start</sub>**" means, with respect to an Interest Period, the SAION Index value on the date that is the Relevant Number of Zurich Banking Days preceding the first date of the relevant Interest Period.

For the purposes of this Condition 6.8, if SARON in respect of any Zurich Banking Day (the "**Relevant Zurich Banking Day**") is not published on the Relevant Screen Page or by an authorised distributor, and is not otherwise provided by the administrator of SARON, by either (A) that Zurich Banking Day (or any amended publication day for SARON as specified by the administrator of SARON in the SARON benchmark methodology) or (B) such other date and time on which SARON for the Relevant Zurich Banking Day is required for the purpose of any determination pursuant to the Conditions and, in either case, none of the events triggering the fallbacks specified in Condition 6.17 (*General Fallback Arrangements*) (as applicable) have occurred, SARON for the Relevant Zurich Banking Day shall be deemed to be the rate equal to SARON for the most recent Zurich Banking Day in respect of which SARON was so published or provided.

#### 6.9 Provisions specific to TONA as Reference Rate

- (i) If Screen Rate Determination is specified in the applicable Final Terms as the manner in which a Floating Rate of Interest is to be determined and TONA is specified in the relevant Final Terms as the Reference Rate, the Floating Interest Rate for an Interest Period will be the relevant TONA Benchmark plus or minus (as indicated in the applicable Final Terms) the Margin (if any) (as specified in the relevant Final Terms), subject to a minimum of zero per cent.
- (ii) The "**TONA Benchmark**" will be determined based on TONA Compound with Lookback, TONA Compound with Observation Period Shift, TONA Compound with Payment Delay or TONA Index Average, as follows:
  - (1) if TONA Compound with Lookback ("**TONA Compound with Lookback**") is specified as applicable in the relevant Final Terms, the TONA Benchmark for each Interest Period shall be equal to the rate of return of a daily compound TONA interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left( \prod_{i=1}^{d_0} \left( 1 + \frac{\text{TONA}_{i-\text{pTBD}} \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

where:

"**d**" means the number of calendar days in the relevant Interest Period;

$$\left( \prod_{i=1}^{d_0} \left( 1 + \frac{\text{TONA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

where:

"**d**" means the number of calendar days in the relevant Observation Period;

$$\left( \prod_{i=1}^{d_0} \left( 1 + \frac{\text{TONA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

where:

Where "TONA Compound with Payment Delay" applies, for the purposes of calculating TONA with respect to the final Interest Period, the level of TONA for each Tokyo Banking Day in the period from (and including) the TONA Rate Cut-Off Date to (but excluding) the Maturity Date or the redemption date, as applicable, shall be the level of TONA in respect of such TONA Rate Cut-Off Date.

- (4) if TONA Index Average ("**TONA Index Average**") is specified as applicable in the relevant Final Terms, the TONA Benchmark for each Interest Period shall be equal to the rate of return of the TONA Index calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left( \frac{\text{TONA Index}_{End}}{\text{TONA Index}_{Start}} - 1 \right) \times \left( \frac{365}{d} \right)$$

where:

"d" means the number of calendar days from, and including, the TONA Index<sub>Start</sub> to, but excluding, the TONA Index<sub>End</sub>.

"**Relevant Number**" means the number specified as such in the applicable Final Terms (or, if no such number is specified, five).

If the value of either or both of TONA Index<sub>Start</sub> or TONA Index<sub>End</sub> is not published or displayed on the Relevant Screen Page by the administrator of the TONA Index

or other information service by 5.00 p.m. (Tokyo time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the TONA Index or of such other information service, as the case may be) on the relevant Interest Determination Date, the TONA Benchmark for the applicable Interest Period for which the TONA Index is not available shall be determined as set out under Condition 6.9(ii)(2) (TONA Compound with Observation Period Shift) above as if TONA Compound with Observation Period Shift were specified as applicable in the relevant Final Terms, and for these purposes: the Observation Shift Days in respect of the applicable Interest Period for which the TONA Index is not available shall be deemed to be equal to the Relevant Number of Tokyo Banking Days plus one (or such other number of Tokyo Banking Days as is specified for this purpose in the applicable Final Terms), as if such alternative elections had been made in the applicable Final Terms.

"**TONA Index<sub>End</sub>**" means, with respect to an Interest Period, the TONA Index value on the date that is the Relevant Number of Tokyo Banking Days preceding (a) the Interest Payment Date relating to such Interest Period or (b) such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period).

"**TONA Index<sub>Start</sub>**" means, with respect to an Interest Period, the TONA Index value on the date that is the Relevant Number of Tokyo Banking Days preceding the first date of the relevant Interest Period.

For the purposes of this Condition 6.9, if TONA in respect of any Tokyo Banking Day (the "**Relevant Tokyo Banking Day**") is not published on the Relevant Screen Page or by an authorised distributor, and is not otherwise provided by the administrator of TONA, by either (A) the immediately following Tokyo Banking Day (or any amended publication day for TONA as specified by the administrator of TONA in the TONA benchmark methodology) or (B) such other date and time on which TONA for the Relevant Tokyo Banking Day is required for the purpose of any determination pursuant to the Conditions and, in either case, none of the events triggering the fallbacks specified in Condition 6.17 (*General Fallback Arrangements*) (as applicable) have occurred, TONA for the Relevant Tokyo Banking Day shall be deemed to be the rate equal to TONA for the most recent Tokyo Banking Day in respect of which TONA was so published or provided.

- 6.10 *Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions:* If one or more of the Equity-Linked, Currency-Linked, Inflation-Linked, Fund-Linked or Futures Contract-Linked Interest Note Provisions are specified in the applicable Final Terms as being applicable, the interest payable in respect of the Notes for each Interest Period will be determined in accordance with such applicable provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms. If more than one of the Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked or Futures Contract-Linked Note Provisions are specified in the applicable Final Terms as being applicable such Note shall constitute **Hybrid Notes**.
- 6.11 *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the applicable Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. For the avoidance of doubt, in no event, will the relevant Interest Amount be less than zero.
- 6.12 *Rate Multiplier:* if the applicable Final Terms specify a Rate Multiplier (the **Rate Multiplier**) for any Interest Period, then the Rate of Interest in respect of any such Interest Period shall be

multiplied by the relevant Rate Multiplier, subject always to the Minimum Rate of Interest and/or Maximum Rate of Interest as described above.

- 6.13 *Calculation of Interest Amount:* In respect of Floating Rate Notes, the Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Floating Rate Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a **sub-unit** means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- 6.14 *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it under these Conditions, together with any relevant payment date(s), to be notified to the Paying Agents and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have been admitted to listing, trading and/or quotation as soon as practicable after such determination and in any event not later than 15 Business Days after such determination. Notice thereof shall also be given to the Noteholders as soon as practicable after such determination and in any event not later than 15 Business Days after such determination. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period and shall be required to notify the Noteholders, the Paying Agents and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have been admitted to listing, trading and/or quotation as soon as practicable after such recalculation and in any event not more than 15 Business Days after such recalculation has been made.
- 6.15 *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 6 (*Floating Rate Note, Equity-Linked, Currency-Linked, Inflation-Linked Interest, Fund-Linked and Futures Contract-Linked Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents and the Noteholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- 6.16 *Relevant Rates Benchmark Discontinuance or Prohibition on Use:* If (i) the applicable Final Terms specifies that the provisions of this Condition 6.16 (*Relevant Rates Benchmark Discontinuance or Prohibition on Use*) are applicable and (ii) unless otherwise specified in the Final Terms, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, after application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option (as defined in the ISDA Definitions) to apply following the occurrence of any of the following events and the application of such ISDA Bespoke Fallbacks fails to provide a means of determining the relevant Floating Rate (as defined in the ISDA Definitions), then, notwithstanding the terms set forth elsewhere in these Conditions, if the Determination Agent determines that any of the following events has occurred:
- 6.16.1 a public statement or publication of information by or on behalf of the administrator of the Relevant Rates Benchmark announcing that it has ceased or will cease to provide the Relevant Rates Benchmark permanently or indefinitely, provided that, at the time

of statement or publication, there is no successor administrator that will continue to provide the Relevant Rates Benchmark; or

- 6.16.2 a public statement or publication of information by the regulatory supervisor for the administrator of the Relevant Rates Benchmark, the central bank for the currency of the Relevant Rates Benchmark, an insolvency official with jurisdiction over the administrator of the Relevant Rates Benchmark, a resolution authority with jurisdiction over the administrator of the Relevant Rates Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator of the Relevant Rates Benchmark, which states that the administrator of the Relevant Rates Benchmark has ceased or will cease to provide the Relevant Rates Benchmark permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the Relevant Rates Benchmark; or
- 6.16.3 unless otherwise specified in the Final Terms, an Administrator/Benchmark Event occurs in relation to a Relevant Rates Benchmark,

then the Determination Agent may use, as a substitute for the Relevant Rates Benchmark, and for each future Interest Determination Date (or other rate fixing date), the alternative rates benchmark determined in accordance with the following provisions:

- (i) if an alternative reference rate, index or benchmark is specified in the Final Terms for this purpose (an **Alternative Pre-nominated Reference Rate**), such Alternative Pre-nominated Reference Rate; or
- (ii) if an Alternative Pre-nominated Reference Rate is not specified in the Final Terms, the alternative reference rate, index or benchmark selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction of the applicable index currency that is consistent with accepted market practice (the rate determined under sub-paragraph (i) above or this sub-paragraph (ii), the **Alternative Rate**).

The Determination Agent may, after consultation with the Issuer, determine any adjustments to the Alternative Rate or the Margin (which may include the addition of an adjustment spread, which may be positive or negative, in order to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value to or from the Issuer as a result of the replacement of the Relevant Rates Benchmark with the Alternative Rate), as well as the applicable Business Day Convention, Interest Determination Dates (or any other rate fixing dates) and related provisions and definitions of the Notes, in each case that are consistent with accepted market practice for the use of such Alternative Rate for debt obligations such as the Notes.

If the Determination Agent determines, after consultation with the Issuer, that no such Alternative Rate exists on the relevant date, it may, after consultation with the Issuer, determine an alternative rate to be used as a substitute for the Relevant Rates Benchmark (which shall be the “Alternative Rate” for the purposes of these provisions), as well as any adjustments to the Margin (including any adjustment spread), the Business Day Convention, the Interest Determination Dates (or any other rate fixing dates) and related provisions and definitions in respect of the Notes, in each case, that are consistent with accepted market practice for the use of such Alternative Rate for debt obligations such as the Notes.

The Issuer will then provide a notice, in accordance with Condition 25 (*Notices*), to Noteholders to inform them of the occurrence of any of events listed in Clauses 6.16.1 to 6.16.3 above, the Alternative Rate and any adjustment determinations which will apply to the Notes. The notice shall also confirm the effective date of the Alternative Rate and any adjustments.

Notwithstanding anything else in this Condition 6.16, if the Determination Agent determines that the selection of a particular index, benchmark or other price as an “Alternative Rate” (taking into account any necessary adjustments that would need to be made in accordance with this Condition 6.16) (1) is or would be unlawful under any applicable law or regulation; or (2) would contravene any applicable licensing requirements; or (3) would result in the Determination Agent, the Issuer or the Calculation Agent being considered to be administering a benchmark, index or other price source whose production, publication, methodology or governance would subject the Determination Agent, the Issuer or the Calculation Agent to material additional regulatory obligations which it is unwilling to undertake, then the Determination Agent shall not select such index, benchmark or price source as the Alternative Rate.

If the Determination Agent is unable to identify an Alternative Rate and determine the necessary adjustments to the terms of the Notes, then the Issuer may, in its reasonable discretion, determine that the Notes shall be redeemed as of any later date. If the Issuer so determines that the Notes shall be redeemed, then the Issuer shall give not less than five Business Days' notice to the Noteholders to redeem the Notes and upon redemption the Issuer will pay in respect of each Note an amount equal to either:

- (A) If “Early Redemption Amount (Benchmark Trigger Event) - Fair Market Value Less Costs” is specified in the Final Terms, the fair market value of such Note, on such date as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), less the proportion attributable to that Notes of the reasonable cost to the Issuer and/ or any Affiliate of, or the loss realised by the Issuer and/or any Affiliate on, unwinding any related hedging arrangements, all as calculated by the Determination Agent in its reasonable discretion; or
- (B) If “Early Redemption Amount (Benchmark Trigger Event) - Fair Market Value” is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), as calculated by the Determination Agent in its reasonable discretion.

The Issuer’s obligations under the Notes shall be satisfied in full upon payment of such amount.

In the case where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, and the application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option results in a replacement of, modification to, or change in the method of calculating, the Floating Rate (or the index, benchmark or other price source that is referred to in the Floating Rate Option), the Determination Agent may, after consultation with the Issuer, determine any adjustments to the Floating Rate and the Margin (including any adjustment spread) as well as the applicable Business Day Convention, Interest Determination Dates (or any other rate fixing dates) and related provisions and definitions of the Notes, in each case that are consistent with accepted

market practice for the use of such replacement or modified Floating Rate for debt obligations such as the Notes. The Issuer will provide a notice, in accordance with Condition 25 (*Notices*), to Noteholders to inform them of any adjustment determinations which will apply to the Notes. The notice shall also confirm the effective date of any adjustments.

#### 6.17 *General Fallback Arrangements*

Notwithstanding the terms set forth elsewhere in these Conditions, if the applicable Final Terms specifies that the provisions of Condition 6.16 (*Relevant Rates Benchmark Discontinuance or Prohibition on Use*) do not apply, unless otherwise specified in the Final Terms, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, after application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option (as defined in the ISDA Definitions) to apply following the occurrence of any of the following events and the application of such ISDA Bespoke Fallbacks fails to provide a means of determining the relevant Floating Rate (as defined in the ISDA Definitions), in the case where the Relevant Rates Benchmark is a EURIBOR, SONIA, €STR, SARON, or TONA and such Relevant Rates Benchmark has been permanently discontinued, then, upon the occurrence of a public statement or publication of information by the regulatory supervisor for the administrator of the Relevant Rates Benchmark announcing that the Relevant Rates Benchmark is no longer representative, the Determination Agent will use, as a substitute for such Relevant Rates Benchmark, and for each future Interest Determination Date, the alternative reference rate or index selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction of the applicable index currency that is consistent with accepted market practice (the "**Alternative Rate**").

The Determination Agent will, after consultation with the Issuer, make such adjustments to the Alternative Rate or the Margin, as well as the applicable Business Day Convention, Interest Determination Dates and related provisions and definitions of the Notes, in each case that are consistent with accepted market practice for the use of such Alternative Rate for debt obligations such as the Notes. However, in the case of EURIBOR only, if the Determination Agent determines, after consultation with the Issuer, that no such Alternative Rate exists on the relevant date, it shall make a determination, after consultation with the Issuer, of an alternative rate as a substitute for EURIBOR, for debt obligations such as the Notes, as well as the Margin, the Business Day Convention and the Interest Determination Dates in respect of the Notes, that is consistent with accepted market practice.

In the case where ISDA Determination is specified in the applicable Final Terms as the manner in which the Floating Interest Rate is to be determined, and the application of any ISDA Bespoke Fallbacks specified in the relevant Floating Rate Option results in a replacement of, modification to, or change in the method of calculating, the Floating Rate (or the index, benchmark or other price source that is referred to in the Floating Rate Option), the Determination Agent may, after consultation with the Issuer, determine any adjustments to the Floating Rate and the Margin, (including any adjustment spread) as well as the applicable Business Day Convention, Interest Determination Dates (or any other rate fixing dates) and related provisions and definitions of the Notes, in each case that are consistent with accepted market practice for the use of such replacement or modified Floating Rate for debt obligations such as the Notes. The Issuer will provide a notice, in accordance with Condition 25 (*Notices*), to Noteholders to inform them of any adjustment determinations which will apply to the Notes. The notice shall also confirm the effective date of any adjustments.

#### 6.18 *Spread Floating Rate*

If “Spread Floating Rate” is specified in the applicable Final Terms, then the Interest Rate in respect of an Interest Period or any relevant day will be equal to the sum of the Margin and the Spread Rate, subject always to the Minimum Rate of Interest and/or Maximum Rate of Interest as described above.

#### 6.19 *Spread Floating Rate with Last Coupon*

If the applicable Final Terms specify that “Spread Floating Rate” and “Last Coupon” are applicable and on any Last Coupon Observation Date (as specified as such in the applicable Final Terms) the sum of the Coupon Amounts paid to the Noteholders is (i) greater than, (ii) greater than or equal to, (iii) less than or (iv) less than or equal to, as specified in the applicable Final Terms, the Last Coupon Barrier Value (expressed as a percentage) for such Interest Determination Date, then the Issuer will on the immediately following Last Coupon Payment Date (as specified in the applicable Final Terms) pay interest on the Notes in an amount equal to the difference between (A) a percentage equal to the Last Coupon Barrier Value and (B) the sum of the Coupon Amounts paid to the Noteholders, expressed as a percentage of the Calculation Amount.

### 7. **ZERO COUPON NOTE PROVISIONS**

7.1 *Application:* This Condition 7 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the applicable Final Terms as being applicable.

7.2 *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

7.2.1 the Reference Price; and

7.2.2 the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is fifteen Business Days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such fifteenth Business Days (except to the extent that there is any subsequent default in payment).

### 8. **EQUITY-LINKED, CURRENCY-LINKED, INFLATION-LINKED, FUND-LINKED NOTES AND FUTURES CONTRACT-LINKED NOTES PROVISIONS**

8.1 Morgan Stanley, MSIP, MSBV or MSFL may issue Notes:

8.1.1 the payment of interest which is linked to the shares of an entity (**Single Share-Linked Interest Notes**) or a basket of shares (**Share Basket-Linked Interest Notes**) of entities not affiliated with the Issuer and/or to a single index (**Single Index-Linked Interest Notes**) or indices of shares (**Index Basket-Linked Interest Notes**) and/or interests in a single exchange traded fund (**Single ETF-Linked Interest Notes**) or basket of exchange traded funds (**ETF Basket-Linked Interest Notes**) and together with Single Share-Linked Interest Notes, Share Basket-Linked Interest Notes, Single Index-Linked Interest Notes, Index Basket-Linked Interest Notes and Single ETF-Linked Interest Notes, **Equity-Linked Interest Notes**;

### **9.1 Valuation, Market Disruption, Reference Dates and Averaging Dates**

- (a) If any Scheduled Reference Date is a Disrupted Day, then:
  - (i) relevant Reference Date shall be the earlier of (i) the first succeeding Scheduled Trading Day that is not in the determination of the Determination Agent a Disrupted Day and (ii) the Reference Cut-Off Date (notwithstanding that such Scheduled Trading Day is a Disrupted Day).
  - (ii) in the case of an Index Basket Note, a Share Basket Note or an ETF Basket Note (as the case may be):
    - (A) where "Individual Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms, if any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
      - (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and

- (2) the Reference Date for any Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the earlier of (A) the first Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component; and (B) the Reference Cut-Off Date for such Affected Basket Component (notwithstanding that such day may not be a Scheduled Trading Day).
- (B) where "Common Scheduled Trading Days and Common Disrupted Days" is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then the Reference Date for each Basket Component shall be the earlier of (i) the first Common Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day with respect to any Basket Component; and (ii) the Reference Cut-Off Date (notwithstanding that such day may not be a Common Scheduled Trading Day).
- (C) where "Common Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
  - (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
  - (2) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the earlier of (A) the first Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component; and (B) the Reference Cut-Off Date for such Affected Basket Component (notwithstanding that such day may not be a Common Scheduled Trading Day or a Scheduled Trading Day).
- (iii) If, in respect of any Single Index Note, Single Share Note, Single ETF Note, Index Basket Note, Share Basket Note or ETF Basket Note (as the case may be), a Reference Date falls on the relevant Reference Cut-Off Date pursuant to this Condition 9.1(a)(iii):

the Determination Agent shall determine:

- (A) in respect of a Single Index Note, the level of such Index or the value of such Share or ETF Interest (as the case may be) as at the Determination Time on such Reference Cut-Off Date; or
- (B) if such Reference Cut-Off Date is a Disrupted Day:
  - (1) in respect of Single Index Notes and Index Basket Notes, the Determination Agent shall determine, in its reasonable discretion, the level of such Index as of the Determination Time on the Reference Cut-Off Date in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Determination Time on that eighth Scheduled Trading Day of each security (or other property) comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on such

Reference Cut-Off Date, its estimate of the value for the relevant security as of the Determination Time on such Reference Cut-Off Date, acting in good faith and a commercially reasonable manner); and

- (2) Single Share Notes, Single ETF Notes, Underlying Share Basket Notes and ETF Basket Notes (as the case may be), the Determination Agent shall determine, in its reasonable discretion, its estimate of the value for such Underlying Share or ETF Interest (as the case may be) as of the Determination Time on such Reference Cut-Off Date, acting in good faith and a commercially reasonable manner.
- (b) If Averaging Dates are specified in the applicable Final Terms as being applicable, then, notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index, Underlying Share, ETF Interest, Basket of Indices, Basket of Shares or Basket of ETF Interests in relation to the relevant Reference Date:
  - (i) If an Averaging Date is, in respect of a Single Index Note, a Single Share Note or a Single ETF Note, a Scheduled Averaging Date is determined by the Determination Agent to be a Disrupted Day, then if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is:
    - (A) Omission, then such date will be deemed not to be a relevant Averaging Date in respect of such Reference Date for the purposes of determining the Relevant Underlying Value, as applicable **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Reference Date, then Condition 9.1(a)(i) will apply for purposes of determining the Relevant Underlying Value on the final Averaging Date in respect of that Reference Date as if such final Averaging Date were a Reference Date that was a Disrupted Day;
    - (B) Postponement, then Condition 9.1(a)(i) will apply for the purposes of determining the Relevant Underlying Value on that date as if such date were a Reference Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date in respect of the Reference Date; or
    - (C) Modified Postponement, then the Averaging Date shall be the earlier of (I) the first Valid Date following the Scheduled Averaging Date and (II) the Averaging Cut-Off Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date.
  - (ii) If, in respect of an Index Basket Note, a Share Basket Note or an ETF Basket Note, a Scheduled Averaging Date in respect of a Reference Date is determined by the Determination Agent to be a Disrupted Day in respect of any Basket Component, then:
    - (A) where "Individual Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms:
      - (1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission":
        - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
        - (b) such date shall not be an Averaging Date in respect of such Reference Date for any Basket Component in respect of which

the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**), provided that if through the operation of this provision there would not be any Averaging Date in respect of such Reference Date for the Affected Basket Component, then the sole Averaging Date for such Affected Basket Component shall be the earlier of (I) the first Scheduled Trading Day following the final Scheduled Averaging Date that is not a Disrupted Day in respect of each such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component;

(2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement":

(a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and

(b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component. Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 9.1(b)(ii)(A)(2)(b) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or

(3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement":

(a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and

(b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Valid Date following the Scheduled Averaging Date in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;

(B) where "Common Scheduled Trading Days and Common Disrupted Days" is specified to be applicable in the relevant Final Terms:

(1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission", such date will be deemed not to be a relevant Averaging Date in respect of any Basket Component for the purposes of determining the Relevant Underlying Value, as applicable **provided that**, if through the operation of this

provision there would be no Averaging Date in respect of such Reference Date, then the sole Averaging Date for each Basket Component shall be the earlier of (A) the first Common Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day for any Basket Component and (B) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day);

- (2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement", then the Averaging Date shall be the earlier of (A) the first Common Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of any Basket Component and (B) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day). Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 9.1(b)(ii)(B)(2) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or
  - (3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement", then the Averaging Date for each Basket Component shall be the earlier of (A) the first Common Valid Date following the Scheduled Averaging Date and (II) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day), irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;
- (C) where "Common Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms:
- (1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission":
    - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
    - (b) such date shall not be an Averaging Date in respect of such Reference Date for any Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**), provided that if through the operation of this provision there would not be any Averaging Date in respect of such Reference Date for the Affected Basket Component, then the sole Averaging Date for such Affected Basket Component shall be the earlier of (I) the first Scheduled Trading Day following the final Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component (notwithstanding the fact that such day may not be a Common Scheduled Trading Day);
  - (2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement":

- (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component (notwithstanding the fact that such day not be a Common Scheduled Trading Day). Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 9.1(b)(ii)(C)(2)(b) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or
- (3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Valid Date (that is a Scheduled Trading Day) following the Scheduled Averaging Date in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;
- (iii) If, in respect of any Single Index Note, Single Underlying Share Note, Single ETF Note, Index Basket Note, Share Basket Note or ETF Basket Note (as the case may be), an Averaging Date falls on the relevant Averaging Cut-Off Date pursuant to this Condition 9.1(b)(iii):
  - (A) (as the case may be), the Determination Agent shall determine the level of such Index or the value of such Share or ETF Interest (as the case may be) as at the Determination Time on such Averaging Cut-Off Date; or
  - (B) if such Averaging Cut-Off Date is a Disrupted Day:
    - (1) Determination Agent shall determine, in its reasonable discretion, the level of such Index as of the Determination Time on such date in accordance with the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Determination Time on such Averaging Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on such Averaging Cut-Off Date, its estimate of the value for the relevant security as of the Determination Time on

such Averaging Cut-Off Date, acting in good faith and a commercially reasonable manner); and

- (2) in respect of Single Share Notes, Single ETF Notes, Share Basket Notes and ETF Basket Notes (as the case may be), the Determination Agent shall determine, in its discretion, its estimate of the value for such Share or ETF Interest (as the case may be) as of the Determination Time on such Averaging Cut-Off Date, acting in good faith and a commercially reasonable manner.
- (iv) If any Averaging Dates in relation to a Reference Date occur after that Reference Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Interest Payment Date, Maturity Date, Automatic Early Redemption Date or, as the case may be, the relevant Physical Settlement Date or (ii) the occurrence of an Extraordinary Event, an Extraordinary ETF Event, an Index Adjustment Event, a Potential Adjustment Event or an Additional Disruption Event shall be determined by reference to the last such Averaging Date as though it were that Reference Date.

## 9.2 *Adjustments to Indices:*

This Condition 9.2 (*Adjustments to Indices*) is applicable only in relation to Notes specified in the relevant Final Terms as being Single Index Notes or Index Basket Notes.

### (a) *Successor Index:*

If a relevant Index is (a) not calculated and announced by the Index Sponsor, but is calculated and announced by a successor sponsor acceptable to the Determination Agent acting in good faith and in a commercially reasonable manner or (b) replaced by a Successor Index using, in the determination of the Determination Agent (such determination to be at the Determination Agent's reasonable discretion), the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the **Successor Index**) will be deemed to be the Index.

### (b) *Index Cancellation or Administrator/Benchmark Event Date:*

If on or prior to any Reference Date either (1) the Index Sponsor permanently cancels the Index and no Successor Index exists (an **Index Cancellation**) or (2) the applicable Final Terms specify that the Benchmark Trigger Provisions are applicable and an Administrator/Benchmark Event and an Administrator/Benchmark Event Date occurs in respect of such Index, then:

- (i) If the applicable Final Terms specify that the Benchmark Trigger Provisions are applicable and if an Alternative Pre-nominated Index has been specified in relation to such Index in the applicable Final Terms, then:
  - (A) the Determination Agent shall attempt to determine an Adjustment Payment;
  - (B) if the Determination Agent determines an Adjustment Payment,
    - (aa) it shall notify the Issuer of the Adjustment Payment and if the Adjustment Payment is an amount that the Noteholder would (but for Condition 9.2(b)(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note, request the Issuer to notify the Determination Agent whether it intends to redeem the Notes pursuant to Condition 9.2(d). If the Issuer does not intend to redeem the Notes pursuant to Condition 9.2(d) then the following provisions of this Condition 9.2(b)(i) shall apply;

- (bb) the terms of the Notes shall be amended so that references to the Index are replaced by references to the Alternative Pre-nominated Index;
  - (cc) the Conditions shall be adjusted to implement the Adjustment Payment as follows:
    - a. if the Adjustment Payment is an amount that the Issuer is required to pay in respect of each Note, the Determination Agent shall adjust the Conditions to provide for the payment of the Adjustment Payment on the immediately succeeding Interest Payment Date or if there is no such immediately succeeding Interest Payment Date, on the Maturity Date or other date when the Notes are redeemed in full; or
    - b. if the Adjustment Payment is an amount that the Noteholder would (but for this Condition 9.2(b)(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note, the Determination Agent shall adjust the Conditions to provide for the reduction of the amounts due by the Issuer until the aggregate amount of such reductions is equal to the Adjustment Payment, (subject, in the determination of the Determination Agent, to any minimum redemption amount of the Notes which the Determination Agent determines is required pursuant to any applicable law or regulation (including, without limitation, any tax law) and the rules of each listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation);
  - (dd) the Determination Agent shall make such other adjustments to the Conditions as it determines necessary or appropriate in order to account for the effect of the replacement of the Index with the Alternative Pre-nominated Index and/or to preserve as nearly as practicable the economic equivalence of the Notes before and after the replacement of the Index with the Alternative Pre-nominated Index; and
  - (ee) the Determination Agent shall notify the Issuer and the Fiscal Agent of any replacement of the Index by the Alternative Pre-nominated Index, the Adjustment Payment and any other adjustments to the Conditions. The Fiscal Agent shall provide notice to the Noteholders of the replacement of the Index by the Alternative Pre-nominated Index, the Adjustment Payment and any other adjustments to the Conditions in accordance with Condition 25.8 (*Notices*), giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of the foregoing.
- (C) If the Determination Agent is unable to determine an Adjustment Payment then Condition 9.2(d) shall apply.
- (ii) If the applicable Final Terms do not specify that the Benchmark Trigger Provisions are applicable or, if the Final Terms specify that the Benchmark Trigger Provisions are applicable but do not specify an Alternative Pre-nominated Index in relation to the Relevant Equity Index Benchmark, then Condition 9.2(d) shall apply.

(c) *Index Modification and Index Disruption:*

If (i) on or prior to any Reference Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent securities and capitalisation and other routine events) (an **Index Modification**) or (ii) on any Reference Date or Averaging Date, the Index Sponsor fails to calculate and announce a relevant Index (provided that, the Determination Agent may, in its reasonable discretion, determine that, in respect of a Multi-exchange Index, such failure to calculate and announce such Index shall instead be a Disrupted Day in respect of such Index) (an **Index Disruption**), then the Determination Agent shall determine if such Index Modification or Index Disruption has a material effect on the Notes and, if so, subject to Condition 9.2(d), shall calculate in its reasonable discretion the Relevant Underlying Value using, in lieu of a published level for that Index, the level for that Index as at that Reference Date or, as the case may be, that Averaging Date as determined by the Determination Agent in its reasonable discretion in accordance with the formula for and method of calculating that Index last in effect prior to that change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event.

(d) *Redemption for Index Adjustment Event:*

If:

- (i) an Index Cancellation occurs and the Final Terms do not specify that the Benchmark Trigger Provisions are applicable;
- (ii) an Index Cancellation or an Administrator/Benchmark Event Date occurs, the Final Terms specify that the Benchmark Trigger Provisions are applicable but do not specify an Alternative Pre-nominated Index;
- (iii) an Index Cancellation or an Administrator/Benchmark Event Date occurs, the Final Terms specify that the Benchmark Trigger Provisions are applicable and specify an Alternative Pre-nominated Index but the Determination Agent is unable to determine the Adjustment Payment;
- (iv) an Index Cancellation or an Administrator/Benchmark Event Date occurs, the Final Terms specify that the Benchmark Trigger Provisions are applicable and specify an Alternative Pre-nominated Index and the Determination Agent determines that the Adjustment Payment would be an amount that the Noteholder would (but for Condition 9.2(b)(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note; or
- (v) an Index Modification or an Index Disruption occurs and it (a) would be unlawful at any time under any applicable law or regulation or (b) would contravene any applicable licensing requirements, in each case for the Determination Agent to calculate the Relevant Underlying Value in accordance with Condition 9.2(c),

then the Issuer may, at any time thereafter and in its reasonable discretion, determine that the Notes shall be redeemed as of any later date. If the Issuer so determines that the Notes shall be redeemed, then the Issuer shall give not less than five Business Days' notice to the Noteholders to redeem the Notes and upon redemption the Issuer will pay in respect of each Note an amount equal to either:

- (i) if "**Early Redemption Amount (Index Cancellation) – Fair Market Value Less Costs**" is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), less the proportion attributable to that Note of the reasonable cost to the Issuer and/or any Affiliate of, or the loss realised by the Issuer and/or any Affiliate on, unwinding any related hedging arrangements, all as calculated by the Determination Agent in its reasonable discretion; or
- (ii) if "**Early Redemption Amount (Index Cancellation) – Fair Market Value**" is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), as calculated by the Determination Agent in its reasonable discretion.

The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

If the Issuer determines that the relevant Notes shall continue, the Determination Agent may make such adjustment as the Determination Agent, in its reasonable discretion, considers appropriate, if any, to the formula and other provisions for determining the Final Redemption Amount, any Interest Amount or the Relevant Underlying Value (as defined in the Additional Terms and Conditions) set out in these Conditions and such provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms and any other variable relevant to the settlement or payment terms of the Notes, which change or adjustment shall be effective on such date as the Determination Agent shall determine. The Fiscal Agent shall provide notice to the Noteholders of any such change or adjustment, in accordance with Condition 25.8 (*Notices*), giving summary details of the relevant change or adjustment, provided that any failure to give such notice shall not affect the validity of any such change or adjustment.

(e) *Correction of Index Levels:*

If the level of an Index published by the Index Sponsor and which is utilised by the Determination Agent for any calculation or determination (the **Original Determination**) under the Notes is subsequently corrected and the correction (the **Corrected Value**) is published by the Index Sponsor by such time (the **Correction Cut Off Time**) as may be specified in the relevant Final Terms (or, if none is so specified, within one Settlement Cycle after the original publication and prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Early Redemption Date or Maturity Date), then the Determination Agent will notify the Issuer and the Fiscal Agent of the Corrected Value as soon as reasonably practicable and shall determine the relevant value (the **Replacement Determination**) using the Corrected Value. If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it determines to be necessary and practicable, the Determination Agent may, acting in good faith and a commercially reasonable manner, adjust any relevant terms accordingly. The Fiscal Agent shall provide notice to the Noteholders of any such adjustment, giving summary details of the adjustment in accordance with Condition 25.8 (*Notices*), provided that any failure to give such notice shall not affect the validity of any such adjustment.

9.3 *Adjustments affecting Underlying Shares and ETF Interests:*

This Condition 9.3 (*Adjustments affecting Underlying Shares and ETF Interests*) is applicable only in relation to Single Share Notes, Single ETF Notes, Share Basket Notes and ETF Basket Notes.

(a) *Adjustments for Potential Adjustment Events:*

Following the declaration by the Underlying Issuer, the relevant ETF or an ETF Service Provider of the terms of a Potential Adjustment Event, the Determination Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Underlying Shares or ETF Interests and, if so, will (i) make such adjustment as it, in its reasonable discretion, considers appropriate, if any, to the formula or other provisions for determining the Final Redemption Amount, any Interest Amount and/or the Relevant Underlying Value set out in these Conditions or such provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms, the number of Underlying Shares or ETF Interests to which each Note relates, the number of Underlying Shares or ETF Interests comprised in a Basket of Shares or Basket of ETF Interests and/or any other adjustment and, in any case, to any other variable relevant to the payment or other terms of the relevant Notes as the Determination Agent determines, in its reasonable discretion, to be appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate, or liquidity relative to such Shares or ETF Interests) and (ii) determine, in its reasonable discretion, the effective date(s) of such adjustment(s). The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25.8 (*Notices*) giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.

(b) *Correction of Underlying Share and ETF Interest Prices:*

If any price published on the Exchange and which is utilised by the Determination Agent for any calculation or determination (the **Original Determination**) under the Notes is subsequently corrected and the correction (the **Corrected Value**) is published by the Exchange by such time (the **Correction Cut Off Time**) as may be specified in the relevant Final Terms (or, if none is so specified, within one Settlement Cycle after the original publication and prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Early Redemption Date or Maturity Date), then the Determination Agent will notify the Issuer and the Fiscal Agent of the Corrected Value as soon as reasonably practicable and shall determine the relevant value (the **Replacement Determination**) using the Corrected Value. If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it determines to be necessary and practicable, the Determination Agent may, acting in good faith and a commercially reasonable manner, adjust any relevant terms accordingly. The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25.8 (*Notices*) giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.

#### 9.4 *Extraordinary Events:*

This Condition 9.4 (*Extraordinary Events*) is applicable only in relation to Notes specified in the relevant Final Terms as being Single Share Notes, Single ETF Notes, Share Basket Notes or ETF Basket Notes.

(a) *Merger Event or Tender Offer:*

- (i) Following the occurrence of any Merger Event or Tender Offer, the Issuer will, in its reasonable discretion, determine whether the relevant Notes shall continue or shall be redeemed early.
- (ii) If the Issuer determines that the relevant Notes shall continue, the Determination Agent may make such adjustment as the Determination Agent, in its reasonable discretion, considers appropriate, if any, to the formula or other provisions for determining the Final Redemption Amount, any Interest Amount and/or the Relevant Underlying Value set out in these Conditions or such provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms, the number of Underlying Shares or ETF Interests to which each Note relates, the number of Underlying Shares or ETF Interests comprised in a Basket of Shares or Basket of ETF Interests (as the case may be) and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment (including, without limitation, in relation to Share Basket Notes or ETF Basket Notes, the cancellation of terms applicable in respect of Underlying Shares or ETF Interests affected by the relevant Merger Event or Tender Offer) which adjustment shall be effective on such date as the Determination Agent shall determine. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes. The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25.8 (*Notices*) giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.
- (iii) If the Issuer determines that the relevant Notes shall be redeemed early, then the Issuer shall give not less than five Business Days' notice to the Noteholders to redeem the Notes and the Issuer's obligations under the Notes shall be satisfied in full upon payment of (in the case of a Merger Event) the Merger Event Settlement Amount – Fair Market Value Less Costs or the Merger Event Settlement Amount – Fair Market Value (each as defined below), as applicable, or of (in the case of a Tender Offer) the Tender Offer Settlement Amount – Fair Market Value Less Costs or the Tender Offer Settlement Amount – Fair Market Value (each as defined below), as applicable.
- (iv) For the purposes hereof

**Merger Date** means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Determination Agent, in its reasonable discretion;

- (c) In the case where the Determination Agent determines that it is impossible to obtain the Relevant Underlying Value on an Averaging Date (or, if different, the day on which rates for that Averaging Date would, in the ordinary course, be published or announced by the relevant price source), such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the Relevant Underlying Value. If through the operation of this Condition 10.2, there would not be an Averaging Date with respect to the Relevant Date, the provisions of Conditions 10.3 (*Currency Disruption Events*) and 10.4 (*Currency Disruption Fallbacks*) shall apply for purposes of determining the Relevant Underlying Value on the final Averaging Date with respect to that Relevant Date as if such Averaging Date were a Valuation Date on which a Price Source Disruption had occurred.

- (i) in the case of Price Source Disruption, on the day that is the Relevant Date in respect of such Series (or, if different, the day on which rates for that Relevant Date would, in the ordinary course, be published or announced by the relevant price source); and

  - (ii) **Fallback Reference Price** means that the Determination Agent will determine, in its reasonable discretion, the Settlement Rate for such Series on the relevant Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced) pursuant to the Settlement Rate Option specified in the applicable Final Terms.
- (b) Where more than one Currency Disruption Event occurs or exists or is deemed to occur or exist, then, unless the relevant Final Terms has specified which Currency Disruption Fallback shall apply in such circumstances, the Determination Agent shall determine, in its reasonable discretion, which Currency Disruption Fallback shall apply.

The Fiscal Agent shall provide notice to the Noteholders of any such adjustment, giving summary details of the adjustment in accordance with Condition 25.8 (*Notices*), provided that any failure to give such notice shall not affect the validity of any such adjustment.

(c) If the Issuer determines that the relevant Notes shall be redeemed early, then the Issuer shall give not less than five Business Days' notice to redeem the Notes and the Issuer's obligations under the Notes shall be satisfied in full upon payment in respect of each Note of an amount equal to either:

**Specified Time** means, in respect of any series of Notes and the determination of the Spot Rate, the time specified as such in the applicable Final Terms, or if no such time is specified, the time chosen by the Determination Agent;

**Spot Rate** means for any Valuation Date, the relevant currency exchange rate determined in accordance with the applicable Settlement Rate Option and, if a Settlement Rate Option is not applicable, the currency exchange rate at the time at which such rate is to be determined for foreign exchange transactions in the Currency Pair for value on the Maturity Date (or other relevant date for payment under the Notes), as determined in good faith and in a commercially reasonable manner by the Determination Agent; and

**Unscheduled Holiday** means that a day is not a Currency Business Day and that the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in the Principal Financial Centre(s) of the Reference Currency two Currency Business Days prior to such day.

## **11. PROVISIONS RELATING TO INFLATION-LINKED NOTES**

This Condition 11 (*Provisions Relating to Inflation-Linked Notes*) is applicable only in relation to Notes specified in the relevant Final Terms as being Inflation Linked Notes. The definitions set out in Condition 9.7 (*Definitions applicable to Equity-Linked Notes*) will also apply in relation to a Series of Inflation Linked Notes unless the context otherwise requires, or such term is defined otherwise herein, and for the purposes of this clause, the definition of Index under Condition 9.7 shall be deemed to include an Inflation Index.

### **11.1 Delay of Publication**

If any level of an Inflation Index for a Reference Month which is relevant to the calculation of a payment under the Notes (a **Relevant Level**) has not been published or announced by the day that is five Business Days prior to the next Specified Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date under the Notes or other relevant payment date as may be specified in the applicable Final Terms in relation to the Notes, the Determination Agent shall determine a Substitute Inflation Index Level (in place of such Relevant Level) in a commercially reasonable manner in its reasonable discretion. If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the next Specified Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date as may be specified in the applicable Final Terms in relation to the Notes, such Relevant Level will not be used in any calculations. The Substitute

Inflation Index Level so determined pursuant to this Condition 11.1 (*Delay of Publication*), will be the definitive level for that Reference Month.

## 11.2 *Cessation of Publication*

If a level for the Inflation Index has not been published or announced for two consecutive months or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index then the Determination Agent shall determine a Successor Index (in lieu of any previously applicable Inflation Index) for the purposes of the Notes by using the following methodology:

- 11.2.1 If at any time a Successor Inflation Index has been designated by the Determination Agent pursuant to the terms and conditions of the Related Bond, such Successor Inflation Index shall be designated a "Successor Inflation Index" for the purposes of all subsequent Specified Interest Payment Dates or other relevant payment date as may be specified in the applicable Final Terms in relation to the Notes, notwithstanding that any other Successor Inflation Index may previously have been determined under Conditions 11.2.2, 11.2.3 or 11.2.4 below; or
- 11.2.2 If a Successor Inflation Index has not been determined under Condition 11.2.1 above and a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement index specified by the Inflation Index Sponsor, and the Determination Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Notes from the date that such replacement index comes into effect; or
- 11.2.3 If a Successor Inflation Index has not been determined under Condition 11.2.1 or Condition 11.2.2 above, the Determination Agent shall ask five leading independent dealers to state what the replacement Index for the Inflation Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same Inflation Index, this Index will be deemed the "Successor Inflation Index". If three responses are received, and two or more leading independent dealers state the same Inflation Index, this Inflation Index will be deemed the "Successor Inflation Index". If fewer than three responses are received, the Determination Agent will proceed to Condition 11.2.4 below; or
- 11.2.4 If no Successor Inflation Index has been deemed under Conditions 11.2.1, 11.2.2 or 11.2.3 above by the fifth Business Day prior to the next Affected Payment Date the Determination Agent will determine an appropriate alternative index for such Affected Payment Date, and such index will be deemed a "Successor Inflation Index"; or
- 11.2.5 If the Determination Agent determines that there is no appropriate alternative index, the Issuer shall give not less than five Business Days' notice to redeem the Notes and the Issuer's obligations under the Notes shall be satisfied in full upon payment in respect of each Note of an amount equal to either:
  - (i) if "Early Redemption Amount (Inflation Index Cessation) - Fair Market Value Less Costs" is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (**provided that** such day is not more than 15 days before the date fixed for redemption of the Note), less the proportion attributable to that Note of the reasonable cost to the Issuer and/or any Affiliate of, or the loss realised by the Issuer and/or any Affiliate on, unwinding any related hedging

arrangements, all as calculated by the Determination Agent in its reasonable discretion; or

- (ii) if "Early Redemption Amount (Inflation Index Cessation) - Fair Market Value" is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (**provided that** such day is not more than 15 days before the date fixed for redemption of the Note), as calculated by the Determination Agent in its reasonable discretion.

### 11.3 *Rebasing of the Inflation Index*

If the Determination Agent determines that an Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the **Rebased Index**) will be used for purposes of determining the level of such Index from the date of such rebasing; provided, however, that the Calculation Agent shall make such adjustments as are made by the Determination Agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. If there is no Related Bond, the Determination Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.

### 11.4 *Material Modification Prior to Payment Date*

If, on or prior to the day that is five Business Days before an Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date in relation to the Notes, an Inflation Index Sponsor announces that it will make a material change to an Inflation Index then the Determination Agent shall make any such adjustments to the Inflation Index consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Inflation Index to continue as the Inflation Index.

### 11.5 *Manifest Error in Publication*

If, within thirty days of publication and prior to the redemption of the Notes or payments in respect of any relevant Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date in relation to the Notes, the Determination Agent determines that the Inflation Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Determination Agent will notify the holders of the Notes in accordance with Condition 25 (*Notices*) of (i) that correction, (ii) the adjusted amount that is then payable under the Notes as a result of that correction and (iii) take such other action as it may deem necessary to give effect to such correction, provided that any amount payable pursuant to sub-paragraph (ii) above shall be paid (with no interest accruing thereon) (a) in connection with an Inflation Index Sponsor's correction to remedy a manifest error in the level of an Inflation Index for a Reference Month for which the Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date in relation to the Notes has occurred, within 15 Business Days after notice of such amount payable by the Determination Agent, (b) in connection with an Inflation Index Sponsor's correction to remedy a manifest error in the level of an Inflation Index for a Reference Month for which the Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date in relation to the Notes has not occurred, as an adjustment to the payment obligation on the next Specified Interest Payment Date or (c) if there is no further Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date in relation to the Notes, within 15 Business Days after notice of such amount payable by the Determination Agent.

#### 11.6 *Index Level Adjustment Correction*

In relation to any Inflation Index, as specified in the Final Terms, either (i) the first publication or announcement of the level of the Inflation Index (disregarding estimates) by the relevant Inflation Index Sponsor for any Reference Month shall be final and conclusive and, subject to this Condition 11, later revisions to the level of the Inflation Index for such Reference Month will not be used in any calculations; or (ii) the first publication or announcement of a level of the Inflation Index (disregarding estimates) published by the relevant Index Sponsor or, if revised, any subsequent revision of such level for a Reference Month shall be final and conclusive for such Reference Month, provided that such revisions are published or announced up to and including the day that is two Business Days prior to any relevant Interest Payment Date, Maturity Date or any other payment in respect of the Notes. The Issuer shall give notice to Noteholders of Inflation Linked Notes of any valid revision in accordance with Condition 25 (*Notices*) within 15 Business Days of the publication or announcement of such revision.

#### 11.7 *Additional Disruption Events:*

- (a) Following the occurrence of an Additional Disruption Event, the Issuer will, in its reasonable discretion, determine whether or not the relevant Notes shall continue or be redeemed early.
- (b) If the Issuer determines that the relevant Notes shall continue, the Determination Agent may make such adjustment as the Determination Agent, in its reasonable discretion, considers appropriate, if any, to any variable relevant to the redemption or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date as the Determination Agent shall determine. The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25 (*Notices*), giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.
- (c) If the Issuer determines that the relevant Notes shall be redeemed early, then the Issuer shall give not less than five Business Days' notice to redeem the Notes and the Issuer's obligations under the Notes shall be satisfied in full upon payment in respect of each Note of an amount equal to
  - (i) if **"Early Redemption Amount (Additional Disruption Event) – Fair Market Value Less Costs"** is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), less the proportion attributable to that Note of the reasonable cost to the Issuer and/or any Affiliate of, or the loss realised by the Issuer and/or any Affiliate on, unwinding any related hedging arrangements, all as calculated by the Determination Agent in its reasonable discretion; or
  - (ii) if **"Early Redemption Amount (Additional Disruption Event) – Fair Market Value"** is specified in the Final Terms, the fair market value of such Note, on such day as is selected by the Determination Agent in its reasonable discretion (provided that such day is not more than 15 days before the date fixed for redemption of the Note), as calculated by the Determination Agent in its reasonable discretion.
- (d) The Issuer shall as soon as reasonably practicable under the circumstances notify the Determination Agent of the occurrence of an Additional Disruption Event.

## 11.8 *Definitions Applicable to Inflation-Linked Notes*

In relation to Inflation Linked Notes, the following expressions have the meanings set out below:

**Additional Disruption Event** means, with respect to any Series of Inflation-Linked Notes, such Change in Law, Hedging Disruption or Increased Cost of Hedging as specified as applicable in the applicable Final Terms.

**Affected Payment Date** means each Interest Payment Date, Automatic Early Redemption Date, Maturity Date or other relevant payment date as may be specified in the applicable Final Terms in relation to the Notes in respect of which an Inflation Index has not been published or announced;

**Change in Law** means that, on or after the Trade Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (x) it has become illegal to hold, acquire or dispose of Hedge Positions or (y) it will incur a materially increased cost in performing its obligations with respect to the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);

**Fallback Bond** means an inflation linked bond selected by the Determination Agent and issued by the government of a country to whose level of inflation the Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to the Inflation Index, with a maturity date which falls on (a) the same date as the Maturity Date, or (b) if no such bond as described in (a) can be determined, the next longest maturity after the Maturity Date, or (c) if no such bond as described in either (a) or (b) can be determined, the next shortest maturity before the Maturity Date. If the Inflation Index relates to the level of inflation across the European Monetary Union, the Determination Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Determination Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Settlement Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Determination Agent from those bonds. If the Fallback Bond redeems the Determination Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged);

**Hedge Positions** means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by a party in order to hedge, individually or on a portfolio basis, the Notes;

**Hedging Disruption** means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations under the Notes, or (B) realise, recover or remit the proceeds of any such transactions or asset(s);

**Increased Cost of Hedging** means that the Issuer would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the Notes or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging;

**Inflation Index** means any index specified as such in the applicable Final Terms;

**Inflation Index Sponsor** means, in respect of an Inflation Index, the entity specified as such in the relevant Final Terms or, if no entity is specified, the entity that publishes or announces (directly or through an agent) the level of the relevant Inflation Index;

**Reference Month** means the calendar month for which the level of the relevant Inflation Index was reported, regardless of when this information is published or announced, and, where such Reference Month is relevant to determine the Relevant Underlying Value (as defined in the Additional Terms and Conditions) on any Interest Determination Date, Barrier Observation Date (as defined in the Additional Terms and Conditions) or Automatic Early Redemption Valuation Date or Determination Date (as defined in the Additional Terms and Conditions), means the Reference Month specified in respect of each such date. If the period for which the Inflation Index level was reported is a period other than a month, the Reference Month will be the period for which the Inflation Index level was reported;

**Related Bond** means the bond specified in the applicable Final Terms, or if no bond is so specified, the Fallback Bond. If the Related Bond is "Fallback Bond", then for any Related Bond determination under these Conditions, the Determination Agent shall use the Fallback Bond (as that is defined in this Condition 11.7 (*Additional Disruption Events*) herein). If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not applicable" is specified in the applicable Final Terms there will be no Related Bond. If a bond is selected as the Related Bond in the applicable Final Terms, and that bond redeems or matures before the relevant Maturity Date, unless "Fallback Bond: Not applicable" is specified in the applicable Final Terms, the Determination Agent shall use the Fallback Bond for any Related Bond determination;

**Substitute Inflation Index Level** means an Inflation Index level, determined by the Determination Agent pursuant to the provisions of Condition 11.1 (*Delay of Publication*), in respect of an Affected Payment Date; and

**Successor Inflation Index** has the meaning specified in Condition 11.2 (*Cessation of Publication*).

## 12. PROVISIONS RELATING TO FUND-LINKED NOTES

This Condition 12 (*Provisions relating to Fund-Linked Notes*) shall apply only to Notes specified in the applicable Final Terms as being Single Fund-Linked Notes or Fund Basket-Linked Notes.

### 12.1 *Market Disruption, Reference Dates and Averaging Dates*

- (a) The Determination Agent shall as soon as reasonably practicable under the circumstances notify the Issuer of the occurrence of a Disrupted Day on any day that, but for the occurrence or continuance of a Disrupted Day, would have been a Reference Date.
- (b) If any Reference Date is a Disrupted Day, then:
  - (i) in the case of Single Fund Notes, the relevant Reference Date shall be the next succeeding Fund Business Day that is not in the determination of the Determination Agent a Disrupted Day, unless no Fund Business Day that is not a Disrupted Day has occurred prior to the last Fund Business Day of one Cut-off Period following the Scheduled Reference Date. In that case, the last Fund Business Day of such Cut-off Period shall be deemed to be the Reference Date, notwithstanding the fact that such Fund Business Day is a Disrupted Day, and (ii) the Determination Agent shall determine its estimate of the value for the Fund Interest as of the Valuation Time on that deemed Reference Date, acting in good faith and a commercially reasonable manner; or
  - (ii) in the case of Fund Basket Notes:

- (A) where "Individual Fund Business Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
- (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
  - (2) the Reference Date for any Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the first Fund Business Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component, unless no Fund Business Day that is not a Disrupted Day has occurred prior to the last Fund Business Day of one Cut-off Period following the Scheduled Reference Date. In that case, (i) the last Fund Business Day of such Cut-off Period shall be deemed to be the Reference Date, notwithstanding the fact that such Fund Business Day is a Disrupted Day, and (ii) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on that deemed Reference Date, acting in good faith and a commercially reasonable manner;
- (B) where "Common Fund Business Days and Common Disrupted Days" is specified to be applicable in the relevant Final Terms, then if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, the Reference Date for each such Basket Component shall be the first Common Fund Business Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of any Basket Component, unless no Common Fund Business Day that is not a Disrupted Day has occurred prior to the last Fund Business Day of one Cut-off Period following the Scheduled Reference Date. In that case, (i) the last Fund Business Day of such Cut-off Period shall be deemed to be the Reference Date, notwithstanding the fact that such Fund Business Day is a Disrupted Day, and (ii) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on that deemed Reference Date, acting in good faith and a commercially reasonable manner;
- (C) where "Common Fund Business Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
- (aa) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
  - (bb) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the first Fund Business Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component, unless no Fund Business Day for such Basket Component that is not a Disrupted Day has occurred prior to the last Fund Business Day of one Cut-off Period following the Scheduled Reference Date. In that case, (i) the last Fund

Business Day of such Cut-off Period shall be deemed to be the Reference Date, notwithstanding the fact that such Fund Business Day is a Disrupted Day, and (ii) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on that deemed Reference Date, acting in good faith and a commercially reasonable manner;

In addition, the Determination Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any other amounts payable under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final Redemption Amount and/or any such other amounts, all in the determination of the Determination Agent.

(c) If Averaging Dates are specified in the applicable Final Terms with respect to a Reference Date then, notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Fund Interest or Basket of Fund Interests in relation to the relevant Reference Date:

(i) If, in respect of Single Fund Notes, any Averaging Date in respect of a Reference Date is a Disrupted Day, then the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Reference Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date), and (2) the Determination Agent shall determine its estimate of the value for the Fund Interest as of the Valuation Time on that deemed Averaging Date, acting in good faith and a commercially reasonable manner; and,

(ii) If, in the case of Fund Basket Notes, a Scheduled Averaging Date in respect of a Reference Date is determined by the Determination Agent to be a Disrupted Day in respect of any Basket Component, then:

(A) where “Individual Fund Business Days and Individual Disrupted Days” is specified to be applicable in the relevant Final Terms:

(1) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and

(2) the Averaging Date for each Basket Component in respect of which the final Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the first succeeding Valid Date in relation to such Fund Interest. If the first succeeding Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Reference Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date notwithstanding the fact that such day may not be a Valid Date), and (2) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on

that deemed Averaging Date acting in good faith and a commercially reasonable manner ;

- (B) in the case of where "Common Fund Business Days and Common Disrupted Days" is specified to be applicable in the relevant Final Terms, then the Averaging Date for each Basket Component shall be the first succeeding Common Valid Date. If the first succeeding Common Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Reference Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date and notwithstanding the fact that such day may not be a Common Valid Date), and (2) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on that deemed Averaging Date, acting in good faith and a commercially reasonable manner;
- (C) where "Common Fund Business Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms:
  - (1) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (2) the Averaging Date for each Basket Component in respect of which the final Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) first succeeding Valid Date in relation to such Fund Interest. If the first succeeding Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Reference Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date and notwithstanding the fact that such day may not be a Valid Date), and (2) the Determination Agent shall determine its estimate of the value for that Fund Interest as of the Valuation Time on that deemed Averaging Date, acting in good faith and a commercially reasonable manner;

In addition, the Determination Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any other amounts payable under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final Redemption Amount and/or any such other amounts, all in the determination of the Determination Agent.

## 12.2 *Postponement of Settlement*

- 12.2.1 If the Determination Agent determines on the date which is not later than 3 Business Days (or such other period specified for this purpose in the applicable Final Terms (the **Settlement Determination Period**)) prior to any date on which the Final Redemption Amount, Interest Amount or any other amounts would otherwise be due to be paid (each a **Scheduled Settlement Date**) that a Settlement Postponement Event has occurred, then the Determination Agent shall make such adjustment to account for such Settlement Postponement Event and such adjustment shall include the postponement of the obligation of the Issuer to pay the Final Redemption

Amount or any such other amounts, as applicable, until the Postponed Settlement Date and no interest or other amount shall be payable to Noteholders in respect of such postponement.

12.2.2 If the Postponed Settlement Date is the Postponed Settlement Long Stop Date, for the purposes of determining the Final Redemption Amount or any other relevant amounts, as applicable, whether determined by reference to the Reference Price or otherwise, each Fund Interest Unit will be deemed to have a value equal to the redemption proceeds (if any) that a Hypothetical Investor which had submitted a Final Redemption Notice in respect of such Fund Interest Unit would have received in respect of such redemption on or before the Postponed Settlement Long Stop Date (in the case of Single Fund Notes) or each Long Stop Date Fund Interest Unit (if any) comprising the Basket of Funds will be deemed to have a value equal to the redemption proceeds (if any) that a Hypothetical Investor which had submitted a Final Redemption Notice in respect of such Long Stop Date Fund Interest Unit would have received in respect of such redemption on or before the Postponed Settlement Long Stop Date.

12.2.3 *For the purposes hereof:*

- (a) a **Settlement Postponement Event** shall be deemed to occur if, as determined by the Determination Agent, a Hypothetical Investor which had submitted a Final Redemption Notice in respect of the Fund Interest Units (in the case of a Single Fund Note) or each Fund Interest Unit comprised in the Basket of Funds (in the case of a Fund Basket Note) would not have received in full the redemption proceeds in respect of such redemptions on or before the date which is 4 Business Days prior to the Scheduled Settlement Date;
- (b) the **Postponed Settlement Date** means, unless otherwise specified in the applicable Final Terms, the earlier of (x) the date which is 3 Business Days after the date on which, as determined by the Determination Agent, such Hypothetical Investor would have received such redemption proceeds in full and (y) the Postponed Settlement Long Stop Date;
- (c) the **Postponed Settlement Long Stop Date** means, unless otherwise specified in the applicable Final Terms, the date which is 3 months after the Scheduled Settlement Date;
- (d) **Long Stop Date Fund Interest Unit** means, in relation to a Basket of Funds, any Fund Interest Unit in respect of which, if a Hypothetical Investor had submitted a Final Redemption Notice in respect of such Fund Interest Unit, such Hypothetical Investor would not have received in full the redemption proceeds in respect of such redemption on or before the Postponed Settlement Long Stop Date; and
- (e) a **Final Redemption Notice** means, in respect of a Fund Interest Unit, a valid redemption notice submitted on the last date permitted pursuant to the Fund Documents of the related Fund for a redemption notice that would be timely for redemption prior to the Scheduled Settlement Date.

### 12.3 *Potential Adjustment Events*

Following the declaration by any Fund or Fund Service Provider of the terms of any Potential Adjustment Event, the Determination Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units or amount of Fund Interest and, if so, will (i) make the corresponding adjustment(s), if any, to any one or more of the Redemption Amount and/or any such other amounts payable under the Notes, the Reference Price, any Relevant Fund Interest Unit Price and, in any case, any other variable relevant to the calculation, valuation, payment or other terms of Notes as the Determination Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and (ii) determine the effective date(s) of the adjustment(s).

## 12.4 *Corrections and Adjustment*

With the exception of any Adjustments (as defined below) made after the day which is 5 Business Days (or such other period specified for this purpose in the applicable Final Terms (the **Adjustment Determination Period**)) prior to a due date for any payment under the Notes calculated by reference to the price or level of any Fund Interest Unit, if the Determination Agent determines that a Fund adjusts the Redemption Proceeds that would have been paid to a Hypothetical Investor redeeming the number of Fund Interest Units that are subject to valuation and such adjustment would be reflected in either an additional payment to such Hypothetical Investor or a claim for repayment of excess Redemption Proceeds made against such Hypothetical Investor (each an **Adjustment**), then the price or level to be used shall be the price or level of the relevant Fund Interest Units as so adjusted.

## 12.5 *Fund Events*

12.5.1 If at any time the Determination Agent determines that a Fund Event has occurred and/or is continuing then the Determination Agent shall provide written notice thereof to the Issuer (a **Fund Event Notice**). The Determination Agent shall not have any obligation to monitor the occurrence of a Fund Event nor shall it have any obligation to make a determination that a Fund Event has occurred or is continuing.

12.5.2 The Issuer will, in its reasonable discretion, determine whether the relevant Notes shall continue or shall be redeemed early and the mechanics for determining and calculating the valuation of any Affected Fund Interest and any payments under the Notes shall be suspended, subject to Condition 12.5.3 and Condition 12.5.4 below.

12.5.3 If the Issuer determines that the relevant Notes shall continue then, the Issuer may direct the Determination Agent:

- (a) to substitute any Affected Fund Interest with the Successor Fund Interest relating to such Affected Fund Interest, provided that if no Successor Fund Interest has been identified in the manner set forth below within 10 Business Days of the Fund Event Notice, then sub-paragraph (ii) below shall apply; or
- (b) to make such adjustment to account for such Fund Event as it considers appropriate which may include, without limitation, delaying the calculation and payment of the Redemption Amount and/or any such other amounts payable under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making an adjustment to the calculation of the Redemption Amount and/or any such other amounts due under the Notes, all in the determination of the Determination Agent, acting in good faith and a commercially reasonable manner. The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25.8 (*Notices*), giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.

For the purposes of this Condition 12.5.3:

**Relevant Fund Interest Unit Price** means, in respect of a Fund Interest and any Reference Date or Averaging Date, the amount per related Fund Interest Unit, determined by the Determination Agent as being equal to the Redemption Proceeds relating to such Fund Interest Unit that in the determination of the Determination Agent would be received by a Hypothetical Investor in such Fund Interest in respect of a redemption of Fund Interest Units targeted to be effected as of the Scheduled Redemption Valuation Date relating to such Reference Date or Averaging Date, as the case may be;

**Removal Value** means, in respect of any Affected Fund Interest, the value calculated by the Determination Agent in the same manner as would be used in determining the Relevant Fund Interest Unit Price of Fund Interest Units in the related Fund, but assuming a valid notice requesting redemption of Fund Interest Units in such Fund has been submitted to such Fund on the Fund Business Day next following delivery of the relevant Fund Event Notice;

**Scheduled Dividend** means any amount of Fund Interest specified in the Schedule of Ordinary Dividends;

**Scheduled Fund Valuation Date** means, in respect of any Fund Interest, the date specified in the applicable Final Terms as of which the related Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to its Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Reference Fund to delay or refuse redemption of Fund Interests), to determine the value of such Fund Interest or, if the related Fund only reports its aggregate net asset value, the date as of which such Fund determines its aggregate net asset value;

**Schedule of Ordinary Dividends** means, in respect of any Fund Interest and any Series of Notes, the schedule of dividends expected to be paid by the relevant Fund, as specified in the applicable Final Terms;

**Scheduled Redemption Payment Date** means, in respect of any Fund Interest and any Scheduled Redemption Valuation Date, the date specified as such in the applicable Final Terms or, if not so specified, the date by which the related Fund is scheduled to have paid, according to its Fund Documents, all or a specified portion of the Redemption Proceeds to an investor that has submitted a timely and valid notice requesting redemption of such Fund Interest as of such Scheduled Redemption Valuation Date;

**Scheduled Redemption Valuation Date** means, in respect of any Fund Interest, the date as of which the related Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to its Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests), to determine the net asset value of such Fund Interest for the purposes of calculating the redemption proceeds to be paid to an investor that has submitted a valid and timely notice for redemption of Fund Interests based on the value determined as of such date; the Scheduled Redemption Valuation Date relating to any Reference Date or Averaging Date, as the case may be, shall be the date specified as such in the applicable Final Terms or, if no such date is specified, the Scheduled Redemption Valuation Date for which the Scheduled Redemption Payment Date falls on or immediately prior to such Reference Date or Averaging Date, as the case may be;

**Subscription Notice Date** means, in respect of any Fund Interest and any Fund Subscription Date, the date specified as such in the applicable Final Terms or, if no date is so specified, the last date on which a notice to subscribe to such Fund Interest may be submitted pursuant to the Fund Documents of the related Fund and be considered effective as of such Fund Subscription Date; If the applicable Final Terms do not specify a Subscription Notice Date or a Fund Subscription Date, the Subscription Notice Date shall be deemed to be the Issue Date;

### 13. PROVISIONS RELATING TO FUTURES CONTRACT-LINKED NOTES

This Condition 13 (*Provisions Relating to Futures Contract-Linked Notes*) is applicable only in relation to Notes specified in the relevant Final Terms as being Single Futures Contract-Linked Notes or Futures Contract Basket-Linked Notes.

### 13.1 *Market Disruption, Reference Dates and Averaging Dates*

- (a) If a Reference Date is not a Scheduled Trading Day, the relevant Reference Date shall be the next succeeding Scheduled Trading Day or, if either “Common Scheduled Trading Days and Common Disrupted Days” or “Common Scheduled Trading Days and Individual Disrupted Days” is specified to be applicable in the applicable Final Terms, the next succeeding Common Scheduled Trading Day.
- (b) Subject to Condition 13.1(d) below, if any Scheduled Reference Date is a Disrupted Day, then:
  - (i) in the case of a Single Futures Contract-Linked Note, the relevant Reference Date shall be the earlier of (i) the first succeeding Scheduled Trading Day that is not in the determination of the Determination Agent a Disrupted Day and (ii) the Reference Cut-Off Date (notwithstanding that such Scheduled Trading Day is a Disrupted Day).
  - (ii) in the case of a Futures Contract Basket-Linked Note:
    - (A) where “Individual Scheduled Trading Days and Individual Disrupted Days” is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
      - (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
      - (2) the Reference Date for any Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the earlier of (A) the first Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component; and (B) the Reference Cut-Off Date for such Affected Basket Component (notwithstanding that such day may not be a Scheduled Trading Day).
    - (B) where “Common Scheduled Trading Days and Common Disrupted Days” is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then the Reference Date for each Basket Component shall be the earlier of (i) the first Common Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day with respect to any Basket Component; and (ii) the Reference Cut-Off Date (notwithstanding that such day may not be a Common Scheduled Trading Day).
    - (C) where “Common Scheduled Trading Days and Individual Disrupted Days” is specified to be applicable in the relevant Final Terms, if the Determination Agent determines that any Scheduled Reference Date is a Disrupted Day in respect of any Basket Component, then:
      - (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
      - (2) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an **Affected Basket Component**) shall be the earlier of (A) the first Scheduled Trading Day

following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component; and (B) the Reference Cut-Off Date for such Affected Basket Component (notwithstanding that such day may not be a Common Scheduled Trading Day or a Scheduled Trading Day).

- (iii) in the case of any Single Futures Contract-Linked Note or Futures Contract Basket-Linked Note (as the case may be), where a Reference Date falls on the relevant Reference Cut-Off Date pursuant to Condition 13.1(b)(ii), then:
  - (A) if such Reference Cut-Off Date is not a Disrupted Day for such Single Futures Contract-Linked Note or Futures Contract Basket-Linked Note (as the case may be), the Determination Agent shall determine the value of such Futures Contract as at the Determination Time on such Reference Cut-Off Date; or
  - (B) if such Reference Cut-Off Date is a Disrupted Day, in respect of Single Futures Contract-Linked Notes and Futures Contract Basket-Linked Notes, the Determination Agent shall determine its estimate of the value for such Futures Contract as of the Determination Time on such Reference Cut-Off Date, acting in good faith and a commercially reasonable manner.
- (c) Subject to Condition 13.1(d) below, if Averaging Dates are specified in the applicable Final Terms as being applicable, then, notwithstanding any other provisions of these Conditions (other than Condition 13.1(d)), the following provisions will apply to the valuation of the relevant Futures Contract in relation to the relevant Reference Date:
  - (i) If, in respect of a Single Futures Contract-Linked Note, a Scheduled Averaging Date is determined by the Determination Agent to be a Disrupted Day, then if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is:
    - (A) **Omission**, then such date will be deemed not to be a relevant Averaging Date in respect of such Reference Date for the purposes of determining the level, price, value or amount **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Reference Date, then Condition 13.1(b) will apply for purposes of determining the Relevant Underlying Value on the final Averaging Date in respect of that Reference Date as if such final Averaging Date were a Reference Date that was a Disrupted Day;
    - (B) **Postponement**, then Condition 13.1(b) will apply for the purposes of determining the level, price, value or amount on that date as if such date were a Reference Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes; or
    - (C) **Modified Postponement**, then the Averaging Date shall be the earlier of (I) the first Valid Date following the Scheduled Averaging Date and (II) the Averaging Cut-Off Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date.
  - (ii) If, in respect of a Futures Contract Basket-Linked Note, a Scheduled Averaging Date in respect of a Reference Date is determined by the Determination Agent to be a Disrupted Day in respect of any Basket Component, then:
    - (A) where "Individual Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms:

- (1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) such date shall not be an Averaging Date in respect of such Reference Date for any Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**), provided that if through the operation of this provision there would not be any Averaging Date in respect of such Reference Date for the Affected Basket Component, then the sole Averaging Date for such Affected Basket Component shall be the earlier of (I) the first Scheduled Trading Day following the final Scheduled Averaging Date that is not a Disrupted Day in respect of each such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component;
- (2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component. Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 13.1(c)(ii)(A)(2)(b) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or
- (3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Valid Date following the Scheduled Averaging Date in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;

- (B) where "Common Scheduled Trading Days and Common Disrupted Days" is specified to be applicable in the relevant Final Terms:
- (1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission", such date will be deemed not to be a relevant Averaging Date in respect of any Basket Component for the purposes of determining the level, price, value or amount **provided that**, if through the operation of this provision there would be no Averaging Date in respect of such Reference Date, then the sole Averaging Date for each Basket Component shall be the earlier of (A) the first Common Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day for any Basket Component and (B) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day);
  - (2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement", then the Averaging Date shall be the earlier of (A) the first Common Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of any Basket Component and (B) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day). Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 13.1(c)(ii)(B)(2) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or
  - (3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement", then the Averaging Date for each Basket Component shall be the earlier of (I) the first Common Valid Date following the Scheduled Averaging Date and (II) the Averaging Cut-Off Date (notwithstanding the fact that such Averaging Cut-Off Date may not be a Common Scheduled Trading Day), irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;
- (C) where "Common Scheduled Trading Days and Individual Disrupted Days" is specified to be applicable in the relevant Final Terms:
- (1) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Omission":
    - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
    - (b) such date shall not be an Averaging Date in respect of such Reference Date for any Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**), provided that if through the operation of this provision there would not be any Averaging Date in respect of such Reference Date for the Affected Basket Component, then the sole Averaging Date for such Affected Basket Component shall be the earlier of (I) the first Scheduled Trading Day following the final Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component

and (II) the Averaging Cut-Off Date for such Affected Basket Component (notwithstanding the fact that such day may not be a Common Scheduled Trading Day);

- (2) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Postponement":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component (notwithstanding the fact that such day not be a Common Scheduled Trading Day). Any day (including, for the avoidance of doubt, the Averaging Cut-Off Date) determined to be an Averaging Date as a result of the operation of this Condition 13.1(c)(ii)(C)(2)(b) shall be an Averaging Date, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date; or
- (3) if, in relation to **Averaging Date Disruption**, the consequence specified in the relevant Final Terms is "Modified Postponement":
  - (a) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is not a Disrupted Day shall be the Scheduled Averaging Date; and
  - (b) the Averaging Date for each Basket Component in respect of which the Scheduled Averaging Date is a Disrupted Day (each such Basket Component, an **Affected Basket Component**) shall be the earlier of (I) the first Valid Date (that is a Scheduled Trading Day) following the Scheduled Averaging Date in respect of such Affected Basket Component and (II) the Averaging Cut-Off Date for such Affected Basket Component, irrespective of whether it falls on a day that already is or is deemed to be an Averaging Date;
- (iii) If, in respect of any Single Futures Contract-Linked Note or Futures Contract Basket-Linked Note (as the case may be), an Averaging Date falls on the relevant Averaging Cut-Off Date pursuant to Condition 13.1(c)(ii):
  - (A) if such Averaging Cut-Off Date is not a Disrupted Day for such Single Futures Contract-Linked Note or Futures Contract Basket-Linked Note (as the case may be), the Determination Agent shall determine the value of such Futures Contract as at the Determination Time on such Averaging Cut-Off Date; or
  - (B) if such Averaging Cut-Off Date is a Disrupted Day in respect of Single Futures Contract-Linked Note or Futures Contract Basket-Linked Note (as the case may be), the Determination Agent shall determine its estimate of the value for such Futures Contract as of the Determination Time on such Averaging Cut-Off Date, acting in good faith and a commercially reasonable manner.

- (iv) If any Averaging Dates in relation to a Reference Date occur after that Reference Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Interest Payment Date, Maturity Date or (ii) the occurrence of a Futures Contract Adjustment Event or an Additional Disruption Event shall be determined by reference to the last such Averaging Date as though it were that Reference Date.
- (d) If in respect of a Futures Contract and a Reference Date, a Scheduled Reference Date or Scheduled Averaging Date is specified to be the Expiry Date in the relevant Final Terms and due to the Scheduled Reference Date or Scheduled Averaging Date (as the case may be) being a Disrupted Day (or for any other reason), the final settlement price has been announced and published on or prior to the Scheduled Reference Date or Scheduled Averaging Date (as the case may be), then the Reference Date or Averaging Date (as the case may be) for such Futures Contract shall fall on the Expiry Date and the provisions of Conditions 13.1(b) and (c) above shall not apply to such Futures Contract and Scheduled Reference Date or Scheduled Averaging Date (as the case may be).
- (e) If an event or circumstance that would otherwise constitute or give rise to a Disrupted Day also constitutes a Futures Contract Adjustment Event, the Determination Agent shall determine whether such event or circumstance shall be treated as a Disrupted Day or a Futures Contract Adjustment Event.

13.2 *Administrator/Benchmark Event or Disappearance or Non-commencement of Futures Contract or Settlement Price*

If the applicable Final Terms specify that the Benchmark Trigger Provisions are applicable and, on or prior to any Reference Date, (i) an Administrator/Benchmark Event and an Administrator/Benchmark Event Date occurs or (ii) a Disappearance or Non-commencement of Futures Contract or Settlement Price occurs, in each case in respect of a relevant Futures Contract, then:

- (i) If the applicable Final Terms specify that the Benchmark Trigger Provisions are applicable and if an Alternative Pre-nominated Futures Contract has been specified in relation to such Futures Contract in the applicable Final Terms, then:
  - (A) the Determination Agent shall attempt to determine an Adjustment Payment;
  - (B) if the Determination Agent determines an Adjustment Payment,
    - (aa) it shall notify the Issuer of the Adjustment Payment and if the Adjustment Payment is an amount that the Noteholder would (but for Condition 13.2(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note, request the Issuer to notify the Determination Agent whether it intends to redeem the Notes pursuant to Condition 13.4(ii) (*Redemption*). If the Issuer does not intend to redeem the Notes pursuant to Condition 13.4(ii) (*Redemption*) then the following provisions of this Condition 13.2(i) (*Administrator/Benchmark Event or Disappearance or Non-commencement of Futures Contract or Settlement Price*) shall apply;
    - (bb) the terms of the Notes shall be amended so that references to the Futures Contract are replaced by references to the Alternative Pre-nominated Futures Contract;
    - (cc) the Conditions shall be adjusted to implement the Adjustment Payment as follows:

- a. if the Adjustment Payment is an amount that the Issuer is required to pay in respect of each Note, the Determination Agent shall adjust the Conditions to provide for the payment of the Adjustment Payment on the immediately succeeding Interest Payment Date or if there is no such immediately succeeding Interest Payment Date, on the Maturity Date or other date when the Notes are redeemed in full; or
    - b. if the Adjustment Payment is an amount that the Noteholder would (but for this Condition 13.2(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note, the Determination Agent shall adjust the Conditions to provide for the reduction of the amounts due by the Issuer until the aggregate amount of such reductions is equal to the Adjustment Payment, (subject, in the determination of the Determination Agent, to any minimum redemption amount of the Notes which the Determination Agent determines is required pursuant to any applicable law or regulation (including, without limitation, any tax law) and the rules of each listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation);
  - (dd) the Determination Agent shall, acting in good faith and a commercially reasonable manner, make such other adjustments to the Conditions as it determines necessary or appropriate in order to account for the effect of the replacement of the Futures Contract with the Alternative Pre-nominated Futures Contract and/or to preserve as nearly as practicable the economic equivalence of the Notes before and after the replacement of the Futures Contract with the Alternative Pre-nominated Futures Contract; and
  - (ee) the Determination Agent shall notify the Issuer, the Fiscal Agent and the Noteholders of any replacement of the Futures Contract by the Alternative Pre-nominated Futures Contract, the Adjustment Payment and any other adjustments to the Conditions, giving summary details of the adjustment(s), provided that any failure to give such notice shall not affect the validity of the foregoing.
- (C) If the Determination Agent is unable to determine an Adjustment Payment then Condition 13.4(ii) (*Redemption*) shall apply.
- (ii) If the applicable Final Terms do not specify that the Benchmark Trigger Provisions are applicable or, if the Final Terms specify that the Benchmark Trigger Provisions are applicable but do not specify an Alternative Pre-nominated Futures Contract in relation to the relevant Futures Contract, then Condition 13.4(ii) (*Redemption*) shall apply.
  - (iii) If it (A) is or would be unlawful at any time under any applicable law or regulation or (B) would contravene any applicable licensing requirements, in each case for the Issuer, the Determination Agent or the Calculation Agent to perform the actions prescribed in this Condition 13.2 (*Administrator/Benchmark Event or Disappearance or Non-commencement of Futures Contract or Settlement Price*) (or it would be unlawful or would contravene those licensing requirements were a determination to be made at such time), then Condition 13.4(ii) (*Redemption*) shall apply.

### 13.3 *Futures Contract Adjustment Events:*

If so specified in the Final Terms relating to any Series of Futures Contract-Linked Notes, the following shall constitute **Futures Contract Adjustment Events** for the purposes of such Series:

- (i) **Price Source Disruption**, which means (i) the failure of the Futures Contract Sponsor to announce or publish the Settlement Price (or the information necessary for determining the Settlement Price) or (ii) the failure by the relevant Exchange to publish the Settlement Price;
- (ii) **Trading Restriction**, which means the material suspension of, or the material limitation imposed on, trading in (i) the Futures Contract on the Exchange or (ii) any relevant Futures Contract Underlier(s).
- (iii) **Disappearance or Non-commencement of Futures Contract or Settlement Price**, which means (i) the permanent discontinuation of the Futures Contract or of trading in the relevant Futures Contract on the relevant Exchange or (ii) the disappearance or permanent discontinuance or unavailability of a Settlement Price or (iii) trading in the relevant Futures Contract never commenced and, in any such case, no Successor Futures Contract exists provided that the scheduled expiry of a Futures Contract in accordance with the relevant contract specifications shall not constitute the Disappearance or Non-commencement of Futures Contract or Settlement Price;
- (iv) **Material Change in Formula**, which means the occurrence since the Trade Date of a material change or modification in the formula for or method of calculating the settlement price or other price of the relevant Futures Contract;
- (v) **Material Change in Content**, which means the occurrence since the Trade Date of a material change or modification in the content, composition or constitution of the relevant Futures Contract;
- (vi) **Tax Disruption**, which means the imposition of, change in or removal of an excise, severance, sales, use, value added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Futures Contract (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Trade Date, if the direct effect of such imposition, change or removal is to raise or lower the level, price, value or amount on the day that would otherwise be a Reference Date from what it would have been without that imposition, change or removal.
- (vii) **Change of Exchange**, which means that the Futures Contract is no longer negotiated on the Exchange and/or under a market-standard format as of the Trade Date but is negotiated on an exchange and/or under a format that is not acceptable to the Determination Agent.
- (viii) **Illiquidity Event**, which means that in the determination of the Determination Agent, the liquidity of the Futures Contract has decreased significantly since the Trade Date, such decrease of liquidity being likely to have a material impact on any hedging arrangements of the Issuer and/or any of its Affiliates in connection with the Notes.

#### 13.4 *Adjustments for Futures Contract Adjustment Events:*

##### *(i) Adjustment*

If a Futures Contract Adjustment Event which is a Price Source Disruption, a Trading Disruption, a Material Change in Formula, a Material Change in Content, a Tax Disruption, a Change of Exchange or an Illiquidity Event occurs, the Determination Agent shall determine if such Futures Contract Adjustment Event has a material effect on the Notes and, if so, subject to Condition 13.4(ii) (*Redemption*), shall, acting in good faith and a commercially reasonable manner:

- (A) make such adjustments to the Conditions and/or the applicable Final Terms as the Determination Agent determines necessary or appropriate to account for the effect of such Futures Contract Adjustment Event and determine the effective date of each such adjustment; and/or
- (B) substitute such Futures Contract with a new Futures Contract selected by the Determination Agent (which shall be a replacement futures contract using, in the determination of the Determination Agent, the same or a substantially similar formula and method of calculation as used in the calculation of the Futures Contract or a replacement futures contract selected by the Determination Agent in accordance with any other criteria specified in the applicable Final Terms) and make such adjustments (if any) to the Conditions and/or the applicable Final Terms as it deems necessary or appropriate in relation to such substitution. Such new futures contract shall be deemed to be a Futures Contract in place of the Futures Contract the subject of the Futures Contract Adjustment Event.

The Fiscal Agent shall provide notice to the Noteholders of any such adjustment in accordance with Condition 25.8 (*Notices*), giving summary details of the adjustment, provided that any failure to give such notice shall not affect the validity of any such adjustment.

If the Determination Agent determines that no calculation, adjustment and/or substitution can reasonably be made pursuant to the above, Condition 13.4(ii) (*Redemption*) shall apply.

##### *(ii) Redemption*

If either:

- (A) a Futures Contract Adjustment Event which is a Disappearance or Non-commencement of Futures Contract or Settlement Price occurs or an Administrator/Benchmark Event and an Administrator/Benchmark Event Date occurs and:
  - (1) the Final Terms do not specify that the Benchmark Trigger Provisions are applicable;
  - (2) the Final Terms specify that the Benchmark Trigger Provisions are applicable but do not specify an Alternative Pre-nominated Futures Contract;
  - (3) the Final Terms specify that the Benchmark Trigger Provisions are applicable and specify an Alternative Pre-

nominated Futures Contract but the Determination Agent is unable to determine the Adjustment Payment;

- (4) the Final Terms specify that the Benchmark Trigger Provisions are applicable and specify an Alternative Pre-nominated Futures Contract and the Determination Agent determines that the Adjustment Payment would be an amount that the Noteholder would (but for Condition 13.2(i)(B)(cc)(b)) be required to pay to the Issuer in respect of each Note; or
  - (5) it (a) would be unlawful at any time under any applicable law or regulation or (b) would contravene any applicable licensing requirements, in each case for the Determination Agent to calculate the level, price, value or amount in accordance with Condition 13.4(i) (*Adjustment*); or
- (B) any Futures Contract Adjustment Event (other than a Disappearance or Non-commencement of Futures Contract or Settlement Price) occurs and the Determination Agent determines that no calculation, adjustment and/or substitution can reasonably be made pursuant to Condition 13.4(i),

then the Issuer may, at any time thereafter and in its reasonable discretion, determine that the Notes shall be redeemed as of any later date. If the Issuer so determines that the Notes shall be redeemed, then the Issuer shall give not less than five Business Days' notice to the Noteholders to redeem the Notes and upon redemption the Issuer will pay in respect of each Note an amount equal to either:

## 16. PAYMENTS

For the purposes of this Condition 16 (*Payments*), references to payment of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to transfer of any Physical Delivery Amount.

### 16.1 *Payments in relation to the Notes*

Payments of principal and interest in respect of Notes shall (in the case of Notes in bearer dematerialised form or administered registered form) be made by transfer to the account (denominated in the relevant currency) of the relevant Euroclear France Account Holders for the benefit of the Noteholders and (in the case of Notes in fully registered form) to accounts (denominated in the relevant currency) with a Bank designated by the Noteholders. All payments validly made to such accounts of such Euroclear France Account Holders or Noteholders will be an effective discharge of the Issuer in respect of such payments.

If the date for payment of any amount in respect of any Note is not a Payment Business Day, the holder thereof shall instead be entitled to payment: (i) on the next following Payment Business Day in the relevant place, if "Following Payment Business Day" is specified in the applicable Final Terms; or (ii) on the next following Payment Business Day in the relevant place, unless the date for payment would thereby fall into the next calendar month, in which event such date for payment shall be brought forward to the immediately preceding Payment Business Day in the relevant place, if "Modified Following Payment Business Day" is specified in the applicable Final Terms; provided that if neither "Following Payment Business Day" nor "Modified Following Payment Business Day" is specified in the applicable Final Terms, "Following Payment Business Day" shall be deemed to apply. In the event that any adjustment is made to the date for payment in accordance with this Condition 16 (*Payments*), the relevant amount due in respect of any Note shall not be affected by any such adjustment. For these purposes, unless otherwise specified in the applicable Final Terms, Payment Business Day means a day (other than a Saturday or a Sunday) (A) on which Euroclear France is open for business, (B) in such jurisdictions as shall be specified as Additional Business Centres in the relevant Final Terms and (C) (i) in the case of a payment in euro, on which the TARGET2 system is open or (ii) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency.

### 16.2 *Unavailability of Currency.*

If the Specified Currency is not available to the Issuer for making payments of principal of, and premium, interest and/or additional amounts, if any, on any Note (whether due to the imposition of exchange controls or other circumstances beyond the control of the Issuer, or if the Specified Currency is no longer used by the government of the country issuing that currency or by public institutions within the international banking community for the settlement of transactions), the Issuer may satisfy its obligations to Noteholders by making payments on the date of payment in U.S. Dollars on the basis of the prevailing exchange rate on the date of the payment or of the most recent practicable date, such rate being based on the highest bid quotation in The City of New York received by the Exchange Rate Agent at approximately 11:00 a.m., New York City time, on the second Business Day preceding the applicable payment date from three recognised foreign exchange dealers for the purchase by the quoting dealer:

16.2.1 of the Specified Currency for U.S. Dollars for settlement on the payment date;

16.2.2 in the aggregate amount of the Specified Currency payable to those holders or beneficial owners of Notes; and

16.2.3 at which the applicable dealer commits to execute a contract.

If those bid quotations are not available, the Exchange Rate Agent will determine the Market Exchange Rate at its reasonable discretion. All determinations by the Exchange Rate Agent will, in the absence of manifest error, be conclusive for all purposes and binding on the Issuer, the Guarantor (if applicable) and the Noteholders. The Exchange Rate Agent will be Morgan Stanley & Co. International plc, unless otherwise noted in the applicable Final Terms. If the Exchange Rate Agent is not an affiliate of Morgan Stanley, it may be one of the dealers providing quotations.

Any payment made in U.S. Dollars on the basis of the prevailing exchange rate where the required payment is in an unavailable Specified Currency will not constitute an Event of Default.

The foregoing provisions do not apply if a Specified Currency is unavailable because it has been replaced by the euro. If the euro has been substituted for a Specified Currency, the Issuer may (or will, if required by applicable law) without the consent of the holders of the affected Notes, pay the principal of, premium, if any, or interest, if any, on any Note denominated in the Specified Currency in euro instead of the Specified Currency, in conformity with legally applicable measures taken pursuant to, or by virtue of, the Treaty. Any payment made in U.S. Dollars or in euro as described above where the required payment is in an unavailable Specified Currency will not constitute an Event of Default.

## **17. PHYSICAL SETTLEMENT**

- (viii) contain an irrevocable undertaking to pay the Redemption Expenses and (to the extent payable but unpaid) Taxes (if any) which, in each case, are determined by the Issuer to be payable and an irrevocable instruction to the Relevant Clearing System(s) or bank to debit on or after the Physical Settlement Date the cash or other account of the Noteholder with the Relevant Clearing System(s) or bank specified in the Delivery Notice with such Redemption Expenses and Taxes; and

A Delivery Notice shall only be valid to the extent that the Principal Paying Agent has not received conflicting prior instructions in respect of the Notes which are the subject of the Delivery Notice.

17.1.4 Failure to properly complete and deliver a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.

17.1.5 If a Noteholder fails to have a Delivery Notice delivered, on its behalf as provided herein to the Principal Paying Agent, on or before the scheduled date for redemption of the relevant Notes, then the Physical Delivery Amount will be delivered as soon as practicable after the Maturity Date, as defined in the Final Terms (in which case, such date of delivery shall be deemed the Physical Settlement Date) at the risk of such Noteholder in the manner provided below. In such circumstances the relevant Noteholder shall not be entitled to any payment, whether of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Physical Settlement Date falling after the Maturity Date.

17.1.6 Following receipt of the Delivery Notice and the relevant Notes into its Euroclear France account, the Principal Paying Agent shall promptly, on the Business Day following receipt of such notice, send a copy of the Delivery Notice to the Issuer or such person as the Issuer may previously have specified.

## 17.2 *Delivery Obligation*

17.2.1 Subject to the other provisions of this Condition 17.2 (*Delivery Obligation*), the Issuer shall discharge its obligation to deliver the Physical Delivery Amount in respect of any Notes by delivering, or procuring the delivery of, the relevant Underlying Securities on the Physical Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Delivery Notice of the relevant Noteholder.

17.2.2 The number of Underlying Securities to be delivered to or for the account of each Noteholder on redemption of any Physical Settlement Notes shall be as determined in accordance with such provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms. The Issuer may pay a residual cash amount to each Noteholder representing any fractions of Underlying Securities comprising the Physical Delivery Amount.

17.2.3 After delivery to or for the account of a Noteholder of the relevant Physical Delivery Amount and for such period of time as the transferor or its agent or nominee shall continue to be

registered in any clearing system as the owner of the Underlying Securities comprised in such Physical Delivery Amount (the **Intervening Period**), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Underlying Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Underlying Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in the Clearing System during such Intervening Period as legal owner of such Underlying Securities.

- 17.2.4 Any amounts in respect of dividends and interest on the Underlying Securities comprising the Physical Delivery Amount to be delivered will be payable to the party that would receive such amounts according to market practice for a sale of such Underlying Securities executed on the Exchange Business Day following the Determination Date in respect of the Notes. Any such amounts will be paid to or for credit to the account specified by the Noteholder in the relevant Delivery Notice. No right to dividends or interest on the Underlying Securities will accrue to Noteholders prior to the Determination Date.

### 17.3 *Settlement Disruption of Physical Settlement*

- 17.3.1 This Condition 17.3 (*Settlement Disruption of Physical Settlement*) shall apply only where Physical Settlement is applicable.

- 17.3.2 The Determination Agent shall determine, acting in good faith and a commercially reasonable manner, whether or not at any time a Settlement Disruption Event has occurred in respect of Underlying Securities comprised in the Physical Delivery Amount (the **Affected Securities**) and where it determines such an event has occurred and so has prevented delivery of such Affected Securities on the original day that but for such Settlement Disruption Event would have been the Physical Settlement Date, then the Physical Settlement Date will be the first succeeding day on which delivery of such Affected Securities can take place through the Clearing System unless a Settlement Disruption Event prevents settlement on each of the 10 Clearing System Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been the Physical Settlement Date. In that case, (a) if such Affected Securities can be delivered in any other commercially reasonable manner, then the Physical Settlement Date will be the first day on which settlement of a sale of such Affected Securities executed on that 10<sup>th</sup> Clearing System Business Day customarily would take place using such other commercially reasonable manner of delivery (which other manner of delivery will be deemed the Clearing System for the purposes of delivery of such Affected Securities), and (b) if such Affected Securities cannot be delivered in any other commercially reasonable manner, then the Physical Settlement Date will be postponed until delivery can be effected through the Clearing System or in any other commercially reasonable manner. For the avoidance of doubt any such postponement shall not constitute a default by the Issuer.

- 17.3.3 For so long as delivery of the Underlying Securities in respect of any Note is not practicable by reason of a Settlement Disruption Event, then instead of physical settlement, and notwithstanding any other provision hereof or any postponement of the Physical Settlement Date, the Issuer may elect in its reasonable discretion by taking into consideration capital market practice and by acting in good faith to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Noteholders in accordance with Condition 25 (*Notices*). Payment of the Disruption Cash

Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 25 (*Notices*).

17.3.4 For the purposes hereof:

- (i) **Settlement Disruption Event** means, as determined by the Determination Agent acting in good faith and a commercially reasonable manner, an event which is beyond the control of the Issuer or the transferor of any relevant Underlying Securities and as a result of which the Clearing System cannot receive or clear the transfer of such Underlying Securities; and
- (ii) **Disruption Cash Settlement Price** means in respect of each Note an amount determined by the Determination Agent acting in good faith and in a commercially reasonable manner reflecting the fair market value of the Notes less the cost to the Issuer and/or any of its Affiliates of unwinding any Relevant Underlying related hedging arrangements and by taking into consideration the value of the relevant Underlying Securities which would have been delivered.

#### 17.4 *Delivery Disruption of Physical Settlement*

17.4.1 This Condition 17.4 (*Delivery Disruption of Physical Settlement*) shall apply only where Physical Settlement is applicable.

17.4.2 If the Determination Agent determines, acting in good faith and a commercially reasonable manner, that a Delivery Disruption Event has occurred, the Determination Agent shall notify the Issuer who shall promptly, and in any event not more than 15 Business Days after the Issuer has received such notification from the Determination Agent, notify the Noteholders, and the Issuer will then deliver, or procure the delivery of, on the Physical Settlement Date such number of Underlying Securities comprised in the Physical Delivery Amount (if any) as it can deliver, or procure the delivery of, on that date and pay such amount as in the opinion of the Determination Agent is appropriate in the circumstances by way of compensation for the non-delivery of the remainder of the Underlying Securities comprised in the Physical Delivery Amount (assuming satisfaction of each applicable condition precedent) to which the Noteholders would have been entitled under the Notes but for the occurrence of such Delivery Disruption Event, in which event the entitlements of the respective Noteholders to receive Underlying Securities on redemption shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon delivery of such number of Underlying Securities and payment of such amount.

17.4.3 Where this Condition 17.4 (*Delivery Disruption of Physical Settlement*) is applicable in accordance with its terms, insofar as the Determination Agent determines to be practical, acting in good faith and a commercially reasonable manner, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Underlying Securities to be delivered) and also to such other adjustments as the Determination Agent, acting in good faith and a commercially reasonable manner, determines to be appropriate to give practical effect to such provisions.

17.4.4 For the purposes hereof **Delivery Disruption Event** means, as determined by the Determination Agent, acting in good faith and a commercially reasonable manner, the failure or inability, due to illiquidity in the market for the Underlying Securities comprised in the Physical Delivery Amount, by or of the Issuer to deliver, or procure the delivery of, on the Physical Settlement Date all the Underlying Securities comprised in the Physical Delivery Amount to be delivered on that date.

## 17.5 *Additional Definitions:*

For the purposes of this Condition 17 (Physical Settlement):

**Clearing System** means, in respect of an Underlying Security relating to a Physical Settlement Note, the clearing system specified as such for such security in the applicable Final Terms or any successor to such clearing system as determined by the Determination Agent. If the Final Terms do not specify a clearing system, the Clearing System will be the principal domestic system customarily used for settling trades in the relevant Underlying Securities. If the Clearing System ceases to settle trades in such Underlying Securities, the Determination Agent will, acting in good faith and in a commercially reasonable manner, select another method of delivery;

**Clearing System Business Day** means, in respect of a Clearing System, any day on which such Clearing System is (or, but for the occurrence of a Settlement Disruption Event, would have been) open for the acceptance and execution of settlement instructions;

**Physical Delivery Amount** means in respect of any Series of Physical Settlement Notes, the Underlying Securities to be delivered by the Issuer to Noteholders on redemption of each Note, as determined in accordance with such provisions of the Additional Terms and Conditions as are specified as being applicable in the applicable Final Terms;

**Physical Settlement Date** means, in relation to Underlying Securities to be delivered, subject to Condition 17.3 (*Settlement Disruption of Physical Settlement*), in respect of any Notes, the date following the Maturity Date or any other applicable redemption date, as the case may be, which is the first day on which settlement of a sale of such Underlying Securities executed on that Maturity Date or other redemption date, as the case may be, customarily would take place through the applicable Clearing System, unless otherwise specified in the applicable Final Terms; and

**Settlement Disruption Event** has the meaning given to it in Condition 17.3 (*Settlement Disruption of Physical Settlement*).

## 18. TAXATION

- 18.1 *Withholding tax:* All payments of principal and interest by the Issuers and the Guarantor in respect of the Notes shall be made free and clear of, and without withholding or deduction for any taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any jurisdiction or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law or agreement with such taxing authority.
- 18.2 *No gross-up:* None of the Issuer or the Guarantor shall be required to make any additional payments on account of any such withholding or deduction.
- 18.3 *Implementation of Financial Transaction Tax:* If **Implementation of Financial Transaction Tax Event** is specified in the applicable Final Terms to be applicable to any Series of Notes, then upon the occurrence of an Implementation of Financial Transaction Tax Event, the Issuer may (i) in its reasonable discretion, with immediate effect amend the Conditions of the Notes by adjusting downward any amount payable and/or any other value or term of the Conditions to account for the economic impact of the Implementation of Financial Transaction Tax on the Issuer and its Affiliates in relation to the Notes, and (ii) to the extent that at any time thereafter the Issuer determines (acting in good faith and in a commercially reasonable manner) that it (including its Affiliates) has incurred additional loss as a result of the Implementation of Financial Transaction Tax Event that has not been accounted for through the adjustment made pursuant to sub-paragraph (i) (such amount, **Additional Increased Tax**), it may reduce the amount otherwise payable on the Notes on the next payment date (and any payment date thereafter) by an amount up to the Additional Increased Tax amount. Any such adjustments shall be notified to Noteholders as soon as reasonably practicable and in any event within 15 Business Days of such adjustments having been made. If an event or circumstance which would otherwise constitute a Change in Law or Increased Cost of Hedging (where applicable) also constitutes an Implementation of

Financial Transaction Tax Event, it will be treated as an Implementation of Financial Transaction Tax Event.

## 19. EVENTS OF DEFAULT

If any of the following events (each, an **Event of Default**) occurs and is continuing:

- 19.1 *Non-payment*: in the case of Morgan Stanley Notes, Morgan Stanley or, in the case of MSIP Notes, MSIP or, in the case of MSBV Notes, either MSBV or the Guarantor or, in the case of MSFL Notes, either MSFL or the Guarantor fails to pay any amount of principal in respect of the Notes within thirty days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within thirty days of the due date for payment thereof; or
- 19.2 *Insolvency, etc.*: (i) the Issuer becomes insolvent or is unable to pay its debts as they fall due, (ii) an administrator or liquidator of the Issuer or the whole or a substantial part of the undertaking, assets and revenues of the Issuer is appointed (otherwise than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring whilst solvent), (iii) the Issuer takes any action for a composition with or for the benefit of its creditors generally, or (iv) an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer (otherwise than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring whilst solvent) and, such order or effective resolution has remained in force and has not been rescinded, revoked or set aside for sixty days after the date on which such order is made or effective resolution is passed,

then Noteholders of not less than 25 per cent. in aggregate principal amount of the Notes may, by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, declare the Notes to be immediately due and payable, whereupon they shall become so due and payable at their Early Redemption Amount without further action or formality. Notice of any such declaration shall promptly, and in any event not more than 10 Business Days after such declaration is made, be given to the Noteholders.

In the case of MSBV Notes and MSFL Notes, nothing herein contained shall be deemed to authorise any Noteholder to exercise any remedy against the Issuer or the Guarantor solely as a result of, or because it is related directly or indirectly to, the insolvency of the Guarantor or the commencement of any proceedings relative to the Guarantor under Title 11 of the United States Bankruptcy Code, or the appointment of a receiver for the Guarantor under Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or the commencement of any other applicable federal or state bankruptcy, insolvency, resolution or other similar law, or solely as a result of, or because it is related directly or indirectly to, a receiver, assignee or trustee in bankruptcy or reorganization, liquidator, sequestrator or similar official having been appointed for or having taken possession of the Guarantor or its property, or solely as a result of, or because it is related directly or indirectly to, the institution of any other comparable judicial or regulatory proceedings relative to the Guarantor, or to the creditors or property of the Guarantor. Notwithstanding the foregoing, Noteholders are authorised to exercise any remedy against the relevant Issuer as a result of an Event of Default described in Condition 19.2.

## 20. ILLEGALITY AND REGULATORY EVENT

- 20.1 The Issuer shall have the right to redeem the Notes early (at the amount specified in the applicable Final Terms), if it shall have determined that:
- (a) its performance thereunder, or, if applicable, the Guarantor's performance of its obligation under the Guarantee, shall have become or will be unlawful in whole or in part as a result of compliance in good faith by the Issuer, or, if applicable, the Guarantor, with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power (**applicable law**) (an **Illegality Event**); or

(b) in respect of Notes issued by MSBV only, a Regulatory Event has occurred.

20.2 Subject to the conditions set out in Condition 20.1 above, if the Issuer determines that the Notes shall be redeemed early in accordance with this Condition 20, the Issuer shall give not less than five Business Days' notice to the Noteholders informing them that either an Illegality Event or, in respect of Notes issued by MSBV only, a Regulatory Event, as applicable, has occurred, as a result of which the Notes shall be redeemed early on the date specified for redemption in such notice. In such circumstances the Issuer will, if and to the extent permitted by applicable law, pay to each Noteholder in respect of each Note held by such Noteholder an amount determined by the Determination Agent, in reasonable discretion, as representing either:

- (i) the fair market value of such Note immediately prior to such redemption (ignoring such Illegality Event or Regulatory Event) less the cost to the Issuer (or its Affiliates) of, or the loss realised by the Issuer (or its Affiliates) on, unwinding any related underlying hedging arrangements, the amount of such cost or loss being as determined by the Determination Agent in its reasonable discretion, if "Early Redemption Amount (Illegality and Regulatory Event) – Fair Market Value Less Costs" is specified in the Final Terms;
- (ii) the fair market value of such Note immediately prior to such redemption (ignoring such Illegality Event or Regulatory Event), if "Early Redemption Amount (Illegality and Regulatory Event) – Fair Market Value" is specified in the Final Terms; or
- (iii) the Calculation Amount of such Note, if "Early Redemption Amount (Illegality and Regulatory Event) – Par" is specified in the Final Terms.

20.3 The Issuer's obligations under the Notes shall be satisfied in full upon payment in respect of each Note of the amount determined by the Determination Agent to be payable in accordance with the provisions above, based on the elections made in the applicable Final Terms.

20.4 The Issuer shall also, as soon as reasonably practicable under the circumstances and in any event within 15 Business Days of such event occurring, notify the Fiscal Agent and the Determination Agent of the occurrence of an Illegality Event or, in respect of Notes issued by MSBV only, a Regulatory Event, as applicable.

## **21. PRESCRIPTION**

Any action against an Issuer for payment of amounts due under the Notes shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 2.1).

## **22. AGENTS**

22.1 In acting under the Agency Agreement and in connection with the Notes, the Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders. All calculation and determination functions required of the relevant Agent may be delegated to such persons as the relevant Agent may decide and all notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the Notes by the Agents or the Issuer shall (in the absence of manifest error or wilful misconduct) be binding on the Issuer and the Noteholders and (subject as aforesaid) no liability to the Noteholders (or any of them) shall attach to the Agents or the Issuer in connection with the exercise or non-exercise by any of them of their powers, duties and discretions for such purposes.

22.2 The initial Agents and their initial Specified Office are listed below on the inside back cover of this Base Prospectus. The initial Calculation Agent is the Fiscal Agent. The Issuer reserves the right at any

time to vary or terminate the appointment of any Agent and to appoint a successor Fiscal Agent or Calculation Agent and additional or successor paying agents; **provided, however, that:**

22.2.1 there shall at all times be a Fiscal Agent appointed in respect of the Notes;

22.2.2 if a Calculation Agent is specified in the applicable Final Terms, the Issuer shall at all times maintain a Calculation Agent; and

22.2.3 if and for so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly, and in any event not more than 15 Business Days after any such change has been confirmed, be given to the Noteholders in accordance with Condition 25 (*Notices*).

22.3 Notwithstanding any provision to the contrary, the Determination Agent shall act as an expert and not as an agent for the Issuer or the Noteholders. All determinations, considerations and decisions made by the Determination Agent shall, in the absence of manifest error, wilful default or bad faith, be final and conclusive and the Determination Agent shall have no liability in relation to such determinations except in the case of its wilful default or bad faith.

22.4 Notwithstanding any provision to the contrary, the Calculation Agent shall act as an agent for the Issuer and all determinations, considerations and decisions made by the Calculation Agent shall, in the absence of manifest error, wilful default or bad faith, be final and conclusive and the Calculation Agent shall have no liability in relation to such determinations except in the case of its wilful default or bad faith.

## **23. REPRESENTATION OF NOTEHOLDERS**

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse* (the **Masse**) which will be governed by the provisions of the French *Code de Commerce* with the exception of articles L. 228-71 and R. 228-69 of the French *Code de Commerce* subject to the following provisions:

### **23.1 Legal Personality**

The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders (the **Collective Decisions**).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

### **23.2 Representative**

The office of Representative may only be conferred to persons that are nationals of a Member State of the European Union or on persons domiciled in a Member State of the European Union, and associations and companies having their registered office therein. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Supervisory Board or Board of Directors, Management Board, its general manager, its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers, general managers, members of their Supervisory Board or Board of Directors,

Management Board, their statutory auditors, or employees as well as their ascendants, descendants and spouse; or

- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, liquidation (as the case may be), retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, liquidation (as the case may be), retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

### 23.3 Powers of Representative

The Representative shall have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

### 23.4 Collective Decisions

- (a) Collective Decisions are adopted either in a general meeting (the **General Meeting**) or by consent following a written consultation (the **Written Decision**).

In accordance with Articles R. 228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Euroclear France Account Holder of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 23.10.

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

### 23.5 General Meeting

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-30th of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand

for convocation of the General Meeting. If such General Meeting has not been convened within two months after such request, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 23.10, not less than 15 calendar days prior to the date of the General Meeting on first convocation and not less than 5 calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence. Each Note carries the right to one vote.

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and to act with respect to any other matter that relates to the common rights, actions and benefits which may accrue now or in the future with respect to the Notes, including authorising the Representative to act (in legal proceedings) as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes at such time outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Each Noteholder or Representative thereof will have the right, during the 15 calendar days period preceding the holding of each General Meeting (on first convocation) or during the 5 calendar days (on second convocation), to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the principal office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

#### 23.6 Written Decision and Electronic Consent

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 66.67% of the Notes the relevant Series without having to comply with formalities and time limits referred to in Condition 23.10.

Any such Written Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting. Such Written Decision may be contained in one document or in several documents in like form each signed by or on behalf of one or more of such Noteholders and shall be published in accordance with Condition 23.10.

Pursuant to Article L.228-46-1 of the French *Code de commerce*, the Noteholders may also express their approval or rejection of the proposed Written Decision by way of electronic communication allowing the identification of Noteholders (the **Electronic Consent**).

#### 23.7 Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

#### 23.8 Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of another Series in accordance with Condition 24.1 (*Further Issues*), shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Series of Notes issued will be the Representative of the single Masse of all such Series.

#### 23.9 Single Noteholder

- (a) As long as the Notes are held by a single Noteholder, such Noteholder will exercise directly the powers delegated to the Representative and general meetings of Noteholders under the Conditions.
- (b) The Issuer (or its agent on its behalf) shall keep a record of the decisions taken by the sole Noteholder in such capacity, which shall be available, upon request, to any future Noteholders. A Representative shall be appointed when the Notes of a Series are held by more than one Noteholder.

#### 23.10 Notices to Noteholders

Any notice to be given to Noteholders in accordance with this Condition 23.10 shall be given in accordance with Condition 25.5.

#### 23.11 Full Masse

For Notes issued with a Specified Denomination of less than €100,000 (or its equivalent in any other currency), except if the Final Terms specify "Issue outside of France" as applicable, Condition 22.7 shall be deleted and replaced by the following:

##### "22.7 Expenses

The Issuer shall pay all expenses relating to the operations of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions."

In this Condition 23, the expression "outstanding" (as defined in Condition 1) does not include the Notes subscribed or purchased by the Issuer and which are held by the Issuer and not cancelled.

## 24. FURTHER ISSUES AND CONSOLIDATION

- 24.1 Further Issues: Any of the Issuers may from time to time, without the consent of the Noteholders issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.
- 24.2 Consolidation: Any of the Issuers, with the prior approval of the Fiscal Agent (which shall not be unreasonably withheld), may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 15 Business Days' prior notice to the Noteholders in accordance with Condition 25 (*Notices*), without the consent of the Noteholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other Notes have been redenominated in Euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

## 25. NOTICES

- 25.1 Notices to the holders of Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, as long as such Notes are listed and admitted to trading on Euronext Paris, they are published (a) in a daily leading newspaper of general circulation in France (which is expected to be *Les Echos*) or (b) in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the *Autorité des marchés financiers* (AMF) or (iii) to the extent the Notes are admitted to listing on the Official List of the Luxembourg Stock Exchange and to trading on the Luxembourg Regulated Market or the Euro MTF Market, notices to holders will be published, in accordance with the rules of the Luxembourg Stock Exchange, in a daily newspaper of general circulation in Luxembourg (which is expected to be the *Luxemburger Wort* or the *Tageblatt*) and/or on the Luxembourg Stock Exchange website ([www.bourse.lu](http://www.bourse.lu)), and, if permitted by the rules and regulations of the Luxembourg Stock Exchange, on the Issuer's website at <http://sp.morganstanley.com/EU/Documents> or (iv) so long as such Notes are listed and admitted to trading on any Regulated Market or other stock exchange and the rules of such Regulated Market or other stock exchange so require, in a leading daily newspaper with general circulation in the city where the Regulated Market or other stock exchange on which such Notes are listed and admitted to trading is located and on the website of any other competent authority or Regulated Market of the EEA Member State or Switzerland where the Notes are listed and admitted to trading.

of any other competent authority or Regulated Market of the EEA Member State or Switzerland where the Notes are listed and admitted to trading.

- 25.3 If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication.
- 25.4 Notices required to be given to the Noteholders (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 25.1, 25.2 and 25.3 above; except that so long as the Notes are listed and admitted to trading on a Regulated Market or other stock exchange and the rules of such Regulated Market or other stock exchange so require, notices shall also be published in a leading daily newspaper of general circulation in the city where the Regulated Market or other stock exchange on which such Note(s) is/are listed and admitted to trading is located.
- 25.5 Notices relating to the convocation and decision(s) of the Collective Decisions pursuant to Condition 23, as well as any decision of the Issuer pursuant to Article R. 228-79 of the French *Code de commerce*, shall be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared. For the avoidance of doubt, Conditions 22.1, 22.2, 22.3 and 22.4 above shall not apply to such notices.
- 25.6 Notices will, if published more than once, be deemed to have been given on the date of the first publication.
- 25.7 Notwithstanding the other provisions of these Conditions, any failure by the Issuer, the Calculation Agent, the Determination Agent or any other party to provide Noteholders with any notice due to be given to Noteholders in accordance with the Conditions shall not of itself affect the validity of the determination, adjustment, event or any other occurrence to which such notice relates.
- 25.8 If an adjustment is made, or any other action is taken, by the Determination Agent under any one or more of the following Conditions: 9.2(b), 9.2(c), 9.2(e), 9.3(a), 9.3(b), 9.4(a), 9.4(b), 9.5(b), 9.6(b), 10.5, 10.6(b), 11.1, 11.2, 11.3, 11.4, 11.7(b), 12.1.1, 12.3, 13.2, 13.4, 13.5 or 13.6, the Determination Agent shall notify the Issuer and the Fiscal Agent of such adjustment. The Fiscal Agent shall, on behalf of and on instruction of the Issuer, provide notice (which notice shall, for the avoidance of doubt, be in the form provided to it by or on behalf of the Issuer) to the Noteholders of the relevant adjustment within 15 Business Days of receipt of such notification from the Determination Agent.

## 26. CURRENCY INDEMNITY

- 26.1 If any sum due from the Issuer in respect of the Notes or any order or judgment given or made in relation thereto has to be converted from the currency (the **first currency**) in which the same is payable under these Conditions or such order or judgment into another currency (the **second currency**) for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in

question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

- 26.2 This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action. However, if a judgment awarded by a French court were to be expressed in euros, it would normally be expressed by reference to the exchange value of the relevant amount of the said foreign currency at the rate of exchange prevailing on the effective date of payment or on the date of the judgment; it should be noted, however, that if, after having obtained a judgment from a French court with respect to the Notes, any party were to seek a separate judgment on the basis of any indemnity clause with respect to currency indemnity, the court may hold that such clause did not survive the original judgment.

## 27. ROUNDING

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the applicable Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. rounded up to 0.00001 per cent.), (b) all U.S. Dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one-half cent rounded upward), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downward to the next lower whole Japanese Yen amount and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency (with 0.005 rounded up to 0.01).

## 28. REDENOMINATION

- 28.1 *Application:* This Condition 28 (*Redenomination*) is applicable to the Notes only if it is specified in the applicable Final Terms as being applicable.
- 28.2 *Notice of redenomination:* If the country of the Specified Currency becomes or, announces its intention to become, a Participating Member State, the Issuer may, without the consent of the Noteholders, on giving at least 15 Business Days' prior notice to the Noteholders and the Paying Agents, designate a date (the **Redenomination Date**), being an Interest Payment Date under the Notes falling on or after the date on which such country becomes a Participating Member State.
- 28.3 *Redenomination:* Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date, the Notes shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into euro at the rate for conversion of such currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with European Community regulations); **provided, however, that**, if the Issuer determines, with the agreement of the Fiscal Agent that the then market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly, and in any event within not more than 15 Business Days of the Issuer making such determination, notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendments.

- 28.4 *Interest Determination Date*: If the Floating Rate Note Provisions are specified in the applicable Final Terms as being applicable and Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, with effect from the Redenomination Date, the Interest Determination Date shall be deemed to be the second TARGET Settlement Day before the first day of the relevant Interest Period.

## **29. REPRESENTATIONS AND ACKNOWLEDGEMENTS BY NOTEHOLDERS**

Each Noteholder shall be deemed to represent and acknowledge to the Issuer and, as the case may be, to the Guarantor, on acquiring any Notes that:

- 29.1 neither the Issuer, the Guarantor (as the case may be), nor any Affiliate or any of their agents is acting as a fiduciary for it or provides investment, tax, accounting, legal or other advice in respect of the Notes and that such Noteholder and its advisors are not relying on any communication (written or oral and including, without limitation, opinions of third party advisors) of the Issuer, the Guarantor (as the case may be), or any Affiliate as (i) legal, regulatory, tax, business, investment, financial, accounting or other advice, (ii) a recommendation to invest in any Notes or (iii) an assurance or guarantee as to the expected results of an investment in the Notes (it being understood that information and explanations related to the terms and conditions of the Notes shall not be considered to be any such advice, recommendation, assurance or guarantee and should be independently confirmed by the recipient and its advisors prior to making any such investment);
- 29.2 such Noteholder (i) has consulted with its own legal, regulatory, tax, business, investments, financial and accounting advisors to the extent that it has deemed necessary, and has made its own investment, hedging, and trading decisions based upon its own judgment and upon any advice from such advisors as it has deemed necessary and not upon any view expressed by the Issuer, the Guarantor (as the case may be), or any Affiliate or any of their agents and (ii) is acquiring the Notes with a full understanding of the terms, conditions and risks thereof and it is capable of and willing to assume those risks; and
- 29.3 the Issuer, the Guarantor (as the case may be), and/or any Affiliates may have banking or other commercial relationships with issuers of any securities to which the Notes relate and may engage in proprietary trading in any securities, indices, fund interests or other property to which the Notes relate or options, futures, derivatives or other instruments relating thereto (including such trading as the Issuer, the Guarantor (as the case may be), and/or any Affiliate deem appropriate in their reasonable discretion to hedge the market risk on the Notes and other transactions between the Issuer, the Guarantor (as the case may be), and/or any Affiliates and any third parties), and that such trading (i) may affect the price or level thereof and consequently the amounts payable under the Notes and (ii) may be effected at any time, including on or near any Valuation Date, Observation Date, Interest Determination Date, Determination Date or Averaging Date.

## **30. SUBSTITUTION**

- 30.1 *Substitution of Issuer with Morgan Stanley Group entities*

By its acquisition of the Notes, each Noteholder acknowledges, accepts, consents and agrees that, subject to the conditions set out in this Condition 30 (*Substitution*), but without the consent of Noteholders, each Issuer may, where the Issuer is:

- (a) Morgan Stanley, substitute a subsidiary of Morgan Stanley in place of Morgan Stanley as principal debtor under the Notes, provided that any Notes in respect of which such a substitution is effected will be fully, unconditionally and irrevocably guaranteed pursuant to a guarantee of Morgan Stanley as to the payment of principal of, premium, interest and supplemental amounts, if any, on those Notes when and as the same will become due and payable, whether at maturity or otherwise, and provided further that under the terms of the guarantee, Noteholders will not be required to exercise their remedies against the substitute prior to proceeding directly against Morgan Stanley (as guarantor);
- (b) MSI plc, substitute Morgan Stanley or a subsidiary of Morgan Stanley in place of MSI plc as principal debtor under the Notes, provided that, unless Morgan Stanley is the substitute issuer, any Notes in respect of which such a substitution is effected will be fully, unconditionally and irrevocably guaranteed pursuant to a guarantee of MSI plc as to the payment of principal of, premium, interest and supplemental amounts, if any, on those Notes when and as the same will become due and payable, whether at maturity or otherwise, and provided further that under the terms of the guarantee, Noteholders will not be required to exercise their remedies against the substitute prior to proceeding directly against MSI plc (as guarantor);
- (c) MSBV, substitute Morgan Stanley or a subsidiary of Morgan Stanley in place of MSBV as principal debtor under the Notes, provided that, unless Morgan Stanley is the substitute issuer, any Notes in respect of which such a substitution is effected will be fully, unconditionally and irrevocably guaranteed pursuant to a guarantee of Morgan Stanley as to the payment of principal of, premium, interest and supplemental amounts, if any, on those Notes when and as the same will become due and payable, whether at maturity or otherwise, and provided further that under the terms of the guarantee, Noteholders will not be required to exercise their remedies against the substitute prior to proceeding directly against Morgan Stanley (as guarantor); or
- (d) MSFL, substitute Morgan Stanley or a subsidiary of Morgan Stanley in place of MSFL as principal debtor under the Notes, provided that, unless Morgan Stanley is the substitute issuer, any Notes in respect of which such a substitution is effected will be fully, unconditionally and irrevocably guaranteed pursuant to a guarantee of Morgan Stanley as to the payment of principal of, premium, interest and supplemental amounts, if any, on those Notes when and as the same will become due and payable, whether at maturity or otherwise, and provided further that under the terms of the guarantee, Noteholders will not be required to exercise their remedies against the substitute prior to proceeding directly against Morgan Stanley (as guarantor).

### 30.2 *Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*

If this Condition 30.2 is specified in the Final Terms to be applicable to a Series of Notes, subject to the conditions set out in this Condition 30 (*Substitution*), including the rights of Noteholders under Condition 30.6 (*Right to Redemption in respect of substitutions with non Morgan Stanley Group entities*), but without the consent of Noteholders, the Issuer or the Guarantor (as applicable) may, in the event that the Issuer or the Guarantor (in the case of MSBV or MSFL Notes) has determined that any of the following events has occurred in respect of the Issuer or the Guarantor (as the case may be): an insolvency, receivership or equivalent event under the jurisdiction of the Issuer or the Guarantor (as the case may be); a divestment mandated for regulatory reasons; any action being required to satisfy any regulatory licensing requirements; or a change of control (each a **Substitution Event**), substitute for itself any entity which is not a Morgan Stanley Group entity, provided that such entity has a long term credit rating from at least one rating agency of standard application on the international capital

markets (including but not limited to S&P, Moody's and Fitch) which is at least as high as the long term credit rating of the relevant Issuer or Guarantor (as the case may be) being substituted immediately prior to the occurrence of the relevant Substitution Event). Notwithstanding the foregoing, for any Series of Notes in respect of which Morgan Stanley is the Issuer, Morgan Stanley may not be substituted as Issuer with any entity which is not a Morgan Stanley Group entity within one year of the Issue Date of such Notes or the Guarantee.

As a result of the above, each Noteholder, by its acquisition of Notes, is deemed to expressly accept the release of the original Issuer or Guarantor, as the case may be, from all its obligations under the Notes.

### 30.3 *Conditions to substitution*

Substitution of an Issuer or Guarantor for another entity (the **Substitute**) as provided in Condition 30.1 (*Substitution of Issuer with Morgan Stanley Group entities*) or 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*) above (as applicable) are subject to the following conditions:

- (a) the substitution not being materially prejudicial to the interests of the Noteholders;
- (b) the Substitute becoming the new Issuer or new guarantor (as the case may be) of the relevant issue of Notes and party to the Agency Agreement with any appropriate consequential amendments, in place of the former Issuer or the former Guarantor (as the case may be), as from the date of such substitution;
- (c) a supplement to the Base Prospectus or new base prospectus, as the case may be, being published to provide information regarding the Substitute becoming the new Issuer or new guarantor (as the case may be) in accordance with the Prospectus Regulation;
- (d) the Substitute is validly existing under the laws under which it is established or incorporated, has capacity to assume all rights, obligations and liabilities under the Notes and Guarantee, as applicable, and has obtained all necessary corporate authorisations to assume all such rights, obligations and liabilities under the Notes or Guarantee (as applicable);
- (e) the Substitute has obtained all necessary governmental or regulatory approvals and consents for the performance by it of its obligations in connection with the Notes or Guarantee (as applicable) and that all such approvals and consents are in full force and effect and that the Substitute and the Notes comply with all applicable requirements of the Securities Act;
- (f) in the case of substitution of an Issuer or Guarantor pursuant to Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*) above only:
  - (i) the Substitute and the relevant Issuer having obtained (a) legal opinions from independent legal advisers of recognised standing in the country of incorporation of the Substitute and in France that the obligations of the Substitute, in the case of a substitution of an Issuer, under the Notes, or, in New York in the case of a substitution of the Guarantor under the Guarantee, are legal, valid and binding obligations of the Substitute and (b) in the case of the substitution of the Issuer which is MSBV or MSFL (or any substitute thereof), a legal opinion from an independent legal adviser in New York of recognised standing, that the Guarantee will apply to the Substitute mutatis mutandis as it

applies to the Issuer prior to the substitution and will constitute legal, valid and binding obligations of the Guarantor, in respect of the Substitute, provided that no opinion as referred to in this sub paragraph (d) shall be required where the Substitute is Morgan Stanley with respect to MSBV Notes or MSFL Notes; and

- (ii) if the relevant Notes are rated at the relevant time, the Substitute has obtained, prior to the substitution date, acknowledgement from the relevant rating agencies that the substitution will not result in whole or in part in a withdrawal, downgrading, placement in creditwatch or negative outlook of the Notes;
- (g) all consents and approvals as required have been obtained and that the Substitute and the Notes comply with all applicable requirements under French law;
- (h) the Fiscal Agent has confirmed to the relevant Issuer or Guarantor (as the case may be) that it has completed its relevant “*know your customer*” requirements on the proposed Substitute;
- (i) such substitution being permitted by the rules of any stock exchange on which the Notes are listed and each such stock exchange confirming that, following the proposed substitution of the Substitute and applicable requirements, if any, the Notes will continue to be listed on such stock exchange;
- (j) no payment in respect of the Notes is overdue at the relevant time; and
- (k) at the time of any such substitution, the Substitute is in a position to fulfil all payment obligations arising from or in connection with the Notes in freely convertible and transferable lawful money without the necessity of any taxes or duties to be withheld at source, and to transfer all amounts which are required therefor to the Fiscal Agent without any restrictions; et
- (l) in respect of Notes which benefit from the Guarantee, such Notes shall continue to benefit from the Guarantee following substitution of the Issuer and/or the Guarantor (as the case may be), pursuant to this Condition 30.

30.4 *Reference in the Conditions to the Issuer or the Guarantor (as the case may be)*

In the event of a substitution pursuant to this Condition 30, any reference in the Conditions to the relevant Issuer or the Guarantor (as the case may be) shall be construed as a reference to the entity substituted.

30.5 *Notification to Noteholders of substitutions with Morgan Stanley Group entities*

The relevant Issuer shall as soon as reasonably practicable, and in any event not more than 15 Business Days after the date on which a substitution pursuant to Condition 30.1 (*Substitution of Issuer with Morgan Stanley Group entities*) has taken place, notify Noteholders of such substitution in accordance with Condition 25 (*Notices*).

30.6 *Right to Redemption in respect of substitutions with non Morgan Stanley Group entities*

With respect to the right of substitution referred to in Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*), the Issuer shall provide 60 calendar days’ notice of any substitution under such Condition to Noteholders in accordance with Condition 25 (*Notices*). Noteholders who object to the substitution will have the right to require the Issuer

to redeem their Notes at a price determined in accordance with the provisions of this Condition 30.6, by providing notice of their intention to exercise such right in the manner set out in this Condition 30.6 (the **Right to Redemption**).

The redemption of any Notes in respect of which the Right to Redemption has been exercised by Noteholders shall take place 10 Business Days prior to the relevant substitution becoming effective (the **Substitution Redemption Date**). The Issuer shall redeem any Notes in respect of which the Right to Redemption has been exercised at a price equal to (i) in the case of Notes the terms of which provide for the repayment in full of principal at maturity, the Replacement Value of such Notes or (ii) in every other case, the fair market value of such Notes on the day on which the relevant Right to Redemption Notice is deposited, in accordance with the provisions of this Condition 30.6, as determined by the Determination Agent in its reasonable discretion, together with interest (if any) accrued to such date (to the extent that such interest is not otherwise taken into account in determining the fair market value of such Notes).

For the purpose of this Condition 30.6, **Replacement Value** means an amount determined by the Determination Agent, acting in good faith and in a commercially reasonable manner, as at the day on which the relevant Right to Redemption Notice is deposited in accordance with the provisions of this Condition 30.6 to be the amount that a Qualified Financial Institution would charge to assume all of the Issuer's payment and other obligations with respect to the Notes as if the relevant Substitution Event described in Condition 30.2 (*Substitution of Issuer or Guarantor with non Morgan Stanley Group entities*) and the substitution described in this Condition 30.6 had not occurred or to undertake obligations that would have the effect of preserving the economic equivalent of any payment by the Issuer to the Noteholder with respect to the Notes.

In order to exercise the option contained in this Condition 30.6 the holder of any Note must, not less than 15 Business Days before the date on which the substitution is due to take place, deposit with the Fiscal Agent a duly completed Right to Redemption Notice in the form set out in the Agency Agreement. The Fiscal Agent with which a Right to Redemption Notice is so deposited shall deliver a duly completed Right to Redemption Receipt to the depositing Noteholder. Once deposited a duly completed Right to Redemption Notice may not be withdrawn; provided, however, that if, prior to the relevant Substitution Redemption Date, the related Note becomes due and payable or, upon the relevant Substitution Redemption Date, payment of the redemption moneys is improperly withheld or refused, the Fiscal Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Right to Redemption Notice and the relevant depositing Noteholder and not the Fiscal Agent shall be deemed to be the holder of such Note for all purposes in such case.

Notwithstanding the foregoing, in respect of any Series of Notes for which Morgan Stanley is the Issuer, Noteholders shall only have the right to submit a Right to Redemption Notice from the date which is one calendar year after the Issue Date of such Notes.

Any payments made to Noteholders in accordance with this Condition 30.6 shall be made in accordance with the provisions of Condition 16 (*Payments*).

#### *Tax consequences of the substitution*

*If the Issuer substitutes an entity for the Issuer as the principal debtor in respect of the Notes, the tax consequences (including the withholding tax consequences) of holding the Notes may change. Except as otherwise set out in these Terms and Conditions, if withholding is required on the Notes the Issuer will not be required to pay any additional amounts.*

## **31. GOVERNING LAW AND JURISDICTION**

- 31.1 *Governing Law:* The Notes shall be governed by and construed in accordance with French law (except in relation to the Issuer's right to repurchase Notes as specified in Condition 15.10 above). The Guarantee and any non-contractual obligations arising out of or in connection with the Guarantee will be governed by, and shall be construed in accordance with, New York law.
- 31.2 *Jurisdiction:* Any claim against Morgan Stanley, MSIP, MSBV or MSFL as Issuer, or Morgan Stanley as Guarantor, in connection with any Notes may exclusively be brought before the competent courts in Paris.

## **32. AGREEMENT WITH RESPECT TO THE EXERCISE OF U.K. BAIL-IN POWER WITH RESPECT TO MSIP NOTES**

### **32.1 Acknowledgement:**

Notwithstanding any other agreements, arrangements, or understandings between MSIP and any Noteholder or beneficial owner of MSIP Notes, by purchasing or acquiring the MSIP Notes, each Noteholder (including each beneficial owner) of MSIP Notes acknowledges, accepts, agrees to be bound by and consents to the effect of the exercise of any U.K. bail-in power by the relevant U.K. resolution authority that may include and result in any of the following, or some combination thereof:

- (1) the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, MSIP Notes or any other outstanding amounts due under or in respect of MSIP Notes;
- (2) the conversion of all, or a portion, of the principal amount of, or interest on, MSIP Notes into shares or other securities or other obligations of MSIP or another person (and the issue to or conferral on the Noteholder of such shares, securities or obligations); and/or
- (3) the amendment or alteration of the maturity of MSIP Notes, or amendment of the amount of interest due on MSIP Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; any U.K. bail-in power may be exercised by means of variation of the terms of MSIP Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power.

With respect to (a), (b) and (c) above, references to principal and interest shall include payments of principal and interest that have become due and payable (including principal that has become due and payable at the maturity date), but which have not been paid, prior to the exercise of any U.K. bail-in power.

Each Noteholder and each beneficial owner of MSIP Notes further acknowledges and agrees that the rights of the Noteholders and/or beneficial owners under MSIP Notes are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.

### **32.2 U.K. bail-in power:**

For these purposes, a “**U.K. bail-in power**” is any write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to MSIP

and the MSIP Group, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a U.K. resolution regime under the U.K. Banking Act 2009 as the same has been or may be amended from time to time (whether pursuant to the Banking Reform Act 2013, secondary legislation or otherwise), pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, amended, transferred and/or converted into shares or other securities or obligations of the obligor or any other person (and a reference to the “**relevant U.K. resolution authority**” is to any authority with the ability to exercise a U.K. bail-in power).

“**MSIP Group**” means Morgan Stanley & Co. International plc and all of its subsidiary undertakings.

32.3 *No repayment of the principal amount or interest of MSIP Notes:*

No repayment of the principal amount of MSIP Notes or payment of interest on MSIP Notes shall become due and payable after the exercise of any U.K. bail-in power by the relevant U.K. resolution authority unless, at the time that such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by MSIP under the laws and regulations of the United Kingdom applicable to MSIP or other members of the MSIP Group.

32.4 *No Event of Default:*

By its acquisition of MSIP Notes, each Noteholder and each beneficial owner of MSIP Notes acknowledges and agrees that:

- (i) the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to MSIP Notes shall not give rise to an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies which are hereby expressly waived; and
- (ii) it shall be deemed to have consented to the exercise of any U.K. bail-in power as it may be imposed without any prior notice by the relevant U.K. resolution authority of its decision to exercise such power with respect to MSIP Notes.

32.5 *Notice to Noteholders:*

Upon the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to MSIP Notes, MSIP shall provide a written notice to the Noteholders in accordance with Condition 25 (*Notices*) as soon as practicable regarding such exercise of the U.K. bail-in power for purposes of notifying Noteholders of such occurrence. MSIP shall also deliver a copy of such notice to the Fiscal Agent for information purposes only. Any delay or failure by MSIP to give notice shall not affect the validity and enforceability of the U.K. bail-in power nor the effects on MSIP Notes described in this Condition 32.

32.6 *Duties of the Fiscal Agent:*

Upon the exercise of any U.K. bail-in power by the relevant U.K. resolution authority, MSIP and, by its acquisition of MSIP Notes, each Noteholder (including each holder of a beneficial interest in MSIP Notes) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from Noteholders, and (b) the Agency Agreement shall impose no duties upon the

Fiscal Agent whatsoever, in each case with respect to the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the U.K. bail-in power by the relevant U.K. resolution authority, any MSIP Notes remain outstanding (for example, if the exercise of the Bail-In Power results in only a partial write-down of the principal of MSIP Notes), then the Fiscal Agent's duties under the Agency Agreement shall remain applicable with respect to MSIP Notes following such completion to the extent that MSIP and the Fiscal Agent shall agree pursuant to an amendment to the Agency Agreement.

(Any such introductory description is a general description only, does not form part of, and is subject to, the provisions which it describes.)

## Section 2 Value Determination Terms

With respect to each Series of Linked Notes, the **Relevant Underlying Value** for a Relevant Underlying as of any date (including but not limited to a Valuation Date, Interest Determination Date, Determination Date, Observation Date or Averaging Date) for the purposes of determinations linked to the value or performance of the Relevant Underlying shall be, as determined by the Determination Agent and subject as provided in the Conditions:

- (b) by selecting the numbered Basket Components corresponding to the numbers specified for the Selected Basket Components in the applicable Final Terms in the format "J = ..." (so that, for example, where there are 10 Basket Components and the Selected Basket Components are identified as "J=1,2...5" in the applicable Final Terms, the Selected Basket Components will comprise the 5 Basket Components from and including Basket Component 1 to and including Basket Component 5),

where "J" is a number from 1 to N denoting one of the Basket Components numbered as described in (a) and selected as described in (b) above and "N" is the total number of Basket Components.

For the avoidance of doubt, if "Worst of – Non Equally Weighted Average Performance" is specified in the applicable Final Terms, the Performance in respect of the Basket will be determined solely based on the worst performing single Basket Component (in which case the Relevant Weighting of such worst performing Basket Component will be 100%) or basket of Basket Components (in which case the Relevant Weighting for each worst performing Basket Component will be as specified in the relevant Final Terms), as the case may be, irrespective of the performance of any other Basket Component.

## 26. Selection of – Non Equally Weighted Average Performance

- (b) by selecting the numbered Basket Components corresponding to the numbers specified for the Selected Basket Components in the applicable Final Terms in the format "J = ..." (so that, for example, where there are 10 Basket Components and the Selected Basket Components are identified as "J=1,5...7" in the applicable Final Terms, the Selected Basket Components will comprise the 4 Basket Components numbered 1, 5, 6 and 7),

where "J" is a number from 1 to N denoting one of the Basket Components numbered as described in (a) and selected as described in (b) above and "N" is the total number of Basket Components.

## 27. Selection of – Non Equally Weighted Average Performance with synthetic dividends

If "Selection of – Non Equally Weighted Average Performance with synthetic dividends" is specified in the applicable Final Terms, the Performance will be determined by the Determination Agent as of the relevant Performance Determination Date in accordance with the following formula:

- (b) by selecting the numbered Basket Components corresponding to the numbers specified for the Selected Basket Components in the applicable Final Terms in the format " $J = \dots$ " (so that, for example, where there are 10 Basket Components and the Selected Basket Components are identified as " $J=1,5\dots7$ " in the applicable Final Terms, the Selected Basket Components will comprise the 4 Basket Components numbered 1, 5, 6 and 7),

## TAXATION

**HOLDERS OF NOTES SHOULD BE AWARE THAT THE TAX LEGISLATION OF A JURISDICTION WHERE A HOLDER IS RESIDENT OR OTHERWISE SUBJECT TO TAXATION (AS WELL AS THE JURISDICTIONS DISCUSSED BELOW) MAY HAVE AN IMPACT ON THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES, INCLUDING IN RESPECT OF ANY INCOME RECEIVED FROM THE NOTES.**

*The statements below regarding taxation are based on the laws in force in the United Kingdom, The Netherlands, France, the Grand Duchy of Luxembourg and/or, as the case may be, the United States as of the date of this Base Prospectus and are subject to any changes in law and/or interpretation thereof (potentially with a retroactive effect). The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe, purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.*

French Taxation.....	560
Luxembourg Taxation .....	562

The Netherlands Taxation .....	566

## French Taxation

*The following is a summary addressing only certain tax consequences in France relating to the Notes. This summary is based on the laws and regulations in force in France as at the date of this Base Prospectus, which may be subject to changes, potentially with retroactive effect. Investors should be aware that the statements below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisors so as to determine, in the light of their individual situation, the tax consequences of the purchase, holding, redemption or disposal of the Notes.*

### ***Withholding taxes applicable to payments made by the Issuers or the Guarantor under the Notes***

*The following has been prepared on the assumption that the Issuers and the Guarantor are not (and will not be) French residents for French tax purposes and that the Notes (and any transaction in connection therewith) are not (and will not be) attributed or attributable to a branch, permanent establishment or other fixed place of business in France of any Issuer or Guarantor.*

All payments by the Issuers or the Guarantor, as the case may be, in respect of the Notes will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld or assessed by France or any political subdivision or taxing authority thereof or therein.

However, pursuant to Article 125 A, I of the French *Code général des impôts*, interest and similar revenues paid by a paying agent (*établissement payeur*) established in France and received by individuals who are fiscally domiciled in France are, subject to certain exceptions, subject to a 12.8% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the withholding has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2% on such interest and similar revenues received by individuals who are fiscally domiciled in France, subject to certain exceptions.

### ***Financial transaction tax and registration duties***

*The following may be relevant in connection with Notes which may be settled or redeemed by way of physical delivery of (i) certain French listed shares (or certain assimilated securities) or (ii) securities representing such French listed shares (or such assimilated securities).*

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the **French FTT**) is applicable to any acquisition for consideration, resulting in a transfer of ownership, of (i) an equity security (*titre de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier* or an assimilated equity security (*titre de capital assimilé*) as defined by Article L.211-41 of the French *Code monétaire et financier*, admitted to trading on a recognised stock exchange when such security is issued by a company whose registered office is situated in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the **French Shares**) or (ii) a security (*titre*) representing French Shares (irrespective of the location of the registered office of the issuer of such security). The French FTT could apply in certain circumstances to the acquisition of French Shares (or securities representing French Shares) in connection with the exercise, settlement or redemption of any Note.

There are a number of exemptions from the French FTT and investors should consult with their counsel to identify whether they can benefit from them.

The rate of the French FTT Tax is 0.3% of the acquisition value of the French Shares (or securities representing the French Shares).

If the French FTT applies to a transaction, this transaction is exempt from registration duties (*droits d'enregistrement*) which generally apply at a rate of 0.1% to the sale of shares issued by a company whose registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, registration duties are due only if the sale is evidenced by a written deed or agreement.

## **Luxembourg Taxation**

*The following information is of a general nature and is based on the laws currently in force in Luxembourg and should not be construed to be legal or tax advice. The information contained within this section is limited to aspects relating to potential withholding taxes applicable in Luxembourg and prospective investors in the Notes should therefore consult their own professional advisers to determine the local, national or foreign laws, including Luxembourg tax laws, to which they may be subject.*

*Please be aware that the residence concept used in the statements below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature refers only to Luxembourg tax laws and/or concepts.*

### **Withholding Tax**

#### **(i) Non-resident investors in the Notes**

Under Luxembourg general tax laws currently in force, no withholding tax applies on payments of principal, premium or interest made to non-resident investors holding Notes or on accrued but unpaid interest in respect of the Notes. In the same way, no Luxembourg withholding tax applies upon the redemption or repurchase of Notes held by non-resident investors.

#### **(ii) Resident investors in the Notes**

Under Luxembourg general tax laws currently in force and without prejudice to the application of law of 23 December 2005, as amended (the **Law**), no withholding tax applies on payments of principal, premium or interest made to Luxembourg resident investors holding Notes or on accrued but unpaid interest in respect of Notes. In the same way, no Luxembourg withholding tax is applicable upon the redemption or repurchase of Notes held by a Luxembourg resident investor.

Under the Law, payments of interest or similar income made by a paying agent established in Luxembourg to a beneficial owner who is an individual resident of Luxembourg are currently subject to a withholding tax at the rate of 20%. Such withholding tax discharges liability to tax if the beneficial owner is an individual acting in the course of the management of his/her private assets. The Luxembourg paying agent is responsible for levying the withholding tax.

## **United Kingdom Taxation**

The following disclosure applies in respect of Notes issued by Morgan Stanley, MSI plc, MSBV or MSFL, and references in this section on United Kingdom taxation to "**Notes**" and references to "**Noteholders**", should be construed accordingly.

The following is a general description of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. The comments do not deal with other United Kingdom tax aspects of acquiring, holding, disposing of, or abandoning Notes. Transactions involving Notes, including the issue and subscription of Notes, any purchase or disposal or settlement of Notes, may have United Kingdom tax consequences for potential purchasers (including but not limited to, transfer taxes and possible withholding or deduction for or on account of United Kingdom tax from payments made in respect of the Notes). The tax consequences may depend, amongst other things, on the status of the potential investor and the terms and conditions of a particular Note as specified in the Final Terms. It is based on current law and practice of HM Revenue and Customs (**HMRC**), both of which may be subject to change, sometimes with retrospective effect. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective purchasers and Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Prospective purchasers and Noteholders who are in any doubt as to their tax position should consult their professional advisors about tax implications of purchasing and holding a Note, any transaction involving a Note, and any transaction involved in the exercise and settlement of a Note. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom are particularly advised to consult their professional advisors as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom withholding taxation aspects of payments in respect of the Notes. In particular, Noteholders and Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

### **1. NOTES – U.K. WITHHOLDING TAX ON INTEREST PAYMENTS BY THE ISSUERS**

Interest on Notes issued for a term of less than one year (and which are not issued under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the relevant Issuer without withholding or deduction for or on account of United Kingdom income tax. Interest on Notes issued for a term of one year or more (or under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the relevant Issuer without withholding or deduction for or on account of United Kingdom income tax except in circumstances where such interest has a United Kingdom source. The location of the source of a payment is a complex matter. It is necessary to have regard to case law and HMRC practice. Case law has established that in determining the source of interest all relevant factors must be taken into account. HMRC has indicated (in guidance pre-dating recent case law) that the most important factors in determining the source of a payment are those which influence where a creditor would sue for payment and has stated that the place where the Issuer does business and the place where its assets are located are the most important factors in this regard; however, HMRC has also indicated that, depending on the circumstances, other relevant factors may include the place of performance of the contract, the method of payment, the proper law of contract, the competent jurisdiction for any legal action, the location of any security for the debt and the residence of the Guarantor, although other factors may also be relevant.

Interest which has a United Kingdom source (**U.K. interest**) may be paid by the relevant Issuer without withholding or deduction for or on account of United Kingdom income tax if the Notes in respect of which the U.K. interest is paid constitute "quoted Eurobonds". Notes which carry a right to interest will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange. Notes will be regarded as "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom's official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed in the country of that stock exchange in accordance with provisions corresponding to those generally applicable in European Economic Area states in a country outside the United Kingdom in which is a recognised stock exchange.

If the Notes do not constitute "quoted Eurobonds", payments of interest on the Notes may still be made without withholding or deduction for or on account of United Kingdom income tax, provided that the relevant Issuer is and continues to be authorised for the purposes of the Financial Services and Markets Act 2000 and its business is and continues to consist wholly or mainly of dealing in financial instruments (within the meaning of section 885 of the Income Tax Act 2007) as principal and that such payments are made in the ordinary course of that business. On the basis of HMRC published practice in the context of a similar provision, interest will be accepted as being paid in the ordinary course of business unless the characteristics of the transaction giving rise to the interest are primarily attributable to an intention to avoid United Kingdom tax.

In all other cases, U.K. interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or to any other exemption which may apply.

## **2. PAYMENTS BY GUARANTOR**

If the Guarantor makes any payments in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of amounts subscribed for the Notes) and such payment have a United Kingdom source, such payments may be subject to United Kingdom withholding tax at the basic rate (currently 20%) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply. Whether such payment made by the Guarantor have a United Kingdom source is a complex matter and is likely to be determined by reference to the factors set out in paragraph 1 above. Such payments by the Guarantor may not be eligible for the exemptions described in paragraph 1 above.

## **3. OTHER RULES RELATING TO UNITED KINGDOM WITHHOLDING TAX**

Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Whether any discount element on such Notes will be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above, will depend on the precise terms of the Notes.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal"

which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment, rent or royalties for United Kingdom tax purposes. Where a payment is subject to United Kingdom withholding tax, depending on the nature of the payment (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Note), the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to any exemption from withholding which may apply and to such relief as may be available under the provisions of any applicable double tax treaty.

## **The Netherlands Taxation**

*The following disclosure applies only in respect of Notes issued by MSBV and not in respect of Notes issued by Morgan Stanley, MSFL or MSI plc. References in this section on Netherlands taxation to "Issuer" refer only to MSBV, reference to "Program Securities" refer only to Notes issued by MSBV and references to holders of Notes should be construed accordingly.*

*The following general description of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following general description does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.*

*For the purpose of this general description it is assumed that no individual or entity holding a Note has or will have a substantial interest, or - in the case of a holder of a Note being an entity - a deemed substantial interest, in the Issuer and that no connected person (verbonden persoon) to the holder of a Note has or will have a substantial interest in the Issuer.*

*Generally speaking, an individual has a substantial interest in a company if (a) such individual, either alone or together with his partner, directly or indirectly has, or is deemed to have or (b) certain relatives of such individual or his partner directly or indirectly have or are deemed to have (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company*

*Generally speaking, an entity has a substantial interest in a company if such entity, directly or indirectly has (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company. An entity holding a Note has a deemed substantial interest in a company if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.*

*This summary does not address the Netherlands tax consequences for a holder of a Note that is considered to be affiliated (gelieerd) to MSBV within the meaning of the Dutch Withholding Tax Act 2021 (Wet bronbelasting 2021). Generally, an entity is regarded as 'affiliated' for these purposes if it, either alone or as part of a collaborating group, can exercise decisive influence on the activities of MSBV (or if MSBV can, either alone or as part of a collaborating group, exercise such influence on the activities of the other entity, or if there is a third party, either alone or as part of a collaborating group, that can exercise such control over both MSBV and such other entity), which is in any event the case if one holds more than 50% of the statutory voting rights.*

*For the purpose of this general description, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes.*

*Where this general description refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note or otherwise being regarded as owning a Note for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.*

*Where the general description refers to "The Netherlands" or "Dutch" it refers only to the European part of the Kingdom of the Netherlands.*

*This summary does not address the Netherlands tax consequences for holders of Notes that are a resident of any non-European part of the Kingdom of the Netherlands.*

***Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of a Note.***

## 1. WITHHOLDING TAX

All payments under the Notes may be made free of withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, **provided that** (i) the Notes have a maturity – legally or *de facto* – of not more than 50 years, and (ii) the Notes will not represent, be linked to (the performance of) or be convertible (in part or in whole) into, (rights to purchase) (a) shares, (b) profit certificates (*winstbewijzen*), and/or (c) debt instruments having a maturity – legally or *de facto* – of more than 50 years, issued by MSBV, the Guarantor or any other entity related to MSBV and/or the Guarantor.

## 2. TAXES ON INCOME AND CAPITAL GAINS

### RESIDENTS

#### *Resident entities*

An entity holding a Note which is, or is deemed to be, resident in the Netherlands for corporate tax purposes and which is not tax exempt, will generally be subject to corporate tax levied at a rate of 25.8% (15% over profits up to EUR 395,000) in respect of income or a capital gain derived from a Note (rates and brackets for the 2022 tax year).

#### *Resident individuals*

An individual holding a Note who is, or is deemed to be, resident in the Netherlands for income tax purposes will be subject to income tax in respect of income or a capital gain derived from a Note at rates up to 49.50 % if:

- (i) the income or capital gain is attributable to an enterprise from which the holder derives profits (other than as a shareholder); or
- (ii) the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

If the above-mentioned conditions (i) and (ii) do not apply, a holder of a Note who is an individual, resident or deemed to be resident in the Netherlands for Netherlands tax purposes will not be subject to Netherlands taxes on income actually received or gains actually realised. Instead, such individual is generally taxed at a flat rate of 31% on deemed income from "savings and investments" ("*sparen en beleggen*"), which deemed income is determined on the basis of the amount included in the individual's "yield basis" ("*rendementsgrondslag*") at the beginning of the calendar year (minus a tax-free threshold). For the 2022 tax year, the deemed income derived from savings and investments will amount to 1.82 % of the individual's yield basis up to and including EUR 50,650 (fifty thousand six hundred and fifty Euro), 4.37% of the individual's yield basis exceeding EUR 50,650 (fifty thousand six hundred and fifty Euro) up to and including EUR 962,350 (nine hundred sixty two thousand three hundred and fifty Euro) and 5.53% of the individual's yield basis in excess of EUR 962,350 (nine hundred sixty two thousand three hundred and fifty Euro). The percentages to determine the deemed income will be reassessed every year. Based on case law and depending on an individual's actual income and gains from these and other passive investments, an individual holder of a Note may be entitled to a reduction of this tax.

### NON-RESIDENTS

A holder of a Note which is not, or is not deemed to be, resident in the Netherlands for the relevant tax purposes will not be subject to taxation on income or a capital gain derived from a Note unless:

- (i) the income or capital gain is attributable to an enterprise or part thereof which is either effectively managed in or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands;

- (ii) the holder is entitled to a share in profits of an enterprise that is effectively managed in the Netherlands, and to which enterprise the income or capital gain is attributable, other than by way of securities; or
- (iii) the holder is an individual and the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in the Netherlands as defined in the Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

### **3. GIFT AND INHERITANCE TAXES**

Dutch gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- (i) the holder of a Note is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions.

### **4. VALUE ADDED TAX**

There is no Dutch value added tax payable by a holder of a Note in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes, or the transfer of the Notes.

### **5. OTHER TAXES AND DUTIES**

There is no Dutch registration tax, stamp duty or any other similar tax or duty, other than court fees, payable in the Netherlands by a holder of a Note in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of the Netherlands) of a Note or the performance of the Issuer's obligations under a Note.

### **6. RESIDENCE**

A holder of a Note will not be and will not be deemed to be resident in the Netherlands for tax purposes and, subject to the exceptions set out above, will not otherwise be subject to Dutch taxation, by reason only of acquiring, holding or disposing of a Note or the execution, performance, delivery and/or enforcement of a Note.

## United States Federal Taxation

**This discussion is limited to the U.S. federal tax issues addressed below. Additional issues may exist that are not addressed in this discussion and that could affect the U.S. federal tax treatment of the Notes or the investors. Prospective investors should seek their own advice based upon their particular circumstances from independent tax advisers.**

The following are certain of the U.S. federal income and estate tax consequences of ownership and disposition of the Notes by Non-U.S. Holders (as defined below). This summary is based on the Internal Revenue Code of 1986, as amended (the **Code**), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations, all as of the date hereof, changes to any of which subsequent to the date of this Base Prospectus may affect the tax consequences described herein. As used herein, the term “Non-U.S. Holder” means a person that for U.S. federal income tax purposes is a beneficial owner of a Note and is:

- a non-resident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

The term “Non-U.S. Holder” does not include any of the following persons:

- an individual present in the United States for 183 days or more in the taxable year of disposition;
- a former citizen or resident of the United States;
- a person for whom income or gain in respect of the Notes is effectively connected with the conduct of a trade or business in the United States; or
- a person who has a “tax home” (as defined in Section 911(d)(3) of the Code) or an office or other fixed place of business in the United States.

Special rules may also apply to corporations that for U.S. federal income tax purposes are treated as personal holding companies, controlled foreign corporations, or passive foreign investment companies and this discussion does not address such rules. Such persons and their shareholders are urged to consult their own tax advisers regarding the U.S. federal income tax consequences of the ownership and disposition of a Note.

If an entity that is classified as a partnership holds a Note, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding Notes should consult their tax advisers regarding the U.S. federal income tax consequences of owning and disposing of a Note.

## TAX TREATMENT OF THE NOTES

### *Interest*

Except as otherwise discussed below in “ – Section 897 of the Code,” “ – Dividend Equivalent Amounts,” “ – FATCA” and “ – Backup Withholding and Information Reporting,” or otherwise indicated in the applicable Final Terms, a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on payments of principal, or interest (including original issue discount, if any) on a Note, or on proceeds from the sale or other disposition of a Note, **provided that**, in the case of a Note issued by Morgan Stanley or MSFL for U.S. federal income tax purposes:

- the Note is treated as indebtedness;
- the Non-U.S. Holder does not own (directly or by attribution) 10 per cent. or more of the total combined voting power of all classes of stock of Morgan Stanley entitled to vote;
- the Non-U.S. Holder is not a bank holding the Note in the context of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

and

- the certification requirement described below has been fulfilled with respect to the beneficial owner, as described below.

The certification requirements referred to in the preceding paragraphs will be fulfilled if the beneficial owner of the Note (or a financial institution holding the Note on behalf of the beneficial owner) furnishes the U.S. Internal Revenue Service (**IRS**) Form W-8BEN or W-8BEN-E (or with respect to certain holders and beneficial owners, other appropriate forms), on which, among other things, the beneficial owner certifies under penalties of perjury that it is not a United States person, as defined in the Code.

With regard to the above requirements, the Issuers intend to treat Notes for which the amount payable at maturity or early settlement must equal or exceed the issue price (i.e., the first price at which a substantial amount of the Notes is sold to the public) as indebtedness for U.S. federal income tax purposes. There can be no assurance that the IRS or a court will agree.

#### *Principal-Protected Exchangeable Notes*

Except as otherwise discussed below in “—Section 897 of the Code,” “—Dividend Equivalent Amounts,” “—FATCA” and “—Backup Withholding and Information Reporting,” or otherwise indicated in the applicable Final Terms, a Non-U.S. Holder will generally not be subject to U.S. federal income or withholding tax in respect of a Note that pays at redemption or early settlement a Physical Delivery Amount of securities (or the value thereof in cash) in an amount that must equal or exceed the Note’s issue price, provided that:

- in the case of a Note issued by Morgan Stanley or MSFL, the requirements for exemption from tax listed above under “—Interest” are met; and
- in the case of a Note issued by Morgan Stanley or MSFL, the Note is exchangeable only into securities that are actively traded, a basket of securities that are actively traded or an index or indices of securities that are actively traded.

No opinion is expressed herein as to the U.S. federal income or withholding tax consequences of the ownership or disposition of the property received in exchange for the Note.

#### *Notes Linked to Single Securities, Baskets of Securities, Indices, Exchange Traded Funds or other Funds, Currencies and Futures Contracts*

The U.S. federal income tax consequences to a Non-U.S. Holder of the ownership and disposition of Notes that have principal or interest determined by reference to securities of entities not affiliated with the relevant Issuer, baskets of securities or indices, exchange traded funds or other funds, currencies or futures contracts may vary depending upon the exact terms of the Notes and related factors. However, except as otherwise indicated in the applicable Final Terms, for U.S. federal income tax purposes the Issuers intend to treat Notes that pay coupons periodically at an unconditional fixed rate and provide for a payment at maturity or early settlement (other than the stated coupon) that is determined by reference to the performance of a Relevant Underlying and may be lower than, but cannot exceed, their issue price, as a unit consisting of (i) a put right written by the Holder to the Issuer that, upon the occurrence of certain events, requires the Holder to pay to the Issuer an amount equal to the deposit (as described in subparagraph (ii)), in exchange for a cash amount based on the value of the Relevant Underlying, and (ii) a deposit with the Issuer of a fixed amount of cash to secure the Holder’s obligation under the put right. Based on this treatment, a portion of the periodic payments on the Notes will be treated as interest on the deposit, and the remainder will be attributable to the premium on the put right. Except as otherwise discussed below in “—Section 897 of the Code,” “—Dividend Equivalent Amounts,” “—FATCA” and “—Backup Withholding and Information Reporting,” or otherwise indicated in the applicable Final Terms, the Issuers do not expect payments on such Notes to be subject to any U.S. federal withholding tax, provided that, if the Notes are treated in whole or in part as indebtedness issued by Morgan Stanley or MSFL for U.S. federal income tax purposes, the requirements above under “—Interest” are met. However, Notes containing any of these features may

be subject to rules that differ from the general rules discussed above. In these instances, the applicable Final Terms will disclose such special rules.

#### *Other Income Coupons*

The following discussion under “—*Other Income Coupons*” applies to Notes issued by Morgan Stanley or MSFL that pay in cash periodic coupons and are not described above in “—*Interest*,” “—*Exchangeable Notes*” or “—*Notes Linked to Single Securities, Baskets of Securities, Indices, Exchange Traded Funds or other Funds, Currencies and Futures Contracts*.” The U.S. federal tax treatment of such Notes is unclear due to the absence of statutory, judicial or administrative authorities that directly address such Notes or similar securities, and no ruling is being requested from the IRS with respect to such Notes. Significant aspects of the U.S. federal income tax consequences of an investment in such Notes are uncertain, and no assurance can be given that the IRS or a court will agree with the tax treatment described herein. Accordingly, investors should consult their tax advisers regarding the U.S. federal income tax consequences of an investment in such Notes (including possible alternative treatment thereof).

A Non-U.S. Holder should expect that a withholding agent will treat any coupon payments made by or on behalf of Morgan Stanley or MSFL as subject to U.S. federal withholding tax at a rate of 30 per cent., unless the Non-U.S. Holder establishes an exemption under the “other income” provision of a Qualifying Treaty (as defined below) or, to the extent that any portion of a coupon payment is treated as interest for U.S. federal income tax purposes, an exemption under the “portfolio interest exemption” rules as described below.

An income tax treaty between a non-U.S. jurisdiction and the United States is a “Qualifying Treaty” if it provides for a 0 per cent. rate of tax on “other income” earned by a resident of the non-U.S. jurisdiction from sources within the United States. For example, under current law, the United States’ income tax treaty with France is a Qualifying Treaty. Accordingly, if the Non-U.S. Holder is a resident of a non-U.S. jurisdiction that qualifies for benefits under such a Qualifying Treaty, the Non-U.S. Holder should generally be eligible for an exemption under the “other income” provision referred to above if such Non-U.S. Holder timely complies with the certification requirement described below. However, because most income tax treaties contain complex eligibility rules and limitations, a Non-U.S. Holder should consult its tax adviser about its eligibility for this exemption.

To demonstrate its eligibility for the “other income” exemption to the Issuer or an applicable withholding agent, a Non-U.S. Holder generally will be required to provide a properly completed appropriate IRS Form W-8BEN or W-8BEN-E certifying that it is not a U.S. person and that it is eligible for the benefits of the “other income” provision of the relevant Qualifying Treaty (or, if the Non-U.S. Holder holds its Notes through certain qualified intermediaries, it may be permitted to provide alternative documentation in lieu of the appropriate IRS Form W-8BEN or W-8BEN-E to establish that it is not a U.S. person and that it is eligible for the benefits of the “other income” provision of the relevant Qualifying Treaty). A Non-U.S. Holder providing a properly completed appropriate IRS Form W-8BEN or W-8BEN-E as discussed in this paragraph may provide its foreign taxpayer identifying number issued by its country of residence in lieu of its U.S. taxpayer identifying number.

Notwithstanding the discussion above, because the U.S. federal income tax treatment of the Notes is unclear, any coupon payments on such Notes could alternatively be treated in whole or in part as payments of interest. Nonetheless, even if the coupon payments are treated in whole or in part as interest and thus not eligible for the “other income” exemption described above, under current law and administrative practice a Non-U.S. Holder generally will qualify for the “portfolio interest exemption” with respect to the coupon payments, provided that the conditions for the exemption set forth in “—*Interest*” above (including the certification requirement) are met.

Non-U.S. Holders should consult their tax advisers regarding their eligibility for any applicable exemption from withholding in light of their particular circumstances.

## SECTION 897 OF THE CODE

No opinion is expressed herein as to whether any issuer of any shares to which a Note relates (such shares hereafter referred to as **Underlying Shares**) is treated as a “United States real property holding corporation” (**USRPHC**) within the meaning of Section 897 of the Code. If any issuer of Underlying Shares were so treated, certain adverse U.S. federal income tax consequences might apply upon the sale, exchange or other disposition of a Note (including potential reporting obligations and U.S. withholding tax, notwithstanding the discussions above). Holders should refer to information filed with the Securities and Exchange Commission or other governmental authorities by the issuers of the Underlying Shares and consult their tax advisers regarding the possible consequences to such holders if any such issuer is or becomes a USRPHC.

## DIVIDEND EQUIVALENT AMOUNTS

Section 871(m) of the Code and Treasury regulations promulgated thereunder (**Section 871(m)**) impose a withholding tax of 30 per cent. (or lower treaty rate applicable to dividends) on certain “dividend equivalents” paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities. Subject to the discussion below concerning Notes issued before January 1, 2023, a Note linked to U.S. equities or indices that include U.S. equities (a **U.S. equity linked Note**) will generally be subject to the Section 871(m) withholding regime if at issuance it (i) has a “delta” of 0.80 or higher with respect to the underlying U.S. stock or (ii) substantially replicates the economic performance of the underlying U.S. stock, as determined by a “substantial equivalence” test that, among other factors, takes into account the initial number of shares of the underlying U.S. stock needed to hedge the transaction fully. The tests described above are set forth in the regulations, and the applicable test will depend on the terms of the relevant U.S. equity linked Note. Under these rules, withholding may apply even where the relevant U.S. equity linked Note does not provide for any payment that is explicitly linked to a dividend. The regulations provide for certain exceptions to the withholding requirements, in particular for instruments linked to certain broad-based indices (a “**qualified index**”) that meet standards set forth in the regulations, as well as certain notes that track a qualified index.

Pursuant to an IRS Notice, Section 871(m) will not apply to Notes issued before January 1, 2023, that do not have a “delta” of one with respect to any U.S. equity. If the terms of a U.S. equity linked Note are significantly modified (including in the event that the Issuer substitutes another entity in place of the Issuer as principal debtor under the Note) and if such modification or substitution results in a deemed exchange of the Notes for U.S. federal income tax purposes, the U.S. equity linked Note will generally be treated as reissued at the time of the significant modification. Under Treasury regulations, certain “benchmark” rate replacements will not give rise to deemed exchanges for U.S. federal income tax purposes, provided that certain conditions set forth in the proposed regulations are met.

The calculations of “delta” are generally made at the “calculation date,” which is the earlier of (i) the time of pricing of the U.S. equity linked Note, i.e., when all material terms have been agreed on, and (ii) the issuance of the U.S. equity linked Note. However, if the time of pricing is more than 14 calendar days before the issuance of the U.S. equity linked Note, the calculation date is the date of the issuance of the U.S. equity linked Note. In those circumstances, information regarding the Issuer’s final determinations for purposes of Section 871(m) may be available only after the issuance of the U.S. equity linked Note. As a result, a Non-U.S. Holder should acquire such a U.S. equity linked Note only if it is willing to accept the risk that the U.S. equity linked Note is treated as subject to withholding.

The amount of a “dividend equivalent” is equal to, for a “simple” contract, the product of (a) the per-share dividend amount, (b) the number of shares of the underlying U.S. equity referenced in the U.S. equity linked Note and (c) the delta, and, for a “complex” contract, the product of (a) the per-share dividend amount and (b) the initial hedge.

The dividend equivalent amount will be determined on the earlier of (a) the record date of the dividend and (b) the day prior to the ex-dividend date. The dividend equivalent amount will include the amount of any actual or, under certain circumstances, estimated dividend. If a U.S. equity linked Note is subject to withholding in respect of dividend equivalents, withholding will, depending on the applicable withholding agent's circumstances, generally be required either (i) on the underlying dividend payment date or (ii) when cash payments are made on the relevant U.S. equity linked Note or upon the date of maturity, lapse or other disposition thereof by the Non-U.S. Holder.

**The relevant Issuer will determine whether a U.S. equity linked Note is subject to withholding under Section 871(m). If the relevant Issuer has determined, as specified in the Final Terms, that a U.S. equity linked Note should not be subject to withholding under Section 871(m), the Issuer will be deemed to instruct its agents and withholding agents that no withholding is required, unless such agent or withholding agent knows or has reason to know otherwise. If withholding is required, the relevant Issuer will not be required to pay any additional amounts with respect to the amounts so withheld.**

The relevant Issuer's determination is not binding on the IRS, and the IRS may disagree with its determination. Section 871(m) is complex and its application may depend on the Non-U.S. Holder's particular circumstances. For example, the application of Section 871(m) may be affected if a Non-U.S. Holder enters into another transaction in connection with the acquisition of a U.S. equity linked Note. Accordingly, Non-U.S. Holders should consult their tax advisers regarding the potential application of Section 871(m) to the U.S. equity linked Notes in their particular circumstances.

## **FATCA**

Legislation commonly referred to as "FATCA" generally imposes a withholding tax of 30 per cent. on payments to certain non-U.S. entities (including financial intermediaries) with respect to certain financial instruments, unless various U.S. information reporting and due diligence requirements have been satisfied, including compliance with certain U.S. tax identification and certification requirements (generally by furnishing the appropriate IRS Form W-8BEN or W-8BEN-E). An intergovernmental agreement between the United States and the non-U.S. entity's jurisdiction may modify these requirements. FATCA generally applies to certain financial instruments that are treated as paying U.S.-source interest or dividends or other U.S.-source "fixed or determinable annual or periodical" income. Withholding (if applicable) applies to any payment of amounts treated as U.S. source interest or dividend equivalents (as discussed above under "—Dividend Equivalent Amounts") on the Notes and any payment of gross proceeds of the disposition (including upon retirement) of Notes treated as providing for U.S.-source interest or dividends. However, under proposed regulations (the preamble to which specifies that taxpayers are permitted to rely on them pending finalization) no withholding will apply to payments of gross proceeds (other than amounts treated as "fixed or determinable, annual or periodical" income).

Although, under current law, payments of non-U.S. source income are not subject to withholding under FATCA, there is no assurance that future Treasury regulations will not impose such withholding with respect to certain "foreign passthru payments". Under proposed Treasury regulations, withholding on foreign passthru payments will not apply prior to the date that is two years after the date on which applicable final Treasury regulations defining "foreign passthru payments" are filed. Treasury regulations defining the term "foreign passthru payments" have not yet been filed with the Federal Register. In addition, Notes issued by MSIP or MSBV that are not treated as equity for U.S. federal income tax purposes and that pay non-U.S. source income generally will be grandfathered from withholding if issued prior to the date that is six months after final Treasury regulations that define the term "foreign passthru payments" are filed with the U.S. Federal Register. However, such grandfathered Notes may become subject to FATCA withholding if such Notes (i) are significantly modified (including in the event that the Issuer substitutes another entity in place of the Issuer), (ii) such modification or substitution results in a deemed exchange of the Notes for U.S. federal income tax purposes and (iii) such significant modification occurs after the applicable FATCA grandfathering date. Under Treasury regulations, certain "benchmark" rate replacements will not give rise to deemed

exchanges for U.S. federal income tax purposes, provided that certain conditions set forth in the proposed regulations are met.

If withholding applies to the Notes, the relevant Issuer will not be required to pay any additional amounts with respect to amounts withheld under FATCA. Non-U.S. Holders should consult their tax advisers regarding the potential application of FATCA to the Notes.

## **TAX CONSEQUENCES OF SUBSTITUTION**

If an Issuer substitutes an entity for the Issuer as the principal debtor in respect of the Notes, the tax consequences (including the withholding tax consequences) of holding the Notes may change. Except as otherwise set out in the Terms and Conditions, if withholding is required on the Notes the Issuer will not be required to pay any additional amounts.

## **BACKUP WITHHOLDING AND INFORMATION REPORTING**

Information returns may be filed with the IRS in connection with payments on the Notes as well as in connection with the proceeds from a sale, exchange or other disposition. A Non-U.S. Holder may be subject to backup withholding in respect of amounts paid to the Non-U.S. Holder, unless such Non-U.S. Holder complies with applicable certification procedures to establish that it is not a United States person for U.S. federal income tax purposes or otherwise establishes an exemption. Compliance with the certification procedures described above will satisfy the certification requirements necessary to avoid backup withholding. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

## **ESTATE TAX**

Individual Non-U.S. Holders and entities the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes (for example, a trust funded by such an individual and with respect to which the individual has retained certain interests or powers) should note that, absent an applicable treaty exemption, a Note that is treated as indebtedness for U.S. federal estate tax purposes will be treated as U.S. situs property subject to U.S. federal estate tax if payments on the Note, if received by the decedent at the time of death, would have been subject to U.S. federal withholding tax (even if the IRS Form W-8BEN or W-8BENE certification requirement described above were satisfied and not taking into account an elimination of such U.S. federal withholding tax due to the application of an income tax treaty or withholding under FATCA).

Absent an applicable treaty benefit, a Note that is not treated as indebtedness for U.S. federal estate tax purposes may be treated as U.S. situs property subject to U.S. federal estate tax. Non-U.S. Holders should consult their own tax advisers regarding the U.S. federal estate tax consequences of an investment in the Notes and the availability of benefits provided by an applicable estate tax treaty, if any.

## **Proposed Financial Transaction Tax**

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common financial transactions tax (the **FTT**) in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia, Slovakia and Spain (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

If, on or after the Trade Date, due to the implementation of the proposed Financial Transaction Tax or otherwise by the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation implementing a system of financial transaction tax in any jurisdiction, including the European Union, relating to any tax payable in respect of the transfer of, or entry into or modification or unwind of, any financial instruments), the Issuer determines that it (directly or through an Affiliate) would incur or has incurred a materially increased amount of tax, transfer tax, duty, stamp duty, stamp duty reserve tax, expense or fee (other than brokerage commissions) in relation to its obligations under the Notes or its related hedge positions (**Additional Tax**), the Issuer may (if the Conditions of the Notes so allow) adjust the Conditions of the Notes to reduce the amount otherwise payable under the Notes to holders of such Notes in order to pass on to the holders of such Notes the full amount of such Additional Tax incurred by the Issuer directly or through such Affiliate.

## SUBSCRIPTION AND SALE

Morgan Stanley, MSBV, MSFL and MSFL are offering the Notes on a continuing basis through Morgan Stanley & Co. International plc of 25 Cabot Square, Canary Wharf, London E14 4QA (which may act in whole or in part through an affiliate thereof) (Legal Entity Identifier: 4PQUHN3JPF GFNF3BB653) (the **Distribution Agent**), who has agreed to use reasonable efforts to solicit, directly or through an affiliate, offers to subscribe or purchase the Notes. Morgan Stanley, MSBV and MSFL will each, respectively, have the sole right to accept offers to subscribe or purchase its Notes and may reject any offer in whole or in part. The Distribution Agent will have the right to reject any offer to subscribe or purchase Notes solicited by it in whole or in part. Morgan Stanley, MSBV and MSFL may pay the Distribution Agent, in connection with sales of Notes resulting from a solicitation by the Distribution Agent made or an offer to subscribe or purchase received by the Distribution Agent, a commission, which may be in the form of a discount from the purchase price if the Distribution Agent is purchasing the Notes for their own account. MSIP (including acting through its affiliates) will act as distributor and offeror of the Notes issued by MSIP. MSIP's representations, agreements and undertakings below are made on its own behalf and on behalf of any affiliate it is acting through.

Morgan Stanley, MSBV and MSFL may each also offer or sell Notes to the Distribution Agent as principal for its own account at a price to be agreed upon at the time of such offer or sale. The Distribution Agent may resell any Notes they purchase as principal at prevailing market prices, or at other prices, as the Distribution Agent determines.

The arrangements for the offer and sale of the Notes from time to time are set out in the Distribution Agreement dated on or about 24 June 2022 (as modified and restated from time to time, the **Distribution Agreement**) among Morgan Stanley, MSIP, MSBV, MSFL and the Distribution Agent. Pursuant to the Distribution Agreement, Morgan Stanley, MSBV, MSFL and the Distribution Agent have agreed to indemnify each other against certain liabilities, or to contribute payments made in respect thereof. Morgan Stanley, MSBV and MSFL have also agreed to reimburse the Distribution Agent for certain expenses. The Distribution Agreement makes provision for the appointment of additional Distribution Agents who may agree to become bound by its terms (either in relation to the Programme generally or in relation to a particular Series of Notes) in an accession letter provided by such additional Distribution Agent to Morgan Stanley, MSBV or MSFL.

In order to facilitate the offering of the Notes, the Distribution Agent may in accordance with all applicable laws and regulations engage in transactions that stabilise, maintain or otherwise affect the price of the Notes or any other securities the prices of which may be used to determine payments on those Notes. Specifically, the Distribution Agent may overallocate in connection with any offering of the Notes, creating a short position in the Notes for their own accounts. In addition, to cover overallocations or to stabilise the price of the Notes or of any other securities, the Distribution Agent may bid for, and purchase, Notes or any other securities in the open market. Any of these activities may stabilise or maintain the market price of the Notes above independent market levels. The Distribution Agent is not required to engage in these activities and may end any of these activities at any time.

*P-1 by Moody's:* This indicates a superior ability to repay short-term debt obligations.

*a-1 by R&I:* This indicates that the certainty of the fulfilment of a short-term obligation is high.

*A-2 by S&P:* An obligor rated 'A-2' has satisfactory capacity to meet its financial commitments. However, it is somewhat more susceptible to the adverse effects of changes in circumstances and

economic conditions than obligors in the highest rating category.

***Long-term debt:***

*A by DBRS:* Good credit quality. The capacity for the payment of financial obligations is substantial, but of course lesser credit quality than AA. May be vulnerable to future events, but qualifying negative factors are considered manageable.

*A by Fitch:* 'A' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

*A1 by Moody's:* Obligations rated A are judged to be upper-medium grade and are subject to low credit risk. The modifier "1" indicates that the obligation ranks in the higher end of its generic rating category.

*A by R&I:* 'A' rating indicates high creditworthiness supported by a few excellent factors.

*A by S&P:* An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. Ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the rating categories.

### ***Stabilisation***

In connection with the issue of any tranche of notes under the programme, any Distribution Agent or any other agent specified for that purpose in the applicable Final Terms as the stabilising manager (or any person acting for the stabilising manager) may over-allot or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail for a limited period. However, stabilisation might not necessarily occur. Any stabilising action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if commenced, may cease at any time, but must be brought to an end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilising action or over-allotment must be conducted by the stabilising manager (or any person acting for the stabilising manager) in accordance with all applicable laws and rules.

### ***Benchmarks Regulation: Article 29(2) statement on benchmarks***

Amounts payable under the Notes may be calculated by reference to: (i) the Euro Interbank Offered Rate (**EURIBOR**), (ii) SOFR (as defined in Condition 6.5), (iii) SOFR Index (as defined in Condition 6.5), (iv) SONIA (as defined in Condition 6.6), (v) SONIA Index (as defined in Condition 6.6), (vi) €STR (as defined in Condition 6.7), (vii) €STR Index (as defined in Condition 6.7), (viii) SARON (as defined in Condition 6.8), (ix) SAION Index (as defined in Condition 6.8), (x) TONA (as defined in Condition 6.9), (xi) TONA Index (as defined in Condition 6.9) or (xii) one or more other specific indices or price sources or a combination of indices or price sources.

EURIBOR is provided by the European Money Markets Institute (**EMMI**). As at the date of this Base Prospectus, EMMI appears on the register of administrators and benchmarks established and maintained by the ESMA pursuant to Article 36 of Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the **Benchmarks Regulation**).

SARON and SAION Index are provided by SIX Financial Information AG and are endorsed for use in the European Union by SIX Financial Information Nordic AB. As at the date of this Base Prospectus, SIX Financial Information Nordic AB appears on the register of administrator and benchmarks established and maintained by the ESMA pursuant to Article 36 of the Benchmarks Regulation.

SOFR and SOFR Index are provided by the Federal Reserve Bank of New York (the **New York Federal Reserve**). As at the date of this Base Prospectus, the New York Federal Reserve does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmarks Regulation.

SONIA and SONIA Index are provided by the Bank of England. As at the date of this Base Prospectus, the Bank of England does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmark Regulations.

€STR and €STER Index are provided by the European Central Bank. As at the date of this Base Prospectus, the European Central Bank does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmark Regulations.

TONA is provided by the Bank of Japan. As at the date of this Base Prospectus, the Bank of Japan does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmark Regulations.

TONA Index is provided by QUICK Corp. As at the date of this Base Prospectus, QUICK Corp does not appear on the register of administrator and benchmarks established and maintained by the ESMA pursuant to Article 36 of the Benchmark Regulation. As far as the Issuers are aware, the transitional provisions in Article 51 of the Benchmark Regulation apply, such that QUICK Corp is not currently required to obtain authorisation or registration (or, if located outside of the European Union, recognition, endorsement or equivalence).

As far as the Issuers are aware the New York Federal Reserve as administrator of SOFR, the Bank of England as administrator of SONIA, the European Central Bank as administrator of €STR, and the Bank of Japan as administrator of TONA are not required to be registered by virtue of Article 2 of the Benchmarks Regulation.

Similarly, any other index or price source by reference to which amounts payable under the Notes are calculated may also constitute a benchmark for the purposes of Benchmarks Regulation.

In cases where amounts payable under the Notes are calculated by reference to one or more indices or price sources, that is not one of EURIBOR, SOFR, SOFR Index, SONIA, SONIA Index, €STR, €STR Index, SARON, SAION Index, TONA or TONA Index; the relevant Final Terms will specify:

- the name of each index or price source so referenced;
- the legal name of the administrator of each such index or price source; and
- whether or not the legal name of the administrator of each such index or price source appears on the register of administrators and benchmarks established and maintained by the ESMA pursuant to Article 36 of the Benchmarks Regulation at the date of the relevant Final Terms.

Not every index or price source will fall within the scope of the Benchmarks Regulation. Where an index or price source falls within the scope of the Benchmarks Regulation, the transitional provisions in Article 51 or the provision of Article 2 of the Benchmarks Regulation may apply, such that the administrator of such index or price source is not at the date of the relevant Final Terms required to obtain authorisation/registration (or, if located outside the European Union, recognition, endorsement or equivalence).

The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the relevant Issuer does not intend to update the relevant Final Terms to reflect any change in the registration status of the administrator.

### ***Yield***

In relation to any Tranche of Fixed Interest Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date on the basis of the Issue Price and on the assumption that the Notes are not subject to early redemption. An indication of the yield may only be calculated for Fixed Interest Rate Notes and may not be determined for Notes that bear or pay interest determined by reference to a floating rate and/or a rate calculated by reference to one or more underlying(s).
