**Up to U.S.\$20,000,000,000
Program for the
Issuance of Notes, Certificates and Warrants**

On 7 April 2006 Morgan Stanley B.V. ("**MSBV**" or the "**Issuer**") established a program for the issuance of Notes and Certificates (the "**Program**"). This Base Prospectus (the "**Base Prospectus**") updates and supersedes the Base Prospectus dated 2 September 2016 describing the Program. The publication of this Base Prospectus does not affect any securities issued under the Program before the date of this Base Prospectus. Under the Program the Issuer may offer from time to time notes, certificates and warrants (the "**Notes**", the "**Certificates**" and the "**Warrants**" and, together the "**Securities**") in bearer form (the "**Bearer Securities**") or in registered form (the "**Registered Securities**"), subject to all applicable legal and regulatory requirements. The Securities will be issued from time to time in series (each, a "**Series**"), where each Tranche of a Series is denominated in the same currency, has the same maturity date or expiration date and, if applicable, has distribution amounts and distribution payment dates. Each Series may be issued in one or more tranches (each, a "**Tranche**") on different issue dates. Details applicable to each Tranche will be specified in the relevant Issue Terms (as defined below). References herein to "this Base Prospectus" shall, where applicable, be deemed to be references to this Base Prospectus as supplemented or amended from time to time. To the extent not set forth in this Base Prospectus, the specific terms of any Security will be included in the appropriate Issue Terms.

The payment of all amounts due in respect of Securities issued by the Issuer will, unless specified otherwise in the appropriate Issue Terms, be unconditionally and irrevocably guaranteed (the "**Guarantee**") by Morgan Stanley (the "**Guarantor**") pursuant to a guarantee dated as of 18 August 2017.

The Issuer is offering the Securities on a continuing basis through Morgan Stanley & Co. International plc and Morgan Stanley & Co. LLC (the "**Distribution Agents**" and each, a "**Distribution Agent**"), who have agreed to use reasonable efforts to solicit offers to purchase the Securities. The Issuer may also sell Securities to the Distribution Agents as principals for their own respective accounts at a price to be agreed upon at the time of sale. The Distribution Agents may resell any Securities they purchase as principal at prevailing market prices, or at other prices, as they determine. The Issuer or the Distribution Agents may reject any offer to purchase Securities, in whole or in part. See "**SUBSCRIPTION AND SALE AND TRANSFER RESTRICTIONS**" section beginning on page 162 of this Base Prospectus.

Securities of each Tranche of each Series to be issued as Bearer Securities will be represented on issue by a temporary global security in bearer form (each, a "**Temporary Global Security**") or by a permanent global security in bearer form (each, a "**Permanent Global Security**"), without coupons, which may be deposited on the issue date of the relevant Series with a common depository on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"). Interests in a Temporary Global Security will be exchangeable for interests in a Permanent Global Security. Temporary Global Securities and Permanent Global Securities are together referred to herein as "**Bearer Global Securities**". The provisions governing the exchange of interests in Bearer Global Securities for definitive bearer Securities are described in the "*Form of the Bearer Securities*" section of this Base Prospectus.

Securities of each Tranche of a Series to be issued as Registered Securities and which are sold to a person that is not a U.S. person (within the meaning of Regulation S ("**Regulation S**") under the U.S. Securities Act of 1933, as amended (the "**Securities Act**")), in an "offshore transaction" within the meaning of Regulation S ("**Unrestricted Securities**") will be represented by interests in a permanent global registered security (each, an "**Unrestricted Global Security**"), without coupons, which will be registered in the name of a nominee for, and shall be deposited on its issue date with a common depository on behalf of, Euroclear and Clearstream, Luxembourg. Securities of each Tranche of each Series to be issued as Registered Securities and sold in reliance on Rule 144A under the Securities Act ("**Rule 144A**"), or pursuant to another exemption from the registration requirements of the Securities Act ("**Restricted Securities**") to "qualified institutional buyers" ("**QIBs**") within the meaning of Rule 144A which are also "qualified purchasers" ("**QPs**") as defined in Section 2(a)(51) of the U.S. Investment Company Act of 1940, as amended (the "**Investment Company Act**"), and the rules thereunder (such persons are hereinafter referred to as "**QIB/QPs**") will be represented by (i) one or more global registered securities (each, a "**Restricted Global Security**" and, together with any Unrestricted Global Security, "**Registered Global Securities**"), without coupons, which will be deposited with (1) a custodian for, and registered in the name of Cede & Co. as nominee for, The Depository Trust Company ("**DTC**") or (2) a common depository acting on behalf of Euroclear or Clearstream, Luxembourg and/or any other relevant clearing system on its issue date or (ii) individual registered instruments ("**Individual Registered Instruments**") as identified in the relevant Issue Terms. Beneficial interests in Registered Global Securities will be shown on, and transfers thereof will be effected only through, records maintained by DTC, Clearstream, Luxembourg and Euroclear and their participants. Individual Registered Instruments will not be eligible for trading on the facilities of DTC, Euroclear or Clearstream, Luxembourg. The provisions governing the exchange of interests in Registered Global Securities for Individual Registered Instruments are described in the "*Form of Registered Securities*" section of this Base Prospectus. Bearer Global Securities and Registered Global Securities are together referred to herein as "**Global Securities**".

This Base Prospectus comprises a base prospectus in respect of all Securities other than Exempt Securities (as defined below) issued under the Program for the purposes of Article 5.4 of Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) (the "**Prospectus Directive**").

This Base Prospectus constitutes "listing particulars" for the purposes of listing on the Global Exchange Market and, for such purposes, does not constitute a "prospectus" for the purposes of the Prospectus Directive. These listing particulars have been approved by the Irish Stock Exchange.

This Base Prospectus has been approved by the Central Bank of Ireland as competent authority under the Prospectus Directive. The Central Bank of Ireland only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to Securities which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of the Markets in Financial Instruments Directive 2004/39/EC ("**MiFID**") or which are to be offered to the public in any Member State of the European Economic Area ("**EEA**").

Application has been made to the Irish Stock Exchange for the Securities issued under the Program to be admitted to the Official List and to trading on its regulated market (which is a regulated market for the

purposes of MiFID) and on its Global Exchange Market (which is not a regulated market for the purposes of MiFID). However, there is no guarantee that admission to trading on the regulated market or the Global Exchange Market of the Irish Stock Exchange will be granted in respect of Securities issued under the Program. Unlisted Securities may be issued pursuant to the Program and the Program provides that Securities may be listed on such other stock exchange(s) as may be specified in the relevant Issue Terms. The relevant Issue Terms in respect of the issue of any Securities will specify whether or not such Securities will be listed on and admitted to trading on the regulated market of the Irish Stock Exchange (or any other stock exchange).

The requirement to publish a prospectus under the Prospectus Directive only applies to Securities which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)) ("**Non-Exempt Securities**"). References in this Base Prospectus to "**Exempt Securities**" are to Securities for which no prospectus is required to be published under the Prospectus Directive.

This document in relation to the Securities to be issued during the period of 12 months from the date of this Base Prospectus has been filed with and approved by the Central Bank of Ireland in its capacity as competent authority in Ireland for the purposes of the Prospectus Directive. Copies of each set of Issue Terms in relation to Securities to be listed on the Irish Stock Exchange will also be published on the website of the Central Bank of Ireland (www.centralbank.ie) and will be available at the specified office set out below of the Fiscal Agent (as defined herein) and each of the Paying Agents. Notice of the aggregate nominal amount of Securities, interest (if any) payable in respect of the Securities, the issue price of the Securities and certain other information which is applicable to each Tranche will be set out in (a) in the case of Exempt Securities, a pricing supplement document (the "**Pricing Supplement**") or (b) in the case of Non-Exempt Securities, a final terms document (the "**Final Terms**"). References in this Base Prospectus to "**Issue Terms**" means either (i) where the Securities are Non-Exempt Securities, the relevant Final Terms or (ii) where the Securities are Exempt Securities, the relevant Pricing Supplement, and should be construed accordingly.

Prospective investors should be aware of the risks involved in investing in the Securities (see "*Risk Factors*" on pages 18 to 29). If a series of Securities is to be rated, such rating shall be specified in the applicable Issue Terms. Whether or not each credit rating applied for in relation to relevant Series of Securities will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended from time to time by the relevant competent authority) (the "**CRA Regulation**") will be disclosed in the Issue Terms. Please also refer to "*Credit ratings may not reflect all risks*" in the "*Risk Factors*" section of this Base Prospectus.

Morgan Stanley's ratings are issued by Standard & Poor's Financial Services LLC through its business unit S&P Global Ratings ("**S&P**"), Moody's Investors Service, Inc., ("**Moody's**"), Fitch Ratings, Inc. ("**Fitch**"), DBRS, Inc. ("**DBRS**") and Rating and Investment Information, Inc. ("**R&I**"). S&P is not established in the EEA but the rating it has assigned to Morgan Stanley is, with effect from 9 April 2012, endorsed by Standard & Poor's Credit Market Services Europe Limited, a rating agency established in the EEA and registered under the CRA Regulation by the relevant competent authority. Moody's is not established in the EEA but the rating it has assigned to Morgan Stanley is endorsed by Moody's Investors Service Limited, a rating agency established in the EEA and registered under the CRA Regulation by the relevant competent authorities. Fitch is not established in the EEA but the rating it has assigned to Morgan Stanley is endorsed by Fitch Ratings Limited, a rating agency established in the EEA and registered under the CRA Regulation by the relevant competent authority. DBRS is not established in the EEA but the ratings it has assigned to Morgan Stanley may be endorsed by DBRS Ratings Limited, which is established in the EEA and registered under the CRA Regulation. R&I is not incorporated in the EEA and is not registered under the CRA Regulation in the European Union.

Ratings of Morgan Stanley's senior unsecured debt have been given by DBRS, Fitch, Moody's, R&I and S&P through its business unit S&P Global Ratings and appear on page 23 of Morgan Stanley's Quarterly Report on Form 10-Q for the quarterly period ended 30 June 2017.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is still pending. Such general restriction will also apply in the case of credit ratings issued by non-European Union credit rating agencies, unless the relevant credit ratings are endorsed by an European Union-registered credit rating agency or the relevant non-European Union agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

The Securities and any non-contractual obligations arising out of or in connection with the Securities will be governed by, and construed in accordance with, English law.

Investing in the Securities involves risks. See the "*Risk Factors*" section beginning on page 18 of this Base Prospectus.

No person has been authorized by the Issuer or the Guarantor to give any information or to make any representation not contained or incorporated by reference in the Base Prospectus or any other document entered into in relation to the Program, and, if given or made, that information or representation should not be relied upon as having been authorized by the Issuer, the Guarantor or any of the Distribution Agents. Neither the delivery of this Base Prospectus or any Issue Terms nor the offering, sale or delivery of any Securities will, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended, restated and/or supplemented or that there has been no adverse change in the financial situation of the Issuer or the Guarantor since the date hereof or, as the case may be, the date upon which this Base Prospectus has been most recently amended, restated and/or supplemented or the balance sheet date of the most recent financial statements which have been incorporated into this Base Prospectus by reference, or that any other information supplied in connection with the Program from time to time is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Distribution Agents expressly do not undertake to review the financial condition or affairs of the Issuer or the Guarantor during the life of the Program. Investors should review, *inter alia*, the most recent financial statements of the Issuer and the Guarantor when evaluating the Securities or an investment therein. (Such financial statements shall not form a part of this Base Prospectus unless they have been expressly incorporated herein by way of a supplement to this Base Prospectus.)

THE SECURITIES AND THE GUARANTEE IN RESPECT THEREOF HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. NEITHER THE ISSUER NOR THE GUARANTOR IS REGISTERED, OR WILL

REGISTER, UNDER THE INVESTMENT COMPANY ACT. INTERESTS IN THE SECURITIES MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR ITS POSSESSIONS OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S) OR UNITED STATES PERSONS (AS DEFINED FOR U.S. FEDERAL INCOME TAX PURPOSES), EXCEPT THAT REGISTERED SECURITIES MAY BE SOLD OR OTHERWISE TRANSFERRED IN ACCORDANCE WITH RULE 144A TO A PERSON WHO TAKES DELIVERY IN THE FORM OF AN INTEREST IN A RESTRICTED GLOBAL SECURITY AND WHOM THE HOLDER AND ANY PERSON ACTING ON ITS BEHALF REASONABLY BELIEVE IS A QIB THAT IS ALSO A QP PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QIBS, EACH OF WHICH IS ALSO A QP, WHOM THE HOLDER HAS INFORMED, IN EACH CASE, THAT SUCH OFFER, SALE, PLEDGE OR OTHER TRANSFER IS BEING MADE IN RELIANCE ON RULE 144A, AND IN A NOMINAL AMOUNT OR PURCHASE PRICE FOR EACH ACCOUNT OF NOT LESS THAN U.S.\$100,000, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER APPLICABLE JURISDICTION.

THIS BASE PROSPECTUS HAS BEEN PREPARED BY THE ISSUER AND THE GUARANTOR FOR USE IN CONNECTION WITH THE OFFER AND SALE OF THE SECURITIES OUTSIDE THE UNITED STATES TO A PERSON THAT IS NOT A U.S. PERSON IN RELIANCE ON REGULATION S AND WITHIN THE UNITED STATES TO QIB/QPs PURSUANT TO RULE 144A OR PURSUANT TO ANOTHER EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, AND FOR THE LISTING OF THE SECURITIES ON THE IRISH STOCK EXCHANGE. PROSPECTIVE PURCHASERS ARE HEREBY NOTIFIED THAT SELLERS OF THE SECURITIES MAY BE RELYING ON THE EXEMPTION FROM THE PROVISIONS OF SECTION 5 OF THE SECURITIES ACT PROVIDED BY RULE 144A AND ONE OR MORE EXEMPTIONS AND/OR EXCLUSIONS FROM REGULATION UNDER THE U.S. COMMODITY EXCHANGE ACT, AS AMENDED (THE "COMMODITY EXCHANGE ACT"). FOR A DESCRIPTION OF THESE AND CERTAIN FURTHER RESTRICTIONS ON OFFERS, SALES AND TRANSFERS OF THE SECURITIES AND DISTRIBUTION OF THIS BASE PROSPECTUS, SEE "*SUBSCRIPTION AND SALE AND TRANSFER RESTRICTIONS*". THE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER REGULATORY AUTHORITY IN THE UNITED STATES NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF ANY SECURITIES PURSUANT TO THIS PROGRAM OR THE ACCURACY OR THE ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES. THE SECURITIES DO NOT CONSTITUTE, AND HAVE NOT BEEN MARKETED AS, CONTRACTS OF SALE OF A COMMODITY FOR FUTURE DELIVERY (OR OPTIONS THEREON) SUBJECT TO THE COMMODITY EXCHANGE ACT AND TRADING IN THE SECURITIES HAS NOT BEEN APPROVED BY THE U.S. COMMODITY FUTURES TRADING COMMISSION PURSUANT TO U.S. COMMODITY EXCHANGE ACT.

EACH PURCHASER OF SECURITIES WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS INTENDED TO RESTRICT THE RESALE OR OTHER TRANSFER OF SUCH SECURITIES AS SET OUT IN "*SUBSCRIPTION AND SALE AND TRANSFER RESTRICTIONS*".

THE SECURITIES ARE NOT DEPOSITS OR SAVINGS ACCOUNTS AND ARE NOT INSURED BY THE U.S. FEDERAL DEPOSIT INSURANCE CORPORATION OR ANY OTHER GOVERNMENTAL AGENCY OR INSTRUMENTALITY OR DEPOSIT PROTECTION SCHEME ANYWHERE, NOR ARE THEY OBLIGATIONS OF, OR GUARANTEED BY, A BANK.

None of the Issuer, Morgan Stanley & Co. International plc or Morgan Stanley & Co. LLC, as Distribution Agents for the Securities, has or will take any action in any country or jurisdiction that would permit a public offering of the Securities or possession or distribution of any offering material in relation to a public offering in any country or jurisdiction where action for that purpose is required. Each investor must comply with all applicable laws and regulations in each country or jurisdiction in or from which the investor purchases, offers, sells or delivers the Securities or has in the investor's possession or distributes this Base Prospectus or any accompanying Issue Terms.

IMPORTANT – EEA RETAIL INVESTORS – If the Issue Terms in respect of any Securities includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Securities are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of:

- (A) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II");
- (B) a customer within the meaning of Directive 2002/92/EC (the "IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (C) not a qualified investor as defined in the Prospectus Directive.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge and belief of the Issuer (having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus (including each document incorporated by reference herein) is in accordance with the facts and does not omit anything likely to affect the import of such information. The Guarantor accepts responsibility for the following information: (i) the information set out in the Registration Document dated 9 June 2017 relating to the Guarantor that is incorporated by reference in this Base Prospectus, (ii) the financial reports of the Guarantor incorporated by reference into this Base Prospectus and (iii) the information set out in the section entitled "Morgan Stanley" of the General Information section of this Base Prospectus.

The applicable Issue Terms may contain information relating to the underlying asset(s) or other basis or bases of reference (each, a "Relevant Underlying") to which the relevant Securities relate. However, unless otherwise expressly stated in the applicable Issue Terms, any information contained therein relating to a Relevant Underlying will only consist of extracts from, or summaries of, information contained in financial and other information released publicly in respect of such Relevant Underlying(s). The Issuer will, unless otherwise expressly stated in the applicable Issue Terms, confirm that such extracts or summaries have been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published in respect of such Relevant Underlying(s), no facts have been omitted that would render the reproduced information inaccurate or misleading.

The Distribution Agents have not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Distribution Agents as to the accuracy or completeness of this Base Prospectus or any document incorporated by reference herein or any further information supplied in connection with any Securities. The Distribution Agents accept no liability in relation to this Base Prospectus or any document incorporated by reference herein or their distribution or with regard to any other information supplied by or on behalf of the Issuer.

The Issuer and the Guarantor (in relation to itself only) have confirmed to the Distribution Agents that this Base Prospectus (including each document incorporated by reference herein) is true, accurate and complete in all material respects and is not misleading; that the opinions and intentions expressed herein are honestly held and based on reasonable assumptions; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus the omission of which would, in the context of the Program or the issue of the Securities, make any statement herein or opinions or intentions expressed herein misleading in any material respect, and that all reasonable enquiries have been made to verify the foregoing. The Issuer and the Guarantor (in relation to itself only) have further confirmed to the Distribution Agents that this Base Prospectus (including each document incorporated by reference herein together with the relevant Issue Terms) contains all such information as may be required by all applicable laws, rules and regulations. The distribution of this Base Prospectus and any Issue Terms and the offering, sale and delivery of the Securities in certain jurisdictions may be restricted by law. Persons into whose possession the Base Prospectus or any Issue Terms comes are required by the Issuer, the Guarantor and the Distribution Agents to inform themselves about and to observe those restrictions. Neither this Base Prospectus nor any Issue Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which that offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

For a description of certain restrictions on offers, sales and deliveries of Securities and on the distribution of the Base Prospectus or any Issue Terms and other offering material relating to the Securities, see "*Subscription and Sale and Transfer Restrictions*" beginning on page 162 of this Base Prospectus.

Subject to the relevant Issue Terms, the Issuer does not intend to provide post-issuance information in respect of the Securities.

This Base Prospectus has been prepared on the basis that any offer of Securities in any Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Securities. Accordingly any person making or intending to make an offer in that Relevant Member State of Securities which are the subject of an offering contemplated in this Base Prospectus as completed by Issue Terms in relation to the offer of those Securities may only do so in circumstances in which no obligation arises for the Issuer, the Guarantor or any Distribution Agent to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Distribution Agent have authorised, nor do they authorise, the making of any offer of Securities in circumstances in which an obligation arises for the Issuer or any Distribution Agent to publish or supplement a prospectus for such offer.

This Base Prospectus should be read and construed with any amendment or supplement hereto and with, in relation to any issue of Securities, the Issue Terms relating thereto and with all documents incorporated by reference herein (see the "*Incorporation by Reference*" section of this Base Prospectus below).

Neither this Base Prospectus nor any Issue Terms constitutes an offer of or an invitation to subscribe for or purchase any Securities and should not be considered as a recommendation by the Issuer, the Guarantor or the Distribution Agents that any recipient of the Base Prospectus or any Issue Terms should subscribe for or purchase any Securities. Each recipient of the Base Prospectus or any Issue Terms will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer and, where applicable, the Guarantor and of the particular terms of any offered Securities.

None of the Distribution Agents or any of their affiliates assumes any obligation to purchase any Securities or to make a market in the Securities, and no assurances can be given that a liquid market for the Securities will exist.

To permit compliance with Rule 144A in connection with any resales or other transfers of Securities that are "restricted securities" within the meaning of the Securities Act, the Issuer has undertaken, in a deed poll dated on or around 18 August 2017 (the "Deed Poll"), to furnish, upon the request of a holder or beneficial owner of such Securities, to such holder, beneficial owner or to a prospective purchaser designated by holder or beneficial owner, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

The Issuer is a private limited company with limited liability incorporated under the laws of The Netherlands. None of the directors and executive officers of the Issuer are residents of the United States, and all or a substantial portion of the assets of the Issuer and such persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or such persons or to enforce against any of them in the United States courts judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any State or territory within the United States.

Investors should be aware that neither the Issuer nor the Guarantor is regulated by the Central Bank of Ireland and that any investment will not have the status of a bank deposit and is therefore not within the scope of the deposit protection scheme operated by the Central Bank of Ireland.

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND, WHERE APPLICABLE, THE GUARANTOR AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED.

In connection with the issue of any Tranche (as defined on the cover page and in the "*Overview of the Program*" section below), the Distribution Agents or any other agent specified for that purpose in the applicable Issue Terms (if any) named as the stabilising manager(s) (the "Stabilising Manager(s)") (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Issue Terms may over-allot Securities or effect transactions with a view to supporting the market price of the Securities at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment shall be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Section D - Risks		
D.2	Key Risks Specific to the Issuer and the Guarantor	<p>The following key risks affect Morgan Stanley and, since Morgan Stanley is the ultimate holding company of MSBV, also impact MSBV:</p> <p>Market Risk: Morgan Stanley's results of operations may be materially affected by market fluctuations and by global and economic conditions and</p>

		<p>other factors, including changes in asset values. Holding large and concentrated positions may expose Morgan Stanley to losses. These factors may result in losses for a position or portfolio owned by Morgan Stanley.</p> <p>Credit Risk: Morgan Stanley is exposed to the risk that third parties that are indebted to it will not perform their obligations, as well as that a default by a large financial institution could adversely affect financial markets. Such factors give rise to the risk of loss arising when a borrower, counterparty or issuer does not meet its financial obligations to Morgan Stanley.</p> <p>Operational Risk: Morgan Stanley is subject to the risk of loss, or of damage to its reputation, resulting from inadequate or failed processes, or systems, human factors or from external events (e.g. fraud, theft, legal and compliance risks, cyber attacks or damage to physical assets). Morgan Stanley may incur operational risk across the full scope of its business activities, including revenue-generating activities (e.g. sales and trading) and support and control groups (e.g. information technology and trade processing).</p> <p>Liquidity and Funding Risk: Liquidity is essential to Morgan Stanley's businesses and Morgan Stanley relies on external sources to finance a significant portion of its operations. Morgan Stanley's borrowing costs and access to the debt capital markets depend on its credit ratings. Morgan Stanley is a holding company, has no operations and depends on dividends, distributions and other payments from its subsidiaries. Further, Morgan Stanley's liquidity and financial condition have in the past been, and in the future could be, adversely affected by U.S. and international markets and economic conditions. As a result of the foregoing, there is a risk that Morgan Stanley will be unable to finance its operations due to a loss of access to the capital markets or difficulty in liquidating its assets. Additionally, there is a risk that Morgan Stanley's financial condition or overall soundness is adversely affected by an inability or perceived inability to meet its financial obligations in a timely manner. Morgan Stanley also experiences associated funding risks triggered by the market or idiosyncratic stress events that may cause unexpected changes in funding needs or an inability to raise new funding.</p> <p>Legal, Regulatory and Compliance Risk: Morgan Stanley is subject to the risk of legal or regulatory sanctions, material financial loss including fines, penalties, judgments, damages and/or settlements, or loss to reputation it may suffer as a result of its failure to comply with laws, regulations, rules, related self-regulatory organization standards and codes of conduct applicable to its business activities. Morgan Stanley is also subject to contractual and commercial risk, such as the risk that a counterparty's performance obligations will be unenforceable. Additionally, Morgan Stanley is subject to anti-money laundering, anti-corruption and terrorist financing rules and regulations.</p> <p>Risk Management: Morgan Stanley's risk management strategies, models and processes may not be fully effective in mitigating its risk exposures in all market environments or against all types of risk.</p> <p>Competitive Environment: Morgan Stanley faces strong competition from</p>
--	--	---

		<p>other financial services firms, which could lead to pricing pressures that could materially adversely affect its revenue and profitability. Further, automated trading markets may adversely affect Morgan Stanley's business and may increase competition (for example, by putting increased pressure on bid-offer spreads, commissions, markups or comparable fees). Finally, Morgan Stanley's ability to retain and attract qualified employees is critical to the success of its business and the failure to do so may materially adversely affect its performance.</p> <p>International Risk: Morgan Stanley is subject to numerous political, economic, legal, tax, operational, franchise and other risks as a result of its international operations (including risks of possible nationalization, expropriation, price controls, capital controls, exchange controls, increased taxes and levies and other restrictive governmental actions, as well as the outbreak of hostilities or political and governmental instability) which could adversely impact its businesses in many ways.</p> <p>Acquisition, Divestiture and Joint Venture Risk: Morgan Stanley may be unable to fully capture the expected value from acquisitions, divestitures, joint ventures, minority stakes or strategic alliances.</p> <p>Risk relating to the exercise of potential resolution measures powers: The application of regulatory requirements and strategies in the United States or other jurisdictions to facilitate the orderly resolution of large financial institutions may pose a greater risk of loss for Morgan Stanley's security holders, and subject Morgan Stanley to other restrictions.</p> <p>All material assets of MSBV are obligations of (or securities issued by) one or more Morgan Stanley Group companies. If any of these Morgan Stanley Group companies incur losses with respect to any of its activities (irrespective of whether those activities relate to MSBV or not) the ability of such company to fulfil its obligations to MSBV could be impaired, thereby exposing holders of securities issued by MSBV to a risk of loss. Should such companies' prospects be impaired, holders of securities issued by MSBV may also be exposed to a risk of loss. Should this circumstance materialise, the payment obligations of MSBV under the terms of the Securities would be guaranteed by Morgan Stanley.</p>
<p>D.3</p>	<p>Key risks regarding the Securities</p>	<p>The Issuer may issue Securities with cash settlement amounts and/or distribution amounts (in the case of Certificates and Warrants) or final redemption amounts and/or distribution amounts (in the case of Notes) determined by reference to single securities, single indices, baskets of securities or indices or other factors or assets (each, a "Relevant Underlying"). In addition, the Issuer may issue Securities with cash settlement amounts or final redemption amounts, as applicable, and/or distribution amounts payable in one or more currencies which may be different from the settlement currency of the Securities. Potential investors should be aware that:</p> <ul style="list-style-type: none"> (i) they may lose all or a substantial portion of their investment; (ii) the market price of such Securities may be very volatile; (iii) they may receive no distribution amounts;

In general, the earlier the change in the Relevant Underlying, the greater the effect on yield.</p>

RISK FACTORS

PROSPECTIVE INVESTORS SHOULD READ THE ENTIRE BASE PROSPECTUS (AND, WHERE APPROPRIATE, ANY APPLICABLE FINAL TERMS). WORDS AND EXPRESSIONS DEFINED ELSEWHERE IN THIS BASE PROSPECTUS HAVE THE SAME MEANINGS IN THIS SECTION.

Prospective investors should consider the section entitled "Risk Factors" in the Registration Document referred to in the section entitled "Incorporation by Reference" in this Base Prospectus and consult with their own professional advisors if they consider it necessary.

Prospective investors should ensure that they understand the nature of the Securities, the extent of their exposure to risk and that they consider carefully the risks set forth below and the other information contained or incorporated by reference in this Base Prospectus prior to making any investment decision with respect to the suitability of Securities as an investment in light of their own circumstances and financial condition. Certain of the risks highlighted could have a material adverse effect on Morgan Stanley's business, operations, financial condition or prospects, which, in turn, could have a material adverse effect on the return that investors will receive in respect of the Securities. In addition, certain of the risks highlighted could adversely affect the trading price of the Securities or the rights of investors under the Securities and, as a result, investors could lose some or all of their investment. Most of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

Prospective investors should note that the risks described below are not the only risks the Issuer and/or the Guarantor face. The Issuer and the Guarantor have described only those risks that they consider to be material. There may be additional risks that the Issuer and the Guarantor currently consider not to be material or of which it is not currently aware, and any of these risks could have the effects set forth above.

Investors should consult their financial and legal advisors as to any specific risks entailed by an investment in Securities that are denominated or payable in, or the payment of which is linked to the value of, a currency other than the currency of the country in which such investor resides or in which such investor conducts its business, which is referred to as their "home currency." These Securities are not appropriate investments for investors who are not sophisticated in foreign currency transactions.

The Issuer and the Guarantor disclaim any responsibility to advise prospective purchasers of any matters arising under the laws of the country in which they reside that may affect the purchase of, or holding of, or the receipt of payments on the Securities. These persons should consult their own legal and financial advisors concerning these matters. Each investor should carefully consider whether the Securities, as described herein and in the applicable Issue Terms, are suited to its particular circumstances before deciding to purchase any Securities.

In relation to risks relating to the Issuer and the Guarantor, Investors should see the "Risk Factors" sections set out in the composite Registration Document of the Issuer and Guarantor incorporated by reference into this Base Prospectus.

Risks associated with the Securities generally

Securities are linked to underlyings

The Issuer may issue Securities with cash settlement amounts and/or distribution amounts (in the case of Certificates and Warrants) or final redemption amounts and/or distribution amounts (in the case of Notes) determined by reference to single securities, single indices, baskets of securities or indices or other factors or assets (each, a "**Relevant Underlying**"). Information on the Relevant Underlying can be obtained from Bloomberg, Reuters and other market information providers. In addition, the Issuer may issue Securities with

cash settlement amounts or final redemption amounts, as applicable, and/or distribution amounts payable in one or more currencies which may be different from the settlement currency of the Securities. Potential investors should be aware that:

- (i) they may lose all or a substantial portion of their investment;
- (ii) the market price of such Securities may be very volatile;
- (iii) they may receive no distribution amounts;
- (iv) payment of cash settlement amounts or final redemption amounts (as applicable) and/or distribution amounts may occur at a different time or in a different currency than expected;
- (v) a Relevant Underlying may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Underlying is applied to Securities in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Underlying on cash settlement amounts or final redemption amounts (as applicable) payable and/or on distribution amounts payable is likely to be magnified;
- (vii) the timing of changes in a Relevant Underlying may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Underlying, the greater the effect on yield; and
- (viii) The Securities are subject to adjustment to take into account events in relation to the Relevant Underlying(s) or the Securities. This may lead to adjustments being made to the Securities or in some cases the Securities being terminated early at the Early Termination Amount. The Securities may also be terminated early for tax reasons, for an illegality at the Early Termination Amount or for an inconvertibility event at an inconvertibility termination amount. The Securities may be subject to further adjustment where a share or a security comprising an index is a share of a "financial institution" (as defined in "*Regulatory Capital Rules: Regulatory Capital, Implementation of Basel III, Capital Adequacy, Transition Provisions, Prompt Corrective Action, Standardized Approach for Risk-weighted Assets, Market Discipline and Disclosure Requirements, Advanced Approaches Risk-Based Capital Rule, and Market Risk Capital Rule*" promulgated by the Office of the Comptroller of the Currency, Treasury, and the Board of Governors of the Federal Reserve System on July 2, 2013 (as may be amended from time to time)).

Securities are not ordinary debt securities

The terms of Securities differ from those of ordinary debt securities because the Securities may not pay interest and on redemption, exercise or cancellation (as applicable) may return less than the amount invested or nothing. Prospective investors who consider purchasing such Securities should reach an investment decision only after carefully considering the suitability of the Securities in light of their particular circumstances. The price of Securities may fall in value as rapidly as it may rise, and investors in Securities may sustain a total loss of their investment.

The Securities will not have the benefit of any cross-default or cross-acceleration with other indebtedness of MSBV or Morgan Stanley; A Morgan Stanley covenant default or bankruptcy, insolvency or reorganization event does not constitute an Event of Default with respect to the Securities

Unless otherwise stated in the applicable Issue Terms, the Securities will not have the benefit of any cross-default or cross-acceleration with other indebtedness of MSBV or Morgan Stanley. In addition, a covenant default by Morgan Stanley, as guarantor, or an event of bankruptcy, insolvency or reorganization of Morgan Stanley, as guarantor, does not constitute an event of default with respect to the Securities.

The value of Securities may be influenced by unpredictable factors

The value of Securities may be influenced by several factors beyond the Issuer's and, where applicable, the Guarantor's control, including: (i) the market price or value of the applicable underlying share, index or basket of shares or indices, (ii) the volatility (frequency and magnitude of changes in price or value) of the underlying share, index or basket of shares or indices, (iii) the dividend rate on any underlying shares, (iv) geopolitical conditions and economic, financial and political, regulatory or judicial events that affect stock markets generally and which may affect the market price of the underlying share, index or basket of shares or indices, (v) interest and yield rates in the market, (vi) the time remaining to the expiration or maturity (as applicable) of such Securities, (vii) the Issuer's and, where applicable, the Guarantor's creditworthiness; and (viii) corporate actions in respect of the Securities.

Some or all of these factors will influence the price investors will receive if an investor sells its Securities prior to exercise, expiration, maturity or termination (as applicable) of the Securities. For example, investors may have to sell certain Securities at a substantial discount from the amount invested if the market price or value of the applicable underlying share, index or basket of shares or indices is at, below, or not sufficiently above the initial market price or value or if market interest rates rise.

It is not possible to predict the future performance of Relevant Underlyings based on their historical performance. The Issuer and the Guarantor cannot and do not guarantee any future value of a Relevant Underlying which would affect the amount that Securityholders are entitled to receive on exercise, maturity or termination (as applicable).

No affiliation with underlying companies

The issuer of an underlying share or the publisher of an underlying index will not be an affiliate of Morgan Stanley or the Issuer, unless otherwise specified in the applicable Issue Terms. Morgan Stanley or its subsidiaries may presently or from time to time engage in business with any underlying company including entering into loans with, or making equity investments in, the underlying company or its affiliates or subsidiaries or providing investment advisory services to the underlying company including merger and acquisition advisory services. Moreover, neither the Issuer nor the Guarantor has the ability to control or predict the actions of the issuer of the underlying share or index publisher including any actions or reconstitution of index components, of the type that would require the determination agent to adjust the payout to the investor at expiration or maturity. For any issuance of Securities, no issuer of any underlying share or publisher of any underlying index is involved in the offering of such Securities in any way or has any obligation to consider the investor's interest as an owner of the Securities in taking any corporate actions that might affect the value of the Securities. None of the money an investor pays for the Securities will go to the issuer of any underlying shares or publisher of any underlying index for such Securities.

Secondary trading of the Securities may be limited

There may be little or no secondary market for the Securities. Although the Issuer may apply to have certain issuances of Securities admitted to trading on the Irish Stock Exchange or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system, approval for any listing is subject to meeting the relevant listing requirements. Even if there is a secondary market, it may not provide enough liquidity to allow the investor to sell or trade the Securities easily. Morgan Stanley & Co.

International plc currently intends to, and other affiliates of Morgan Stanley may from time to time, act as a market maker for the Securities, but they are not required to do so. If at any time Morgan Stanley & Co. International plc and other affiliates of the Issuer were to cease acting as market makers, it is likely that there would be little or no secondary market for the Securities.

Securities issued at a substantial discount or premium

The market values of Securities issued at a substantial discount or premium tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Investors have no shareholder rights – Investment in the Securities is not the same as an investment in the Relevant Underlying

As an owner of Securities, investors will not have voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to any underlying share or index.

The Securities do not constitute a purchase or other acquisition of any interest in any Relevant Underlying and do not confer any right to acquire from the Issuer (or require the Issuer to transfer or otherwise dispose of) any Relevant Underlying or any interest therein.

An investment in the Securities is only suitable for investors who:

- (a) have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Securities issued by the Issuer; and
- (b) are capable of bearing the economic risk of investment in Securities issued by the Issuer until exercise, maturity or termination (as applicable) of the Securities.

Hedging activity

Although Morgan Stanley & Co. International plc and other affiliates of the Issuer or the Guarantor may carry out activities that hedge the Issuer's risks related to the Securities there is no obligation to do so. Any hedging activity is a proprietary trading position and is not carried out on behalf or for the account of or as agent or fiduciary for any Securityholder(s) and the Securityholders will not have any direct economic or other interest in, or beneficial ownership of, any hedge positions.

Exchange rates, exchange controls and inconvertibility may affect Securities' value or return

General exchange rate, exchange control risks and inconvertibility

An investment in a Security denominated in, or the payment of which is linked to the value of, currencies other than the investor's home currency entails significant risks. These risks include the possibility of significant changes in rates of exchange between its home currency and the other relevant currencies and the possibility of the imposition or modification of exchange controls by the relevant governmental authorities or other inconvertibility events. These risks generally depend on economic and political events over which neither the Issuer nor the Guarantor has any control. Investors should consult their financial and legal advisors as to any specific risks entailed by an investment in Securities that are denominated or payable in, or the payment of which is linked to the value of, a currency other than the currency of the country in which such investor resides or in which such investor conducts its business, which is referred to as their home currency. Such Securities are not appropriate investments for investors who are not sophisticated in foreign currency transactions.

Exchange rates will affect the investor's investment

In recent years, rates of exchange between some currencies have been highly volatile and this volatility may continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur during the term of any Security. Depreciation against the investor's home currency or the currency in which a Security is payable would result in a decrease in the effective yield of the Security and could result in an overall loss to an investor on the basis of the investor's home currency. In addition, depending on the specific terms of a currency-linked Security, changes in exchange rates relating to any of the relevant currencies could result in a decrease in its effective yield and in the investor's loss of all or a substantial portion of the value of that Security.

Neither the Issuer nor the Guarantor has any control over exchange rates

Currency exchange rates can either float or be fixed. Exchange rates of most economically developed nations are permitted to fluctuate in value relative to each other. However, from time to time governments may use a variety of techniques, such as intervention by a country's central bank, the imposition of regulatory controls or taxes, or changes in interest rate to influence the exchange rates of their currencies. Governments may also issue a new currency to replace an existing currency or alter the exchange rate or relative exchange characteristics by a devaluation or revaluation of a currency. These governmental actions could change or interfere with currency valuations and currency fluctuations that would otherwise occur in response to economic forces, as well as in response to the movement of currencies across borders.

As a consequence, these government actions could adversely affect yields or payouts in the investor's home currency for (i) Securities denominated or payable in currencies other than U.S. Dollars and (ii) currency-linked Securities.

The Issuer will not make any adjustment or change in the terms of the Securities in the event that exchange rates should become fixed, or in the event of any devaluation or revaluation or imposition of exchange or other regulatory controls or taxes, or in the event of other developments affecting any currency. The investor will bear those risks.

Some currencies may become unavailable

Governments have imposed from time to time, and may in the future impose, exchange controls that could also affect the availability of a Specified Currency (as defined herein). Even if there are no actual exchange controls, it is possible that the applicable currency for any security would not be available when payments on that security are due.

Alternative payment method used if payment currency becomes unavailable

If the applicable currency for any Security is not available because the euro has been substituted for that currency, the Issuer or, if applicable, the Guarantor would make the payments in euro. Some Securities may specify a different form of payment if a non-U.S. payment currency is unavailable to the Issuer or Guarantor, if applicable.

Currency exchange information will be provided in the Issue Terms

The applicable Issue Terms or supplement(s) to this Base Prospectus, where relevant, will include information with respect to any relevant exchange controls and any relevant historic exchange rate information for any Security. The investor should not assume that any historic information concerning currency exchange rates will be representative of the range of, or trends in, fluctuations in currency exchange rates that may occur in the future.

Emerging markets currencies

Where Securities are denominated in an emerging market currency or linked to one or more emerging market currencies, such emerging market currencies can be significantly more volatile than currencies of more developed markets. Emerging market currencies are highly exposed to the risk of a currency crisis happening in the future and this could trigger the need for the Determination Agent (as specified in the applicable Issue Terms) to make adjustments to the terms and conditions of the Securities.

Currency exchange conversions may affect payments on some Securities

The applicable Issue Terms may provide for (i) payments on a non-U.S. Dollar denominated Security to be made in U.S. Dollars or (ii) payments of cash settlement amounts, final redemption amounts and/or distribution amounts (as applicable) of U.S. Dollar denominated Securities to be made in a currency other than U.S. Dollars. In these cases, Morgan Stanley & Co. International plc, in its capacity as Determination Agent, or such other agent identified in the applicable Issue Terms, will convert the applicable currency into U.S. Dollars or U.S. Dollars into the applicable currency. The investor will bear the costs of the conversion through deductions from those payments.

Exchange rates may affect the value of a judgment involving Non-U.S. Dollar Securities

The Securities and any non-contractual obligations arising out of or in connection with the Securities will be governed by, and construed in accordance with, English law. Although an English court has the power to grant judgment in the currency in which a Security is denominated, it may decline to do so in its discretion. If judgment were granted in a currency other than that in which a Security is denominated, the investor will bear the relevant currency risk.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in the certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on pages (iii) to (iv) of this Base Prospectus and further information, where relevant, may be disclosed in the Issue Terms.

Emerging Markets Risk

Fluctuations in the trading prices of the Relevant Underlyings will affect the value of the Securities. Changes may result over time from the interaction of many factors directly or indirectly affecting economic and political conditions in the related countries or member nations, including economic and political developments in other countries. Of particular importance to potential risk are: (i) rates of inflation; (ii) interest rate levels; (iii) balance of payments; and (iv) the extent of governmental surpluses or deficits in the relevant country. All of these factors are, in turn, sensitive to the monetary, fiscal and trade policies pursued

by the related countries, the governments of the related countries and member nations (if any), and other countries important to international trade and finance. Government intervention could materially and adversely affect the value of the Securities. Governments may use a variety of techniques, such as intervention by their central bank or imposition of regulatory controls or taxes, to affect the trading of the Relevant Underlyings. Thus, a special risk in purchasing the Securities is that their trading value and amount payable could be affected by the actions of governments, fluctuations in response to other market forces and the movement of currencies across borders. The Relevant Underlyings are all emerging markets stocks that may be more volatile than the stocks in more developed markets and they may be correlated, i.e. the prices of all Relevant Underlyings may rapidly decrease at the same time and this would materially affect the value of the Securities.

Risks relating to Securities where the Share Issuer is incorporated under the laws of the Kingdom of Saudi Arabia ("KSA Securities")

Where the Share Issuer (as defined in the applicable Issue Terms) is incorporated under the laws of the Kingdom of Saudi Arabia ("KSA"), and subject to KSA laws, in particular, the KSA Capital Market Law ("CML"), and the regulations enacted thereunder, and is regulated by the KSA Capital Markets Authority ("CMA"), Securityholders should be aware that the regulatory practices of the CMA may not necessarily be similar to the regulatory practices in other jurisdictions. In particular, given the lack of formal system of official reporting and/or official interpretation, and the absence of a system of binding precedent in the KSA, prospective investors or investors should note that the Share Issuer may discharge its obligations, and the CMA may exercise its authority in respect of the Share Issuer in a manner that may impact the value of the KSA Securities. In the case of KSA Securities, investors are deemed to indemnify the Issuer against certain taxes of the KSA. If the Issuer seeks to enforce such provision this may mean investors are required to pay to the Issuer more than the value of their investment in the Securities.

No Share Issuer in KSA will have participated in the preparation of the applicable Issue Terms or in establishing the terms of the relevant KSA Securities and none of the Issuer or the Guarantor will make any investigation or enquiry in connection with such offering with respect to any information concerning any such Share Issuer contained in such Issue Terms or in the documents from which such information was extracted. Neither the Issuer nor the Guarantor controls any Share Issuer or is responsible for any disclosure made by any Share Issuer of the relevant KSA Securities. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the adequacy, accuracy or completeness of the publicly available information described in this paragraph or in any applicable Issue Terms) that would affect the trading price of the relevant KSA Securities will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such a Share Issuer could affect the trading price of the KSA Securities and therefore the trading price or amounts paid or delivered for the KSA Securities.

Holders of KSA Securities through Swap Agreements will not have voting rights or any other rights with respect to the relevant KSA Securities.

Potential conflicts of interest between the investor and the determination agent

As Determination Agent for Securities linked to single securities, baskets of securities or indices or other underlying instruments, assets or obligations, Morgan Stanley & Co. International plc ("MSIP") will determine the payout to the investor at maturity, exercise or expiration (as applicable). MSIP and other Affiliates may also carry out hedging activities related to the Securities including trading in the underlying shares, indices or other underlying instruments, assets or obligations related to the underlying shares or indices. MSIP and some of Morgan Stanley's other subsidiaries may also trade the applicable underlying shares, indices or other financial instruments related to the underlying shares or indices on a regular basis as part of their general broker-dealer and other businesses. Any of these activities could influence MSIP's determination of adjustments made to any Securities linked to single securities, baskets of securities or indices or other underlying instruments, assets or obligations and any such trading activity could potentially

affect the price of the underlying shares, indices or other underlying instruments, assets or obligations and, accordingly, could affect the investor's payout on any Securities.

The Securities may be terminated prior to exercise, maturity or expiration

Unless in the case of any particular Tranche of Securities the relevant Issue Terms specify otherwise, in the event that the Issuer would be obliged to make any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any relevant jurisdiction, the Issuer may terminate all outstanding Securities in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Securities the relevant Issue Terms specify that the Securities may be terminated at the Issuer's option in certain other circumstances the Issuer may choose to terminate the Securities at times when the investment environment is unfavourable. Early termination will also be permitted in a number of circumstances including illegality, tax, additional disruption events, extraordinary events relating to the underlying and other reasons specified in the applicable Issue Terms in accordance with the Conditions. In such circumstances an investor may not be able to reinvest the proceeds from termination in a comparable investment at an effective return as high as that of the relevant Securities.

In addition, an optional termination feature in any particular Tranche of Securities is likely to limit their market value. During any period when the Issuer may elect to terminate Securities, the market value of those Securities generally will not rise substantially above the price at which they can be terminated. This also may be true prior to any termination period.

Reliance on Euroclear, Clearstream, Luxembourg and DTC

Because the Bearer Global Securities and Unrestricted Global Securities (as defined below) may be held by or on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and Restricted Global Securities (as defined below) may be registered in the name of a nominee for The Depository Trust Company ("**DTC**") or a common depository acting on behalf of Euroclear or Clearstream, Luxembourg and/or any other relevant clearing system, investors will have to rely on their procedures for transfer, payment and communication with the Issuer.

Bearer Securities issued under the Program may be represented by one or more temporary global securities (each, a "**Temporary Global Security**") or permanent global securities (each, a "**Permanent Global Security**" and, together with a Temporary Global Security, the "**Bearer Global Securities**"). Such Bearer Global Securities will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Bearer Global Security, investors will not be entitled to receive definitive Securities. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Bearer Global Securities. While the Securities are represented by one or more Bearer Global Securities, investors will be able to trade their beneficial interests only through Euroclear or Clearstream, Luxembourg.

Registered Securities issued under the Program which are sold to a person that is not a U.S. person (within the meaning of Regulation S under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") will be represented by interests in a permanent global registered security (each, an "**Unrestricted Global Security**"). Such Unrestricted Global Securities will be registered in the name of a nominee for, and deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

Registered Securities issued under the Program which are sold in reliance on Rule 144A under the Securities Act ("**Rule 144A**"), or pursuant to another exemption from the registration requirements of the Securities Act, to "qualified institutional buyers" ("**QIBs**") within the meaning of Rule 144A who are also "qualified purchasers" ("**QPs**") as defined in Section 2(a)(51) of the U.S. Investment Company Act of 1940, as amended (the "**Investment Company Act**") and the rules thereunder (such persons are hereinafter referred to as "**QIB/QPs**") will be represented by (i) one or more global registered securities (each a "**Restricted**

Global Security" and together with any Unrestricted Global Security, "**Registered Global Securities**" and, together with the Bearer Global Securities, the "**Global Securities**"). Such Restricted Global Security will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee for, DTC or a common depository acting on behalf of Euroclear or Clearstream, Luxembourg and/or any other relevant clearing system.

Interests in the Registered Global Securities will be shown on, and transfers thereof will be effected only through, records maintained by Euroclear and Clearstream, Luxembourg or DTC and its direct and indirect participants, including depositories for Euroclear and Clearstream, Luxembourg, as the case may be. Individual Registered Instruments evidencing holdings of Registered Securities will only be available in certain limited circumstances.

While the Securities are represented by one or more Global Securities, the Issuer will discharge its payment obligations under the Securities by making payments to the common depository for Euroclear and Clearstream, Luxembourg or the custodian for DTC, respectively, for distribution to their account holders. This includes any payment relating to a distribution that is payable, in accordance with the terms of the relevant Conditions, to the holder of such Security as at a Distribution Record Date which predates the relevant date for payment. A holder of a beneficial interest in a Global Security must rely on the procedures of Euroclear and Clearstream, Luxembourg or DTC, as the case may be, to receive payments under the relevant Securities and, where relevant in respect of a distribution payment, to determine the identity of the holder of each beneficial interest in the relevant Securities on the relevant Distribution Record Date. Neither the Issuer nor the Guarantor has responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Securities.

Holders of beneficial interests in the Global Securities will not have a direct right to vote in respect of the relevant Securities. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear, Clearstream, Luxembourg or DTC to appoint appropriate proxies.

Payments in respect of the Securities Net of Taxes

All payments by the Issuer and the Guarantor in respect of the Securities shall be paid net of any relevant Taxes.

Regulation and reform of "benchmarks", including LIBOR, EURIBOR and other interest rate, equity, commodity, foreign exchange rate and other types of benchmarks

The London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Securities linked to a "benchmark".

Key international reforms of "benchmarks" include IOSCO's proposed Principles for Financial Market Benchmarks (July 2013) (the "**IOSCO Benchmark Principles**") and EU Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as "benchmarks" in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**").

The IOSCO Benchmark Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering governance and accountability, as well as the quality and transparency of benchmark design and methodologies. A review published in February 2015 on the status of the voluntary market adoption of the IOSCO Benchmark Principles noted that, as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future, but that it is too early to

determine what those steps should be. The review noted that there has been a significant market reaction to the publication of the IOSCO Benchmark Principles, and widespread efforts being made to implement the IOSCO Benchmark Principles by the majority of administrators surveyed.

On 17 May 2016, the Council of the European Union adopted the Benchmarks Regulation. The Benchmarks Regulation was published in the Official Journal on 29 June 2016 and entered into force on 30 June 2016. Subject to various transitional provisions, the Benchmarks Regulation will apply from 1 January 2018, except that the regime for 'critical' benchmarks has applied from 30 June 2016 and certain amendments to the Market Abuse Regulation (Regulation (EU) No 596/2014) have applied from 3 July 2016.

The Benchmarks Regulation will apply to "contributors", "administrators" and "users of" "benchmarks" in the EU, and will, among other things, (i) require benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regulatory regime) and to comply with extensive requirements in relation to the administration of "benchmarks" and (ii) ban the use of "benchmarks" of unauthorised administrators. The scope of the Benchmarks Regulation is wide and, in addition to indices such as LIBOR and EURIBOR, it could also potentially apply to many other interest rate indices, as well as equity, commodity and foreign exchange rate indices and other indices (including "proprietary" indices or strategies) which are referenced in listed financial instruments (including listed Securities), financial contracts and investment funds.

The Benchmarks Regulation could also have a material impact on any listed Securities linked to a "benchmark" index, including in any of the following circumstances:

- an index which is a "benchmark" could not be used as such if its administrator does not obtain appropriate EU authorisations or is based in a non-EU jurisdiction which (subject to any applicable transitional provisions) does not have equivalent regulation. In such event, depending on the particular "benchmark" and the applicable terms of the Securities, the Securities could be delisted (if listed), adjusted, redeemed or otherwise impacted; and
- the methodology or other terms of the "benchmark" related to a series of Securities could be changed in order to comply with the terms of the Benchmarks Regulation, and such changes could have the effect of reducing or increasing the rate or level of the "benchmark" or of affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Securities, including Determination Agent determination of the rate or level in its discretion.

In addition to the international reform of "benchmarks" (both proposed and actual) described above, there are numerous other proposals, initiatives and investigations which may impact "benchmarks". For example, in the United Kingdom (the "UK"), the national government has extended the legislation originally put in place to cover LIBOR to regulate a number of additional major UK-based financial benchmarks in the fixed income, commodity and currency markets, which could be further expanded in the future.

The UK's Financial Conduct Authority has also released "Financial Benchmarks: Thematic review of oversight and controls," which reviewed the activities of firms in relation to a much broader spectrum of "benchmarks" that ultimately could impact inputs, governance and availability of certain "benchmarks".

Any of the international, national or other reforms (or proposals for reform) or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks". The disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" could result in adjustment to the terms and conditions, early redemption, discretionary valuation by the Determination Agent, delisting (if listed) or other consequence in relation to Securities linked to such "benchmark". Any such consequence could have a material adverse effect on the value of and return on any such Securities.

U.S. Foreign Account Tax Compliance Act Withholding

The Issuer and other financial institutions through which payments on the Securities are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments on the Securities pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the "**Code**") or similar law implementing an intergovernmental agreement related thereto or a voluntary agreement entered into connection therewith ("**FATCA**"). This withholding tax may be triggered if (a) an investor (including an investor in Securities issued in bearer form) does not provide information sufficient for the Issuer to determine whether the investor is a United States person for U.S. federal income tax purposes or should otherwise be treated as holding a "United States account" of the Issuer, or (b) any FFI that is an investor, or through which payment on such Securities is made, is not a Participating FFI (or otherwise deemed compliant with or exempt from the requirements of FATCA).

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Securities, none of the Issuer, any paying agent or any other person would be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, investors may receive less interest or principal than expected. Holders of Securities should consult their own tax advisers on how these rules may apply to payments they receive under the Securities. Withholding on "foreign passthru payment" is not required before the later of 1 January 2019, or the date of publication in the Federal Register of final regulations defining the term "foreign passthru payment". Final U.S. Treasury regulations defining the term "foreign passthru payment" have not yet been filed with the Federal Register.

Withholding tax on Dividend Equivalent Payments

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30% (or a lower applicable treaty rate) withholding tax on dividend equivalents paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (each, an "**U.S. Underlying Security**"). Subject to certain exceptions, Section 871(m) generally applies to securities that substantially replicate the economic performance of one or more Underlying Securities, as determined based on tests set forth in the applicable Treasury regulations. However, because the Securities are not expected to be linked to any U.S. Underlying Security, it is not expected that the Securities will be subject to Section 871(m).

However, in certain unusual circumstances, dividends from a foreign corporation may be treated as U.S. source dividends, such as when a significant portion of the foreign corporation's gross income is effectively connected with the corporation's trade or business in the U.S., or when the foreign corporation is treated as a U.S. corporation under Section 7874 of the Code. If withholding is required, neither the Issuer nor any other person shall pay any additional amounts with respect to the amounts so withheld. You should consult your tax advisor regarding the potential application of Section 871(m) to the Securities.

Securities where denominations involve integral multiples: definitive Securities

In relation to any issue of Securities which have denominations consisting of a minimum nominal amount plus one or more higher integral multiples of another smaller amount, it is possible that such Securities may be traded in amounts that are not integral multiples of such minimum nominal amount. In such a case a Securityholder who, as a result of trading such amounts, holds an amount which is less than the minimum nominal amount in his account with the relevant clearing system at the relevant time may not receive a definitive Security in respect of such holding (should definitive Securities be printed) and would need to purchase a principal amount of Securities such that its holding amounts to the minimum nominal amount for such Securities.

If definitive Securities are issued, Securityholders should be aware that definitive Securities which have a denomination that is not an integral multiple of the minimum nominal amount may be illiquid and difficult to trade.

Modification and waiver

The conditions of the Securities contain provisions for calling meetings of Securityholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Securityholders including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

Change of law

The conditions of the Securities are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice in England after the date of this Base Prospectus.

Risks relating to regulatory reform

It is possible that government regulation of various types of financial instruments, including the Securities and the Relevant Underlyings, may affect the ability of Morgan Stanley to offer or sell such Securities in the United States or to, or for the account or benefit of, U.S. persons. In addition, regulatory reform could ultimately affect the performance of the Relevant Underlyings and hence the performance of the Securities. In particular, some legislative and regulatory proposals, such as those in the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "**Dodd-Frank Act**"), will, upon implementation, impose limits on the maximum position that could be held by a single trader in certain Relevant Underlyings and may subject certain Relevant Underlyings (and therefore any Securities linked to those Relevant Underlyings) to new forms of regulation that could create barriers to some types of investment activity, including investments via the Securities. Other provisions may require certain of the Securities to be cleared and traded on an exchange, expand entity registration requirements and impose business conduct requirements on persons active in the swaps market. While certain provisions of the Dodd-Frank Act have already come into effect or are the subject of final rules that by their terms will come into effect at specified dates in the future, other provisions must be implemented through future rulemaking. While any such regulatory or legislative activity may not necessarily have a direct or indirect, immediate effect upon Morgan Stanley or the Securities, it is possible that, upon implementation of these measures or any future measures, such regulatory reform could potentially limit or completely restrict the ability of Morgan Stanley to offer Securities, increase the costs of offering the Securities or make them less effective, which could then affect the performance of the Securities.

Individual Registered Instrument (in the case of a Registered Security), or any theft or loss thereof) and no person shall be liable for so treating such Securityholder or Couponholder.

3.6 *Transfer of Registered Securities:*

3.6.1 A Registered Security may, upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement and further subject to the provisions of Conditions 3.6.5 to 3.6.7 below, be transferred in whole or in part (provided that, if a Nominal Amount is specified in the applicable Issue Terms, such part is, or is not less than the minimum Nominal Amount specified) only upon the surrender of the relevant Individual Registered Instrument, together with the form of transfer endorsed on it duly completed and executed, at the Specified Office of the Registrar or any Transfer Agent. A new Individual Registered Instrument will be issued to the transferee and, in the case of a transfer of part only of a Registered Security, a new Individual Registered Instrument in respect of the balance not transferred will be issued to the transferor. The Issuer shall have the right to refuse to honour the transfer of any Restricted Securities to a person who is not a QIB/QP. The Issuer shall have the right to refuse to honour the transfer of any Unrestricted Securities to a person who is a U.S. person (as defined in Regulation S) or is in the United States.

3.6.2 An Individual Registered Instrument representing each new Registered Security or Securities to be issued upon the transfer of a Registered Security will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date, be available for collection by each relevant Securityholder at the Specified Office of the Registrar or the Transfer Agent (as the case may be) or, at the option of the Securityholder requesting such exchange or transfer, be mailed (by uninsured post at the risk of the Securityholder(s) entitled thereto) to such address(es) as may be specified by such Securityholder(s). For these purposes, a form of transfer or request for exchange received by the Registrar, the Fiscal Agent or the Transfer Agent (as the case may be) after the Record Date but on or prior to the due date in respect of any payment due in respect of Registered Securities shall be deemed not to be effectively received by the Registrar, the Fiscal Agent or the Transfer Agent (as the case may be) until the day following the due date for such payment.

3.6.3 For the purposes of these Conditions:

"Relevant Banking Day" means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in the place where the Specified Office of the Registrar or the Transfer Agent is located;

and

"transfer date" shall be the Relevant Banking Day following the day on which the relevant Registered Security shall have been surrendered for transfer in accordance with Condition 3.6.1 above.

3.6.4 The issue of new Registered Securities on transfer will be effected without charge by or on behalf of the Issuer, the Fiscal Agent, the Registrar or the Transfer Agent, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Fiscal Agent, the Registrar or the Transfer Agent may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

3.6.5 If the Issuer or an Affiliate acquires a beneficial interest in a Registered Security represented by a Restricted Global Security or Unrestricted Global Security, it shall receive such interest in the form of an Individual Registered Instrument. Following any subsequent transfer by the Issuer or such Affiliate of any Individual Registered Instrument:

- (i) if such transfer is made to a non-U.S. person in an offshore transaction in accordance with Regulation S, the transferee shall receive an interest in the relevant Unrestricted Global Security; or
- (ii) if such transfer is made to a QIB/QP pursuant to Rule 144A, or another exemption from the registration requirements of the Securities Act, the transferee shall receive an interest in the relevant Restricted Global Security.

3.6.6 So far as permitted by applicable law, regulations and any stock exchange requirements by which the Issuer is bound, the Issuer has covenanted and agreed in the Issue and Paying Agency Agreement to give to the Fiscal Agent such information as it requires for the performance of its functions and, without prejudice to the foregoing, for so long as any Registered Securities remain outstanding has covenanted and agreed that it shall, during any period in which it is not subject to the reporting requirements of Section 13 or 15(d) under the U.S. Securities Exchange Act of 1934, as amended, nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder, furnish, upon request, to any Securityholder and any beneficial owner of such Restricted Securities, and to any prospective purchaser of such Restricted Securities designated by such Securityholder or beneficial owner in connection with resale of a beneficial interest in such Registered Securities, the information specified in, and meeting the requirements of, Rule 144A(d)(4) under the Securities Act.

3.6.7 No Securityholder may require the transfer of a Registered Security to be registered during the period of 15 calendar days ending on the due date for the payment of any amount in respect of such Security.

4. STATUS

4.1 *Status of the Securities:* The Securities and, if applicable, Coupons relating to them, constitute direct and general obligations of the Issuer which rank *pari passu* among themselves.

4.2 *Status of the Guarantee:* The Guarantor's obligations in respect of the Securities (other than Securities the Issue Terms relating to which specifies that such Securities are not guaranteed by Morgan Stanley) constitute direct, general and unsecured obligations of the Guarantor and rank without preference among themselves and *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by laws affecting creditors' rights.

5. DISTRIBUTION PROVISIONS

5.1 *Application:* This Condition 5 (*Distribution Provisions*) is applicable to the Securities only if the Distribution Provisions are specified in the applicable Issue Terms as being applicable.

5.2 *Distribution Amount:* A Distribution Amount shall be payable in respect of each Security on each Distribution Payment Date, subject as provided in Condition 8 (*Payments*) and this Condition 5.2. The Distribution Amount(s) shall equal such amount(s) or be calculated in such manner as is specified in the applicable Issue Terms less any amount in respect of Taxes. The payment of Distribution Amounts in respect of each Security shall be subject to any other terms specified in the applicable Issue Terms, including any Distribution Record Date which may apply in respect of any payment.

5.3 *Share Issuer Shortfall:* If a Distribution Amount is paid to the Securityholders and is calculated by reference to dividends or distributions under Shares and the relevant Share Issuer fails to pay the relevant dividend or distribution in full (the extent of any shortfall, the "**Relevant Proportion**") then the Issuer may deduct an amount or amounts in aggregate equal to the Relevant Proportion of any

such Distribution Amount from one or more subsequent payments under a Security even though such deduction(s) may mean no subsequent amounts are payable under the Securities.

- 5.4 *Maximum or Minimum Distribution Amount:* If any Maximum Distribution Amount or Minimum Distribution Amount is specified in the applicable Issue Terms, then the Distribution Amount shall in no event be greater than the Maximum Distribution Amount or be less than the Minimum Distribution Amount so specified.
- 5.5 *Determination:* The Determination Agent will determine the Distribution Amount and any other amount in respect thereof at or as soon as reasonably practicable after the relevant time or times in respect of which any such amount is to be determined.
- 5.6 *Publication:* The Determination Agent will cause each Distribution Amount determined by it, together with the relevant Distribution Payment Date, Distribution Record Date (if applicable), and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the relevant Paying Agent and, if the relevant Paying Agent is not the Fiscal Agent, the Fiscal Agent and each listing authority and/or stock exchange (if any) on which the Securities have been admitted to listing, trading and/or quotation as soon as practicable after such determination. The Determination Agent will be entitled to recalculate any Distribution Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of any relevant Distribution Period.
- 5.7 *Accrual:* Distribution Amounts will be deemed only to have accrued as of the due date for payment.
- 5.8 *Determination Agent:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the Condition by the Determination Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Registrar and the Transfer Agents, as the case may be, and the Securityholders and the Couponholders (if any) and (subject as aforesaid) no liability to any such Person will attach to the Determination Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

6. EXERCISE RIGHTS, TERMINATION AND CANCELLATION

- 6.1 *Exercise Style:*
- 6.1.1 *American Style Securities:* If the Warrants or Certificates are specified in the applicable Issue Terms as being "American Style Securities", then this Condition 6.1.1 is applicable and the Securities are exercisable not later than the Latest Exercise Time on any Exercise Business Day during the Exercise Period, subject to Condition 6.4 (*Securities void on expiry*) and to prior termination of the Securities as provided in the Conditions.
- 6.1.2 *European Style Securities:* If the Warrants or Certificates are specified in the applicable Issue Terms as being "European Style Securities", then this Condition 6.1.2 is applicable and the Warrants or Certificates are exercisable only at the Latest Exercise Time on the Expiration Date, subject to Condition 6.4 (*Securities void on expiry*) and to prior termination of the Warrants or Certificates as provided in the Conditions.
- 6.1.3 *Bermudan Style:* If the Warrants or Certificates are specified in the applicable Issue Terms as being "Bermudan Style Securities", then this Condition 6.1.3 is applicable and the Securities are exercisable only at the Latest Exercise Time on each Potential Exercise Date, subject to Condition 6.4 (*Securities void on expiry*) and to prior termination of the Securities as provided in the Conditions.

- 6.2 *Cash Settlement upon Exercise:* Upon exercise each Warrant or Certificate entitles the Securityholder to receive from the Issuer, on the Cash Settlement Payment Date, the Cash Settlement Amount (less any amount in respect of Taxes and, if so specified in the Issue Terms, Break Fees (if any)). The Cash Settlement Amount will be rounded down to the nearest minimum unit of the Specified Currency, with Securities exercised at the same time by the same Securityholder being aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such Securities.
- 6.3 *Deemed Exercise:* If "**Deemed Exercise**" is specified in the applicable Issue Terms to be applicable in relation to a Series of Warrants or Certificates, where an Exercise Notice has not been duly completed and delivered by the Latest Exercise Time on the Expiration Date in respect of any Warrant or Certificate of such Series and provided that the Determination Agent determines that such Warrant and Certificate is In-The-Money, each such Warrant or Certificate shall be deemed to have been exercised at that time on such date and/or upon such other terms as may be specified in the applicable Issue Terms, subject in each case to prior termination as provided for in the Conditions. The expressions "exercise", "due exercise" and related expressions shall be construed to apply to any Warrant or Certificate which are automatically exercised in accordance with this provision.

Notwithstanding such deemed exercise, the Issuer shall be under no obligation to pay any Cash Settlement Amount in respect of any such Warrant or Certificate until the relevant Securityholder has delivered an Exercise Notice in the prescribed form in accordance with Condition 7.2 (*Form of Exercise Notice*), provided that where the Securityholder has not delivered an Exercise Notice together with its Warrants or Certificates in the manner described in Condition 7 (*Exercise Procedures*) within 30 Delivery Business Days of the day on which such Securities were deemed to have been exercised, such Warrant or Certificate shall become void for all purposes.

For the purposes of this paragraph. "**In-The-Money**" means in the determination of the Determination Agent the Cash Settlement Amount in respect of the relevant Warrant or Certificate, as the case may be, is or may be greater than zero.

- 6.4 *Securities void on expiry:* Subject to Condition 6.3 (*Deemed Exercise*) above, Securities with respect to which an Exercise Notice together with the relevant Security has not been duly completed and delivered in the manner set out in Condition 7 (*Exercise Procedures*), at or before the Latest Exercise Time or the Expiration Date or last occurring Potential Exercise Date shall become void for all purposes and shall cease to be transferable.
- 6.5 *Minimum Number of Securities Exercisable:* In the case only of American Style Warrants or Bermudan Style Warrants, the Warrants or Certificates are exercisable only in at least the Minimum Exercise Number and, if a "Permitted Multiple" is specified in the applicable Issue Terms, in integral multiples of the Permitted Multiple on any particular occasion.
- 6.6 *Redemption at maturity:* Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Issue Terms in the relevant Specified Currency on the Maturity Date.
- 6.7 *Tax Termination:* A Series of Securities may be terminated in whole (but not in part), at the option of the Issuer at any time prior to the last occurring Cash Settlement Payment Date or Maturity Date, upon the giving of a notice of termination to Securityholders as described below, if the Issuer determines that, as a result of:
- 6.7.1 any change in or amendment to the laws, or any regulations or rulings promulgated under the laws of The Netherlands or the United States or of any political subdivision or taxing authority of or in The Netherlands or the United States affecting taxation, or

6.7.2 any change in official position regarding the application or interpretation of the laws, regulations or rulings referred to above,

which change or amendment becomes effective on or after the Trade Date in connection with the issuance of the Securities or any other date specified in the applicable Issue Terms, the Issuer or the Guarantor is or will become required by law to make any withholding or deduction with respect to the Securities, as described in Condition 12 (*Taxation*). The termination price payable in respect of each Security will be equal to the Early Termination Amount unless otherwise specified in the applicable Issue Terms. The Issuer will give notice of any tax termination.

6.8 Notice of termination pursuant to Condition 6.7 (*Tax Termination*) will be given not less than the minimum period nor more than maximum period of notice specified in the applicable Issue Terms prior to the date fixed for termination. The date of termination and the applicable termination amount will be specified in the notice

6.9 *Special Tax Termination.* If the Issuer determines that any payment made outside the United States by the Issuer, the Guarantor or any Paying Agent of any amounts, if any, due on any Bearer Security or Coupon would, under any present or future laws or regulations of the United States, be subject to any certification, identification or other information reporting requirement of any kind, the effect of which is the disclosure to the Issuer, the Guarantor, any Paying Agent or any governmental authority of the nationality, residence or identity of a beneficial owner of that Bearer Security or Coupon who is a United States Alien other than such a requirement that:

6.9.1 would not be applicable to a payment made by the Issuer, the Guarantor or any Paying Agent

- (i) directly to the beneficial owner; or
- (ii) to a custodian, nominee or other agent of the beneficial owner, unless the payment by the custodian, nominee or agent to the beneficial owner would otherwise be subject to any similar requirement, or

6.9.2 can be satisfied by the custodian, nominee or other agent certifying to the effect that the beneficial owner is a United States Alien, unless the payment by the custodian, nominee or agent to the beneficial owner would otherwise be subject to any similar requirement,

the Issuer may (1) terminate the Securities, as a whole, at the Early Termination Amount or (2) at the election of the Issuer, if the conditions described below are satisfied, pay the additional amounts specified in Condition 6.10 (*Election to pay additional amounts rather than terminate*).

The Issuer will publish prompt notice of any determination and election described above (the "**Determination Notice**") stating:

- (i) the effective date of the certification, identification or other information reporting requirements;
- (ii) whether the Issuer will terminate the Securities or has elected to pay the additional amounts specified below; and
- (iii) if the Issuer elects to redeem, the last date by which the termination of the Securities must take place.

If the Issuer terminates the Securities for this reason, the termination will take place on a date, not later than one year after the publication of the Determination Notice. The Issuer will elect the date fixed for termination by notice to the Fiscal Agent and each relevant Paying Agent at least 60 days

prior to the date fixed for termination. Notice of the termination of the Securities will be given to the Securityholders not more than the maximum period nor less than the minimum period of notice specified in the applicable Issue Terms prior to the date fixed for termination.

Notwithstanding the foregoing, the Issuer will not terminate the Securities if the Issuer subsequently determines, not less than 30 days prior to the date fixed for termination, that subsequent payments would not be subject to any certification, identification or other information reporting requirement as described above, in which case the Issuer will publish prompt notice of the determination and revoke any earlier termination notice.

The term "**United States Alien**" means any person who, for United States federal income tax purposes, is a foreign corporation, a non-resident alien individual, a non-resident alien fiduciary of a foreign estate or trust, or a foreign partnership one or more of the members of which is a foreign corporation, a non-resident alien individual or a non-resident alien fiduciary of a foreign estate or trust.

- 6.10 *Election to pay additional amounts rather than terminate:* If and so long as the certification, identification or other information reporting requirements referred to in Condition 6.9 (*Special Tax Termination*) would be fully satisfied by payment of a backup withholding tax or similar charge, the Issuer may elect to pay such additional amounts as may be necessary so that every net payment made outside the United States following the effective date of those requirements by the Issuer or any Paying Agent of any amount, if any, due in respect of any bearer security or any coupon of which the beneficial owner is a United States Alien will not be less than the amount provided for in the Security or Coupon to be then due and payable after deduction or withholding for or on account of the backup withholding tax or similar charge, other than a backup withholding tax or similar charge that:
- (i) would not be applicable in the circumstances referred to in Conditions 6.9.1 and 6.9.2; or
 - (ii) is imposed as a result of presentation of the Security or Coupon for payment more than 15 days after the date on which the payment becomes due and payable or on which payment thereof is duly provided for, whichever occurs later.

The Issuer's ability to elect to pay additional amounts as described in this paragraph is conditional on there not being a requirement that the nationality, residence or identity of the beneficial owner be disclosed to the Issuer, any paying agent or any governmental authority, as a result of the payment of the additional amounts.

- 6.11 If the Issuer elects to pay any additional amounts as described in this Condition 6.11, the Issuer will have the right to terminate the Securities as a whole at any time by meeting the same conditions and otherwise on the terms described in Condition 6.9 (*Special Tax Termination*), and the Early Termination Amount of the Securities will not be reduced for applicable withholding taxes. If the Issuer elects to pay additional amounts as described in this Condition 6.11 and the condition specified in the first sentence of this Condition 6.11 should no longer be satisfied, then the Issuer may terminate the Securities as a whole under the applicable provisions of Condition 6.9 (*Special Tax Termination*).
- 6.12 *Termination at the option of the Issuer:* If the Issuer's Call Option is specified in the applicable Issue Terms as being applicable, a Series of Securities may be terminated at the option of the Issuer in whole only and not in part on any Optional Termination Date (Call) at the relevant Optional Termination Amount (Call) plus any Break Fee, if applicable on the Issuer's giving not less than such number of calendar days' notice specified as the Issuer Call Notice Period in the applicable Issue Terms (provided that in no event shall such notice period be less than 35 calendar days) to the Securityholders (which notice shall be irrevocable) and shall oblige the Issuer to terminate the

Securities on the relevant Optional Termination Date (Call) by paying the Optional Termination Amount (Call) plus any Break Fee, if applicable, in respect of each Security.

6.13 *Compliance with securities laws:* If any holder of any Restricted Security is determined not to be a QIB/QP, the Issuer shall have the right to (i) force such holder to sell its interest in such Security, or sell such interest on behalf of such holder, to (A) a QIB/QP pursuant to Rule 144A or (B) in an offshore transaction in accordance with Regulation S to a non-U.S. person who, following such transaction, receives a beneficial interest in the relevant Unrestricted Global Security or (ii) terminate and cancel such Security. If any holder of any Unrestricted Security is determined to be a U.S. person (as defined in Regulation S), the Issuer shall have the right to force such holder to sell its interest in such Security, or sell such interest on behalf of such holder, to (A) a person who is not a U.S. person (as defined in Regulation S) or (B) pursuant to Rule 144A to a QIB/QP who, following such transaction, receives a beneficial interest in the relevant Restricted Global Security or (ii) terminate and cancel such Security. In the case of any termination and cancellation of a Security as described above no amount shall be payable to the relevant Securityholder and the Issuer shall have no further obligations in respect of the Security.

6.14 *Early termination of Notes at the option of a Securityholder:*

This Condition 6.14 applies to Notes which are subject to termination prior to the Maturity Date at the option of the Securityholder, such option being referred to as an "**Investor Put Option**".

6.14.1 Unless previously redeemed or terminated or purchased and cancelled and only where Investor Put Option is specified as applicable in the applicable Issue Terms, Notes may be early redeemed by a Securityholder (at his own expense) on any day following the Issue Date (i) by depositing the relevant definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security) with and delivering a duly completed and signed Put Notice to the relevant Paying Agent or, in the case of a Registered Security, the Registrar or any Transfer Agent and (ii) delivering a copy of such Put Notice to the Determination Agent and the Issuer irrevocably designating Optional Termination Date (Put), provided that such Optional Termination Date (Put) shall be a date falling at least a number of Business Days as specified in the applicable Issue Terms following the date the Put Notice was given to the Issuer (which in all cases shall not be less than 35 calendar days).

6.14.2 Each Put Notice shall be in the form (for the time being current) available from each Paying Agent or the Registrar or Transfer Agent, and must:

- (i) specify the name, address, telephone and facsimile details of the Securityholder in respect of the Notes being early redeemed;
- (ii) in the case of Notes in registered form, the Nominal Amount or number of such Notes of the relevant Series being early redeemed by the Securityholder;
- (iii) specify the Optional Termination Date (Put) in respect of which the Put Notice is delivered. Such Optional Termination Date (Put) must be due to fall after the expiry of the relevant Investor Put Notice Period and prior to the Maturity Date;
- (iv) specify a bank account (or, if payment is required to be made by cheque, an address) to which any payment due in respect of this Condition 6.14 is to be made;
- (v) include an irrevocable undertaking to pay any (a) applicable Taxes due by reason of early redemption of the relevant Notes, and (b) any Break Fee, if applicable, and an authority to the Issuer to deduct an amount in respect thereof from any Optional

Termination Amount (Put) due to such Securityholder or otherwise (on, or at any time after, the Optional Termination Date (Put));

- (vi) in the case of Notes other than Restricted Securities, give a certification as to the non-U.S. beneficial ownership of the Notes being early redeemed therewith; and
- (vii) authorise the production of such certification in any applicable administrative or legal proceedings.

The exercise by a Securityholder of the Investor Put Option will be subject to any further conditions as set out in the applicable Issue Terms (including, but not limited to, a restriction as to the dates which a Securityholder may designate as the relevant Optional Termination Date (Put) in the relevant Put Notice). Any Put Notice delivered in breach of requirements as set out in this Condition 6.14 or such further conditions as set out in the applicable Issue Terms will be invalid and will have no effect.

- 6.14.3 The Paying Agent, Registrar or Transfer Agent with which a definitive Bearer Security (in the case of a Bearer Security) or an Individual Registered Instrument (in the case of a Registered Security) is so deposited shall deliver a duly completed Put Receipt to the depositing Securityholder.
- 6.14.4 Subject to the terms of Condition 6.14.5 below, any Notes that are the subject of a valid Put Notice, will be redeemed on the relevant Optional Termination Date (Put) at an amount equal to the relevant Optional Termination Amount (Put) plus any due but unpaid Distribution Amounts (where applicable) less any applicable Break Fees.
- 6.14.5 No definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security), once deposited with a duly completed Put Notice in accordance with this Condition 6, may be withdrawn; provided, however, that if, prior to the relevant due date for termination, any such Security becomes subject to termination pursuant to Condition 6.7 (*Tax Termination*), 6.9 (*Special Tax Termination*), 6.12 (*Termination at the option of the Issuer*), 6.13 (*Compliance with securities laws*) or 14 (*Illegality and regulatory event*) or, following due presentation of any such definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security), payment of the moneys falling due is improperly withheld or refused by the Issuer, the relevant Paying Agent or the Registrar or Transfer Agent, as the case may be, shall mail notification thereof to the depositing Securityholder at such address as may have been given by such Securityholder in the relevant Put Notice and shall hold such definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security) at its Specified Office for collection by the depositing Securityholder against surrender of the relevant Put Receipt.
- 6.14.6 In the case of the redemption of part only of a Registered Security, a new Individual Registered Instrument in respect of the unredeemed balance shall be issued in accordance with Condition 3.6 (*Transfer of Registered Securities*) which shall apply as in the case of a transfer of Registered Securities as if such new Individual Registered Instrument were in respect of the untransferred balance.
- 6.15 *Purchase*: The Issuer or any of its Affiliates may at any time purchase Securities in the open market or otherwise and at any price.
- 6.16 *Cancellation*: All Securities which are exercised, redeemed or terminated, and all Securities so purchased by the Issuer or any of its Affiliates may, at the discretion of the Issuer, be cancelled (together with all unmatured Coupons attached to or surrendered with them). All Securities so exercised, redeemed or terminated or cancelled, may not be reissued or resold.

7. EXERCISE PROCEDURES

This Condition 7 only applies to Warrants and Certificates.

7.1 *Exercise Notice:*

- 7.1.1 Subject to Condition 6.4 (*Securities void on expiry*) and to prior termination of the Securities as provided in the Conditions, Securities may be exercised by a Securityholder (at his own expense) at such time and on such day(s) as provided in Condition 6.1 (*Exercise Style:*) (i) by depositing the relevant definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security) with and delivering a duly completed and signed Exercise Notice to the relevant Paying Agent or, in the case of a Registered Security, the Registrar or any Transfer Agent and (ii) delivering a copy of such Exercise Notice to the Determination Agent in each case on or prior to the Latest Exercise Time on any relevant Exercise Business Day.
- 7.1.2 The Paying Agent, Registrar or Transfer Agent with which a definitive Bearer Security (in the case of a Bearer Security) or an Individual Registered Instrument (in the case of a Registered Security) is so deposited shall deliver a duly completed Exercise Receipt to the depositing Securityholder.
- 7.1.3 No definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security), once deposited with a duly completed Exercise Notice in accordance with this Condition 7, may be withdrawn; provided, however, that if, prior to the relevant due date for termination, any such Security becomes subject to termination pursuant to Condition 6.7 (*Tax Termination*), 6.9 (*Special Tax Termination*), 6.12 (*Termination at the option of the Issuer*), 6.13 (*Compliance with securities laws*) or 14 (*Illegality*) or, following due presentation of any such definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security), payment of the moneys falling due is improperly withheld or refused by the Issuer, the relevant Paying Agent, the Fiscal Agent or the Registrar or Transfer Agent, as the case may be, shall mail notification thereof to the depositing Securityholder at such address as may have been given by such Securityholder in the relevant Exercise Notice and shall hold such definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security) at its Specified Office for collection by the depositing Securityholder against surrender of the relevant Exercise Receipt.
- 7.1.4 In the case of the exercise of part only of a Registered Security, a new Individual Registered Instrument in respect of the unexercised balance shall be issued in accordance with Condition 3.6 (*Transfer of Registered Securities:*) which shall apply as in the case of a transfer of Registered Securities as if such new Individual Registered Instrument were in respect of the untransferred balance.
- 7.1.5 Subject to Condition 6.3 (*Deemed Exercise*) and 6.4 (*Securities void on expiry*), any Exercise Notice delivered after the Latest Exercise Time on any Exercise Business Day or on a day which is not an Exercise Business Day shall: (a) in the case of Bermudan Style Securities and European Style Securities, be void and (b) in the case of American Style Securities, be deemed to have been delivered on the next following Exercise Business Day which such Securities are exercisable (unless no such day occurs on or prior to the Expiration Date, in which case that Exercise Notice shall be void).

7.2 *Form of Exercise Notice:*

7.2.1 Each Exercise Notice shall be in the form (for the time being current) available from each Paying Agent or the Registrar or Transfer Agent, and must:

- (i) specify the name, address, telephone and facsimile details of the Securityholder in respect of the Securities being exercised;
- (ii) specify the number of Securities of the relevant Series being exercised by the Securityholder (which must not be less than the Minimum Exercise Number);
- (iii) include an irrevocable undertaking to pay any (a) applicable Taxes due by reason of exercise of the relevant Securities, and (b) any Break Fee, if applicable, and an authority to the Issuer to deduct an amount in respect thereof from any Cash Settlement Amount due to such Securityholder or otherwise (on, or at any time after, the Cash Settlement Payment Date);
- (iv) in the case of Securities other than Restricted Securities, give a certification as to the non-U.S. beneficial ownership of the Securities being exercised therewith; and
- (v) authorise the production of such certification in any applicable administrative or legal proceedings.

7.3 *Verification of Securityholder:*

7.3.1 To exercise Securities, the Securityholder thereof must duly complete an Exercise Notice. The relevant Paying Agent, Registrar or Transfer Agent shall, in the case of Registered Securities and in accordance with its normal operating procedures, verify that each person exercising Securities is the Securityholder thereof according to the records of the Registrar.

7.3.2 If, in the determination of the relevant Paying Agent, Registrar or Transfer Agent:

- (i) the Exercise Notice is not complete or not in proper form;
- (ii) the person submitting an Exercise Notice is not validly entitled to exercise the relevant Securities or not validly entitled to deliver such Exercise Notice; or
- (iii) sufficient funds equal to any applicable Taxes (if any) or any Break Fee (if any) are not available,

that Exercise Notice will be treated as void and a new duly completed Exercise Notice must be submitted if exercise of the Securityholder's Securities is still desired.

7.3.3 Any determination by the relevant Paying Agent, Registrar or Transfer Agent as to any of the matters set out in Condition 7.3.2 above shall, in the absence of manifest error, be conclusive and binding upon the Issuer, the Securityholder and the legal and beneficial owner(s) of the Securities exercised.

7.4 *Notification to the relevant Agent:* Subject to the verification set out in Condition 7.3.1 above, the relevant Paying Agent, Registrar or Transfer Agent will:

- (i) confirm to the relevant Paying Agent (copied to the Issuer and the Determination Agent) the number of Securities being exercised; and

- (ii) promptly notify the Fiscal Agent (in the case of Bearer Securities) or the Registrar (in the case of Registered Securities) of receipt of the Exercise Notice and the number of the Securities to be exercised.

7.5 *Effect of Exercise Notice:*

- 7.5.1 For so long as any outstanding Security is held by a Paying Agent or the Registrar or any Transfer Agent in accordance with this Condition 7, the depositor of such definitive Bearer Security (in the case of a Bearer Security) or Individual Registered Instrument (in the case of a Registered Security) and not such Paying Agent, Registrar or Transfer Agent shall be deemed to be the Securityholder for all purposes.
- 7.5.2 Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the Securityholder to exercise the Securities specified therein, provided that, in the case of a Registered Security, the person exercising and delivering such Exercise Notice is the person then appearing in the records of the Registrar as the holder of the relevant Securities. If the person exercising and delivering the Exercise Notice is not the person so appearing, such Exercise Notice shall for all purposes become void and shall be deemed not to have been so delivered.
- 7.5.3 After the delivery of an Exercise Notice (other than an Exercise Notice which shall become void pursuant to Condition 7.1.2) by a Securityholder, such Securityholder shall not be permitted to transfer either legal or beneficial ownership of the Securities exercised thereby. Notwithstanding this, if any Securityholder does so transfer or attempt to transfer such Securities, the Securityholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of the Issuer having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently: (i) entering into replacement hedging operations in respect of such Securities; or (ii) paying any amount on the subsequent exercise of such Securities without having entered into any replacement hedging operations.

8. PAYMENTS

9. ADJUSTMENT PROVISIONS

9.1 *Disruption:*

9.1.1 If a Scheduled Valuation Date or a Scheduled Averaging Date is a Disrupted Day, then, subject to Conditions 9.1.2 (*Disrupted Day adjustment for Valuation Dates*) and 9.1.3 (*Disrupted Day adjustment for Averaging Dates*) below, the Valuation Date or Averaging Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day.

9.1.2 **Disrupted Day adjustment for Valuation Dates**

- (i) In the case of a Share Security or an Index Security, if the Scheduled Valuation Date and each of the eight Scheduled Trading Days immediately following such date is a Disrupted Day, then (1) the eighth Scheduled Trading Day following the Scheduled Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that it is a Disrupted Day; and (2) the Determination Agent shall determine acting in good faith and in a commercially reasonable manner (a) in respect of an Index Security, the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on that eighth Scheduled Trading Day); and (b) in respect of a Share Security, its good faith

estimate of the value for the Share as of the Valuation Time on that eighth Scheduled Trading Day.

- (ii) In the case of a Share Basket Security, the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Share. In that case, (1) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Share, notwithstanding the fact that such day is a Disrupted Day, and (2) the Determination Agent shall determine acting in good faith and in a commercially reasonable manner its good faith estimate of the value for that Share as of the Valuation Time on that eighth Scheduled Trading Day.
- (iii) In the case of an Index Basket Security, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, (1) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Index, notwithstanding the fact that such day is a Disrupted Day, and (2) the Determination Agent shall determine acting in good faith and in a commercially reasonable manner the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

9.1.3 **Disrupted Day adjustment for Averaging Dates**

If an Averaging Date is a Disrupted Day, then if, in relation to "**Averaging Date Disruption**", the consequence specified in the applicable Issue Terms is:

- (i) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for the purposes of determining the relevant Settlement Value provided that, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 9.1.2 (*Disrupted Day adjustment for Valuation Dates*) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such Averaging Date were a Valuation Date that was a Disrupted Day;
- (ii) "**Postponement**", then Condition 9.1.2 (*Disrupted Day adjustment for Valuation Dates*) will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Security; or

- (iii) **"Modified Postponement"**, then:
- (1) in the case of an Index Security or a Share Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date), and (B) the Determination Agent shall determine, acting in good faith and in a commercially reasonable manner, the relevant level or price for that Averaging Date in accordance with Condition 9.1.2(i);
 - (2) in the case of an Index Basket Security or a Share Basket Security, the Averaging Date for each Share or Index not affected by the occurrence of a Disrupted Day shall be the date specified in the applicable Issue Terms as an Averaging Date in relation to the relevant Valuation Date and the Averaging Date for a Share or an Index affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Share or Index. If the first succeeding Valid Date in relation to such Share or Index has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in relation to such Share or Index, and (B) the Determination Agent shall determine, acting in good faith and in a commercially reasonable manner, the relevant level or amount for that Averaging Date in accordance with (x) in the case of an Index Basket Security, Condition 9.1.2(ii) and (y) in the case of a Share Basket Security, Condition 9.1.2(ii); and
 - (3) **"Valid Date"** shall mean a Scheduled Trading Day that is not a Disrupted Day and which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur.
 - (iv) If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or Maturity Date or (ii) the occurrence of an event as set out in Conditions 9.3 (*Merger Events and Tender Offers*) or 9.4 (*Nationalisation, Insolvency and Delisting*), an Additional Disruption Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

9.1.4 The Determination Agent shall as soon as reasonably practicable under the circumstances notify the Issuer and the Fiscal Agent of the existence of a Disrupted Day on any day that but for the occurrence or existence of a Disrupted Day would have been a Valuation Date.

9.1.5 For the purposes hereof:

"Market Disruption Event" means (a) in respect of a Share or an Index other than a Multi-exchange Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Determination Agent determines is material (such determination to be made by the Determination Agent acting in good faith and in a

commercially reasonable manner), at any time during the one hour period that ends at the relevant Valuation Time, or (iii) an Early Closure.

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a security or other property included in the Index at any time, then the relevant percentage contribution of that security or other property to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security or other property and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event; and (b) with respect to any Multi-exchange Index either (i)(A) the occurrence or existence, in respect of any Component, of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Determination Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component is principally traded, OR (3) an Early Closure; AND (B) the aggregate of all Components in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of the Index; OR (ii) the occurrence or existence, in respect of futures or options contracts relating to the Index, of: (A) a Trading Disruption, (B) an Exchange Disruption, which in either case the Determination Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Related Exchange; or (c) an Early Closure.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component at any time, if a Market Disruption Event occurs in respect of such Component at that time, then the relevant percentage contribution of that Component to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component to (y) the overall level of the Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data".

"Scheduled Averaging Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date;

This Condition 9.2 is applicable only in relation to Securities specified in the applicable Issue Terms as being Share Securities or Share Basket Securities.

9.2.1 Following the declaration by the Share Issuer of the terms of any Potential Adjustment Event, the Determination Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make such adjustment(s), if any, to any amount that is payable in respect of the Securities and/or any other adjustment to the settlement, payment or other terms of the Securities as the Determination Agent determines to be appropriate to account for that diluting or concentrative effect and (ii) determine the effective date(s) of such adjustment(s).

9.3 **Merger Events and Tender Offers**

This Condition 9.3 is applicable only in relation to Securities specified in the applicable Issue Terms as being Share Securities or Share Basket Securities.

9.3.1 Following the occurrence of a Merger Event or Tender Offer, if the Issuer determines that the relevant Securities shall continue to be outstanding, (i) the Determination Agent shall

notify the Issuer and the Fiscal Agent and the Issuer shall promptly notify the Securityholders in accordance with the Conditions and (ii) the Determination Agent shall on or after the relevant Merger Date or (as the case may be) Tender Offer Date and, unless it determines that no such adjustment(s) that it could make will produce a commercially reasonable result, (A) make such adjustment(s) to the terms of the Securities as the Determination Agent determines appropriate to account for the economic effect on the Securities of such Merger Event or, as the case may be, Tender Offer (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relative to the Shares or the Securities) which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event or (as the case may be) Tender Offer by an options exchange, and (B) determine the effective date(s) of such adjustment(s).

9.3.2 If the Issuer determines that the relevant Securities shall not continue to be outstanding, then the relevant Securities shall cease to be exercisable (as well as any Investor Put Option as specified in 6.14 in respect of the Securities) (or, in the case of any Securities which have been exercised but remain unsettled, the entitlements of the respective exercising Securityholders to the Settlement Amount pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of the Early Termination Amount, in which event the Security shall cease to be exercisable, including any Investor Put Option as specified in Condition 6.14 (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount.

"Tender Offer" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Share Issuer,

as determined by the Determination Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Determination Agent deems relevant.

"Tender Offer Date" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Determination Agent).

9.4 **Nationalisation, Insolvency and Delisting**

This Condition 9.4 is applicable only in relation to Securities specified in the applicable Issue Terms as being Share Securities or Share Basket Securities.

9.4.1 If in the determination of the Determination Agent, acting in a commercially reasonable manner:

- (i) all the Shares or all or substantially all the assets of the Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof ("**Nationalisation**"); or
- (ii) by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency, dissolution or winding-up of or any analogous proceeding affecting a Share Issuer, (1) all the Shares of that Share Issuer are required to be transferred to a trustee, liquidator or other similar official or (2) holders of the Shares of that Share Issuer become legally prohibited from transferring them ("**Insolvency**"); or
- (iii) the Exchange announces that pursuant to the rules of such Exchange, the Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union) ("**Delisting**"),

then the Issuer will determine, acting in good faith and in a commercially reasonable manner, whether or not the Securities shall continue to be outstanding.

9.4.2 If the Issuer determines that the relevant Securities shall continue to be outstanding, the Determination Agent may make such adjustment as the Determination Agent, acting in good faith and in a commercially reasonable manner considers appropriate, if any, to the Strike Value, the formula for the Cash Settlement Amount or Final Redemption Amount and/or the Settlement Value and/or the Reference Value, the number of Shares to which each Security relates and, in any case, any other variable relevant to the exercise redemption, settlement, or payment terms of the relevant Securities and/or any other adjustment (including without limitation, in relation to Share Basket Securities or Index Basket Securities, the cancellation of terms applicable in respect of Shares or any Index, as the case may be, affected by the relevant Nationalisation, Insolvency and Delisting) which change or adjustment shall be effective on such date as the Determination Agent shall determine.

9.4.3 If the Issuer determines that the relevant Securities shall not continue to be outstanding, then the Issuer shall within 10 Business Days of reaching such determination notify the same to the Securityholders in accordance with Condition 21 (*Notices*) and the relevant Securities shall cease to be exercisable (including any Investor Put Option as specified in Condition 6.14 (*Early termination of Notes at the option of a Securityholder*) in respect of the Securities) (or, in the case of any Securities which have been exercised but remain unsettled, the entitlements of the respective exercising Securityholders to receive the Settlement

Amount pursuant to such exercise shall cease) as of the Announcement Date and the Issuer's obligations under the Securities shall be satisfied in full upon payment of the Early Termination Amount, in which event the Security shall cease to be exercisable (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount.

9.4.4 For the purposes hereof, "**Announcement Date**" means, as determined by the Determination Agent, acting in good faith and in a commercially reasonable manner: (i) in the case of a Nationalisation, the date of the first public announcement to nationalise (whether or not subsequently amended) that leads to the Nationalisation, (ii) in the case of an Insolvency, the date of the first public announcement of the institution of a proceeding or presentation of a petition or passing of a resolution (or other analogous procedure in any jurisdiction) that leads to the Insolvency and (iii) in the case of a Delisting, the date of the first public announcement by the Exchange that the Shares will cease to be listed, traded or publicly quoted in the manner described in Condition 9.4.1(iii) above. In respect of any such event, if the announcement of such event is made after the actual closing time for the regular trading session on the relevant Exchange, without regard to any after hours or any other trading outside of regular trading session hours, the Announcement Date shall be deemed to be the next following Scheduled Trading Day.

9.5 **European currency related adjustments to Shares**

If the Shares were quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, and are at any later time quoted, listed and/or dealt exclusively in euro on the Exchange, then the Determination Agent will adjust any amount that is payable in respect of the Securities and/or any other settlement, payment or other terms of the Securities as the Determination Agent determines appropriate to preserve the economic terms of the Securities. The Determination Agent will make any conversion necessary for purposes of such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Determination Agent prevailing as of the Valuation Time. No adjustments under this Condition 9.5 will affect the currency denomination of the Issuer's payment obligations under the Securities.

9.6 **Correction of Share Prices and Index Levels**

9.6.1 In the event that any price or value published on the Exchange or by the Index Sponsor and which is utilised by the Determination Agent for any calculation or determination (the "**Original Determination**") is subsequently corrected and the correction (the "**Corrected Value**") is published by the Exchange or the Index Sponsor prior to the Expiration Date or Maturity Date within one Settlement Cycle after the original publication, then the Determination Agent will notify the Issuer and the Fiscal Agent of the Corrected Value as soon as reasonably practicable and shall determine the relevant value (the "**Replacement Determination**") using the Corrected Value. If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it determines to be necessary, the Determination Agent may adjust any relevant terms accordingly.

9.6.2 For the purposes hereof:

"**Settlement Cycle**" means the period of Underlying Clearance System Business Days following a trade in the shares underlying such Index or such Shares, as the case may be, on the Exchange in which settlement will customarily occur according to the rules of such Exchange.

"Settlement Disruption Event" in relation to a Share means an event beyond the control of the Issuer as a result of which or following which the relevant Underlying Clearance System cannot clear the transfer of such Share or the shares underlying such Index.

"Underlying Clearance System" means the principal domestic clearance system customarily used for settling trades in the relevant Share or the shares underlying such Index at any relevant time, as determined by the Determination Agent.

"Underlying Clearance System Business Day" means any day on which the Underlying Clearance System is (or, but for the occurrence of a Settlement Disruption Event, would have been) open for the acceptance and execution of settlement instructions.

9.7 Adjustments to Indices

This Condition 9.7 is applicable only in relation to Index Securities or Index Basket Securities.

9.7.1 If a relevant Index is (i) not calculated and announced by the Index Sponsor, but is calculated and announced by a successor sponsor acceptable to the Determination Agent acting in good faith and in a commercially reasonable manner or (ii) replaced by a successor index using, in the determination of the Determination Agent (such determination to be made at the Determination Agent acting in good faith and in a commercially reasonable manner), the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the **"Successor Index"**) will be deemed to be the Index.

9.7.2 If (i) on or prior to any Valuation Date, or any Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent securities (or other property) and capitalisation and other routine events) (an **"Index Modification"**) or permanently cancels the Index and no Successor Index exists (an **"Index Cancellation"**) or (ii) on any Valuation Date, or any Averaging Date, the Index Sponsor fails to calculate and announce a relevant Index (an **"Index Disruption"** and together with an Index Modification and an Index Cancellation, each an **"Index Adjustment Event"**), then (A) in the case of an Index Modification or an Index Disruption, the Determination Agent shall determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate acting in good faith and in a commercially reasonable manner the relevant Reference Value or Settlement Value using, in lieu of a published level for that Index, the level for that Index as at that Valuation Date or, as the case may be, that Averaging Date as determined by the Determination Agent acting in good faith and in a commercially reasonable manner in accordance with the formula for and method of calculating that Index last in effect prior to that change, failure or cancellation, but using only those securities or other property that comprised that Index immediately prior to that Index Adjustment Event and (B) in the case of an Index Cancellation, the Issuer may, at any time thereafter acting in good faith and in a commercially reasonable manner determine that the Securities shall be terminated as of any later date. If the Issuer so determines that the Securities shall be terminated, then the Securities shall cease to be exercisable (as well as any Investor Put Option as specified in Condition 6.14 in respect of the Securities) (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to payment of the Settlement Amount pursuant to such exercise shall cease) as of such later date and the Issuer shall within 10 Business Days of reaching such determination notify the same to the Securityholders in accordance with Condition 21 (*Notices*) and will pay the Early Termination Amount, in which event the Security shall cease to be exercisable (or, in the case of any Securities which have been

exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount, in which event the Security shall cease to be exercisable (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount. The Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount. If the Issuer determines that the relevant Securities shall continue, the Determination Agent may make such adjustment as the Determination Agent acting in good faith and in a commercially reasonable manner considers appropriate, if any, to any variable relevant to the exercise, settlement, or payment terms of the relevant Securities and/or any other adjustment (including without limitation, the substitution of the Index) which adjustment shall be effective on such date as the Determination Agent shall determine acting in good faith and in a commercially reasonable manner to be appropriate.

9.8 Potential adjustment to Valuation Dates and Averaging Dates of Securities in respect of which one or more of the Underlyings is (or one or more of the Components of the Underlying is) the common stock of a "financial institution"

Notwithstanding anything else in the Conditions, the occurrence of any Valuation Date or Averaging Date with respect to a Series of Securities in respect of which (i) in the case of Share Securities or Share Basket Securities, one or more of the Underlyings is or (ii) in the case of Index Securities or Index Basket Securities, one or more of the Components of one or more of the Underlyings is, the common stock (or the equivalent thereof) of a "financial institution" (as defined in "*Regulatory Capital Rules: Regulatory Capital, Implementation of Basel III, Capital Adequacy, Transition Provisions, Prompt Corrective Action, Standardized Approach for Risk-weighted Assets, Market Discipline and Disclosure Requirements, Advanced Approaches Risk-Based Capital Rule, and Market Risk Capital Rule*" promulgated by the Office of the Comptroller of the Currency, Treasury, and the Board of Governors of the Federal Reserve System on July 2, 2013 (as may be amended from time to time)) may be postponed by the Issuer to the extent necessary to allow the Issuer or its Affiliates to unwind any hedge positions which it has entered into with respect to the relevant Series of Securities; provided, however, that on any scheduled Valuation Date or scheduled Averaging Date (as applicable) the Issuer will (and, where applicable, will procure that its Affiliates will) use all commercially reasonable efforts to unwind any relevant hedge positions in light of then-prevailing market conditions. Any such postponement to a Valuation Date or Averaging Date pursuant to this Condition 9.8 shall take place after any other postponements to such dates are made pursuant to the other terms of this Condition 9, and any valuations taken on such postponed dates will be made by the Determination Agent acting in good faith and in a commercially reasonable manner.

10. ADDITIONAL DISRUPTION EVENTS

- 10.1 Following the occurrence of an Additional Disruption Event, the Issuer will acting in good faith and in a commercially reasonable manner determine whether or not the relevant Securities shall continue to be outstanding.
- 10.2 If the Issuer determines that the relevant Securities shall continue, the Determination Agent may make such adjustment as the Determination Agent, acting in good faith and in a commercially reasonable manner, considers appropriate, if any, to the Strike Value, the formula for the Cash Settlement Amount or Final Redemption Amount and/or the Reference Value or Settlement Value set out in the applicable Issue Terms, the number of Shares to which each Security relates, the number of Shares comprised in a Basket, the amount and, in any case, any other variable relevant to

the exercise, redemption, settlement, or payment terms of the relevant Securities and/or any other adjustment (including without limitation, in relation to Share Basket Securities or Index Basket Securities, the cancellation of terms applicable in respect of any Share or Index, as the case may be, affected by the relevant Additional Disruption Event) which change or adjustment shall be effective on such date as the Determination Agent shall determine acting in good faith and in a commercially reasonable manner.

- 10.3 If the Issuer determines that the relevant Securities shall not continue to be outstanding, then the Issuer shall within 10 Business Days of reaching such determination notify the same to the Securityholders in accordance with Condition 21 (*Notices*) the relevant Securities shall cease to be exercisable (as well as any Investor Put Option as specified in Condition 6.14 (*Early termination of Notes at the option of a Securityholder*) in respect of the Securities) (or, in the case of any Securities which have been exercised but remain unsettled, the entitlements of the respective exercising Securityholders to the Settlement Amount pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of the Early Termination Amount, in which event the Security shall cease to be exercisable (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount.
- 10.4 The Issuer shall as soon as reasonably practicable under the circumstances notify the Fiscal Agent and the Determination Agent of the occurrence of an Additional Disruption Event.
- 10.5 As used herein,

"Additional Disruption Event" means with respect to a Series of Securities (if specified as applicable in the applicable Issue Terms), a Change in Law, Hedging Disruption, Increased Cost of Hedging or Loss of Stock Borrow.

"Change in Law" means that, on or after the Trade Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (X) it has become illegal to hold, acquire or dispose of any relevant Shares, or (Y) it will incur a materially increased cost in performing its obligations with respect to the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);

"Hedging Disruption" means that the Issuer and/or any Affiliate is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) which the Issuer deems necessary to hedge the equity or other price risk of entering into and performing its obligations with respect to the relevant Securities, or (B) realize, recover or remit the proceeds of any such transaction(s) or asset(s);

"Increased Cost of Hedging" means that the Issuer and/or its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the Securities or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Guarantor shall not be deemed an Increased Cost of Hedging; and

"Loss of Stock Borrow" means that the Issuer and/or any Affiliate is unable, after using commercially reasonable efforts, to borrow (or maintain a borrowing of) Shares with respect to the relevant Securities in an amount and at a rate which the Issuer deems necessary to hedge the risk of entering into and performing its obligations with respect to the Securities.

11. PERFORMANCE DISRUPTION AND INCONVERTIBILITY EVENTS

- 11.1 If the Determination Agent determines, acting in a commercially reasonable manner, that Performance Disruption has occurred, then the Issuer may determine, acting in good faith and in a commercially reasonable manner, that the relevant Securities shall be terminated on the date specified in a notice to the Securityholders and the Issuer will pay the Early Termination Amount, in which event the Security shall cease to be exercisable (as well as any Investor Put Option as specified in Condition 6.14 in respect of the Securities) (or, in the case of any Securities which have been exercised, the entitlements of the respective exercising Securityholders to receive the relevant currency or payment of the Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount.
- 11.2 For the purposes hereof, **"Performance Disruption"** means, in relation to any Security, the occurrence or existence on any day of any event, circumstance or cause beyond the control of the Issuer that has had or reasonably could be expected to have a material adverse effect upon (i) its ability to perform its obligations under, or hedge its positions with respect to, the relevant Security; (ii) the ability of any hedging counterparty of the Issuer to perform its obligations under any hedging transaction entered into by the Issuer to hedge all or any of its liabilities in respect of the Securities or any of them; or (iii) the availability of hedging transactions in the market. If the Determination Agent determines that both a Performance Disruption and an Additional Disruption Event have occurred and are subsisting, then the Issuer may elect to terminate the Securities for either such Performance Disruption or an Additional Disruption Event at its option.
- 11.3 If, in respect of any Series of Securities, the applicable Issue Terms specifies that "Inconvertibility Event Provisions" are applicable, this Condition 11.3 shall apply in respect of such Securities, but otherwise it shall not apply.

If, at any time, the Determination Agent determines that an Inconvertibility Event has occurred, it will inform the Issuer of such event. Following the determination of an Inconvertibility Event, the Issuer may, in its sole and absolute discretion, provide a notice to the holders of the Securities in accordance with Condition 20 electing either:

- 11.3.1 If **"Early Termination"** is specified in the applicable Issue Terms: to early terminate the Securities on a date specified in such notice (such date, the **"Inconvertibility Early Termination Date"**), in which case the Securities shall early terminate at the Inconvertibility Early Termination Amount on such Inconvertibility Early Termination Date. The Issuer's obligations under the Securities shall be satisfied in full upon payment of such amount; or
- 11.3.2 If **"Suspended Payment"** is specified in the applicable Issue Terms, to suspend any payment which would otherwise be due under the Securities until a number of Business Days specified in the notice following the date on which the Inconvertibility Event has ceased and no additional amount will be payable in respect of any such delay,

provided that the Issuer may, at any time, subsequent to the despatch of a notice electing the "Suspended Payment" option, despatch a second notice electing "Early Termination", provided that "Early Termination" is specified as applicable in the relevant Issue Terms, in which case the Securities will be terminated in accordance with the terms of "Early Termination" above and the date specified in such notice will be the Inconvertibility Early Termination Date.

For the avoidance of doubt (a) failure to deliver such notice or the failure of the recipient to receive such notice will not affect the Issuer's ability to make payments according to the option it selected and (b) the provisions of this Condition 11.3 may be applied on more than one occasion.

11.4 For the purpose of Condition 11.3:

"Inconvertibility Early Termination Amount" means either:

- (i) an amount specified as such in the applicable Issue Terms;
- (ii) if "Early Termination Amount" is specified in the Issue Terms, an amount equal to (i), the Early Termination Relevant Currency Amount specified in the Issue Terms, (ii) converted from the relevant currency in which it is expressed into the Inconvertibility Specified Currency at an exchange rate (expressed as a number of the relevant currency per one unit of the Inconvertibility Specified Currency) determined by the Determination Agent in its sole and absolute discretion for settlement on or about the relevant Inconvertibility Early Termination Date and (iii) less the proportion attributable to that Security of the reasonable cost to and/or the loss realised by the Issuer and/or any Affiliate on unwinding any related hedging arrangements and/or in respect of break funding costs for the Issuer's term financing associated with such early termination of the Securities, in each case as calculated by the Determination Agent in its sole and absolute discretion; or
- (iii) if "Fair market value" is specified in the Issue Terms, in respect of a Security, an amount, in the Inconvertibility Specified Currency, equal to the fair market value of the relevant Security, on such day as is selected by the Determination Agent in its sole and absolute discretion (provided that such day is not more than 15 days before the Inconvertibility Early Termination Date), less the proportion attributable to that Security of the reasonable cost to and/or the loss realised by the Issuer and/or any Affiliate on unwinding any related hedging arrangements and/or in respect of break funding costs for the Issuer's term financing associated with such early termination of the Securities, in each case as calculated by the Determination Agent in its sole and absolute discretion.

An **"Inconvertibility Event"** shall be deemed to have occurred if in the period from (and including) the Trade Date to (and including) the final possible Cash Settlement Payment Date or Maturity Date, as applicable, any event or circumstance occurs that generally makes it, in the sole and absolute discretion of the Determination Agent, impossible, unlawful or impracticable for the Issuer, the Determination Agent or any of their respective affiliates for any reason beyond their reasonable control:

- (i) to convert a Relevant Currency into the Inconvertibility Specified Currency or the Inconvertibility Specified Currency into a Relevant Currency (whether directly or through a cross exchange rate) through customary legal channels; or
- (ii) to determine the rate of conversion of the Inconvertibility Specified Currency into a Relevant Currency or a Relevant Currency into the Inconvertibility Specified Currency; or
- (iii) to transfer, or make a payment in, or deliver the Relevant Currency from or to or within a Relevant Jurisdiction in any amount the Determination Agent determines is or could be relevant for hedging purposes in connection with the Securities; or
- (iv) to determine a rate at which any Relevant Currency can be lawfully exchanged for U.S. Dollars; or
- (v) to convert any Relevant Currency into U.S. Dollars; or

- (vi) to exchange or repatriate any funds outside of any Relevant Jurisdiction or any jurisdiction in which any issuer of Shares or securities comprised in an Index is incorporated or with which such Shares or securities are otherwise associated; or
- (vii) to hold, purchase, sell or otherwise deal in any Shares or securities comprised in an Index, or any other property in order for the Issuer or any of its Affiliates to perform any hedging arrangements related to the Securities for the purposes of meeting the Issuer's obligations in respect of the Securities;

"Inconvertibility Specified Currency" means the currency specified as such in the Issue Terms and, if none is indicated, the Specified Currency.

"Relevant Currency" means the currency specified as such in the Issue Terms, and, if none is specified, each currency in which any of the securities comprised in an Index is denominated or traded or settled, or the currency in which any Share is denominated or traded or settled.

"Relevant Jurisdiction" means the jurisdiction specified as such in the Issue Terms.

12. TAXATION

- 12.1 *No additional amounts and payment net of Taxes:* Except as otherwise set out in the applicable Issue Terms, all payments by the Issuer and Guarantor in respect of the Securities shall be net of any relevant Taxes and without limitation, in the event any withholding or deduction for, any taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any jurisdiction or any political subdivision or any authority thereof or therein having power to tax, is required by law, neither the Issuer nor the Guarantor shall be required to make any additional payments on account of any such withholding or deduction.
- 12.2 *Indemnity in respect of KSA Securities:* Each holder of KSA Securities by its acquisition and holding of KSA Securities is deemed to indemnify and agree to indemnify and hold harmless the Issuer against any tax, levy, impost, duty, charge, assessment or fee including capital gains tax and withholding tax as well as any penalties and interest thereon (even if their imposition results from any action or inaction of the Issuer or any of its Affiliates), and any change in any of the rates thereof, payable to, imposed by or levied by or on behalf of the KSA or any authority having power to tax, whether such amount is payable by the Issuer directly or is payable by any of Issuer's Affiliates, and, whether any such amount becomes payable during or after the scheduled Expiration Date (a **"Retrospective Tax Liability"**), in connection with the holding, possession, purchase or sale of, or any possession of an interest in or dealing in, or any hedging arrangements relating to, or to payments due under or in connection with the KSA Securities (**"Tax Liability"**). Any payment liable to be made by a Securityholder under this Condition 12.2 shall be made in the currency in which such Tax Liability amount is due and payable; provided that, the Issuer shall be entitled to convert any such Tax Liability amount into such other currency as it deems fit (and at an exchange rate determined by it in its sole and reasonable discretion) and shall be entitled to deduct such amount from any payment(s) due from the Issuer to the Securityholder. A Securityholder's obligation to make a payment to the Issuer in respect of a Retrospective Tax Liability will survive the termination of the relevant KSA Securities. For the avoidance of doubt, Zakat levied on the Issuer and any Affiliate of the Issuer in connection with the KSA Securities is within the scope of this provision.

- 12.3 *Change in Tax*: Without limitation to and in addition to Condition 12.2 (*Indemnity in respect of KSA Securities*), upon the occurrence of a Change in KSA Tax, the Issuer will (i) inform the Securityholders and (ii) seek to modify the Conditions of the KSA Securities so as to preserve the economic value of the KSA Securities which would have prevailed but for the occurrence of the Change in KSA Tax. If the Issuer determines that it is not possible to restructure the KSA Securities, the Issuer may determine that the Cash Settlement Amount shall be reduced by an amount required to put the Issuer and/or any of its Affiliates in the same position that it would have been in but for the occurrence of the Change in KSA Tax.
- 12.4 *Implementation of Financial Transaction Tax*: If "Implementation of Financial Transaction Tax" is specified in the applicable Issue Terms to be applicable to any Series of Securities, then upon the occurrence of an Implementation of Financial Transaction Tax, the Issuer may (i) in its sole discretion, with immediate effect amend the Conditions to reflect such event, including, without limitation, adjusting any value or term of the Conditions to account for the economic impact of the Implementation of Financial Transaction Tax on the Issuer and/or its Affiliates in relation to the Securities which may include, without limitation reducing any amount payable under the Securities, and (ii) to the extent that at any time thereafter the Issuer determines (acting in good faith and in a commercially reasonable manner) that it and its Affiliates have or will incur additional loss as a result of the Implementation of Financial Transaction Tax that has not been accounted for through the adjustment made pursuant to sub-paragraph (i) (such amount, an "**Additional Increased Tax**"), it may reduce the amount otherwise payable on the Securities on the next payment date (and any payment date thereafter) by an amount up to the Additional Increased Tax amount. Any such adjustments shall be notified to Securityholders as soon as reasonably practicable. If an event or circumstance which would otherwise constitute a Change in Law or Increased Cost of Hedging (where applicable) also constitutes an Implementation of Financial Transaction Tax, the Determination Agent may determine whether it will be treated as a Change in Law or Increased Cost of Hedging or an Implementation of Financial Transaction Tax.

13. EVENTS OF DEFAULT

- 13.1 If any of the following events (each, an "**Event of Default**") occurs and is continuing:
- (a) *Non-payment*: Failure to pay any amount of principal in respect of the Securities within thirty days of the due date for payment thereof or fails to pay any amount of interest in respect of the Securities within thirty days of the due date for payment thereof; or
 - (b) Insolvency, etc.:
 - (i) the Issuer becomes insolvent or is unable to pay its debts as they fall due;
 - (ii) an administrator or liquidator of the Issuer or the whole or a substantial part of the undertaking, assets and revenues of the Issuer is appointed (otherwise than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring whilst solvent);
 - (iii) the Issuer takes any action for a composition with or for the benefit of its creditors generally, or
 - (iv) an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer (otherwise than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring whilst solvent), and such order or effective resolution has remained in force and has not been rescinded, revoked or set aside for sixty days after the date on which such order is made or effective resolution is passed,

then Securityholders of not less than 25 per cent. in aggregate principal amount then outstanding of the affected Series of Securities may, by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, declare such affected Series of Securities to be immediately due and payable, whereupon they shall become so due and payable at their Early Termination Amount (or in accordance with any other provisions specified in the applicable Issue Terms) without further action or formality. Notice of any such declaration shall be given to the Securityholders.

- 13.2 *Annulment of Acceleration and Waiver of Defaults:* In respect of any Event of Default, other than the non-payment of the principal of a Series of Securities that has become due as a result of an acceleration, that has been cured, waived or otherwise remedied, the holders of a majority in aggregate principal amount then outstanding of such affected Series of Securities (voting as one class) may rescind and annul past declarations of acceleration of such affected Series of Securities arising due to such Event of Default or waive such Event of Default.
- 13.3 *No Event of Default for Guarantor's Resolution or Insolvency:* Nothing herein contained shall be deemed to authorise any Securityholders to exercise any remedy against the Issuer or the Guarantor solely as a result of, or because it is related directly or indirectly to: (a) the insolvency of the Guarantor or the commencement of any proceedings relative to the Guarantor under Title 11 of the United States Code, or the appointment of a receiver for the Guarantor under Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or the commencement of any other applicable federal or state bankruptcy, insolvency, resolution or other similar law; (b) a receiver, assignee or trustee in bankruptcy or reorganization, liquidator, sequestrator or similar official having been appointed for or having taken possession of the Guarantor or its property; or (c) the institution of any other comparable judicial or regulatory proceedings relative to the Guarantor, or to the creditors or property of the Guarantor.

Notwithstanding the foregoing, Securityholders are authorised to exercise any remedy against the Issuer as a result of an Event of Default described in Condition 13.1(b).

14. ILLEGALITY AND REGULATORY EVENT

- 14.1 The Issuer shall have the right to terminate the Securities if it shall have determined, in its sole and absolute discretion, that:
- (a) its performance thereunder, or, if applicable, the Guarantor's performance of its obligations under the Guarantee, shall have become or will be unlawful in whole or in part as a result of compliance in good faith by the Issuer or, if applicable, the Guarantor, with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power ("**applicable law**") (an "**Illegality Event**"); or
 - (b) a Regulatory Event has occurred.
- 14.2 If the Issuer determines that the Securities shall be terminated in accordance with this Condition 14, the Issuer shall pay to each Securityholder in respect of each Security held by him the Early Termination Amount. Payment will be made in such manner as shall be notified to the Securityholders in accordance with Condition 21 (*Notices*).
- 14.3 The Issuer shall also, as soon as reasonably practicable under the circumstances, notify the Fiscal Agent and the Determination Agent of the occurrence of an Illegality Event or, a Regulatory Event, as applicable.

15. PRESCRIPTION

Claims for Settlement Amounts shall become void unless such claims are made within ten years of the appropriate Relevant Date. Claims for Distribution Amounts shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

16. REPLACEMENT OF SECURITIES AND COUPONS

If any Bearer Security, Individual Registered Instrument or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the relevant Paying Agent (in the case of Bearer Securities and Coupons) or of the Registrar or any Transfer Agent (in the case of Registered Securities) (each a "**Replacement Agent**") during normal business hours (and, if the Securities are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and stock exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may reasonably require. Mutilated or defaced Bearer Securities, Individual Registered Instruments or Coupons must be surrendered before replacements will be issued.

17. AGENTS

17.1 In acting under the Issue and Paying Agency Agreement and in connection with the Securities and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Securityholders or Couponholders.

17.2 The Issuer reserves the right at any time to vary or terminate the appointment of any Fiscal Agent, Paying Agent, Registrar, Transfer Agent or Determination Agent and to appoint a successor Fiscal Agent or Determination Agent and additional or successor, Registrar, Paying Agents or Transfer Agents; provided, however, that the Issuer shall at all times maintain:

17.2.1 a Fiscal Agent;

17.2.2 in the case of Registered Securities, a Registrar;

17.2.3 a Paying Agent (or, in the case of Registered Securities, a Transfer Agent);

17.2.4 a Luxembourg Paying Agent;

17.2.5 if a Determination Agent is specified in the applicable Issue Terms, a Determination Agent; and

17.2.6 if and for so long as the Securities are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent, a Registrar and/or a Transfer Agent in any particular place, a Paying Agent, a Registrar and/or a Transfer Agent, each having their Specified Office in the place required by such listing authority, stock exchange and/or quotation system.

17.3 Notice of any change in any of the Paying Agents, Registrar or Transfer Agent or in their respective Specified Offices shall promptly be given to the Securityholders.

18. DETERMINATIONS

- 18.1 Whenever any matter falls to be determined, considered or otherwise decided upon by the Determination Agent or any other person (including where a matter is to be decided by reference to the Determination Agent's or such other person's opinion), unless otherwise stated, that matter shall be determined, considered or otherwise decided upon by the Determination Agent or such other person, as the case may be acting in good faith and in a commercially reasonable manner. Any amount payable with respect to a Security shall be rounded down to the nearest smallest whole unit of the Specified Currency provided that where a single Securityholder is the Securityholder of more than one Security the amount paid to him may be the figure resulting from aggregation of the amounts determined (without rounding) in respect of the relevant Securities, and then rounded down to the nearest smallest whole unit.
- 18.2 All determinations, considerations and decisions made by the Determination Agent shall, in the absence of manifest error, wilful default or bad faith, be final and conclusive and the Determination Agent shall have no liability in relation to such determinations except in the case of its wilful default or bad faith.

19. MEETINGS OF SECURITYHOLDERS AND MODIFICATIONS

- 19.1 *Meetings of Securityholders:* The Issue and Paying Agency Agreement contains provisions for convening meetings of Securityholders to consider matters relating to the Securities, including the modification of any provision of the Conditions subject to Condition 19.2 below. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Securityholders holding not less than one-tenth of the aggregate Nominal Amount or number of the outstanding Securities. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate Nominal Amount or number of the outstanding Securities at any adjourned meeting, two or more Persons being or representing Securityholders whatever the Nominal Amount or number of the Securities held or represented; provided, however, that Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Securityholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate Nominal Amount or number of the outstanding Securities form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Securityholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Securityholders who for the time being are entitled to receive notice of a meeting of Securityholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Securityholders.

- 19.2 *Modification:* The Securities and the Conditions may be amended without the consent of the Securityholders or the Couponholders to correct a manifest or proven error or to effect a modification which is of a formal, minor or technical nature or which, in the opinion of the Issuer, is not materially prejudicial to the interest of the Securityholders. In addition, the parties to the Issue and Paying Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Securityholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Securityholders.

FORM OF BEARER SECURITIES

Unless otherwise specified in the applicable Issue Terms, each issuance of bearer Securities ("**Bearer Securities**") initially in the form of a temporary global security (a "**Temporary Global Security**"), without coupons, will be deposited on or around the issue date of such Securities (or any Tranche thereof) with a depositary or a common depositary (a "**Bearer Security Depositary**") for Euroclear S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or any other relevant clearing system. Upon deposit of each Temporary Global Security, Euroclear or Clearstream, Luxembourg or, as applicable, any other relevant clearing system, will credit each subscriber with a Nominal Amount or number of Securities equal to the Nominal Amount or number for which it has subscribed and paid.

The interests of the beneficial owner or owners in a Temporary Global Security will be exchangeable, in whole or in part, for interests in a permanent global security (a "**Permanent Global Security**" and, together with a Temporary Global Security, the "**Global Securities**"), without coupons, to be held by a Bearer Security Depositary after the date (the "**Exchange Date**") that is 40 days after the date on which the Issuer receives the proceeds of the sale of that Security (or the relevant Tranche thereof) (the "**Closing Date**"). The Exchange Date for any Security held by a Distribution Agent (as defined in "*Subscription and Sale and Transfer Restrictions*" - see page 162 of this Base Prospectus) as part of an unsold allotment or subscription more than 40 days after the Closing Date for that Security will be the day after the date that Security is sold by that Distribution Agent. No payments will be made under the Temporary Global Security unless exchange for interests in the Permanent Global Security is improperly withheld or refused. Each issuance of Securities not issued in the form of a Temporary Global Security will be in the form of a Permanent Global Security.

Whenever any interest in the Temporary Global Security is to be exchanged for an interest in a Permanent Global Security, the Issuer shall procure (in the case of the first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Security, duly authenticated, to the bearer of the Temporary Global Security or (in the case of any subsequent exchange) an increase in the Nominal Amount of or number of Securities represented by the Permanent Global Security in accordance with its terms against presentation and (in the case of final exchange) surrender of the Temporary Global Security at the Specified Office of the relevant Paying Agent within seven days of the bearer requesting such exchange.

The aggregate Nominal Amount of or number of Securities represented by the Permanent Global Security shall be equal to the aggregate of the Nominal Amounts provided, however, that in no circumstances shall the Nominal Amount of or number of Securities represented by the Permanent Global Security exceed the initial Nominal Amount of or initial number of Securities represented by the Temporary Global Security.

The Permanent Global Security will be exchangeable in whole, but not in part, for Securities in definitive form ("**Definitive Securities**"), which will be serially numbered, with coupons, if any, attached if:

- (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- (b) any security is terminated following any of the circumstances described in "*Terms and Conditions of the Securities*" or the date for final settlement or redemption of the relevant Securities has occurred and, in either case, payment in full has not been made in accordance with its terms on the due date for payment.

Whenever the Permanent Global Security is to be exchanged for Definitive Securities, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Securities, duly authenticated and with Coupons (as defined in "*Terms and Conditions of the Securities*" above) and Talons attached (if so specified in the applicable Issue Terms), in an aggregate Nominal Amount or number of Securities equal to the Nominal Amount of or number of Securities represented by the Permanent Global Security to the bearer

of the Permanent Global Security against the surrender of the Permanent Global Security at the Specified Office of the relevant Paying Agent within 30 days of the bearer requesting such exchange. The Bearer Security Depositary for Euroclear and Clearstream, Luxembourg or, as applicable, any other relevant clearing system will instruct the relevant Paying Agent regarding the aggregate Nominal Amount of or number of Securities represented by Definitive Securities that must be authenticated and delivered to each of Euroclear and Clearstream, Luxembourg or, as applicable, any other relevant clearing system. Definitive Securities may not be delivered in the United States. Definitive Securities will be serially numbered.

Terms and Conditions Applicable to the Securities

The terms and conditions of any Definitive Security will be endorsed on that Definitive Security and will consist of the terms and conditions set out under "*Terms and Conditions of the Securities*", as set out above (or in the relevant Supplemental Base Prospectus) and the provisions of the applicable Issue Terms, which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Security in global form will differ from those terms and conditions which would apply to the Security were it in definitive form to the extent described under "*Summary of Provisions Relating to the Securities while in Global Form*" below.

FORM OF REGISTERED SECURITIES

Form of Registered Securities

Securities in registered form ("**Registered Securities**") will not have coupons attached. Registered Securities which are offered and sold outside the United States in reliance on Regulation S ("**Unrestricted Securities**") will be represented by interests in a global Registered Security (an "**Unrestricted Global Security**"). The Unrestricted Global Security will be registered in the name of a nominee for, and shall be deposited on its issue date with a common depository on behalf of, Euroclear and Clearstream, Luxembourg.

Registered Securities offered and sold in reliance on Rule 144A, or another exemption from the registration requirements of the Securities Act, ("**Restricted Securities**") will be represented by interests in a global Registered Security (a "**Restricted Global Security**" and, together with the Unrestricted Global Security, a "**Global Security**"). The Restricted Global Security will be registered in the name of Cede & Co. as nominee for DTC and will be deposited on or about the Issue Date with (1) the DTC custodian or (2) a common depository acting on behalf of Euroclear or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be. Distributions in the Global Securities will be shown on, and transfers thereof will be effected only through, records maintained by DTC, Euroclear, and Clearstream, Luxembourg and their direct and indirect participants. Individual Registered Instruments ("**Individual Registered Instruments**") evidencing holdings of Registered Securities will only be available in certain limited circumstances as described below under "Exchange of Distributions in Global Securities for Individual Registered Instruments".

Exchange of Interest in Global Securities for Individual Registered Instruments

Registration of title to Securities initially represented by the Global Security in a name other than DTC, Euroclear or Clearstream, Luxembourg or a successor depository or one of their respective nominees will not be permitted unless (a) any such entity notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the relevant Global Security or ceases to be a clearing agency (as defined in the Exchange Act), or is at any time no longer eligible to act as such, and the Issuer is (in the case of it ceasing to be depository) unable to locate a qualified successor within 90 calendar days of receiving notice of such ineligibility on the part of such depository or (b) DTC, Euroclear or Clearstream, Luxembourg, as the case may be, is closed for a continuous period of 14 calendar days (other than by reason of legal holidays) or announces an intention permanently to cease business.

In such circumstances, the Issuer shall procure the delivery of Individual Registered Instruments in exchange for the Unrestricted Global Security and/or the Restricted Global Security. A person having an interest in a Global Security must provide the Registrar (through DTC, Euroclear and/or Clearstream, Luxembourg) with (i) such information as the Issuer and the Registrar may require to complete and deliver Individual Registered Instruments (including the name and address of each person in which the Individual Registered Instruments are to be registered and the Nominal Amount or number of Securities of each such person's holding) and (ii) (in the case of the Restricted Global Security only) a certificate given by or on behalf of the holder of each beneficial interest in the Restricted Global Security stating either (1) that such holder is not transferring its interest at the time of such exchange or (2) that the transfer or exchange of such interest has been made in compliance with the transfer restrictions applicable to the Securities and that the person transferring such interest reasonably believes that the person acquiring such interest is a QIB/QP and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A. Individual Registered Securities issued in exchange for interests in the Restricted Global Security will bear the legends and be subject to the transfer restrictions set out above under "*Subscription and Sale and Transfer Restrictions*".

Whenever a Global Security is to be exchanged for Individual Registered Securities, such Individual Registered Securities will be issued within five business days to the delivery to the Registrar of the information and any required certification described in the preceding paragraph against the surrender of the

relevant Global Security at the Specified Office of the Registrar. Such exchange shall be effected in accordance with the regulations concerning the transfer and registration from time to time in relation to the Securities and shall be effected without charge, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If (a) Individual Registered Securities have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the due date for their delivery in exchange for interests in a Global Security or (b) any of the Securities represented by a Global Security has become due and payable in accordance with the conditions or the date for final exercise or redemption of the Securities has occurred and, in either case, payment in full has not been made to the registered Securityholder of such Global Security in accordance with its terms on the due date for payment, then such Global Security (including the obligation to deliver Individual Registered Securities) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the registered Securityholder will have no further rights under such Global Security (but without prejudice to the rights of holders under the Deed of Covenant).

The Registrar will not register the transfer of or exchange of interests in a Global Security for Individual Registered Securities (i) for a period of 15 calendar days ending on the due date for any payment in respect of the Registered Securities; (ii) during the period 15 calendar days before any date on which Registered Securities may be terminated by the Issuer at its option pursuant to Condition 6.12 (*Termination at the option of the Issuer*) of the "*Terms and Conditions of the Securities*"; or (iii) after any such Registered Security has been terminated.

Book-Entry Ownership of Global Securities

The Issuer has applied to DTC, Euroclear and Clearstream, Luxembourg for acceptance in their respective book-entry settlement systems of the Registered Securities. The Unrestricted Securities and Restricted Securities held within Euroclear and Clearstream will have a common code and an ISIN. The Issuer has also applied to DTC, Euroclear and Clearstream, Luxembourg for acceptance in their respective book entry settlement systems of the Restricted Securities. The Restricted Securities held within the DTC system will have a CUSIP number.

The DTC custodian and DTC will record electronically the Nominal Amount or number of the Securities represented by the Restricted Global Security held within the DTC system. Investors shall hold their interests in the Restricted Global Security directly through DTC, if they are participants in DTC, or indirectly through organisations which are participants in DTC.

The common depository and Euroclear and Clearstream, Luxembourg will record electronically the Nominal Amount or number of the Securities represented by the Unrestricted Global Security held within Euroclear and Clearstream, Luxembourg. Investors shall hold their interests in the Unrestricted Global Security or the Restricted Global Security directly through Euroclear and Clearstream, Luxembourg, if they are participants in Euroclear and Clearstream, Luxembourg, or indirectly through organizations which are participants in Euroclear and Clearstream, Luxembourg.

Payments of any amounts payable under each Global Security registered in the name of DTC's nominee or in the name of the common depository acting on behalf of Euroclear and Clearstream, Luxembourg will be made to or to the order of DTC's nominee or the common depository as the registered holder of such Global Security, as the case may be. The Issuer expects that the nominee or common depository, as the case may be, upon receipt of any such payment, will immediately credit participants' accounts with payments in amounts proportionate to their respective interests in the Nominal Amount of or number of Securities represented by the relevant Global Security as shown on the records of the nominee or common depository, as the case may be. The Issuer also expects that payments by participants to owners of interests in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the

case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants. None of the Issuer, the Registrar, any Transfer Agent or any Paying Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in the Global Security or for maintaining, supervising or reviewing any records relating to such ownership interests.

While a Restricted Global Security is lodged with DTC or its custodian, or with a common depository for Euroclear and Clearstream, Luxembourg, Securities represented by Individual Registered Instruments will not be eligible for clearing or settlement through DTC, Clearstream, Luxembourg or Euroclear.

Transfer of Interests in Global Securities

Transfer of interests in Global Securities within DTC, Euroclear and Clearstream, Luxembourg will be in accordance with the usual rules and operating procedures of the relevant clearing system

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Securities. Consequently, the ability to transfer interests in a Global Security to such persons will be limited.

Subject to compliance with the transfer restrictions applicable to the Securities described above and under "*Subscription and Sale and Transfer Restrictions*", cross-market transfers between DTC participants, on the one hand, and Clearstream, Luxembourg or Euroclear account holders, on the other, will be effected in DTC in accordance with DTC rules and procedures and on behalf of Clearstream, Luxembourg (as the case may be) or Euroclear by its respective depository. However, such cross-market transactions will require delivery of instructions to Clearstream, Luxembourg or (as the case may be) Euroclear by the counter party in such system in accordance with its rules and procedures and within its established deadlines. Clearstream, Luxembourg or (as the case may be) Euroclear will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving beneficial interests in the relevant Global Security in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg account holders and Euroclear account holders may not deliver instructions directly to the depositories for Clearstream, Luxembourg or Euroclear.

Because of time zone differences, credits of Securities received in Clearstream, Luxembourg or Euroclear as a result of a transaction with a DTC participant will be made during the securities settlement processing day dated the business day following the DTC settlement date and such credits of any transactions in such securities settled during such processing will be reported to the relevant Clearstream, Luxembourg or Euroclear account holder on such business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of Securities by or through a Clearstream, Luxembourg account holder or a Euroclear account holder to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash account only as of the business day following settlement in DTC. Settlement between Euroclear or Clearstream, Luxembourg account holders and DTC participants cannot be made on a delivery versus payment basis. The arrangements for transfer of payments must be established separately from the arrangement for transfer of Securities, the latter being effected on a free delivery basis. The customary arrangements for delivery versus payment between Euroclear and Clearstream, Luxembourg account holders or between DTC participants are not affected.

For a further description of restrictions on the transfer of Securities, see "*Subscription and Sale and Transfer Restrictions*".

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Securities (including, without limitation, the presentation of Global Security for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in Global Securities are credited, and only in respect of such portion of the aggregate Nominal Amount of or number of Securities represented by the Global Securities as to which such participant or participants has or have given such

direction. However, in certain circumstances, DTC will exchange the Global Securities for Individual Registered Instruments (which will, in the case for Restricted Securities, bear the legend set out under "*Subscription and Sale and Transfer Restrictions*").

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Securities among participants and account holders of DTC, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither the Issuer, the Registrar nor any Transfer Agent or any Paying Agent will have any responsibility for the performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or account holders of their respective obligations under the rules and procedures governing their respective operations.

SUMMARY OF PROVISIONS RELATING TO THE SECURITIES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Bearer Securities (or any Tranche thereof) represented by a Global Security, references in the "*Terms and Conditions of the Securities*" to "**Securityholder**" are references to the bearer of the relevant Global Security which, for so long as the Global Security is held by a Bearer Security Depository, will be that Bearer Security Depository.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Security or Permanent Global Securities (each, an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Security and in relation to all other rights arising under the Global Security, including any right to exchange any exchangeable Securities or any right to require the Issuer to repurchase such Securities. The respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time will determine the extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Security and the timing requirements for meeting any deadlines for the exercise of those rights. For so long as the relevant Securities are represented by the Global Security, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Securities (including, without limitation, any failure on behalf of Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) to correctly identify the holder of any Security (whether in respect of a Distribution Record Date or otherwise) to whom any such payments are owed) and such obligations of the Issuer will be discharged by payment to the bearer of the Global Security, as the case may be, in respect of each amount so paid.

So long as Euroclear, Clearstream, Luxembourg, DTC or its nominee is the registered holder of a Registered Global Security, Euroclear, Clearstream, Luxembourg DTC or such nominee, as the case may be, will be considered the sole owner of the Securities represented by such Registered Global Securities for all purposes under the Issue and Paying Agency Agreement and such Securities, except to the extent that in accordance with Euroclear, Clearstream, Luxembourg or DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

Exchange of Temporary Global Securities

If:

- (a) a Permanent Global Security has not been delivered or the Nominal Amount thereof or the number of Securities represented thereby increased by 5.00 p.m. (London time) on the seventh day after the bearer of a Temporary Global Security has requested exchange of an interest in the Temporary Global Security for an interest in a Permanent Global Security; or
- (b) a Temporary Global Security (or any part thereof) has become due and payable in accordance with the terms and conditions of such Temporary Global Security as set out in "*Terms and Conditions of the Securities*" or the date for final exercise or redemption of a Temporary Global Security has occurred and, in either case, payment in full has not been made to the bearer of the Temporary Global Security in accordance with the terms of the Temporary Global Security on the due date for payment,

then the Temporary Global Security (including the obligation to deliver a Permanent Global Security or increase the Nominal Amount thereof or the number of Securities represented thereby, as the case may be) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Security

will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Security or others may have in respect of the Securities under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Security in respect of the Securities will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before such Temporary Global Security became void, they had been the holders of Definitive Securities in an aggregate Nominal Amount or number of Securities equal to the Nominal Amount or number of the Securities they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Permanent Global Securities

Whenever a Permanent Global Security is to be exchanged for Definitive Securities, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Securities, duly authenticated and with Coupons and Talons attached (if so specified in the applicable Issue Terms), in an aggregate Nominal Amount or number of Securities equal to the Nominal Amount of or number of Securities represented by the Permanent Global Security to the bearer of the Permanent Global Security against the surrender of the Permanent Global Security at the Specified Office of the relevant Paying Agent within 30 calendar days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Security was originally issued in exchange for part only of a Temporary Global Security representing the Securities and such Temporary Global Security becomes void in accordance with its terms; or
- (b) a Permanent Global Security (or any part of it) has become due and payable in accordance with the terms and conditions of such Permanent Global Security as set out in "*Terms and Conditions of the Securities*" or the Securities have been exercised or redeemed and, in either case, payment in full has not been made to the bearer of the Permanent Global Security in accordance with the terms of the Permanent Global Security on the due date for payment,

then the Permanent Global Security (including the obligation to deliver Definitive Securities) will become void at 5.00 p.m. (London time) on the date on which such Temporary Global Security becomes void (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Security will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Security or others may have in respect of the Securities under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system in force as being entitled to an interest in a Permanent Global Security in respect of the Securities will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before such Permanent Global Security became void, they had been the holders of Definitive Securities in an aggregate Nominal Amount or number of Securities equal to the Nominal Amount or number of the Securities they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Registered Securities

If the Issue Terms states that Registered Securities are to be represented by a permanent Global Security on issue, the following will apply in respect of transfers of Securities held in Euroclear or Clearstream, Luxembourg and DTC or such other relevant clearing system, as the case may be. These provisions will not prevent the trading of interests in the Registered Securities within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Securities may be withdrawn from the relevant clearing system.

Transfers of the holding of Registered Securities represented by any Global Security pursuant to Condition 3.6 (*Transfer of Registered Securities*) of the "*Terms and Conditions of the Securities*" may only be made in part:

- (a) if the Securities represented by the Global Security are held on behalf of Euroclear or Clearstream, Luxembourg or DTC, or such other relevant clearing system, as the case may be and any such clearing system is closed for business for a continuous period of 14 calendar days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (b) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to (a) above, the holder of such Registered Security (the "**Registered Securityholder**") has given the Registrar not less than 30 calendar days' notice at its specified office of the Registered Securityholder's intention to effect such transfer. Where the holding of Securities represented by a Global Security is only transferable in its entirety, the certificate issued to the transferee upon transfer of such holding shall be a Global Security. Where transfers are permitted in part, certificates issued to transferees shall not be Global Securities unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or DTC and/or such other relevant clearing system, as the case may be.

Nominal Amount of the Securities

The Securities may be issued in Nominal Amounts specified in the applicable Issue Terms. If a Nominal Amount is specified and for so long as the Securities are represented by a Global Security, and Euroclear and Clearstream, Luxembourg and/or DTC, as the case may be, so permit, the Securities shall be tradable in such Nominal Amounts or such minimum number of Securities and integral multiples of any amount thereafter, as specified in the applicable Issue Terms. If Definitive Securities are required to be issued in the limited circumstances specified in the Global Security they will only be printed and, if a Nominal Amount is specified in the applicable Issue Terms, issued in nominal amounts equal to such Nominal Amount. Accordingly, where applicable, if Definitive Securities are required to be issued, a Securityholder holding Securities having an original Nominal Amount which cannot be fully represented by Definitive Securities in the nominal amount of at least at least EUR 1,000 per Security (or its equivalent) will not be able to receive a Definitive Security in respect of the original Nominal Amount of the Securities by which the original Nominal Amount of such holding of Securities exceeds the next lowest integral multiple of at least EUR 1,000 per Security (or its equivalent), (the "**Excess Amount**") and will not be able to receive any payment in respect of such Excess Amount. Furthermore, at any meetings of Securityholders while Securities are represented by a Global Security and Securities are issued in Nominal Amounts any vote cast shall only be valid if it is in respect of at least EUR 1,000 (or its equivalent) in Nominal Amount and no vote may be cast in respect of any smaller Nominal Amount

Conditions Applicable to Global Securities

Each Global Security will contain provisions which modify the terms and conditions set out in "*Terms and Conditions of the Securities*" as they apply to the Global Security. The following is a summary of certain of those provisions:

(a) Exercise procedures

Subject to Condition 6.4 (*Securities void on expiry*) of the "*Terms and Conditions of the Securities*" and to prior termination of the Securities as provided in the Conditions, Securities that are Certificates or Warrants may be exercised by a Securityholder (at his own expense) at such time and on such day(s) as provided in Condition 6.1 (*Exercise Style*) of the "*Terms and Conditions of the Securities*" by delivery of a duly completed and signed Exercise Notice to (i) the relevant Clearance System and (ii) the relevant Paying Agent

or, in the case of a Registered Security, the Registrar or any Transfer Agent, with a copy to the Determination Agent.

In the case of a Bearer Global Security, the bearer of the Bearer Global Security must, within the period specified therein for the deposit of the relevant Security and exercise notice, give written notice of such exercise to the relevant Paying Agent and/or such other person as is specified in the relevant Issue Terms specifying the nominal amount or number of Securities being exercised. Any such notice will be irrevocable and may not be withdrawn.

Subject to Condition 6.4 (*Securities void on expiry*) of the "*Terms and Conditions of the Securities*", any Exercise Notice delivered after the Latest Exercise Time on any day shall: (a) in the case of Bermudan Style Securities and European Style Securities, be void and (b) in the case of American Style Securities, be deemed to have been delivered on the next following day on which such Securities are exercisable (unless no such day occurs on or prior to the Expiration Date, in which case that Exercise Notice shall be void).

Form of Exercise Notice: Each Exercise Notice shall be in the form (for the time being current) available from each Paying Agent or Registrar or Transfer Agent, and must:

- (i) specify the name, address, telephone and facsimile details of the Securityholder in respect of the Securities being exercised;
- (ii) specify the number of Securities of the relevant Series being exercised by the Securityholder (which must not be less than the Minimum Exercise Number);
- (iii) specify the number of the Securityholder's account at the relevant Clearance System to be debited with the Securities being exercised and irrevocably instruct, or, as the case may be, confirm that the Securityholder has irrevocably instructed, the relevant Clearance System to debit the Securityholder's account with the Securities being exercised and credit the same to the account of the relevant Paying Agent;
- (iv) where applicable, specify the number of the Securityholder's account at the relevant Clearance System to be credited with the Cash Settlement Amount for the Securities being exercised;
- (v) include an irrevocable undertaking to pay (a) any applicable Taxes due by reason of exercise of the relevant Securities and (b) any Break Fee, if applicable, and an authority to the Issuer and the relevant Clearance System to deduct an amount in respect thereof from any Cash Settlement Amount due to such Securityholder or otherwise (on, or at any time after, the Cash Settlement Payment Date) and to debit a specified account of the Securityholder at the relevant Clearance System with an amount or amounts in respect thereof;
- (vi) in the case of Securities other than Restricted Securities, give a certification as to the non-U.S. beneficial ownership of the Securities being exercised therewith; and
- (vii) Authorise the production of such certification in any applicable administrative or legal proceedings.

Verification of Securityholder:

To exercise Securities, the Securityholder thereof must duly complete an Exercise Notice. The relevant Clearance System shall, in accordance with its normal operating procedures, verify that each person exercising Securities is the Securityholder thereof according to the records of such Clearance System and that such Securityholder has an account at the relevant Clearance System which contains Securities in an amount being exercised and funds equal to any applicable Taxes in respect of the Securities being exercised.

If, in the determination of the relevant Clearance System or the relevant Paying Agent or Registrar or Transfer Agent:

- (i) the Exercise Notice is not complete or not in proper form;
- (ii) the person submitting an Exercise Notice is not validly entitled to exercise the relevant Securities or not validly entitled to deliver such Exercise Notice; or
- (iii) sufficient Securities or sufficient funds equal to any applicable Taxes or any Break Fee are not available in the specified account(s) with the relevant Clearance System on the Exercise Date,

that Exercise Notice will be treated as void and a new duly completed Exercise Notice must be submitted if exercise of the Securityholder's Securities is still desired.

Any determination by the relevant Clearance System or the relevant Paying Agent or Registrar or Transfer Agent as to any of the matters set out above shall, in the absence of manifest error, be conclusive and binding upon the Issuer, the Securityholder and the beneficial owner of the Securities exercised.

Notification to the relevant Paying Agent or Registrar or Transfer Agent and Common Depository:

Subject to the verification set out above, the relevant Clearance System will:

- (i) confirm to the relevant Paying Agent or Registrar or Transfer Agent (copied to the Issuer and the Determination Agent) the number of Securities being exercised and the number of the account to be credited with the Cash Settlement Amount; and
- (ii) promptly notify the Common Depository of receipt of the Exercise Notice and the number of the Securities to be exercised.

Upon exercise of part of the Global Security, the Common Depository will note such exercise on the Schedule to the Global Security and the number of Securities so exercised as represented by the Global Warrant shall be cancelled *pro tanto*.

Effect of Exercise Notice:

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the Securityholder to exercise the Securities specified therein, provided that the person exercising and delivering such Exercise Notice is the person then appearing in the records of the relevant Clearance System as the holder of the relevant Securities. If the person exercising and delivering the Exercise Notice is not the person so appearing, such Exercise Notice shall for all purposes become void and shall be deemed not to have been so delivered.

After the delivery of an Exercise Notice (other than an Exercise Notice which shall become void) by a Securityholder, such Securityholder shall not be permitted to transfer either legal or beneficial ownership of the Securities exercised thereby. Notwithstanding this, if any Securityholder does so transfer or attempt to transfer such Securities, the Securityholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently: (i) entering into replacement hedging operations in respect of such Securities; or (ii) paying any amount on the subsequent exercise of such Securities without having entered into any replacement hedging operations.

(b) Early redemption of Notes at the option of a Securityholder (Investor Put Option)

Unless previously redeemed, terminated or purchased and cancelled and only where Investor Put Option is specified as applicable in the applicable Issue Terms, Notes represented by a Global Security may be redeemed early by a Securityholder (at his own expense) on any day following the Issue Date by delivery of a duly completed and signed Put Notice to (i) the relevant Clearance System and (ii) the relevant Paying

Agent or, in the case of a Registered Security, the Registrar or any Transfer Agent, with a copy to the Determination Agent.

In the case of a Bearer Global Security, the bearer of the Bearer Global Security must, within the period specified therein for the deposit of the relevant Security and put notice, give written notice of the exercise of the Investor Put to the relevant Paying Agent and/or such other person as is specified in the relevant Issue Terms specifying the nominal amount or number of Securities being early redeemed. Any such notice will be irrevocable and may not be withdrawn.

Each Put Notice shall be in the form (for the time being current) available from each Paying Agent or the Registrar or Transfer Agent, and must:

- (i) specify the name, address, telephone and facsimile details of the Securityholder in respect of the Notes being early redeemed;
- (ii) in the case of Notes in registered form, the Nominal Amount or number of such Notes of the relevant Series being early redeemed by the Securityholder;
- (iii) specify the Optional Termination Date (Put) in respect of which the Put Notice is delivered. Such Optional Termination Date (Put) must be due to fall after the expiry of the relevant Investor Put Notice Period;
- (iv) specify the number of the Securityholder's account at the relevant Clearance System to be debited with the Notes being early redeemed and irrevocably instruct, or, as the case may be, confirm that the Securityholder has irrevocably instructed, the relevant Clearance System to debit the Securityholder's account with the Notes being early redeemed and credit the same to the account of the relevant Paying Agent;
- (v) where applicable, specify the number of the Securityholder's account at the relevant Clearance System to be credited with the Optional Termination Amount (Put) for the Notes being early redeemed;
- (vi) include an irrevocable undertaking to pay any (a) applicable Taxes due by reason of early redemption of the relevant Notes, and (b) any Break Fee, if applicable, and an authority to the Issuer and the relevant Clearance System to deduct an amount in respect thereof from any Optional Termination Amount (Put) due to such Securityholder or otherwise (on, or at any time after, the Optional Termination Date (Put)) and to debit a specified account of the Securityholder at the relevant Clearance System with an amount or amounts in respect thereof;
- (vii) in the case of Notes other than Restricted Securities, give a certification as to the non-U.S. beneficial ownership of the Notes being early redeemed therewith; and
- (viii) authorise the production of such certification in any applicable administrative or legal proceedings.

The exercise by a Securityholder of the Investor Put Option will be subject to any further conditions as set out in the applicable Issue Terms (including, but not limited to, a restriction as to the dates which a Securityholder may designate as the relevant Optional Termination Date (Put) in the relevant Put Notice). Any Put Notice delivered in breach of requirements as set out in this section (b) or such further conditions as set out in the applicable Issue Terms will be invalid and will have no effect.

Verification of Securityholder:

To exercise the Investor Put Option, a Securityholder must duly complete a Put Notice. The relevant Clearance System shall, in accordance with its normal operating procedures, verify that each person purporting to exercise an Investor Put Option in respect of any Securities is the Securityholder thereof

according to the records of such Clearance System and that such Securityholder has an account at the relevant Clearance System which contains Securities in an amount being exercised and funds equal to any applicable Taxes in respect of the Securities being so redeemed.

If, in the determination of the relevant Clearance System or the relevant Paying Agent or Registrar or Transfer Agent:

- (i) the Put Notice is not complete or not in proper form;
- (ii) the person submitting a Put Notice is not validly entitled to early redeem the relevant Securities or not validly entitled to deliver such Put Notice; or
- (iii) sufficient Securities or sufficient funds equal to any applicable Taxes or any Break Fee are not available in the specified account(s) with the relevant Clearance System on the Optional Termination Date (Put),

that Put Notice will be treated as void and a new duly completed Put Notice must be submitted if early redemption of the Securityholder's Securities is still desired.

Any determination by the relevant Clearance System or the relevant Paying Agent or Registrar or Transfer Agent as to any of the matters set out above shall, in the absence of manifest error, be conclusive and binding upon the Issuer, the Securityholder and the beneficial owner of the Securities early redeemed.

Notification to the relevant Paying Agent or Registrar or Transfer Agent and Common Depositary:

Subject to the verification set out above, the relevant Clearance System will:

- (i) confirm to the relevant Paying Agent or Registrar or Transfer Agent (copied to the Issuer and the Determination Agent) the Nominal Amount or number of Securities being early redeemed and the number of the account to be credited with the Optional Termination Amount (Put); and
- (ii) promptly notify the Common Depositary of receipt of the Put Notice and the Nominal Amount or number of the Securities to be early redeemed.

Upon early redemption of part of the Global Security, the Common Depositary will note such early redemption on the Schedule to the Global Security and the Nominal Amount or number of Securities so redeemed as represented by the Global Security shall be cancelled *pro tanto*.

Effect of Put Notice:

Delivery of a Put Notice shall constitute an irrevocable election by the Securityholder in respect of the early redemption of the Securities specified therein, provided that the person executing and delivering such Put Notice is the person then appearing in the records of the relevant Clearance System as the holder of the relevant Securities. If the person executing and delivering the Put Notice is not the person so appearing, such Put Notice shall for all purposes become void and shall be deemed not to have been so delivered.

After the delivery of a Put Notice (other than a Put Notice which shall become void) by a Securityholder, such Securityholder shall not be permitted to transfer either legal or beneficial ownership of the Securities redeemed thereby. Notwithstanding this, if any Securityholder does so transfer or attempt to transfer such Securities, the Securityholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Put Notice and subsequently: (i) entering into replacement hedging operations in respect of such Securities; or (ii) paying any amount on the subsequent redemption of such Securities without having entered into any replacement hedging operations.

Any Securities that are the subject of a valid Put Notice, will be redeemed on the relevant Optional Termination Date (Put) at an amount equal to the relevant Optional Termination Amount (Put) plus any unpaid distribution (where applicable) accrued to (but excluding) the Optional Termination Date (Put) less any applicable Break Fees.

(c) Debit of Securityholder's Account on exercise or early redemption

The relevant Clearance System will on or before the Cash Settlement Payment Date or Optional Termination Date debit the relevant account of the Securityholder and credit the relevant account of the relevant Paying Agent (in favour of the Issuer) with: (i) the Securities being exercised or that are the subject of the relevant Put Notice, (ii) any applicable Taxes (if any) in respect of the Securities being exercised or early redeemed, (iii) any Break Fee, if applicable, and (iv) any other amounts as may be specified in the relevant Issue Terms.

If any of the items set out in the paragraph above are not so credited to the relevant account of the relevant Paying Agent (in favour of the Issuer), then the Issuer shall be under no obligation to make any payment of any nature to the relevant Securityholder in respect of the Securities being exercised or early redeemed, and the Exercise Notice or Put Notice (as applicable) delivered in respect of such Securities shall thereafter be void for all purposes.

(d) Payments

All payments in respect of a Global Security will be made against presentation and (in the case of payment in full) surrender of the Global Security at the Specified Office of the relevant Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Bearer Securities. On each occasion on which a payment is made in respect of the Global Security, the Issuer shall procure that the same is noted in a schedule thereto. Where a Distribution Record Date is specified in the applicable Issue Terms, payments made in respect of Distribution Amounts relating to Bearer Securities in global form shall, on receipt by the relevant Clearance System, be payable in accordance with the procedures of such Clearance System to the persons who were shown in the records of the relevant Clearance System as being entitled to an interest in those Securities on the relevant Distribution Record Date. Each Accountholder must look solely to the relevant Clearance System for such Accountholder's share of the relevant payment. For so long as the relevant Securities are represented by a Global Security, Accountholders shall have no claim directly against the Issuer in respect of any such payments. Payments of amounts due in respect of Registered Securities represented by a Global Security will be paid to the holder thereof (or, in the case of joint holders, the first named) as appearing in the Register at the close of the business on:

- (i) in respect of any payment relating to a Distribution Amount and where a Distribution Record Date is specified in the applicable Issue Terms, the relevant Distribution Record Date; or
- (ii) the business day (being for this purpose a day on which the relevant Clearance System is open for business) immediately preceding the relevant due date.

(e) Notices

Notwithstanding Condition 21 (Notices) of the "*Terms and Conditions of the Securities*", while all the Securities are represented by a Global Security (or by Global Securities) and the Global Security is (or the Global Securities are) deposited with a Clearance System, notices to Securityholders may be given by delivery of the relevant notice to DTC, Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Securityholders in accordance with Condition 21 (Notices) of the "*Terms and Conditions of the Securities*", as applicable, on the date of delivery to DTC, Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

ERISA

The Securities may not be acquired or held by, or acquired with the assets of, (A) any employee benefit plan (as defined in section 3(3) of ERISA), which is subject to Title I of ERISA, (B) any plan subject to section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), or (C) any entity whose underlying assets include plan assets by reason of a plan's investment in the entity (within the meaning of the U.S. Department of Labor Regulations section 2510.3-101, as modified by Section 3(42) of ERISA). The term "**ERISA**" means the U.S. Employee Retirement Income Security Act of 1974, as amended.

UNITED STATES TAXATION

ANY TAX DISCUSSION HEREIN WAS NOT WRITTEN AND IS NOT INTENDED TO BE USED AND MAY NOT BE ABLE TO BE USED BY ANY TAXPAYER FOR PURPOSES OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER. ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE PROPOSALS DESCRIBED HEREIN. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following summary describes certain U.S. federal income tax considerations that may be relevant to a U.S. holder (as defined below) of a Security, but is not purported to be a complete analysis of all potential tax effects. This summary is based upon the Code, final, temporary, and proposed regulations promulgated thereunder, and published rulings, releases, and court decisions, all as in effect and existing on the date of this Base Prospectus and all of which are subject to change at any time, possibly with retrospective effect. The rules governing the U.S. federal income taxation of option transactions and other derivative financial instruments are complex and depend on a taxpayer's particular circumstances. Accordingly, this summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor in a Security. In particular, this summary deals only with U.S. holders of a Security who purchase securities in the initial offering at the applicable issue price and in whose hands the Security is, and the stock, or other property underlying the Security would be, capital assets for U.S. federal income tax purposes. In addition, this discussion assumes that the Warrants are treated as options for U.S. federal income tax purposes, that when issued they are not significantly "in-the-money," and that they are not physically settled. This discussion further assumes that there will be no substitution of another entity in place of the Issuer as principal obligor in respect of the Securities. This discussion applies only to Securities that reference shares issued by a non-U.S. person. MSBV will not attempt to determine whether any such non-U.S. issuer of underlying shares may be a passive foreign investment company ("PFIC") for U.S. federal income tax purposes. If any such issuer were a PFIC, certain adverse tax consequences could apply to a U.S. holder. U.S. holders should consult their tax advisors regarding the tax consequences if any such non-U.S. issuer of underlying shares is a PFIC.

This summary does not address the material U.S. federal income tax consequences of every type of Security which may be issued under the Program and is subject to any additional discussion regarding U.S. federal taxation contained in the applicable Issue Terms. Accordingly, you should also consult the applicable Issue Terms for any additional discussion of U.S. federal taxation with respect to the specific Securities offered thereunder.

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as:

- a dealer in securities, commodities or derivative financial instruments;
- a trader in securities, commodities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities or commodities holdings;
- a bank;
- a life insurance company;
- a tax-exempt organization;
- an entity that is treated for U.S. federal income tax purposes as a partnership or other pass-through entity;

- an investor who purchases a Security with respect to stock in a company that is treated as a PFIC;
- an investor who purchases a Security and holds any other position (whether long or short, direct or indirect) in any asset underlying such Security;
- an investor who enters into a Security that is part of a hedging transaction or that has been hedged against currency risk;
- an investor who enters into a Security that is part of a “straddle,” conversion transaction, integrated transaction or constructive sale transaction;
- an investor whose functional currency for U.S. federal income tax purposes is not the U.S. dollar; and
- a regulated investment company or a real estate investment trust.

Further, this summary does not address alternative minimum tax consequences or the tax implications for U.S. expatriates and former long-term residents of the United States.

U.S. holders are strongly urged to consult their tax advisors concerning the U.S. federal, state, local, foreign and other tax consequences of the ownership and disposition of Securities in their particular circumstances. U.S. holders should also consult their tax advisors as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts.

For purposes of this discussion, a "**U.S. holder**" means a beneficial owner of a Security that is:

- (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the Code,
- (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any State thereof or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source; or
- (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person;

A "**non-U.S. holder**" is a beneficial owner of a Security that is a non-resident alien individual or a foreign corporation.

If a partnership (or other entity taxable as a partnership) holds a Security, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding a Security should consult their tax advisors regarding the U.S. federal income tax consequences of acquiring, owning, exchanging and disposing of a Security.

U.S. Holders

Warrants

Premium

Premium paid by a U.S. holder for a Warrant will generally be treated as a non-deductible capital expenditure. As described in the following two sections, the amount of such premium will be taken into account upon the exercise, sale, transfer, cash settlement, or lapse of the Warrant.

Sale, Transfer, Cash Settlement, or Lapse of Warrants

A U.S. holder who has purchased a Warrant will generally recognize capital gain or loss upon the sale, transfer, cash settlement or lapse of the Warrant in an amount equal to the difference between (i) the amount realized by the investor from such sale, transfer, settlement, or lapse and (ii) the amount of the premium that the investor paid for the Warrant. Such capital gain or loss will be long-term capital gain or loss if the Warrant was held for more than one year. Certain exceptions to such treatment are noted below and, if appropriate, may be addressed in the applicable Issue Terms.

Mark-to-Market Rules

Under Section 1256 of the Code, special mark-to-market and character rules apply in the case of certain "non-equity" options and foreign currency contracts. Unless the Warrants (other than Warrants denominated in the Specified Currency other than the U.S. dollar) are listed on a "qualified board or exchange" for purposes of Section 1256, however, these mark-to-market rules will not be applicable to U.S. holders of the Warrants. Where relevant, the application of the Section 1256 rules to Warrants denominated in the Specified Currency other than the U.S. dollar will be discussed in the applicable Issue Terms.

Certificates and Notes

Classification of the Certificates and Notes

Although there is uncertainty regarding the U.S. federal income tax consequences of an investment in the Certificates or Notes (including the treatment of coupon payments) due to the lack of governing authority, except as noted in the applicable Issue Terms, the Certificates or Notes should be treated as "open transactions" for U.S. federal income tax purposes.

No ruling is being requested from the IRS with respect to the Certificates or Notes, and the treatment of the Certificates described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Certificates or Notes are uncertain.

If any Certificates or Notes are treated as "open transactions" for U.S. federal income tax purposes, the following description should apply to such Certificates or Notes.

Coupon Payments. We intend to treat payments of coupons (if any) as taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's method of tax accounting). The following discussion assumes that this treatment is respected.

Treatment Prior to Settlement or Disposition. Subject to the discussions above under "*Coupon Payments*" and below under "*Possible Alternative Tax Treatment*," a U.S. holder should not be required to recognize taxable income during the term of a Security prior to its settlement or disposition.

Cash Settlement, Sale, or Other Disposition of the Certificates. If the Certificates or Notes are treated as open transactions, upon the receipt of cash upon settlement of a Certificate or Note or upon the sale or other disposition of such Certificate or Note, a U.S. holder will recognize taxable gain or loss, equal to the

difference between the amount realized (generally, the amount of cash received) and such U.S. holder's tax basis in the Certificate or Note. In general, a U.S. holder's tax basis in a Certificate or Note will equal the amount that such U.S. holder paid to acquire the Certificate or Note. Subject to the discussion below under "*Constructive Ownership*," any such gain or loss generally will be long-term capital gain or loss if the Certificates or Notes were held for more than one year at the time of settlement or at the time of sale or other disposition.

Constructive Ownership. Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on any such ordinary income. These rules may apply to the Certificates or Notes if the underlying property directly or indirectly includes shares of issuers treated as PFICs or certain pass-through entities. U.S. holders should consult their tax advisors regarding the possible application of these rules to any Security.

Foreign Currency Rules

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of Securities that are denominated in a currency other than the U.S. dollar, will be subject to special U.S. tax rules regarding foreign currency transactions. U.S. holders should consult their tax advisors concerning the application of these rules in their particular circumstances.

Possible Alternative Tax Treatment

Alternatively, the IRS could seek to treat the Securities under other possible alternative characterisations, some of which are briefly described below.

Contingent Payment Debt Instruments. If any Certificates or Notes with a term of more than one year (after taking into account the last possible date that the Certificates or Notes could be outstanding under its terms) were treated as debt for U.S. federal income tax purposes, such Certificates or Notes will be treated as contingent payment debt instruments, and the tax consequences to a U.S. holder would be determined under Treasury regulations governing contingent payment debt instruments (the "**Contingent Payment Regulations**"). The Contingent Payment Regulations are complex, but very generally apply the original issue discount rules of the Code to a contingent payment debt instrument by requiring that the original issue discount be accrued every year at a "comparable yield" for the issuer of the instrument, determined at the time of issuance of the obligation. In addition, the Contingent Payment Regulations require that a projected payment schedule, which results in such a "comparable yield" be determined by the issuer, and that adjustments to income accruals be made to account for differences between actual payments and projected amounts. To the extent that the comparable yield as so determined exceeds the projected payments on a contingent debt instrument in any taxable year, the owner of that instrument will recognize ordinary interest income for that taxable year in excess of the cash the owner receives and such excess would increase the U.S. holder's tax basis in the debt instrument. In addition, any gain realized on the sale, exchange or redemption of a contingent payment debt instrument will be treated as ordinary income. Any loss realized on such sale, exchange or redemption will be treated as an ordinary loss to the extent that the U.S. holder's original issue discount inclusions with respect to the obligation exceed prior reversals of such inclusions required by the adjustment mechanism described above. Any loss realized in excess of such amount generally will be treated as a capital loss.

Loan and One or More Options. If any Certificates or Notes are treated as a combination of a loan (or deposit) and one or more options, in general, payments that are treated as interest will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's method of tax accounting), while payments in respect of the options would be taxable in a manner similar to the taxation of corresponding payments under Warrants.

Interest in the Underlying Property. Depending on the terms of particular Certificates or Notes, a U.S. holder could be treated as owning the property underlying those Certificates or Notes for U.S. federal income tax

purposes. In that event, certain adverse U.S. federal income tax consequences might apply. For example, in the case of Index Certificates, the U.S. holder would be required to recognize appropriate amounts of capital gain on the disposition of any shares included in the underlying Index each time that the Index is rebalanced. In addition, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by companies whose shares are included in the Index. Furthermore, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

Notice 2008-2. On December 7, 2007, the IRS released a notice that may affect the taxation of holders of the Securities. According to the notice, the IRS and the Treasury are actively considering whether the U.S. holder of an instrument such as the Securities should be required to accrue ordinary income on a current basis, and they are seeking taxpayer comments on the subject. It is not possible to determine what guidance they will ultimately issue, if any. It is possible, however, that under such guidance, U.S. holders of the Securities will ultimately be required to accrue income currently and this could be applied on a retroactive basis. The IRS and the Treasury are also considering other relevant issues, including whether additional gain or loss from such Securities should be treated as ordinary or capital, whether non-U.S. holders of such Securities should be subject to withholding tax on any deemed income accruals, and whether the special "constructive ownership rules" of Section 1260 of the Code might be applied to such Securities. U.S. holders are urged to consult their tax advisors concerning the significance, and the potential impact, of the above considerations. The Issuer intends to continue treating the Securities for U.S. federal income tax purposes in accordance with the treatment described in this Base Prospectus unless and until such time as the Treasury and IRS determine that some alternative treatment is more appropriate.

Non-U.S. Holders

Except as noted in the applicable Issue Terms, the following summary describes the tax consequences to non-U.S. holders of investing in Securities, assuming the treatment of the Securities as open transactions for U.S. federal income tax purposes is respected.

Subject to FATCA and section 871(m) of the Code, discussed at "*U.S. Foreign Account Tax Compliance Act*" and "*United States Withholding on Dividend Equivalent Payments*" and backup withholding discussed below under "*Information Reporting and Backup Withholding*", a non-U.S. holder, with no connection to the United States other than holding its Security, generally will not be subject to U.S. federal income tax, including withholding tax, on payments on a Security, or on proceeds from the sale or other disposition of a Security. If our treatment of the Securities were not respected and amounts paid on the Securities were subject to U.S. withholding tax, we would not be required to pay any additional amounts with respect to amounts withheld.

United States Withholding on Dividend Equivalent Payments

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30% (or a lower applicable treaty rate) withholding tax on dividend equivalents paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (each, an "U.S. Underlying Security"). Subject to certain exceptions, Section 871(m) generally applies to securities that substantially replicate the economic performance of one or more Underlying Securities, as determined based on tests set forth in the applicable Treasury regulations. However, because the Securities are not expected to be linked to any U.S. Underlying Security, it is not expected that the Securities will be subject to Section 871(m).

However, in certain unusual circumstances, dividends from a foreign corporation may be treated as U.S. source dividends, such as when a significant portion of the foreign corporation's gross income is effectively connected with the corporation's trade or business in the U.S., or when the foreign corporation is treated as a U.S. corporation under Section 7874 of the Code. If withholding is required, neither the Issuer nor any other

person shall pay any additional amounts with respect to the amounts so withheld. You should consult your tax advisor regarding the potential application of Section 871(m) to the Securities.

Information Reporting and Backup Withholding

The Paying Agent (and other intermediaries) may be required to file information returns with the IRS with respect to payments made to certain U.S. holders of Securities. In addition, certain U.S. holders may be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the Paying Agent (or other intermediary). In general, U.S. information reporting and backup withholding will not apply to payments on Securities held by a non-U.S. holder and received outside the United States through a non-U.S. bank or other non-U.S. financial institution. Proceeds on sales and payments on Securities received within the United States or through certain U.S.-related financial institutions may be subject to information reporting and backup withholding unless the non-U.S. holder complies with applicable tax identification and certification procedures to establish that it is not a United States person for U.S. federal income purposes. If backup withholding is required, none of the Issuer, withholding agent or any other person will be required to pay any additional amounts with respect to amounts so withheld.

Non-U.S. holders should consult their own tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining the exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a non-U.S. holder under the backup withholding rules will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information.

UNITED KINGDOM TAXATION

The following applies only to persons who are beneficial owners of Securities and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs ("HMRC") practice in the United Kingdom relating to the deduction for or on account of United Kingdom income tax from payments of annual payments and interest arising on the Securities and stamp duties or subsequent transfer on the issue of Securities. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected to the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective holders of Securities depends on their individual circumstances and may be subject to change in the future. Prospective holders of Securities who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Payments of Distribution Amounts on the Warrants and exercisable Certificates

Distribution Amounts may be paid in respect of these Securities without withholding or deduction for or on account of United Kingdom income tax unless such Distribution Amount is regarded as arising in the United Kingdom. This will depend on the terms of the relevant Securities and prospective Securityholders should therefore take legal advice on the question of whether any particular Distribution Amount payable under the Securities may be regarded as such.

Even if Distribution Amounts are regarded as arising in the United Kingdom for United Kingdom tax purposes, such payments may generally be made without withholding or deduction for or on account of United Kingdom income tax where such payments do not constitute interest or annual payments for United Kingdom tax purposes. If Distribution Amounts are regarded as both arising in the United Kingdom and constituting interest or annual payments for United Kingdom tax purposes, payment of such Distribution Amounts would generally fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or any other exemption which may apply.

Payments of Distribution Amounts on the Notes

Payments of Distribution Amounts on the Notes which constitute interest for United Kingdom tax purposes may be made without withholding or deduction for or on account of United Kingdom income tax unless such interest is regarded as arising in the United Kingdom for United Kingdom tax purposes. This will depend on the terms of the relevant Notes and prospective Securityholders should therefore take legal advice on the question of whether any particular Notes carry a right to United Kingdom source interest.

As regards interest on Notes which is regarded as arising in the United Kingdom, no amount on account of United Kingdom tax will be required to be deducted from such interest in the following circumstances:

- (i) where the Notes are and continue to be listed on a "**recognised stock exchange**" within the meaning of section 1005 of the Income Tax Act 2007. The Irish Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are officially listed in the Republic of Ireland in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Irish Stock Exchange. Provided, therefore that the Notes remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax; or
- (ii) where the maturity of the Notes is less than 365 days (and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days).

In cases where interest on the Notes arises in the United Kingdom which falls outside the exemptions described above, interest on Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

Stamp Duties

Depending on the terms and conditions of the Securities (including but not limited to, whether the Securities are in bearer or registered form), United Kingdom stamp duty may be payable on the issue or the subsequent transfer of such Securities. Prospective Securityholders should take their own advice from an appropriately qualified professional adviser in this regard.

Even if an instrument granting or transferring a Security is subject to United Kingdom stamp duty there may be no practical necessity to pay that stamp duty, as United Kingdom stamp duty is not an assessable tax. However, an instrument which is not duly stamped cannot be used for certain purposes in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

In the event that an instrument is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the instrument to the date of payment of the stamp duty. Penalties may also be payable if an instrument which is executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom. In the case of a Global Security representing a Series of Securities and Securities in definitive form, if any United Kingdom stamp duty is required to be paid, it would be payable at a rate of 0.5 per cent. by reference to the amount of consideration given for the Securities represented by that Global Security or those Securities in definitive form.

NETHERLANDS TAXATION

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations in relation thereto. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect. Where this summary refers to The Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands located in Europe.

This summary does not address the Netherlands tax consequences for:

- (i) holders of Securities holding a substantial interest (*aanmerkelijk belang*) or, if such holder is a company, a deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Securities of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, as (deemed) settlor, grantor or similar originator (the "**Settlor**") or upon the death of the Settlor, his/her beneficiaries (the "**Beneficiaries**") in proportion to their entitlement to the estate of the Settlor of a trust, foundation or similar arrangement (the "**Trust**") holds (i) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (ii) investment institutions (*fiscale beleggingsinstellingen*);
- (iii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax; and
- (iv) holders of Securities that are a resident of any non-European part of the Kingdom of The Netherlands.

Withholding Tax

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Securities (i) have a maturity – legally or *de facto* – of not more than 50 years, and (ii) will not represent, be linked to (the performance of) or be convertible (in part or in whole) into, (rights to purchase) (a) shares, (b) profit certificates (*winstbewijzen*), and/or (c) debt instruments having a maturity – legally or *de facto* – of more than 50 years, issued by the Issuer, the Guarantor or any other entity related to the Issuer and/or the Guarantor.

Corporate and Individual Income Tax

- (a) Residents of the Netherlands

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in

respect of an enterprise and to which enterprise or part of an enterprise, as the case may be, the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52 per cent.) under the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the holder is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Securities who is resident or deemed to be a resident of the Netherlands for Netherlands tax purposes, will not be subject to Netherlands taxes on income actually received or gains actually realised. Instead, such individual is generally taxed at a flat rate of 30% on deemed income from "savings and investments" (*sparen en beleggen*), which deemed income is determined on the basis of the amount included in the individual's "yield basis" (*rendementsgrondslag*) at the beginning of the calendar year (minus a tax-free threshold). For the 2017 tax year, the deemed income derived from savings and investments will amount to 2.87% of the individual's yield basis up to EUR 75,000 (seventy five thousand Euro), 4.6% of the individual's yield basis exceeding EUR 75,000 (seventy five thousand Euro) up to and including EUR 975,000 (nine hundred and seventy five thousand Euro) and 5.39% of the individual's yield basis in excess of EUR 975,000 (nine hundred and seventy five thousand Euro). The percentages to determine the deemed income will be reassessed every year.

- (b) Non-residents of the Netherlands

If a holder is not a resident nor is deemed to be a resident of the Netherlands for Netherlands tax purposes, such holder is not taxable in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, unless:

- (i) the holder is not an individual and such holder has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25 per cent..

- (ii) the holder is an individual and such holder (1) has an enterprise or an interest in an enterprise that is in whole or in part carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realises income or gains with respect to the Securities that qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*) in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Securities which exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

Income derived from the Securities as specified under (1) and (2) is subject to individual income tax at up to a maximum rate of 52 per cent..

Gift and Inheritance Tax

Dutch gift or inheritance taxes will not be levied on the occasion of the transfer of Securities by way of gift by, or on the death of, a holder of Securities unless:

- (i) the holder of Securities is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purposes of the relevant provisions.

A holder of Dutch nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax if he or she has been resident in the Netherlands and dies or makes a gift within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift tax if he or she has been resident in the Netherlands and makes a gift within a twelve month period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

For gift and inheritance tax purposes, (i) a gift by a third party such as a trustee, foundation or similar entity or arrangement, will be construed as a gift by the Settlor, and (ii) upon the death of the Settlor, as a rule, his/her Beneficiaries, will be deemed to have inherited directly from the Settlor. Subsequently, the Beneficiaries will be deemed the settlor, grantor or similar originator of the Trust for purposes of the Netherlands gift and inheritance tax in case of subsequent gifts or inheritances.

Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty, will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

IRELAND TAXATION

The following is a summary of the Irish withholding tax treatment of payments made by the Issuer in respect of the Securities to investors who are the beneficial owners of the Securities. Particular rules not discussed below may apply to certain classes of taxpayers holding Securities, including dealers in securities and trusts. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities. The summary is based upon Irish tax laws and the practice of the Irish Revenue Commissioners as in effect on the date of this Base Prospectus, which are subject to prospective or retroactive change. Prospective investors in the Securities should consult their own advisers as to the Irish tax consequences of the purchase, beneficial ownership and disposition of the Securities.

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on the Securities so long as such payments do not constitute Irish source income. Interest paid on the Securities may be treated as having an Irish source if:

- (a) the Issuer is resident in Ireland for tax purposes; or
- (b) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which are used to fund the payments on the Securities; or
- (c) the Issuer is not resident in Ireland for tax purposes but the register for the Securities is maintained in Ireland or (if the Securities are in bearer form) the Securities are physically held in Ireland.

It is anticipated that, (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer does not and will not have a branch or permanent establishment in Ireland; and (iii) bearer Securities will not be physically located in Ireland and the Issuer will not maintain a register of any registered Securities in Ireland.

Encashment Tax

Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) on any interest, dividends or annual payments payable out of or in respect of the stocks, funds, shares or securities of a company not resident in Ireland, where such interest, dividends or annual payments are collected or realised by a bank or encashment agent in Ireland.

Encashment tax will not apply where the holder of the Securities is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

KINGDOM OF SAUDI ARABIA TAXATION

Brief overview of Saudi Arabian Tax and Zakat

The following is a general overview of Saudi Arabian tax/Zakat. It is not meant to be a complete analysis of the tax/Zakat considerations relating to the offering. Prospective buyers should consult their own tax/Zakat advisors to determine the tax/Zakat impact of purchase, holding and disposal prior to investing.

Basis for settlement of corporate income tax

- Corporate income tax at 20% is applied to the non-Saudi/non-Gulf Cooperation Council ("GCC") share of the tax base (gross income less tax allowable expenses) in a resident capital company (e.g. a limited liability company or joint stock company) and a non-resident which carries on business in the Kingdom of Saudi Arabia ("KSA") through a Permanent Establishment ("PE").
- The tax base of a resident capital company includes taxable profit attributable to its operation inside and outside KSA.
- Gain arising on disposal of shares of companies traded in Saudi stock exchange are not subject to capital gains tax in KSA taking into consideration that the securities are issued following the effective date of the New Corporate Income Tax Regulation (i.e. July 2004).

Basis of settlement of Zakat

- Zakat is assessed at 2.5% on the Saudi and GCC shareholders' share of the Saudi resident entity's "net assessable funds", which include their share of adjusted profit for the year, or on their share of the adjusted profit for the year, whichever is higher.
- The net assessable funds for Zakat purposes generally comprise capital employed and long-term financing, less fixed assets, long-term investments and deferred costs, plus/minus tax base for the year.
- Generally, the value of investments in bonds, Sukuk, currencies, deposits, or future contracts, are not currently considered allowable deductions from the Zakat base.

Withholding tax

- Saudi income tax law provides for withholding tax on payments for services rendered by non-resident persons to a Saudi resident person or a PE of a non-resident person in KSA.
- The rates of withholding tax range between 5% and 20%, depending on the nature of payments.
- Payment of dividends to shareholders will be subject to 5% withholding tax.
- Withholding tax paid or payable is disallowed as a deduction from the taxable income.

Tax and Zakat on Securities

Resident Securityholders, subject to Saudi tax/Zakat will be required to settle tax or Zakat on the basis of their nationality.

From a Saudi Zakat perspective investments in bonds, currencies, deposits and future contracts are not allowable deductions from the Zakat base. Furthermore, investment in the share capital of foreign entities

can be claimed as a deduction to Zakat base provided that Zakat is calculated based on the audited and attested financial statements of foreign investee entities and settled by the resident entity to the Saudi Arabian General Authority of Zakat and Tax.

Investment in share capital of Saudi company should be allowed as a deduction as long as the investee settles Zakat.

On disposal of the Securities, the Investor may earn capital gains. Capital gains are considered tax exempt if the shares are traded on Tadawal, and the Securities are issued following the effective date of the New Income Tax Regulations; or else it would suffer 20% capital gains tax.

U.S. FOREIGN ACCOUNT TAX COMPLIANCE ACT

The Issuer and other financial institutions through which payments on the Securities are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments on the Securities pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the "**Code**") or similar law implementing an intergovernmental agreement related thereto or a voluntary agreement entered into connection therewith ("**FATCA**"). This withholding tax may be triggered if (a) an investor does not provide information sufficient for the Issuer to determine whether the investor (including an investor that holds Securities issued in bearer form) is a United States person for U.S. federal income tax purposes or should otherwise be treated as holding a "United States account" of the Issuer, or (b) any FFI that is an investor, or through which payment on such Securities is made, is not a Participating FFI (or otherwise deemed compliant with or exempt from the requirements of FATCA). Withholding on "foreign passthru payment" is not required before the later of 1 January 2019, or the date of publication in the Federal Register of final regulations defining the term "foreign passthru payment". Final U.S. Treasury regulations defining the term "foreign passthru payment" have not yet been filed with the Federal Register.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Securities, none of the Issuer, any paying agent, or any other person would be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, investors may receive less interest or principal than expected. Holders of Securities should consult their own tax advisers on how these rules may apply to payments they receive under the Securities.

UNITED STATES WITHHOLDING ON DIVIDEND EQUIVALENT PAYMENTS

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30% (or a lower applicable treaty rate) withholding tax on dividend equivalents paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (each, an "**U.S. Underlying Security**"). Subject to certain exceptions, Section 871(m) generally applies to securities that substantially replicate the economic performance of one or more Underlying Securities, as determined based on tests set forth in the applicable Treasury regulations. However, because the Securities are not expected to be linked to any U.S. Underlying Security, it is not expected that the Securities will be subject to Section 871(m).

However, in certain unusual circumstances, dividends from a foreign corporation may be treated as U.S. source dividends, such as when a significant portion of the foreign corporation's gross income is effectively connected with the corporation's trade or business in the U.S., or when the foreign corporation is treated as a U.S. corporation under Section 7874 of the Code. If withholding is required, neither the Issuer nor any other person shall pay any additional amounts with respect to the amounts so withheld. You should consult your tax advisor regarding the potential application of Section 871(m) to the Securities.

PROPOSED FINANCIAL TRANSACTION TAX

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a directive for a common financial transactions tax (the "**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. The issuance and subscription of Securities should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

If, on or after the Trade Date, due to the implementation of the proposed Financial Transaction Tax or otherwise by the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation implementing a system of financial transaction tax in any jurisdiction, including the European Union, relating to any tax payable in respect of the transfer of, or entry into or modification or unwind of, any financial instruments), the Issuer determines that it (directly or through an Affiliate) would incur or has incurred a materially increased amount of tax, transfer tax, duty, stamp duty, stamp duty reserve tax, expense or fee (other than brokerage commissions) in relation to its obligations under the Securities or its related hedge positions ("**Additional Tax**"), the Issuer may (if the Conditions of the Securities so allow) adjust the Conditions of the Securities to reduce the amount otherwise payable under the Securities to holders of such Securities in order to pass on to the holders of such Securities the full amount of such Additional Tax incurred by the Issuer directly or through such Affiliate.

SUBSCRIPTION AND SALE AND TRANSFER RESTRICTIONS

The Issuer is offering the Securities on a continuing basis through Morgan Stanley & Co. International plc and Morgan Stanley & Co. LLC (together with any other distribution agent who may be appointed pursuant to the terms of the Distribution Agreement (as defined below), the "**Distribution Agents**"), who have agreed to use reasonable efforts to solicit offers to purchase the Securities. The Issuer will have the sole right to accept offers to purchase Securities and may reject any offer in whole or in part. The Distribution Agents will have the right to reject any offer to purchase Securities solicited by it in whole or in part. The Issuer may pay the Distribution Agents, in connection with sales of the Securities resulting from a solicitation the Distribution Agents made or an offer to purchase received by the Distribution Agents, a commission, which may be in the form of a discount from the purchase price if the Distribution Agents are purchasing the Securities for their own account. Payment of the purchase price of the Securities will be required to be made in immediately available funds.

The Issuer may also sell Securities to a Distribution Agent as principal for its own account at a price to be agreed upon at the time of sale. The Distribution Agents may resell any Securities they purchase as principal at prevailing market prices, or at other prices, as the Distribution Agents determine.

The arrangements for the offer and sale of the Securities from time to time are set out in the amended and restated Distribution Agreement dated on or around 18 August 2017 (as modified and/or amended and/or restated and/or replaced from time to time, the "**Distribution Agreement**") among the Issuer and the Distribution Agents. Pursuant to the Distribution Agreement, the Issuer and the Distribution Agents have agreed to indemnify each other against certain liabilities, or to contribute payments made in respect thereof. The Issuer has also agreed to reimburse the Distribution Agents for certain expenses.

In order to facilitate the offering of the Securities, the Distribution Agents may engage in transactions that stabilise, maintain or otherwise affect the price of the Securities or any other securities the prices of which may be used to determine payments on those Securities. Specifically, the Distribution Agents may over allot in connection with any offering of the Securities, creating a short position in the Securities for their own accounts. In addition, to cover overallocments or to stabilise the price of the Securities or of any other securities, the Distribution Agents may bid for, and purchase, Securities or any other securities in the open market. Finally, in any offering of the Securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the Securities in the offering if the syndicate repurchases previously distributed Securities in transactions to cover syndicate short positions, in stabilisation transactions or otherwise. Any of these activities may stabilise or maintain the market price of the Securities above independent market levels. The Distribution Agents are not required to engage in these activities and may end any of these activities at any time.

United States of America

The Securities and the Guarantee have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Securities may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from the registration requirements of the Securities Act (and any applicable laws of any State of the United States or any other applicable jurisdiction) and under circumstances which will not require either the Issuer or the Guarantor to register under the Investment Company Act. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the Commodity Exchange Act, and trading in the Securities has not been approved by the U.S. Commodity Futures Trading Commission under the Commodity Exchange Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**").

Each Distribution Agent has represented and agreed, and each further Distribution Agent appointed under the Program will be required to represent and agree that, except as permitted by the Distribution Agreement, it

will not offer, sell or deliver Securities as part of their distribution at any time within the United States or to, or for the account or benefit of, U.S. persons (with the exception of the offer or resale of Restricted Securities as described below) and it will have sent to each Distribution Agent to which it sells Securities during the distribution compliance period (as defined in Regulation S) a confirmation or other notice setting out the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Securities are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. In addition, the Distribution Agreement provides that the Distribution Agents may directly or through their respective U.S. broker-dealer affiliates arrange for the offer and resale of Restricted Securities in the United States to QIB/QPs in reliance on Rule 144A or pursuant to another exemption from the registration requirements of the Securities Act.

An offer or sale of Securities within the United States by any dealer (whether or not participating in the offering of such Securities) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A.

This Base Prospectus has been prepared by the Issuer and the Guarantor for use in connection with the offer and sale of the Securities outside the United States to non-U.S. persons, for the offer and resale of the Securities within the United States to QIB/QPs (in the case of the Restricted Securities only) and for the listing of the Securities on the Irish Stock Exchange. The Issuer, the Guarantor and the Distribution Agents reserve the right to reject any offer to purchase Securities, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States or to any U.S. person other than a QIB/QP to whom an offer has been made directly by one of the Distribution Agents or an affiliate of one of the Distribution Agents. Distribution of this Base Prospectus by any non-U.S. person outside the United States or by any QIB/QP in the United States to any U.S. person or to any person within the United States, other than any QIB/QP and those persons, if any, retained to advise such non-U.S. person or QIB/QPs with respect thereto, is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer and the Guarantor, is prohibited.

Each issuance of Index Basket Securities and Index Securities may be subject to such additional U.S. selling restrictions as the Issuer and the relevant Distribution Agent may agree as to the terms of such issuance, which additional selling restrictions shall be set out in the Issue Terms.

In addition, in the absence of relief from the U.S. Commodity Futures Trading Commission, offers, sales, resales, trades or deliveries of the Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons may constitute a violation of United States law governing commodities trading. As used herein, "**U.S. person**" means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity treated as a corporation or partnership for United States federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia, or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust (or any trust which elected to be treated as a United States person prior to 20 August 1996); (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; or (vi) any other "**U.S. person**" as such term may be defined in Regulation S under the Securities Act or in the Final Exemptive Order Regarding Compliance with Certain Swap Regulations, as amended from time to time, promulgated by the Commodity Futures Trading Commission under the Commodity Exchange Act.

Credit Ratings

As at the date of this Base Prospectus, Morgan Stanley's short-term and long-term debt has been respectively rated (i) R-1 (middle) and A (high), with a stable outlook, by Dominion Bond Rating Service, Inc. ("**DBRS**"), (ii) F1 and A, with a stable outlook, by Fitch Ratings, Inc. ("**Fitch**"), (iii) P-2 and A3, with a stable outlook, by Moody's Investors Service, Inc. ("**Moody's**"), (iv) a-1 and A-, with a stable outlook, by Rating and Investment Information, Inc. ("**R&I**") and (v) A-2 and BBB+, with a stable outlook, by Standard & Poor's Financial Services LLC through its business unit S&P Global Ratings ("**S&P**").

MSBV is not rated.

A brief explanation of the ratings as at the date of this Base Prospectus are as follows:

Short-term debt:

R-1 (middle) by DBRS: Superior credit quality. The capacity for the payment of short-term financial obligations as they fall due is very high. Differs from R-1 (high) by a relatively modest degree. Unlikely to be significantly vulnerable to future events.

F1 by Fitch: Indicates the highest short-term credit quality and the strongest intrinsic capacity for timely payment of financial commitments.

P-2 by Moody's: This indicates a strong ability to repay short-term debt obligations.

a-1 by R&I: This indicates that the certainty of the fulfilment of a short-term obligation is high.

A-2 by S&P: An obligor rated 'A-2' has satisfactory capacity to meet its financial commitments. However, it is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in the highest rating category.

Long-term debt:

A by DBRS: Good credit quality. The capacity for the payment of financial obligations is substantial, but of course lesser credit quality than AA. May be vulnerable to future events, but qualifying negative factors are considered manageable.

A by Fitch: 'A' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

A3 by Moody's: Obligations rated A are judged to be upper-medium grade and are subject to low credit risk. The modifier '3' indicates a ranking in the lower end of that generic rating category.

A- by R&I: 'A' rating indicates high creditworthiness supported by a few excellent factors. A (-) sign is appended to indicate relative standing within each rating category.

BBB+ by S&P: An obligor rated 'BBB' has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. This is modified by the addition of a plus (+) sign to show relative standing within the major rating categories.
